**BUCKBEE'S "HOME GARDEN" COLLECTION.**

$1.49 Gets This Complete Collection Delivered FREE at Your Door Comprising 56 Sterling Varieties of Vegetables and Flower Seeds and Bulbs, including 1 1/2-lb. packages of Beans, Peas, etc.

This Collection Cannot Be Broken Under Any Condition

In No Other Way Can So Many Good Things Be Secured for This Same Amount of Money
**ORDER SHEET FOR**

**Plants and Bulbs**

We always recommend having plants sent by express, at purchaser's expense, when there is an express office near as we can usually send somewhat larger plants and do not have to wash the soil off the roots (as in case when plants are sent by mail). Do not send any more plants of our own selection to help pay charges. Kindly write your list of plants all together on this page (they must go out with the order). If you make any mistake upon the part of our clerks in copying the order, we do not pay plants to foreign countries. We prefer not to fill plant orders amounting to less than 50c.

REMEMBER—WHEN COMPARING OUR PRICES THAT WE MAKE NO CHARGE FOR BAGS
WE ADVISE EXPRESS SHIPMENTS WHENEVER POSSIBLE

Onion Sets and Potatoes travel at PURCHASER’S RISK OF FREEZING. Be sure to state date you want shipped.
DIRECT FROM THE GROWER TO THE PLANTER

They are Tested, Reliable Seeds for all Soils and all Climates

They Have Satisfied Every Buyer for 54 Years

READ THESE FEW WORDS ABOUT RELIABLE SEEDS

From good seeds only can good crops be grown.

Yet a great many contingencies may arise to prevent the best seeds from giving satisfaction, and for all these reasons we cannot, of course, guarantee or be responsible for a crop, as success is dependent upon natural causes, which are beyond human control. Therefore, we do not warrant in any way, express or implied, the contents, or the description, quality, productiveness, or any other matter of any seeds, bulbs, or plants sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms, no sale is made thereof, and he must return them at once, and money will be refunded. Subject to above conditions we make this sale, at the moderate prices at which we sell our goods.

FAIR PLAY GUARANTEE

First—We guarantee that all seeds sold shall reach customers in good condition.

Second—We guarantee to hold ourselves responsible for the safe arrival of all remittances sent us by P. O. Order, Bank Draft, Express Order, or Registered Letter.

Third—We guarantee to deliver free of charge in the United States all garden and flower seeds listed in this catalogue, except those quoted at wholesale prices on pages 2 and 3, and Field Seeds, Grass Seeds, Potatoes and such other items that are plainly marked to be shipped by Express or Freight at purchaser’s expense.

Fourth—We guarantee Buckbee’s “Full of Life” Seeds to be just as represented—if they prove otherwise, notify us promptly upon receipt of seeds, sending us the numbered shipping tag which was on the shipment and we will refund the order free of charge, or refund the money paid us for same.

Plant Shipment—We always recommend having plants sent by express, when there is an express office near, as we can usually send somewhat larger plants, and do not have to wash the soil of the roots (as in the case when sent by mail). We always try to add enough extra plants of our own selection to help pay charges.

Kindly write your list of plants, bulbs and roots all together (not mixed up with the seeds) so as to prevent any mistake upon the part of our clerks in copying the order. We do not ship plants to foreign countries.
## Rockford Seed Farms

**H.W. Buckbee**

**Rockford, Illinois**

**Forest City Greenhouses**

### SPECIAL WHOLESALE BULK PRICE LIST OF BUCKBEE’S “FULL OF LIFE” SEEDS

**NOTICE**—All Seeds listed on Pages 2 and 3 of this Catalogue are shipped by Express or Freight at purchaser’s expense. No extra charge is made for packing, boxes or bags.

**SEEDS BY PARCEL POST**—If any items are wanted by PARCEL POST add additional for postage and packing at the rate of $0.50 per $10.00 of Seed Prices quoted in this Catalogue to find Parcel Post Prices.

**IMPORTANT NOTICE**—Reliable “Full of Life” seeds of most all varieties were very short crop the last season, and we reserve the right to decline orders for scarce items unless included along with a good general order for Vegetable Seeds, as it is our purpose to protect, as usual, our thousands of customers who annually look to us for a general supply of Buckbee’s “Full of Life” seeds.

## ONION SETS

See Special Price List Sheet.
**ASPARAGUS**

Every home and kitchen garden should have a bed of Asparagus. Without question, it is one of the most favorite and profitable garden crops; and makes a return early in the spring before any other out-door crop can be marketed.

**BUCKBEE'S PERFECTION**—This is unquestionably the most valuable new variety and the most satisfactory introduction of recent years. At three years old this variety has yielded at the rate of $100.00 per acre. In short, it has all the qualities demanded for the market and will prove itself to everyone who grows it to be true to its name. Perfection. It is deliciously tender, large, early, uniform, prolific, crisp and white. Pkt. 10c; oz. 15c; 2 oz. 25c; 1/2 lb. 45c; 1 lb. 75c; 1/2 lb. $1.25.

**NEW WASHINGTON RUST PROOF**—The New Giant Rust-proof Variety. Plants grow rapidly and produce uniformly long shoots of superior table qualities. An asparagus bed is a permanent investment, therefore plant the best and you will never be sorry. Pkt. 10c; oz. 30c; 2 oz. 50c; 1/2 lb. 90c; 1 lb. 1 3/2 lb. $1.85; lb. $3.50.

**BONVALLET'S GIANT**—This grand variety usually produces a crop a year in advance of other sorts. Moreover, the cutting period is longer than other sorts, as stalks grow do not divide until quite tall. Pkt. 7c; oz. 12c; 2 oz. 20c; 1/4 lb. 35c; 1/2 lb. 60c; lb. $1.00.

**BARR'S MAMMOTH**—Very large stalks, often one inch in diameter, quick growing, tender and succulent. Pkt. 6c; oz. 10c; 2 oz. 15c; 1/4 lb. 25c; 1/2 lb. 40c; lb. 75c.

**COLUMBIAN MAMMOTH WHITE**—Furnishes white shoots which stay white as long as fit for use without earthing up. Pkt. 6c; oz. 10c; 2 oz. 15c; oz. 2 oz. 15c; 1/2 lb. 25c; 1/2 lb. 40c; lb. 75c.

**CONOVER'S COLOSSAL**—A standard variety of large size, delicious quality. Pkt. 8c; oz. 2 oz. 12c; 1/2 lb. 20c; 1/2 lb. 35c; lb. 65c.

Buckbee's Perfection Asparagus.

**NEW PALMETTO**—Extensively grown by Southern gardeners for Northern markets, where it sells at very high prices owing to its mammoth size and regularity. Equally well adapted to the North. Pkt. 6c; oz. 10c; 2 oz. 15c; 1/4 lb. 25c; 1/2 lb. 40c; lb. 70c.

Complete Cultural Directions furnished free with every order for Asparagus Roots.

---

**BRUSSELS SPROUTS**

Brussels Sprouts are very largely grown in the South, as high as 50,000 barrels being shipped in a single season from Norfolk, Va. They are well worthy of extensive culture anywhere in this country. The plants resemble Cabbage in growth, but make small, compact, round heads at each leaf joint on the stalk. These heads are cut off when well formed and marketed in Strawberry Boxes holding one quart. The plants are quite hardy, are not injured but improved by hard frosts and are left in the garden or field during winter until wanted. These miniature Cabbages may be boiled like Cabbage or cooked in cream like Cauliflower. They are the most delicious and delicately flavored variety of the Cabbage family.

**BUCKBEE'S MATCHLESS**—The finest strain of Sprouts. The plants are of strong, vigorous growth, closely pointed and are covered the entire height with very large solid, tightly folded sprouts of exquisite quality. Buckbee's Matchless is an early variety; frost will kill the sprouts fully developed and the stems thickly set. Pkt. 10c; oz. 25c; 2 oz. 50c; 1/4 lb. 90c.

**IMPROVED PARIS MARKET**—On this variety the heads grow very closely arranged on a stalk 20 in. to 2 ft. in height. Quality is very fine. Pkt. 1c; oz. 25c; 2 oz. 50c; 1/4 lb. 65c.

---

**BUCKBEE'S VEGETABLE SEEDS**

Buckbee's "Full of Life" Asparagus Roots.
BUSH LIMA BEANS

THE BEST

BURPEE'S IMPROVED BUSH LIMA

The Earliest Large Seeded Bush Lima, One of the Best for Market as Well as the Home Garden.

This is the earliest of the large seeded Bush Lima Beans. The first pickings fit for the table may often be taken in July and from that time until frost a continuous supply may be gathered. It is fully 8 days earlier than the old Burpee's Bush Lima and produces larger pods and more and larger Beans in the pod than this variety; the seed is also considerably thicker. The plants grow upright about 30 inches in height and measure often 24 inches across the top. They are very productive, producing immense crops of showy pods which measure from 6 to 8 inches in length. The Beans are of enormous size and of most luscious flavor. Postpaid, pkt. 10c; ½ lb. 35c; lb. 48c.

NEW JACKSON WONDER BUSH LIMA

Immensely Productive.

This is the most productive and very earliest of the Bush Limas. It is of true bush form, about 2 feet high, bearing in greatest profusion, broad, flat pods, each having from three to five medium-sized, handsomely speckled Beans, which cook quickly and are of superior quality. Good for Summer use, and as Winter shell Bean. A splendid Bean for the home garden. Postpaid, pkt. 10c; ½ lb. 35c; lb. 42c.

BURPREE'S BUSH LIMA

Burpee's Improved Bush Lima

Superior Quality, Exquisite Flavor, Fine Color, Good Sheller, Hardy Grower, Extremely Productive, Matures Early, Excellent Keeper.

This is the very "newest" in the Bush Lima. It greatly excels all other Bush Limas in productiveness, being practically loaded down with pods continuously from early Summer till frost. It Matures Extremely Early. Is Suitable, Therefore, for All Sections North and South, and is a Continuous Bearer Until Frost.

In size the Beans are what might be termed intermediate, not so large as the Burpee Bush Lima, but considerably larger than the Henderson's Bush Lima, making it, in our estimation, the finest size for all purposes. The bush is sturdy in habit and about 30 inches high, having good large leaves. It bears its fruit on long spikes in heavy clusters well out from the plant. There are several pods in each cluster, as many as ten having been counted. Each pod contains an average of four Beans, though there are more containing five than three, so you see that it is a great improvement over the old-fashioned Bush Limas which oftentimes have only one or two in a pod. Considering the large number of pods on a bush, the yield is amazingly enormous. In quality the Bean is par excellence, flavor unsurpassed, and color the very best, both before and after cooking. Valuable also as a shell bean for winter use. It has become very popular and our sales of it are enormous, far exceeding those of any other Lima variety. Send to BUCKEE for originator's stock seed. Postpaid, pkt. 10c; ½ lb. 35c; lb. 50c.

FORDHOCK BUSH LIMA

An improved Dreer's Bush Lima. The plant is vigorous and erect growing, bearing the pods well above the ground. The pods, which are produced in large clusters, are medium green, about 4½ inches long, and each contains three to five large Beans of exceptionally fine quality. Both pods and Beans are twice the size of Dreer's Bush Lima; in season it is two weeks earlier. Seed large, irregularly oval in shape, very thick, white with greenish tinge. We consider this a decided acquisition to the Dwarf Limas and one of the very best. Postpaid, pkt. 10c; ½ lb. 35c; lb. 50c.

JACKSON WONDER BUSH LIMA

Buckbee's Improved Bush Lima

Superior Quality, Exquisite Flavor, Fine Color, Good Sheller, Hardy Grower, Extremely Productive, Matures Early, Excellent Keeper.

This is the very "newest" in the Bush Lima. It greatly excels all other Bush Limas in productiveness, being practically loaded down with pods continuously from early Summer till frost. It Matures Extremely Early. Is Suitable, Therefore, for All Sections North and South, and is a Continuous Bearer Until Frost.

In size the Beans are what might be termed intermediate, not so large as the Burpee Bush Lima, but considerably larger than the Henderson's Bush Lima, making it, in our estimation, the finest size for all purposes. The bush is sturdy in habit and about 30 inches high, having good large leaves. It bears its fruit on long spikes in heavy clusters well out from the plant. Considering the large number of pods on a bush, the yield is amazingly enormous. In quality the Bean is par excellence, flavor unsurpassed, and color the very best, both before and after cooking. Valuable also as a shell bean for winter use. It has become very popular and our sales of it are enormous, far exceeding those of any other Lima variety. Send to BUCKEE for originator's stock seed. Postpaid, pkt. 10c; ½ lb. 35c; lb. 50c.

BURPREE'S BUSH LIMA

Erect, stout bushes, 18 inches high, and with a diameter of 2 to 3 feet. Very productive, large pods filled with large beans of luscious quality. Postpaid, pkt. 10c; ½ lb. 35c; lb. 44c.

DREREE'S BUSH LIMA

Pods short, containing three to four beans which are closely packed and are thick, smooth and succulent. Postpaid, pkt. 10c; ½ lb. 35c; lb. 46c.
Best Dwarf Green Podded Beans

BUCKEE'S IMPROVED EXTRA EARLY VALENTINE
Standard Round Pod Snap Bean.

One of the very earliest and largest podded green bush Beans. Pods handsome, long and straight, of very nice quality. The plants are quite large, grow erect, commence to bear very early and continue for a long time. They are very productive. The pods are from 2 to 7 1/2 inches long, are flat, of light green color, solid, meaty, brittle, tender, stringless at all stages of growth, and of delicious flavor. They are also of very uniform size and shape. The dried seeds resemble those of the Yellow Six Weeks, but Bountiful is much superior in quality, entirely stringless; also earlier and more productive. A splendid variety for the home garden. Pkt. 10c; 1/2 lb. 35c; 1 lb. 65c.

EXTRA EARLY BOUNTIFUL
Stringless, Tender, Continuous Bearer.

One of the very earliest and largest podded green bush Beans. Pods large, grow erect, commence to bear very early and continue for a long time. They are very productive. The pods are from 2 to 7 1/2 inches long, are flat, of light green color, solid, meaty, brittle, tender, stringless at all stages of growth, and of delicious flavor. They are also of very uniform size and shape. The dried seeds resemble those of the Yellow Six Weeks, but Bountiful is much superior in quality, entirely stringless; also earlier and more productive. A splendid variety for the home garden. Pkt. 10c; 1/2 lb. 35c; 1 lb. 65c.

NEW EXTRA EARLY REFUGEE
Splendid Pods of Excellent Quality.

A very early green-podded Bean, furnishing fleshy pods of fine quality. About two weeks earlier than the Late Refugee, with pods of same size and shape, except slightly flatter. Postpaid, pkt. 8c; 1/2 lb. 20c; 1 lb. 40c.

BOSTON WHITE BAKING BEAN
Famous for Baking.

A sure cropper and more productive than the common white Bean and also of better quality, ripening its crop early and all at once. Pods straight, short, small; Beans small, oval, white. Postpaid, pkt. 8c; 1/2 lb. 19c; 1 lb. 32c.

NEW DWARF CRANBERRY OR WREN'S EGG
Excellent for Soup or Baking.

Vines compact, upright and very productive. Pods medium length, cylindrical and curved, with splashes of bright red on a yellowish ground. The ripe Beans are large, plump, oval and nearly covered with splashes of bright red. Equal to Lima Beans in quality. Postpaid, pkt. 10c; 1/2 lb. 30c; 1 lb. 60c.

EARLY YELLOW SIX WEEKS
Standard Reliable Variety.

Vines large, vigorous, branching, productive, with large leaves and lillac blossoms. Pods long, straight, narrow, handsome; Beans large kidney-shaped, color yellowish-draught. Very hardy and extra early. Postpaid, pkt. 8c; 1/2 lb. 20c; 1 lb. 35c.

THOUSAND TO ONE
Splendid Quality, Extremely Productive.

Highly esteemed for late planting and for canning and pickling. Pods long, cylindrical, green becoming white, streaked with purple as they mature; of good quality as snaps. Seed long, light drab, thickly dotted and splashed with purple. Postpaid, pkt. 8c; 1/2 lb. 21c; 1 lb. 38c.
BEST DWARF GREEN PODDED BEANS

Buckbee's Early Wonder
The Earliest Bean, an Ideal Snap Bean.

The plants are quite large, grow erect and carry their crop well above the foliage. The pods average about 5 inches in length, usually containing about six seeds, and are round, broad, of a dark green color, solidly meaty, extremely brittle and entirely stringless. They are almost free from disease. Flavor is most delicious. It has the peculiarity of preserving its delicate color almost intact when prepared for the table. Its bearing qualities are unexcelled and it matures its crop very regularly, even under adverse conditions. Buckbee's Early Wonder is one of the most popular Beans grown, on account of its extreme earliness, hardiness, great productiveness, freedom from stringiness, and splendid quality. Postpaid, pkt. 10c; % lb. 25c; lb. 40c.

Black Valentine
Matues Early. Very Hardy.

Productive green-podded sort with strong, vigorous vines. The pods are handsome, nearly round, one-third longer and straighter than the Red Valentine; the plant is a little more spreading and in season a little later. A large crop can be depended on and the product is very attractive on the market. The pods are of dark green color, is a great favorite with market gardeners in many sections on account of its blight resistant qualities. A long distance shipper. Postpaid, pkt. 8c; % lb. 25c; lb. 30c.

New Longfellow
A Boon for the Market Gardener.

The pods are very attractive, long, straight and round. They are very fresh, of dark green color, measuring from 7 to 8 inches in length, and usually contain about six seeds. The quality is of the finest, wonderfully tender, brittle, and there are no strings except when pods are quite old. A very early variety and exceedingly prolific. This Bean has proven one of the most profitable varieties to grow for the market. Postpaid, pkt. 8c; % lb. 25c; lb. 35c.

New Stringless Green Pod
Valuable for Good Quality and Lack of Stringiness.

Early and very prolific; long, round, straight, thick, meaty pods, entirely free from strings or fibre, of rich, deep green color. Their great attractiveness, productiveness and excellent quality is giving them an ever-growing popularity. It is now a great leader and standard for general purposes. In the garden where green pod Beans are desired this sort is quite indispensable. Plant every two weeks for succession until September. Postpaid, pkt. 10c; % lb. 25c; lb. 40c.

Tennessee Green Pod
An Early Intermediate Snap Bean.

This is a very popular Bean wherever known. The plants are large, somewhat spreading and prolific. The pods are very long, often 6 to 7 inches, flat, irregular in shape, bright but rather dark green, and of exceptionally fine flavor. Postpaid, pkt. 10c; % lb. 25c; lb. 45c.
Best Dwarf Wax Yellow Pod Beans

Davis Kidney Wax
Big Money Maker for Gardeners and Truckers.

The vine is rustless and very vigorous, bearing its pods near the center in clusters. When young, the pods are brittle, crisp and tender. Seed kidney shaped, clear white and excellent for baking. A vigorous, hard, very productive variety, ripening medium early; pods 7 inches long, straight, very shovely. The length, uniformly straight, perfect shape, the color of the pods and the great productiveness make this one of the best Beans for the market gardener as well as the canner. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

Wardwell's Kidney Wax
Most Profitable Market Gardener's Shipping Bean.

The Bean is entirely distinct from that of all other wax varieties. It is a very early variety, ripening only a little later than Golden Wax and yields a larger crop. Pods 6½ to 7 inches long, straight, flat, waxy-yellow, brittle and stringless. Desirable for every climate. Can be grown with great profit in the South for early shipment North. They always command a ready sale in every market. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

New Perfection Wax
Rich golden yellow, 8 to 10 inches long; broad; hang in great clusters. Extremely tender and brittle. Combines great productiveness with high quality. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

New Brittle Wax
Extreme Earliness—Great Productiveness—Superb Quality—The Best Wax Bean for the Home Garden.

An extremely early Wax Bean, exceedingly handsome and very desirable, especially for snaps for the home garden. The vines are dwarf, spreading and enormously productive. The leaves are roughened. The pods are round, 1½ to 2 inches long, slightly curved, wax-like, light, yellow, solidly fleshy, tender, stringless at all stages of growth. They are uniformly perfect, an ill-shaped one being rarely seen. The best of the new round podded sorts and excellent for all purposes. Seed long, medium sized, nearly white, with a little dark marking about the eye. Postpaid, pkt. 10c; ½ lb. 23c; lb. 40c.

Buckbee's New Wonder Wax.

Buckbee's New Wonder Wax
Extra Early—Rust Proof—Heavy Yields.

This variety is a flat podded sort. Plant is a strong, sturdy grower, 18 inches high and 2 feet across. Well loaded with pods 5 to 7 inches long, slim, flat plump and handsome. Quality tender, brittle and of fine texture of a clean waxy-yellow color. Very early, coming into edible condition much sooner than any other wax podded sort. Rust-proof. You will make no mistake by planting this new sort. Postpaid, pkt. 10c; ½ lb. 35c; lb. 45c.

New Early Prolific or Improved Black Wax
The Earliest Wax Bean and One of the Best for the Market and Home Gardener.

You will be thoroughly satisfied with this greatly improved strain of Black Wax, which is more vigorous and by far more productive and much earlier than any other strain. The pods are fleshy, of medium length, borne up well among the foliage, and are curved, cylindrical, of a clear waxy-white color, with long, slightly curved points. Vines of medium size, vigorous and hardy. Beans small, oblong and jet black. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.
Best Dwarf Wax Yellow Pod Beans—Continued

Jones New Stringless White Wax
An Exceptionally Valuable New Early Bean.
This Bean has often been called the White Seedless Golden Wax. It resembles this old and popular variety very much, but it is superior to it in being of more robust and vigorous growth and more productive. Furthermore, the seed is pure white. This feature gives it a decided advantage over all colored Beans, as used as snap Beans they cook without discoloring, and are, therefore, more attractive at the table; besides that the dry Beans can be used the same as any other staple white Beans. Pods 1 1/2 to 5 inches long, golden yellow, broad, very meaty and of the finest quality. Postpaid, pkt. 10c; 1/2 lb. 25c; lb. 15c.

Hodson Wax
The Most Productive Garden Bean.
Plants of vigorous growth, late maturing, hardy, very productive and free of blight and rust. Pods seven inches long, straight, flat, but thick, of cream-yellow color. Postpaid, pkt. 8c; 1/2 lb. 20c; lb. 35c.

The Yosemite Mammoth Wax
High Quality Monster Potted Wax Bean.
The pods frequently attain a length of 18 to 14 inches, with the thickness of a man's finger, and are nearly all solid pulp, the seeds being very small when fit for use. They are of rich golden color and are absolutely stringless, cooking tender and delicious. A popular wax Bean for family or market purposes. It is extremely productive, as many as fifty of its monster pods having been counted on one bush. Postpaid, pkt. 10c; 1/2 lb. 22c; lb. 40c.

Improved Golden Wax
The well known “good old-fashioned” sort, very popular for all purposes. Postpaid, pkt. 8c; 1/2 lb. 21c; lb. 38c.

Currie’s Rust-Proof Black Wax
Great Rust Resistant Market Gardener’s Bean.
Early and enormously productive, with large golden-yellow pods and in many localities extensively grown for both market and shipping. One of its chief features is its freedom from blight and rust. Postpaid, pkt. 8c; 1/2 lb. 21c; lb. 38c.

Buckbee’s Rust-Proof Golden Wax
The Standard Wax Variety for General Use.
One of the most reliable early sorts. Our own original stock, unequaled in size, color and quality of pods. In this variety we have a bean that possesses all the good points of the old favorite—Golden Wax—but is larger in pods, much more prolific and handsome in appearance, being of a dark, rich yellow color and of perfect shape. Of grand quality, showing no string or coarseness, even when past its best, but is of tender and melting flavor at all stages of its growth. Being so exceedingly prolific it is not injured by rust. Dwarf, thick-stemmed plants with oval, straight pods which are brittle and entirely stringless. For market gardeners or private families no better variety can be planted. Postpaid, pkt. 10c; 1/2 lb. 22c; lb. 40c.
BUCKBEE'S BEST POLE OR CLIMBING BEANS

BUCKBEE'S LAZY WIFE POLE

Enormously Productive. Splendid Quality.

Pods wonderfully broad, thick, entirely stringless; when fully grown from 4 to 6 inches long and exceedingly rich, buttery and fine flavored when cooked. Fine for snap sorts; also as dry shell or Winter Bean. The seed is medium sized, nearly round and pure white. Postpaid, pkt. 10c; ½ lb. 25c; 1 lb. 40c.

BURGER'S GREEN POD STRINGLESS

This variety is also called White Seeded Kentucky Wonder; it resembles this variety in form of pods, but is earlier, and covers a longer period of productiveness. The pods are straight, long, of a rich dark green, very meaty, of fine quality and entirely stringless. Seed small and pure white. Postpaid, pkt. 8c; ½ lb. 21c; 1 lb. 38c.

BUCKBEE'S GOLDEN HARVEST CLUSTER WAX

The New World-Beating Wax Pole Bean.

A magnificent variety that bears very early and continually the entire season, producing clusters of 3 to 6 pods of fine light yellow color. Pods average about 8 inches in length, exceedingly tender and entirely stringless. Owing to its earliness and hardiness this magnificent Pole Bean is well adapted even to very Northern latitudes. Its very large Pods are beautiful in appearance and are unexcelled in quality by any Wax Bean. Postpaid, pkt. 10c; ½ lb. 25c; 1 lb. 45c.

McCASLAN NEW POLE

The Best Pole Bean in Existence. A

White Seeded Green Pod Snap or Shell Bean.

Although only of recent introduction, the McCaslan Bean is already very popular and in many localities has displaced the older pole varieties. It is earlier and more productive than Kentucky Wonder and Burger's Stringless and is fully equal to them in quality.

It is the earliest Pole Bean in cultivation, maturing about 10 days earlier than Burger's Stringless and White Creaseback, which were the earliest Pole Beans known so far. The illustration on this page is taken from a photograph of a single matured plant and shows its immense productiveness. The pods are of dark green color, 10 to 11 inches long, and fill perfectly, containing ten and more seeds. They are fine for use as snap sorts, being entirely stringless, meaty and of the finest flavor and quality. When allowed to mature the shelled beans are of pure white color, good sized and most excellent for Winter use.

The vines begin to bear pods quite early and continue to produce enormous quantities until frost.

This is the one Pole Bean for every garden north and south; it stays with you all season, furnishing delicious Beans in Summer and Fall when this vegetable is always scarce.

Pkt. 10c; ½ lb. 25c; 1 lb. 45c.

Red Speckled Cut Short or Corn Hill

A popular variety for planting among the corn and thus furnishing a good crop without the use of poles. Medium early, very productive, pods about 4 inches long. Postpaid, pkt. 8c; ½ lb. 20c; 1 lb. 35c.

BUCKBEE'S EVERBEARING STRINGLESS

This splendid Pole Bean originated on Rockford Seed Farms, and has been bred up to the highest degree of perfection by years of careful work and selection. An excellent heavy yielding Pole Bean for the home garden and for the market garden and trucker. Bobast, hardy and one of the very earliest.

The enormous rich dark green pods which are produced in immense clusters often measure from 7 to 9 inches long and contain from 5 to 7 Beans. They are of admirable form, free from coarseness, exceedingly tender and of delicious mild and sweet flavor. The dry Beans are white.

We own the entire stock of Buckbee's Everbearing, and this variety can only be had from us. Postpaid, pkt. 10c; ½ lb. 25c; 1 lb. 45c.
BEST POLE OR CLIMBING BEANS—Cont’d

Famous Kentucky Wonder or Old Homestead
The Old Reliable Standard Green Pod Pole Beans.
Very early and enormously productive, single vines often yielding as much as a peck; entirely stringless. Pods of a silvery green color. Postpaid, pkt. 10c; 1/2 lb. 23c; lb. 32c.

Mammoth Poddied Horticultural
The mammoth pods are striped and splashed with brilliant crimson. The beans are of immense size and of the finest quality, used either green or dry. They are by many preferred to Limas. Best suited for cool climate. Postpaid, pkt. 8c; 1/2 lb. 21c; lb. 38c.

Early Golden Cluster Wax
A most productive main crop variety of the Wax Poddied Pole Beans. It is medium early, and of excellent quality if used either as snap or green and dried shell Beans. The vines are large, vigorous. The pods average 8 to 9 inches in length, are very attractive and much used for exhibition purposes; they are flat, straight, very broad, thick and fleshy, entirely stringless. The dry seed is medium sized, oval and pure white. A splendid variety for the home garden and for market. Postpaid, pkt. 10c; 1/2 lb. 22c; lb. 38c.

White Dutch Caseknife
A medium late variety, very productive, with pods 8 inches long, containing 7 to 8 pure white seeds. This variety is very largely planted all over the country and is mostly used for green or dried shell Beans which are of splendid quality. Postpaid, pkt. 8c; 1/2 lb. 19c; lb. 34c.

Scarlet Runner
Good for snaps and for green shelled Beans, often used in place of Limas. Mostly used, however, as an ornamental climber, the plants bearing large sprays of brilliant scarlet flowers which are twice the size of common Bean blossoms. Postpaid, pkt. 8c; 1/2 lb. 20c; lb. 35c.

White Creaseback
Valuable for its extreme earliness and its habit of ripening all of its pods within a short time. Very prolific, bearing round, fleshy pods in clusters of 4 to 12. Best quality as snaps. Seed small, oval, white, much used for baked beans. Postpaid, pkt. 8c; 1/2 lb. 30c; lb. 35c.

New Striped Creaseback
An extremely early variety with medium sized vigorous vines which are wonderfully productive and bear round, shelly pods about 5 inches long, of light green color which are of best quality as snaps. Much used as baked beans. Postpaid, pkt. 8c; 1/2 lb. 21c; lb. 38c.

BEST POLE OR CLIMBING LIMA BEANS

Buckbee’s New King of the Garden
This Old Standard Market Sort Is One of the Best for Main Crop
It is vigorous in growth and immensely productive. The vine begins to produce pods near the foot of the pole and the bearing season continues without interruption until frost. The pods are large, numerous and well filled and the Beans are of mammoth size. The handsome pods often attain a length of 5 to 7 or even 8 inches, with five or six perfectly formed Beans in each pod. Postpaid, pkt. 8c; 1/2 lb. 21c; lb. 38c.

Seibert’s Early Lima
The vine is exceptionally hardy, vigorous and produces pods very early and continues bearing for a long time. In earliness, ease of shelling, size, beauty and quality of green Beans, this variety takes front rank with the best early sorts. Postpaid, pkt. 8c; 1/2 lb. 19c; lb. 34c.

Large White Lima
Regular strain; pods and Beans of large size. Too late for the North. Postpaid, pkt. 8c; 1/2 lb. 19c; lb. 32c.

Early Leviathan
This Is the Earliest Variety of the Large Seeded Pole Limas.
It is a most productive sort and produces pods which are from 5 to 5 1/2 inches long and contain four to six very large seeds, which are quite white, with a slightly greenish tinge, and are of the finest quality. It is excellent for either home or the market. We especially recommend this variety for the Northern States, where, on account of the short season, it has been hitherto impossible to grow this luscious vegetable. Postpaid, pkt. 8c; 1/2 lb. 21c; lb. 37c.
TABLE BUCKBEE’S “Full of Life” BEETS

Buckbee’s Earliest of All

Extremely Early
As early as the earliest; makes good crops in less than seven weeks from sowing.

Of Beautiful Appearance
Perfect globe shape, smooth, free from side roots; of rich red color.

Buckbee’s Earliest of All—The Best Extra Early Red Turnip Beet, not only for market gardeners, but for canning, and especially for the home garden, making a strikingly handsome product, much superior to that obtained from any other variety equally as early. Its small top, early maturing and the splendid shape and color of the root make it popular with everyone who plants it. Top small, upright growing, so that the rows may be close together. Leaves are rich bronze-purple borne on slender stems, growing quite compactly. Root globular or ovoid and very smooth. Color of skin dark red blood; flesh deep vermilion red zoned with a darker shade. Very crisp, tender and sweet and remaining so for a long time. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 85c; lb. $1.50.

Of Superlative Quality
In quality the finest, most delicious of all extra early Beets. It has no superior, and in some respects no equal.

The Standard of Excellence of an Extra Early Beet

Crosby’s Egyptian Extra Early
One of the Earliest Beets in the Market.
Deep red, almost black in color; an improvement over the old Egyptian, being sweeter, more tender, smoother, and also more round in form and larger, although equally as early. The most desirable sort for small Beets for early market, as it is in presentable market shape quicker than any other sort. It is a very rapid grower and can be sown outside as late as July. Crosby’s Egyptian is one of the best Beets and a sure money maker for the market gardener. Our strain is exceptionally fine, extremely early, and very uniform in shape and color. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. $1.25.

Detroit Dark Red Turnip
A most excellent medium early turnip-rooted sort. It grows to a large size, is of most handsome appearance, and is very productive in all soils and locations and in all seasons. The tops are small, upright growing, so that the rows may be planted close together. Leaves are dark red, blade green, roots globular, perfectly smooth, dark blood red. Flesh bright red, zoned with a darker shade; very crisp, tender and sweet, remaining so a long time. Our stock is very uniform in size, shape and color. One of the best Beets for gardener or canner. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 85c; lb. $1.50.
BUCKBEE’S “Full of Life” GARDEN BEETS FOR TABLE USE

BUCKBEE’S BISMARCK BLOOD TURNIP
Smooth and Handsome; Dark Red Flesh; Tender and Sugary.
Of fine turnip shape, very smooth, free of all side roots; about 4 inches in diameter. The tops are small, of dark bronze-red color; the flesh deep blood-red, exceedingly tender, entirely free of fibres and of rich sugary flavor. Medium early; very handsome. A splendid variety for the home and market gardener. This Beet excels in handsome form, a good size, small tops, very small tap-root, fine quality and above all, quick rapid growth. Takes on its turnip shape very early, a decided advantage for forcing for early market, and especially for a market where Beets are sold in bunches. A favorite sort in all sections of the country. We control the entire supply of seed of this variety. Pkt. 5c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

LATE BLOOD TURNIP
Standard Late Beet—Popular Everywhere
Symmetrical in shape; flesh deep blood-red color; tender and sweet. Pkt. 5c; oz. 15c; 2 oz. 25c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

BUCKBEE’S NEW HALF-LONG BLOOD
The Very Best for Winter Use
Roots half as long as Long Blood, but on account of their thickness weigh just as much. Always smooth, sweet, crisp, tender and never woody. Both flesh and leaves are intensely dark crimson in color. One of the best late sorts. Pkt. 5c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

BUCKBEE’S “Full of Life” GARDEN BEETS FOR TABLE USE

Improved Extra Early Eclipse
IMPROVED EXTRA EARLY ECLIPSE
The Popular Beet for Early Use.
Tops small, dark purplish green. Roots nearly globular, with a small tap root and collar. A splendid variety. Flesh dark red, zoned with lighter red; sweet, crisp and tender. We believe this is the best Beet for the market and home garden, and on account of its uniformly deep rich color the most desirable for canning. The variety is also very desirable for bunching. Careful comparisons with all prominent varieties on the market prove that our Improved Extra Early Eclipse is the most uniform in shape and size and the most attractive in color. It is unsurpassed in quality. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.00.

BUCKBEE’S NEW DARK RED QUEEN
BUCKBEE’S NEW DARK RED QUEEN
Darkest of All Blood Red Beets
Dark Red Queen is particularly valuable where a late Summer variety is wanted. The roots are pear-shaped, of medium size and fine form. Nearly buried in soil. Flesh deep blood-red color; almost black, making a strikingly handsome Beet. Exceedingly tender and never woody. It is a large cropper; a good keeper till Spring. Its nicely crumpled leaves are of a beautiful dark red color, giving it a striking appearance on the market stall and making it a fine variety for ornamental bedding. Pkt. 6c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

MARKET GARDENERS
Profitable Money-Making Variety
The root is deep red, very symmetrical, two or three times as long as thick, and always smooth and handsome. The flesh is rich, very dark red, sweet, crisp and tender, never becoming woody even in the portions above the ground. It is a late variety and particularly valuable to store for Winter use. Pkt. 10c; oz. 30c; 2 oz. 50c; ¼ lb. 85c; ½ lb. 13c; lb. $1.15.
BUCKBEE’S “FULL OF LIFE” GARDEN BEETS FOR TABLE USE

Crimson Globe
Splendid Cropper—Good Keeper.
A splendid, very handsome early Beets. Skin smooth and firm, almost globe shaped, of quite large size. The flesh is a deep purplish crimson, slightly "zoned". It is a finely bred Beet, of exquisite quality, sweet and tender. The foliage is small, of a rich bronze-purple. In the home garden it is an excellent sort for market use as a maincrop variety. It is a favorite everywhere.
Pkt. 6c; oz. 12c; 2 oz. 30c; ¼ lb. 60c; ½ lb. 90c; lb. $1.00.

Edmond’s Early Blood Turnip
Roots round and smooth, good marketable size; skin and flesh dark blood-red, tender and sweet. Is an excellent keeper. A very desirable second early for market and home garden. Pkt. 6c; oz. 12c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

Early Blood Turnip
An Old Reliable Favorite Sort.
Roots nearly round, flesh deep red with lighter zones; sweet and tender; medium early; later than Detroit and has larger tops. Pkt. 5c; oz. 10c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.00.

Buckbee’s Extra Early Egyptian
Large, Early, Prolific, Attractive and Palatable.
One of the very earliest and best varieties for forcing; also excellent for first early crops out of doors. Leaves are dark green, veined with dark red; roots dark red; rounded on top, but flat beneath with very small tap roots; flesh dark red zoned with lighter shades; hard, crisp and tender at all times. A steady demand from the same people year after year for this variety should be sufficient endorsement for all gardeners to know that in planting Buckbee’s Extra Early Egyptian they are planting as good a Beet as can be found the world over, and a variety that owing to its small top makes it especially desirable for bunching. Buckbee’s Extra Early Egyptian Beet is very early, being ready for the table in about 56 days. It is free from side or fibrous roots, being very smooth. It is excellent for forcing for a main spring or summer crop, or for use in Winter, as it is a good keeper. It is always tender, sweet and crisp and is in every way the standard sort for the market or home gardener. Pkt. 8c; oz. 16c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

Buckbee’s Improved Long Dark Smooth Blood
The Standard Long Beets, Excellent for Greens
Without question the finest long beet grown for Fall and Winter use. Is of deep red color, almost black, rich, excellent flavor; an enormous cropper, and keeps solid and fresh throughout the long Winter. Cooks sweet, tender and crisp; is very desirable for pickles. It must not be compared with the common Long Smooth Blood offered by many seedsmen at a less price, as its high grade was attained by long years of care and selection. The roots are thick shouldered, grow largely under ground, are, when mature, about 2 to 3 lbs. in diameter and 10 inches long. They are ready for the table in about 60 days. They are very prolific, as much as 10 to 12 tons having been grown per acre. Foliage dark crimson. Pkt. 5c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.00.

Buckbee’s Extra Early Egyptian

Crimson Globe
Splendid Cropper—Good Keeper.
A splendid, very handsome early Beets. Skin smooth and firm, almost globe shaped, of quite large size. The flesh is a deep purplish crimson, slightly "zoned". It is a finely bred Beet, of exquisite quality, sweet and tender. The foliage is small, of a rich bronze-purple. In the home garden it is an excellent sort for market use as a maincrop variety. It is a favorite everywhere.
Pkt. 6c; oz. 12c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.00.
MANGEL WURTZELS

Any land that will grow a good crop of Corn will produce a good crop of Mangels or Sugar Beets, which are surer crops than any other root.

Mangels give one-third greater increase of milk in feeding cows than does the same weight of Potatoes. Forty varieties of Mangels yielded milk which have as much nutritive matter as 130 bu. of corn and are more digestible. Send to Secretary of Agriculture Washington, D. C., for Special Bulletin on Mangels and Beets. Plant five pounds of Seed per acre.

BUCKEE'S MASTODON

The Heaviest Cropping and Largest of All Mangels.

It is truly a Mammoth, a single root often weighing 75 pounds and over; in yield it is enormously productive—1,500 to 1,800 bushels per acre is not uncommon. It thrives on good soil. It will grow in any latitude and region, and on account of its size is easily harvested. In length it is about the same as Buckee's Mammoth Long Red, but is more remarkable for its bulk and round shape, the size and form being greater and much heavier. Root is described, and in weight much heavier; flesh deep red, fine texture, roots solid, tops small. In fact it combines all the fine points possible to condense in a Mangel of the highest nutritive value, and is without question the best and most profitable Mangel for dairy farmers. This is our pedigreed stock—especially selected, and carefully graded to sell in the best of condition at the lowest price. A few pounds at the right time will buy the best money can buy and our moderate prices make it within the reach of all. OZ. 10c; 2 oz. 15c; 1/2 lb. 30c; 1 lb. 50c; 1 lb. 90c, postpaid.

BUCKEE'S MAMMOTH LONG RED

A Wonderful Yielder.

This variety takes first place in productive power, and is the one and only Mangel to be grown in the vegetable garden. Can be grown under shade, and is a popular garden vegetable. Will keep longer than any other Mangel. Will thrive in ordinary garden soil. The roots are large, and are packed in a heavy, very well formed package. The flesh of this variety is deep red in color, the flavor is excellent, and the yield is excellent.

BUCKEE'S GOLDEN MONARCH

This entire new and distinct Mangel grows larger than the largest size and is of a beautiful russet yellow color. The flesh is white, firm and sweet, greatly relished by cattle and other stock. The roots are large, ovoid shaped, with small tops admitting close planting. Easily lifted, growing more than half above ground, producing enormous crops, and is an excellent keeper.

GIANT RED ECKENDORF

The roots are smooth, of cylindrical shape, very much like the Tankard Mangel, and weigh from 20 to 25 pounds each. The flesh is firm, solid, of white color and of highly nutritive value. The Eckendorf Mangels are phenomenal yielders and are easily harvested the root growing to the largest part above the ground. OZ. 5c; 2 oz. 12c; 1/2 lb. 20c; 1 lb. 35c; 1 lb. 60c, postpaid.

GIANT YELLOW ECKENDORF

The same as the Red Eckendorf, but with yellow skin. OZ. 8c; 2 oz. 12c; 1/2 lb. 20c; 1 lb. 35c; 1 lb. 60c, postpaid.

CHAMPION YELLOW GLOBE

One of the best for stock feeding. The roots grow almost entirely above ground and are easily harvested, so that they are a most valuable root. It is a good keeper. OZ. 5c; 2 oz. 12c; 1/2 lb. 20c; 1 lb. 35c; 1 lb. 60c, postpaid.

CHAMPION RED GLOBE

Similar to above except in color, which is a light red or pink. OZ. 7c; 2 oz. 12c; 1/2 lb. 20c; 1 lb. 35c; 1 lb. 60c, postpaid.

GIANT OR MAMMOTH JUMBO OR EIFFEL TOWER

A large long variety of excellent quality. Very similar to Mammoth Long Red. OZ. 7c; 2 oz. 12c; 1/2 lb. 20c; 1 lb. 35c; 1 lb. 50c, 1 pospaid.

MIXED MANGEL SEED

Choice sorts mixed. OZ. 8c; 2 oz. 12c; 1/2 lb. 20c; 1 lb. 35c; 1 lb. 60c, postpaid. NOTE—Write for special prices on larger quantities.

William Tauchen. Duxbury, Wis.—The crop from your Mangel and Carrot Seed were fine last year, the stock did enjoy them.

Mrs. T. H. Boggs, Marianna, Ark.—Wish to take this opportunity to tell you how fine the seeds were I purchased from you last year. We had an unusually rainy season in this section. My Beefsteak Tomatoes kept on growing and bearing. Some were enormous in size and the best tomatoes for the table we have tried. My Cabbage grew right from the start and the Chrysanthemums were a beautiful sight. I only had a few of them, but they easily sold for fifteen cents a piece. This year I plan to grow quite a number of your plants—especially the Carrots. I have three beautiful ones—Marjolol, Rocky Mount, and Australian Gold, and several new ones purchased from you last year.
BUCKBEE'S SUGAR BEETS FOR STOCK FEEDING

GIANT FEEDING SUGAR
The Greatest Beet for Feeding Stock.

This magnificent Sugar Beet, while giving nearly as large a yield of easily grown and harvested roots as a crop of Mangels, supplies a food of very much higher nutritive value, being much richer in sugar. They yield under equally favorable conditions, more than double that of sugar beets and not being so sweet, are less liable to injuring the kidneys, when fed in large quantities.

The roots grow about two-thirds out of the ground and because of this shape, the crop can be harvested and stored at less expense than any other root crop. Roots very large, smooth, clean and of oval shape; white skin, white flesh. Every farmer should try it. Oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 75c, post-paid.

BUCKBEE'S SUGAR BEETS FOR STOCK FEEDING

BUCKBEE'S NEW IMPERIAL SUGAR

This Beet is the result of years of methodical and persevering selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analyses showing that the average percentage of sugar obtained from this variety is about eighteen and its average yield may be stated as from 15 to 16 tons an acre, but crops of 25 to 40 tons per acre have been obtained off it. Flesh finely grained and very sweet. We sell thousands of pounds each year to the large growers and Beet sugar factories through the country, always with the most satisfactory results. Postpaid, oz. 12c; 2 oz. 18c; ¼ lb. 25c; ½ lb. 45c; lb. 80c.

KLEIN WANZLEBEN SUGAR BEET

This variety at the present time has probably a wider cultivation than any other Sugar Beet. While not, as a rule, equal to BUCKBEE'S NEW IMPERIAL SUGAR in securine richness, it is considerably more productive. We offer the second year from polarized roots. Postpaid, oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 75c.

THE BEST STOCK CARROTS

Every farmer should plant a few acres of Carrots for stock food; they are very productive, less liable to disease than many other root crops, and being sown earlier do not interfere so much with the labor in the busy time. They can be stored over Winter like Potatoes. Make excellent nutritive feed for all stock. Horses are very fond of them and they increase the flow of milk in cows, improve the quality of butter and give it a beautiful golden color.

Buckbee's Champion

The World-Beating Stock Carrot

Buckbee's Champion is properly speaking, a table Carrot, although the flesh is remarkably firm and sweet. But it is most emphatically a Stock Carrot for the farmer and stock raiser, and once used nothing will take its place. It is the heaviest cropping variety grown, yielding more tons to the acre than any other sort. The flesh is white, crisp, solid and very sweet in flavor. The roots are of medium size, very broad and heavy at the shoulder and are therefore easily harvested. They frequently measure 15 to 20 inches in circumference and 25 to 50 tons per acre is not an extravagant statement as to yield. Our own growth. Choicest Northern Home-Grown Pedi-greed Stock Seed. Oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.00.

BUCKBEE'S IMPROVED SHORT WHITE—Roots 7 to 9 inches long, smooth, very heavy at the shoulder, having a diameter of 2 to 3 inches, but tapering gradually to a point growing almost entirely in the ground. Flesh rich, white, solid, crisp and of excellent flavor. Oz. 12c; 2 oz. 18c; ¼ lb. 25c; ½ lb. 45c; lb. 80c.

BUCKBEE'S MAJESTIC—The largest, heaviest cropping and most nutritious yellow variety. The roots are of excellent quality, possessing high feeding qualities. Oz. 12c; 2 oz. 18c; ¼ lb. 25c; ½ lb. 50c; lb. 90c.

BUCKBEE'S IMPROVED LONG ORANGE—The roots of the improved strain of this variety we offer are very deep orange, long and comparatively thick, often 12 inches in length and 3 inches in diameter. This intermediate to late maturing sort is suitable for table use as well as stock feeding combining great productivity with uniformity. They are grown in light, deep, rich soil. When of size suitable for the table, the roots are tender and of good quality. Oz. 12c; 2 oz. 18c; ¼ lb. 25c; ½ lb. 50c; lb. 90c.

MAMMOTH WHITE BELGIAN—Splendid variety for table and stock. The roots are mammoth in size and very productive, often yielding ten tons roots per acre. Oz. 12c; 2 oz. 18c; ¼ lb. 25c; ½ lb. 45c; lb. 80c.

MAMMOTH YELLOW BELGIAN—Identical to the White Belgian, except in color. Oz. 12c; 2 oz. 18c; ¼ lb. 25c; ½ lb. 45c; lb. 85c.
BUCKBEE'S "Full of Life" CARROTS

One Ounce Will Sow a Row 100 Feet Long. Four to Five Pounds Will Sow an Acre

The best soil for the Carrot is a sandy loam made rich by manuring the previous year; any good land if thoroughly and deeply worked will produce satisfactory crops. It is advisable to sow as early in the Spring as the ground is fit to work, though good crops may be grown from sowings as late as June 15. For table use sow the smaller kinds early in rows 16 to 18 inches apart. For field culture sow in drills 18 to 24 inches apart, using from 1½ to 3 pounds of seed to the acre. Cover ½ to 1 inch deep and see to it that the soil is pressed firmly above the seed. As soon as the plants appear use the cultivator or wheel hoe. Thin 2 to 5 inches apart in the row, according to the size of the variety.

BUCKBEE'S EARLIEST GARDEN

The Earliest Variety in Cultivation and Best for the Table.

Tops small finely divided. The reddish orange colored roots are nearly round with a groove about the crown and when fully matured they are about 2 inches in diameter but they should be used before they are full grown when they are tender and delicious. Much used for forcing and pulled when they have only 4 or 5 leaves. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

BUCKBEE'S CHAMPION HORN

Extra Early—Good Size—Splendid Keeper.

A splendid new Carrot from Holland where it is very largely grown for the market and considered the finest of all table Carrots. It is an extremely early variety as early as Scarlet Horn and will be ready for the market in about 45 days from sowing but it is about 6 to 7 inches long or twice the size of Scarlet Horn. It is the sweetest of all Carrots and without any yellow core. The roots are cylindrical blunt at the end and having a fine neck and small top can be planted close together. The color is very attractive bright red. They are entirely free from any stringy, coarse heart which is found in most other Carrots; are of fine texture and most delicious quality. Owing to its excellent quality, it ought to have a place in every garden and its extreme earliness and great productiveness make it an indispensable variety and a great money-maker for the market gardener. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 85c; lb. $1.50.

OX HEART OR GUERANDE

Early—Handsome—Ready Selling.

Tops small for the size of the roots, which are comparatively short, about 5 inches long, but thick and often weighing a pound apiece; they terminate abruptly in a small tap root. Flesh bright orange, fine grained and sweet. About 10 days earlier than Danvers. A splendid variety. This is a desirable variety for soil so hard and stiff that longer growing sorts would not thrive in it. When young, excellent for table use, and when matured, equally good for stock. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. $1.15.

BUCKBEE'S PRIDE OF THE MARKET

A large, handsome, main crop variety. Roots grow 10 to 12 inches in length, very broad at the neck, tapering evenly to the small tap root. Grows smoothly and uniformly; flesh tender sweet and entirely free from woody coarseness. Unsurpassed for table use and most valuable for market purposes. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.45.

Those Musk Melon Seed you sent last year were splendid. People turned others down for ours. And would ask where we bought the Seeds—said they had all others beat a mile and we sold as high as 12 two and three times a week to a single family. Can say you surely have fine Seeds. I have enough almost for another planting this year, as my garden is small.

MRS. ALICE THOMPSON.
Lufkin, Texas.

Oxheart or Guerande.
BUCKBEE’S “Full of Life” CARROTS

Buckbee’s Select Danvers
The Best Carrot for Every Purpose.

In this selected strain of Danvers Carrot, we have not only a splendid appearing Carrot, which always sells readily, but a variety which is an extra heavy yielder in any soil. We have spared no labor nor expense in perfecting this variety, and confidently claim and believe that it is now the leading Carrot. Adapted to all soils and enormously productive, yielding more than any other table Carrot, and often more than the large field Carrots, and is much easier harvested than these. The flesh is very tender and sweet; it is a valuable Carrot for both table use and for stock. We have an extra fine strain of this favorite sort, which is of very fine bright color, and exceptionally uniform in shape, size and color. We have sold this strain for years and it is giving the greatest satisfaction to our customers. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

Half Long Danvers
The Popular Carrot for the Home Garden or Market.

This variety is well adapted to all soils and sections, and some years it leads our whole list as the best seller. It is half long in shape, almost cylindrical, somewhat stump rooted, and of rich, dark orange color. We claim that it will yield greater bulk and weight for a given length of root than any other Carrot now grown. Over 40 tons per acre of fine Danvers have been grown, and a yield of 25 to 30 tons per acre is not uncommon. Matures its crop of beautiful shaped roots in 70 days. Grown extensively by market gardeners for bunching and makes a handsome appearance on the market stalls; of the finest quality and one of the most popular sorts for home use. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.10.

Buckbee’s Golden Ball Forcing
Standard Extra Early Forcing Carrot.

One of the earliest varieties in cultivation and very desirable for forcing. The tops are very small. The roots are reddish orange and are nearly round when forced quickly in very rich, well prepared soil, but are somewhat longer when grown outdoors. When full matured the roots are about 2 to 2½ inches long, but they should be used before fully grown while young and tender. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

Early Scarlet Horn
A Good Variety to Grow for the Market—Tender and Delicious.

A favorite for early crop; a little later than Early Golden Ball. Color, deep beautiful orange; has a short stump-shaped root about 3 inches long, large at top, therefore easily pulled. Pkt. 7c; oz. 15c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. $1.15.

New Early Chantenay or Model
A Fine Bunching Carrot—Private Stock.

A most excellent, medium early, half long variety. It is one of the best in quality for the market and home garden, while its great productivity and the ease with which it can be harvested makes it desirable as a field sort. The tops are medium sized with small neck. The mature roots are thick, 5½ to 6 inches in length uniformly half long or stump rooted but tapering slightly, smooth, deep orange-red in color. The flesh is very crisp and tender. Although a medium early sorts the roots are suitable for use nearly as early as any. The variety is extensively used for bunching. Pkt. 7c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.
BUCKBEE'S RELIABLE CABBAGE SEED

BUCKBEE'S NEW RACE HORSE
Absolutely the earliest Cabbage in cultivation. Indispensable to the market gardener for his very earliest crop.

BUCKBEE'S SELECTED TRUE EARLY JERSEY WAKEFIELD
The Standard Extra Early Cabbage. Buckbee's stock of Jersey Cabbage is grown from selected heads only and is the earliest and finest strain of this variety in the market. It forms fine solid heads of good size, colored in shape, with very few outside leaves, and of the best quality.

CHARLESTON OR LARGE WAKEFIELD
A splendid strain of Jersey Cabbage, about a week later, with heads twice as large, weighing from 8 to 12 pounds each and more, and not so pointed as the original Charleston Wakefield; it is a good keeper and may be planted as a second crop to mature in autumn, if desired. It is much used by market gardeners to follow Jersey Wakefield; a first rate shipper, and in great favor with everybody who knows it.

EARLY SPRING
The Earliest Flat-Headed Variety.
A few days earlier than Jersey Wakefield, producing heads of the same weight but different in shape, being flat, slightly round. They are intensely solid, of vivid green color, with short stems and few outer leaves. Small heart, fine texture, flavor delicious. Pkt. 7c; oz. 25c; 2 oz. 40c; 4 oz. 75c; 1/2 lb. $1.30; 1 lb. $2.30.

BUCKBEE'S NEW EARLY RACE HORSE

BUCKBEE'S SELECTED TRUE EARLY JERSEY WAKEFIELD

All-Head Early
A sure header. Matures at the same time as Glory of Holland. The plant is compact, with few outer leaves, stem short. Head very large for an early variety, very solid, flat, but very deep and uniform in size and shape. Well adapted for kraut. By planting late it can be used as a Winter Cabbage. Our strain is the finest.

EXTRA EARLY WINNINGSTADT
A very fine header and will grow a hard head under circumstances where most sorts would fail. It will stand more frost, drought, wet, insects and diseases than any other early Cabbage. Plants very compact, with short thick leaves. Heads regular, conical and very hard. It is the latest of the pointed varieties. Pkt. 7c; oz. 25c; 2 oz. 40c; 1/2 lb. 75c; 1 lb. $1.30; 1 lb. $2.30.
CABBAGE

BUCKBEE'S
Extra Early
Large New Queen

Buckbee's Extra Early Large New Queen is unquestionably the finest bred and earliest of the very large (weighs from 17 to 25 pounds) Cabbages and the most solid headed of this class. It is a dwarf, compact grower, allowing close planting, a sure header, most uniform in growth, beautiful in appearance, free from coarse veining of the leaves, of much better quality than the big ribbed Winter sorts; in fact, it possesses all the fine qualities of the best early varieties, it is unexcelled in flavor and always the leader in every market. Practically every plant will form a very large, solid head and will mature earlier than any variety of equal size. It is suitable for every growing season; remarkable hardiness and vigor make it the safest Cabbage to plant. The heads become solid and eatable long before they are fully grown and they will stand well without splitting long after they are fully developed. If you want the best early cabbage, plant Buckbee's New Extra Early Large Queen and you will not be disappointed. We control the entire seed supply and offer the choicest "FULL OF LIFE" Seed of our own growing at the following reasonable prices. Send to Buckbee for the true "Queen." Order early. Pkt. 10c; oz. 40c; 2 oz. 75c; ½ lb. $1.25; ½ lb. $2.00; lb. $3.75.

Buckbee's New Extra Early Baby Head Cabbage

Very Small; Solid Heads; Extra Early; Heavy Cropper,

This wonderful new cabbage was sent out for trial last season and our customers reported splendid results from it. On account of the short stem and few outer leaves can be grown very close together, ten inches apart being about right. Heads are firm, well shaped and round. Flesh is white and crisp and are usually ready for the table in about six weeks. This is the best variety to grow where your garden space is limited. Pkt. 10c; ½ oz. 10c; oz. 75c; 2 oz. $1.10; ½ lb. $2.50.
SECOND EARLY CABBAGES

**BUCKBEE’S ROCKFORD MARKET**

A Fine Second Early Cabbage.

It has the peculiarity of heading firmly at an early stage in its growth so that the finest Cabbage can be obtained long before it has attained its natural size. Its uniformity in shape and large yield per acre render it particularly valuable to truckers, and its compact form and good quality make it also one of the finest of the second early Cabbages for the home garden. It is about a week later than New Queen. Pkt. 1 oz. $0.25; 2 oz. $0.50; ½ lb. 70¢; ¾ lb. $1.30; lb. $2.50.

**SUCCESION**

**Good Early and Late.**

A great favorite with market gardeners. About two weeks later than New Queen, a sure cropper and long keeper. The heads are very large, deep, solid and firm, of a beautiful light green color and free of all spots and sprouting. They run very uniform in size and shape and are of splendid quality. Pkt. 1 oz. 40¢; ½ lb. 70¢; ¾ lb. $1.30; lb. $2.50.

**GLORY OF HOLLAND**

This cabbage is only 10 days later than Jersey Wakefield but heads twice as heavy, ball-shaped, thin ribbed, very firm: splendid keepers and of excellent quality. The color is a pale green. In addition to the heads extra hard of a small spray. Plants grow very uniform in size and shape and always head. Pkt. 8¢; oz. 25¢; ½ oz. 40¢; ¾ lb. 80¢; ½ lb. $1.45; lb. $2.75.

**HENDERSON’S EARLY SUMMER**

Standard Midsummer Variety.

This variety is deservedly popular with the market gardeners. It forms large, solid, round, flattened, compact heads of excellent quality, which average more than double the size of the Jersey Wakefield, while it matures only ten days later. Pkt. 1 oz. 20¢; 2 oz. 35¢; ½ lb. 60¢; ½ lb. $1.15; lb. $2.25.

**COPENHAGEN MARKET**

The earliest large roundheaded cabbage yet introduced. The heads are exceptionally large for so early a variety, very solid and of most excellent quality. The plants are vigorous but compact, with short stem and few outer leaves which are of rather upright growth. The leaves are medium light green, nearly round, comparatively thick and smooth. This is a most excellent sort, both for the home garden and market gardening trade. Our strain produces the characteristic large, round heads that for solidity and excellent quality make this variety so valuable. Pkt. 8¢; oz. 30¢; 2 oz. 50¢; ½ lb. $1.60; ½ lb. $1.85; lb. $3.30.

**LATE OR WINTER CABBAGE**

**BUCKBEE’S MAMMOTH LATE BRIDGEPORT DRUMHEAD**

A Standard Fall Shipping Sort.

It makes a large, round, firm head, uniform in shape and color, which seldom bursts or rots. With good cultivation, heads attain a weight of 20 to 30 pounds, and are of the finest quality. Uniformity in size and regularity in growth has made this one of the most popular standard sorts for Winter keeping. The quality, either for slicing, for kraut and for general table use is unsurpassed. It is as natural for this Cabbage to form heads and leaves. This variety is much used by market gardeners in northern Illinois and has proven a great money-maker to them. It is a very good variety of cabbage which can be profitably grown anywhere in the country; it is a splendid sort for general use, giving an abundant satisfaction. Pkt. 2 oz. 40¢; ½ lb. 70¢; ½ lb. $1.30; lb. $2.50.

**SUREHEAD**

A Famous Main Crop Cabbage.

Of the “Flat Dutch” type. Heads uniform in size and color, round or oval on top, extra hard, and fine in texture, weighing under average cultivation from 10 to 15 pounds; sweet flavored; has scarcely any loose leaves. One of the most reliable main-crop Cabbages. A sure header. Its great solidity makes it an excellent shipping as well as keeping variety. Pkt. 8¢; oz. 20¢; 2 oz. 35¢; ½ lb. 60¢; ½ lb. $1.15; lb. $2.25.

**BUCKBEE’S MAMMOTH LATE FLAT DUTCH**

Everywhere a Favorite Market Variety. Always Sure to Head.

This is a money-maker among late Cabbages for gardeners, and for family use it ranks the highest. No variety of late Flat Dutch surpasses it for fine quality and uniform reliability to produce solid, firm heads. Even during the most unfavorable weather the heads are large. They are usually very heavy and solid, in form are round, flat on top and of a bluish-green color with but few outer leaves. The quality is fine and flavor excellent, heads being crisp, tender and white. These are in good condition until Spring. Outside of Buckbee's Christmas King there is no other more firm and long keeper than this type of late sort, and one of the best to grow for the family table. Always sure to make a crop where other sorts fail, and sure to please everybody on all soils. North, South, East or West. If you grow late Cabbage, do not fail to plant some of our selected "Ball of Life" strain of this variety. Pkt. 8¢; oz. 25¢; 2 oz. 45¢; ½ lb. 80¢; ½ lb. $1.15; lb. $2.75.

**GREGORY'S ALL SEASONS**

Sure Cropper. Corrugated Keeper.

Nearly as early as Early Summer, but considerably larger in size and one of the largest and most desirable of the second early varieties. The heads are large, nearly round, extremely hard and solid, with finely ribbed leaves; the eating quality is not excelled by any other Cabbage and is far better than that of the big-ribbed Winter sorts, and considered one of the best for kraut. It is suited to all growing seasons, is a sure header under most adverse conditions, and keeps well even if planted very late. Remarkable for its ability to stand the hot sun and dry weather, remaining an exceptionally long time in condition for use. Our strain is the finest on the market. Pkt. 8¢; oz. 35¢; 2 oz. 40¢; ¼ lb. 70¢; ½ lb. $1.30; lb. $2.50.

**BUCKBEE’S EARLY MARVEL**

Very Popular for All Purposes.

The heads are extremely hard and large, round, solid, and firm. The leaves run very uniform and are of excellent quality. It is a stand-up variety and quite as good for both home garden and market gardening. Pkt. 7¢; oz. 25¢; 2 oz. 40¢; ¼ lb. 70¢; ½ lb. $1.30; lb. $2.50.

**PREMIUM LATE FLAT DUTCH**

Large Heads.

An old and popular variety, remarkably uniform in size and type. Very heavy, late and a fine shipper. Pkt. 7¢; oz. 20¢; 2 oz. 35¢; ¼ lb. 60¢; ½ lb. $1.15; lb. $2.25.

**LARGE LATE DRUMHEAD**

Heavy, Solid and Crisp.

Closely allied to our Mammoth Bridgeport Drumhead. Pkt. 7¢; oz. 20¢; 2 oz. 35¢; ¼ lb. 60¢; ½ lb. $1.15; lb. $2.25.
BUCKBEE’S “Full of Life” CABBAGE SEED

Buckbee’s Christmas King Cabbage

The Grandest Winter Cabbage
The Largest Cabbage in the World
The Longest Keeper and Surest Header

The grandest late Cabbage ever introduced. This truly wonderful late variety of our own introduction gives the greatest yields of any Cabbage grown. Thousands of acres are annually sown with this one kind; it is a favorite among the largest and most discriminating growers everywhere and none of them have ever been disappointed in the results. Nine hundred and ninety-nine out of every thousand plants will produce marketable heads, which are of mammoth size, on good, rich soil, reaching the sensational weight of 60 pounds each. The leaves are deep blue, very wide and overlapping each other forming tight, compact heads, which are all very uniform in size and in time of maturity, and are of the most delicious flavor, crisp and sweet. It never bursts, has but few outside leaves and can be planted closer than most sorts and will then produce a larger crop per acre than any other variety. It is the best Winter keeper; there is no other variety which maintains its fresh appearance so long after it has matured. It is also the best for kraut.

Buckbee’s Christmas King is the finest late Cabbage known today; for the market, for shipping and for the home garden it has no superior. We have grown this variety for many years, but improved it continuously and it is today better than ever.

There is big money in Cabbage, but your harvest depends on the seed you sow. Always remember that the seed is the cheapest thing about your entire crop, therefore buy the best, regardless of price, buy the right varieties, and varieties that have been tried out and yield bumper crops in the North, South, East and West. These are Buckbee’s Early Queen and Buckbee’s Christmas King. We control the complete stock of Christmas King and offer the choicest "FULL OF LIFE" Seed of our own growing at the following reasonable prices. Send to Buckbee for the true “Christmas King.”

Pkt. 10c; oz. 35c; 2 oz. 65c; ¼ lb. $1.25; ½ lb. $2.30; lb. $4.00.
BUCKBEE'S "Full of Life" CABBAGE SEED
Danish Grown Cabbages—Round Headed Varieties—Wonderful Keepers

Buckbee's Famous Great Dane Cabbage

The Hardest Headed Late Cabbage. The Gardener's Favorite, the Best Shipping and Longest Keeping Cabbage.

For years large quantities of Danish Cabbage have been imported to our leading markets, the heads being of such solidity that the demand has been far in excess of the supply, and always at a price far above the ruling market rate. To get to the source of this supply we sent an expert to Denmark, who after careful inspection of the Cabbage-growing localities found at the Island of Amager the GREAT DANE Cabbage, which he considered by far the finest and most productive of all the types and strains of the Ball Head Winter Cabbage grown in Denmark, and he contracted with its originator for all the seed he could supply.

We give herewith the description of this cabbage—by the originator, Mr. Torgeson: "For more than twenty years I have worked in perfecting this variety. The stem is medium sized, heads are almost as round as a ball, of good size, perfectly solid, very fine grained, of the best quality. They average larger and heavier, also mature earlier than the other strains of Holland or Ball Head grown here. Because of the larger size, heavier weight, greater solidity of its heads, its unequaled keeping and shipping properties and its more tender quality, it will supplant all other varieties for winter use. I cannot too highly recommend it to gardeners in your land (America)."

We control the entire seed supply and offer the choicest "FULL OF LIFE" Seed (grown by the originator in Denmark), at the following reasonable prices. Send to Buckbee for the true "Great Dane."

Pkt. 10c; oz. 35c; 2 oz. 65c; ¼ lb. $1.25; ½ lb. $2.30; lb. $4.00.

Danish Ball Head
Extra Selected Danish Grown Seed.

The heads, which are of medium size, average a weight of about eight pounds, are very solid and deep, and of a fine white color. Their quality is excellent, and the heads being just as solid and perfect when taken up in the Spring as when they are put away in the Fall. Stem about 5 inches high. Pkt. 8c; oz. 32c; 2 oz. 60c; ¼ lb. $1.15; ½ lb. $2.00; lb. $5.50.

New Round Head Danish
A Short-Stemmed Type.

Two weeks earlier than Ball Head, heads more round, unusually solid, average larger, with less outer foliage, of more robust growth, and is better able to resist blight. The heads are beautifully white when trimmed. Especially recommended for high and light soils. Are splendid keepers. Short stems about 2½ inches high. The Round Head requires less space; can therefore be set closer together than Ball Head. Pkt. 8c; oz. 30c; 2 oz. 50c; ¼ lb. $1.00; ½ lb. $1.90; lb. $3.25.

Wisconsin Hollander
Acknowledged the Best Disease Resistant Variety.

Introduced by the Wisconsin Experiment Station. A strain of the Hollander grown in Wisconsin, resistant against the Yellow Rot disease. Has been grown successfully on the sickest old cabbage fields. Pkt. 15c; oz. 90c; 2 oz. $1.75; ¼ lb. $3.75; ½ lb. $6.25; lb. $11.00.

Golden Acre—The Early Danish Cabbage
This is a Genuine Early Round Head Danish.

We believe this to be the earliest solid, round-headed cabbage grown. Hard heads 10 inches through have been matured in 80 days from seed. Can be left in the field for three weeks after fully matured without bursting. Head is always round and solid; leaves medium light green; flesh crisp, white and tender. Stem short and strong. Our seed is genuine Danish grown. Pkt. 15c; ½ oz. $1.00; oz. $1.75; 2 oz. $3.00; ¼ lb. $5.00.
RED CABBAGE

New Dutch or Pickling

Raised extensively for pickling purposes. Always the first of the Red Cabbages in market. Small, handsome, hard heads of blood-red color and of the finest quality. Average weight, 8 pounds. Pkt. 1¢; oz. 25¢; 2 oz. 40¢; ½ lb. 70¢; ¼ lb. $1.30; lb. $2.50.

Mammoth Red Rock

One of the finest Red Cabbages on the market. Heads average over 10 pounds each, and are always of rich red color, very solid and of excellent flavor. Always sure to head. Try it. Pkt. 8¢; oz. 25¢; 2 oz. 45¢; ½ lb. 90¢; ¼ lb. $1.45; lb. $2.75.

New Red Polish

The Best Red Cabbage for Pickling or Table Use.

This New Red Cabbage is a vigorous grower and quite hardy. The heads are of a dark red color, and are extremely firm and heavy. The outside leaves are somewhat crumpled at the edges, giving the plant a pleasing and rather ornamental appearance. It is the largest and surest heading Red Cabbage. New Red Polish is the most profitable red sort with which we are acquainted, and will prove satisfactory in all respects to growers, cook and pickle-maker. Pkt. 10¢; oz. 35¢; 2 oz. 60¢; ½ lb. $1.15; ¼ lb. $2.50; lb. $3.50.

Buckbee's Sugar Loaf Savoy

Buckbee's Chinese or Celery Cabbage

A new, most delicious vegetable which should be in every garden and which is one of the most profitable crops to grow for the market.

The Chinese or Celery Cabbage belongs to the Cabbage family; when young it resembles a smooth-leaved Chard-Beet, leaves being light green and crinkled; the plant as it matures forms heads much like Cos Lettuce, which are about 15 inches high, have a diameter of 6 to 8 inches, weigh often 4 lbs., and are as firm and solid as Cabbage; their heart blanches to a crystalline white, whiter than any Lettuce or Cabbage. The leaf is as tender as Lettuce and has a distinctive flavor very delicate and pleasant; every leaf, including the outside ones, is tender and edible.

It is served on the table like Lettuce with French dressing; or if cut up like Cabbage and served with mayonnaise or French dressing it makes a splendid cold slaw. It can also be cooked like Cabbage, but it is without the strong Cabbage flavor and tastes more like Cauliflower.

Our seed is Chinese grown, which is the only reliable stock for good solid heads. Prices, postpaid, pkt. 10¢; oz. 30¢; 2 oz. 50¢; ½ lb. 95¢.

Buckbee's Frost Proof Cabbage Plants

To get the advantage of these frost-proof Cabbage Plants they must be planted a month or six weeks earlier than you would plant home-grown plants.

Our Cabbage Plants are grown in the South from the best "Full of Life" seed and are shipped direct from our growing station in South Carolina by mail or express. We fill orders until April 15th. The plants will be somewhat wilted and have a hard, stunted appearance, which will be disappointing to persons who have never used these plants before. Regardless of appearance, they will produce the results.

We sell the following varieties of frost-proof Cabbage Plants:

- Early Jersey Wakefield, Charleston or Large Wakefield, Succession and Early Flat Dutch.
- No orders filled for less than 100 of a variety.

Plants shipped 500, 1,000 or 2,000 to the crate. Ordered in these quantities, they weigh about 25 pounds per 1,000 for shipping, and can be shipped to any point where they will arrive within four or five days. No plants shipped C. D. O.

Prices: By Mail, Postpaid, 50c per 100; $2.25 per 1,000. By Express, purchaser pays shipping charges. 500 for $1.00; in lots of 1,000 to 4,000 @ $2.15 per 1,000; in lots of 5,000 to 9,000 @ $2.05 per 1,000; in lots of 10,000 and over @ $1.95 per 1,000.
BUCKBEE’S EXTRA EARLY CHIEF CAULIFLOWER

The Earliest Grown—A Sure Header—Drought Resister—Large Solid Heads of Snowy Whiteness

The best variety for either market or family purposes, by far the earliest and surest large header and the most profitable grown. The greater part of Cauliflower seed offered is of European growth, but after years of careful study and perseverance we are able to offer this thoroughbred American variety—‘CHIEF.’ It is of very compact growth, with very short stalks. The plants can be set very close together, and the leaves growing upward naturally protect the heads, which are handsome beyond description, measuring fully 12 to 15 inches across, and even more under careful cultivation; they are pure snow-white, very close, compact and of the most superior quality. The heads being so extremely solid and deep, weigh heavier than any other early variety.

It can be used for early or late planting, for forcing or the open ground; used any way, we recommend it with the full assurance that it will give entire satisfaction and that it is not surpassed by any other variety in earliness and sure heading.

In no vegetable is there so vital a relationship between seed and crops as in the Cauliflower. We make Cauliflower a specialty and we know Extra Early Chief will never fail to please the most exacting; it is a thoroughbred, pedigree-strain, the grandest, large-heading, early Cauliflower ever grown. We have sold it for years, supplying the largest Cauliflower growers with it in every part of this country and have received nothing but praise from everybody.

Comparative tests have proved conclusively that Buckbee’s Chief matures earlier, is a surer and heavier cropper and produces more marketable heads per acre than any other Cauliflower of equal size. No grower of Cauliflower need fear the outcome of the crop if he is relying on this superb, world-beating variety.

Prices of Buckbee’s Extra Early Chief, pkt. 15c; ¼ oz. 90c; ½ oz. $1.60; oz. $3.00; 2 oz. $5.50; ¼ lb. $10.00. Postpaid.
BUCKBEE'S "FULL OF LIFE" CAULIFLOWER—Cont'd

BUCKBEE'S EARLY FAVORITE

Very Popular, Very Large, Easily Grown.
A second early, sure heading and reliable variety. Larger and later than Snowball. Will stand heat and drought exceptionally well, which is a great point in its favor and makes it most highly desirable in regions where other varieties of Cauliflower have failed to thrive. Of dwarf growth, with short outer leaves. Early Favorite has never yet failed to please the most exacting grower and its rapidly increasing popularity is due entirely to its real merit and not to any special effort in its behalf. Give it a trial and we are sure you will never have reason to complain of the results.
Pkt. 8c; ½ oz. 45c; oz. 85c; 2 oz. $1.60; ¼ lb. $5.00.

EXTRA EARLY DWARF ERFRUT SELECTED

Remarkable for reliability of heading; dwarf; solid, pure white heads of most superior quality. If planted the first of March, heads 8 to 10 inches in diameter will be ready early in June. This is a fine old sort and as yet a favorite with many; Snowball and Buckbee's Chief are highly developed strains of this variety and produce somewhat larger heads earlier in the season.
Pkt. 10c; ½ oz. $1.00; oz. $1.85; 2 oz. $3.50 ¼ lb. $6.75.

EXTRA EARLY PARIS

An extra early variety, useful for Spring planting. Heads of medium size with narrow and straight leaves; they are snow white and of fine quality, but not as large nor as firm as the Erfurt type of Cauliflower. Dwarf habit. Pkt. 7c; ½ oz. 45c; oz. 85c; 2 oz. $1.45; ¼ lb. $2.75.

LE NORMAND'S SHORT STEM

Sure Heading Standard Late Variety.
The very best late variety grown. Sure to please. Card is well protected by broad, short leaves of deep green color; the stems are extremely short and stout. Head very large, solid, pure white and of superb quality. It is very hardy, stands drought very well, and also frost. It is a sure header. Fine in every way. Very popular with market gardeners. Will be ready for use in about 90 days from sowing. Pkt. 7c; ½ oz. 45c; oz. 85c; 2 oz. $1.45; ¼ lb. $2.65.

BUCKBEE'S "FULL OF LIFE" CELERY

BUCKBEE'S ALL HEART

Crisp and Brittle—Rich Golden Color—Exquisite Nutty Flavor.
The latest and best creation in Celery. Originated on Rockford Seed Farms after years of careful trial and experiment and has given unparalleled satisfaction in every part of the country. It is the earliest of the Winter Celeries—ready for use about 14 days later than the early self-blanching sorts listed on page 28. It is a very showy sort, with very broad, medium sized stalks of fine ivory-white color and a rich golden heart. Crisp, tender and brittle. The flavor is delightfully rich and nutty. This is the best celery for Winter storage. It is unsurpassed for the professional Celery grower, the home and market garden. We control the entire stock of Buckbee's All Heart Celery. Pkt. 10c; oz. 35c; 2 oz. 60c; ½ lb. $1.15; ½ lb. $2.00; lb. $4.50.

BUCKBEE'S GENUINE GOLDEN HEART

Original Private Stock. This variety is of a short, stocky growth with a large heart which blanches a beautiful golden yellow, and is crisp, brittle, tender and of fine flavor. An old, very popular, long-keeping sort. Pkt. 7c; oz. 25c; 2 oz. 40c; ½ lb. 70c; ½ lb. $1.30; lb. $2.50.

GIANT PASCAL OR WINTER KING RE-SELECTED STOCK SEED

A selection from the Golden Self-Blanching, and adds to the general good qualities of its parent, superior keeping qualities. The stalks are short, broad, heavy, thick, solid, crisp, and of a rich nutty flavor, free from any trace of bitterness. They blanch to a paper whiteness. One of the very finest of our Winter Celeries. Pkt. 7c; oz. 25c; 2 oz. 40c; ½ lb. 80c; ½ lb. $1.45; lb. $2.75.

WINTER QUEEN

A very popular sort, and an excellent winter keeper, with short, broad and extra heavy stalks; of compact growth, with very large heart. Blanches easily and quickly. Crisp and delicious nutty flavor. As a late Winter keeper it is unsurpassed. It is worthy of a place in every garden and is a money-maker for the market grower. Pkt. 10c; oz. 25c; 2 oz. 40c; ½ lb. 65c; ½ lb. $1.15; lb. $2.55.

Henderson's Fine Early Snowball Cauliflower.

HENDERSON'S FINE EARLY SNOWBALL, Pedigree Seed
Large Solid White Heads—A Sure Cropper.
Certainly a fine variety, a great favorite with market gardeners and a standard throughout the country; very early, close growing, of compact habit; is well adapted for forcing under glass during the winter and spring. The heads are large. For early or late planting, for the family or the market garden this variety can be depended upon for excellent results. We have the finest strain of the Snowball in the country; this can be attested to by our many market gardener customers who used it for many years with great success.
Pkt. 10c; ½ oz. $1.25; oz. $2.25; 2 oz. $1.00; ¼ lb. $1.50.

Buckbee's All Heart Celery.
BUCKBEE’ “FULL OF LIFE” CELERY

Buckbee’s Easy Blanching Celery

The Easiest Blanching and longest Keeping Celery Ever Grown

A most valuable Celery of recent introduction. An entirely new and distinct variety, and the only easily blanched green or long-keeping sort known. It is already quite extensively grown by the most progressive Celery growers, and is bound to become one of the most popular varieties in this country.

Its remarkable combination of easy blanching and long-keeping qualities—not found in any other variety—make it at once the most valuable of all Celeries for those who grow for market as well as for all private gardeners, both for an early crop and for Winter use.

The plants are of strong and stocky growth with green foliage, showing a slight tinge of yellow in the inner leaves. The stalks are very large, heavy, thick and solid with shallow ribs and with extra large and firm hearts.

Our strain blanches so quickly and easily that even those who have never been successful in growing good Celery can now produce Celery equal in quality and appearance to that grown by professional growers and can enjoy this wholesome vegetable during the season.

Easy Blanching is of most attractive appearance, largely on account of its large, finely colored heart, and the quality is superb, tender and brittle, with an excellent nutlike aromatic flavor.

Easy Blanching is displacing Golden Self Blanching wherever it becomes known, as it is less liable to blight and is far superior to it in eating and keeping qualities. It is a trifle taller, fully as stout and ready for the market about two weeks later than Golden Self Blanching, but when blanched and ready for sale it can hardly be distinguished from that variety.

Prices of Buckbee’s Easy Blanching Celery Pedigreed Seed—Pkt. 10c; oz. 50c; 2 oz. 95c; ¼ lb. $1.75; ½ lb. $3.25; lb. $6.00.

BUCKBEE’S PERFECTED KALAMAZOO

It is an acknowledged fact that more good Celery is grown in the famous “Kalamazoo Celery Fields” than anywhere in the country. For years our heaviest sales of Celery Seed have been in that section, and we have devoted much time to the improvement of the justly celebrated variety grown in that section, and Buckbee’s Perfected Kalamazoo will be found greatly superior to the old strain. The stalks are quite thick, solid, crisp and of creamy-white color, growing very uniform in size and shape. It is profitable alike for market or family use. There is no waste in preparing it for the table. Pkt. 8c; oz. 25c; 1 oz. 60c; ¼ lb. $1.35; ½ lb. $2.00; lb. $3.00.
BUCKBEE’S "Full of Life" CELERY

BUCKBEE’S GOLDEN YELLOW SELF-BLANCHING
Originator’s French Grown Seed.
This is the strain used by gardeners and extensive growers in every large Celery district in the United States. No other strain of seed gives such universal satisfaction, and it is without question the most popular and dependable early strain of Celery grown. The plants are medium sized, starchy, and the stalks crisp, solid, heavy and of a yellowish-green color when young, but as they mature the inner stems and leaves turn a beautiful golden yellow, which adds much to their attractiveness and makes the work of blanching much easier. The handsome color, crispness, tenderness, freedom from stringiness and fine nutty flavor of this variety make it only necessary to be tried in order to establish it as the standard of excellence as an early sort. Pkt. 10c; oz. 75c; 2 oz. $1.30; ½ lb. $2.40; 1 lb. $4.60; lb. $9.00.

Select American grown seed. Pkt. 8c; oz. 40c; 2 oz. 75c; ½ lb. $1.45; ½ lb. $2.00; lb. $4.75.

PERFECTED WHITE PLUME
Buckbee’s Private Stock.
Is too widely known to require extended description. We will only say that we have not yet found a strain that is as early and of as good a flavor, crisp and tender, as our selection of this sort. It is unsurpassed for fall and early winter use. Pkt. 6c; oz. 25c; 2 oz. 40c; ½ lb. 75c; 1 lb. $1.30; lb. $2.50.

NEW COLUMBIA
Buckbee’s Perfected Strain.
An early maturing sort, only a few days later than Golden Self-Blanching, and unsurpassed in shape and quality. The plant is of medium height, but very starchy and heavy. The stalks are thick, almost round, resembling in shape those of Giant Pascal, but the color has in it more of the rich yellow tint of Golden Self-Blanching which variety it resembles very much in appearance when trimmed and bunched for the market. Pkt. 10c; oz. 40c; 2 oz. 75c; ½ lb. $1.40; ½ lb. $2.50; lb. $4.50.

CELERIAC, OR TURNIP ROOTED CELERY
Celeriac is grown for the bulbous roots, which are excellent for stews, soups, and salads.

BUCKBEE’S NEW DELICATESSE—Root turnip-shaped; much larger, smoother and of more tender, sweeter taste, stronger flavor than other varieties. Pkt. 10c; oz. 35c.

LARGE ROOTED GIANT PRAGUE—Improved form of turnip-rooted Celery, producing large and smooth roots, almost round; few side roots. Large green foliage. Pkt. 6c; oz. 25c.

CELERY SEED FOR FLAVORING
Oz. 8c; 2 oz. 12c; ½ lb. 20c; ½ lb. 35c; lb. 60c.
THE THREE BEST SWEET CORNS

The Best Early  The Best Mid-Season  The Best Late

BUCKBEE'S FIRST OF ALL

A World Beating First Early Sweet Corn

Extra Early Large Size, Heavy Cropper, Sweet and Tender. Comparative tests made by Sweet Corn experts throughout the country as well as at Rockford Seed Farms have proven it to be from three days to a week earlier than Cory, making it very desirable, not only for family gardens, but an especial boon to market gardeners who desire to have the first Sweet Corn in market. Ears are of good size, well filled with large grains to the very tip. Many of the ears contain from ten to twelve rows while the Cory generally has only eight rows. In habit of growth it excels all other early varieties, being stocky and exceptionally vigorous. The quality is excellent and surpassing sweet. Postpaid, pkt. 10c; ½ lb. 35c; lb. 55c.

BUCKBEE'S BEST OF ALL

Sweetest and Most Delicious Medium Season Sweet Corn.

Early, prolific, sweet, tender, large, handsome. "Best of All" is of exceptionally stocky growth and an abundant and satisfactory yielder; ears of large size; kernels very broad and especially sweet, rich, white and tender. Not only is it valuable for family use, but for early market and shipping purposes it is also in the lead. Mr. Crane, one of the most prominent Sweet Corn specialists, writes: "Gave Buckbee's 'Best of All' a fair trial, and will say that it surpasses every claim that you make for it, and more, too. I can highly recommend it for all general purposes. Postpaid, pkt. 10c; ½ lb. 35c; lb. 55c.

BUCKBEE'S PRIVATE STOCK EVERGREEN

Acknowledged the Best Standard Late Sweet Corn.

This Sweet Corn as now improved is the best for main crop. The illustration distinctly shows the formation and size of grains and the manner in which they are set on the cob, which is small in comparison to the size of the ears, making this strain of Evergreen Sweet Corn the most preferable variety ever offered for main crop. For table use the quality of Buckbee's Private Stock Evergreen Sweet Corn cannot be excelled. It is very tender, sugary, and remains a long time in condition suitable for cooking; coming into market at a time when the main crops are being sold, these are very important conditions. For canning purposes Buckbee's Private Stock Evergreen Sweet Corn will prove most satisfactory; its large ears, with long, slender grains, make by far the most saleable canned corn, and it out-yields all other varieties. Many of our customers who made trials of this splendid Sweet Corn the past year, report yields of over 200 bushels of ears per acre. You cannot possibly be disappointed by planting Buckbee's Private Stock Evergreen. pkt. 10c; ½ lb. 35c; lb. 55c.
The Best First Early Sweet Corns

Buckbee’s New Early Sunrise
Absolutely the Earliest Good Sweet Corn

The beauty and quality of this remarkable variety give it prominence over all others for family, market, canning, shipping, and, in fact, all purposes. Ears large (the fat kind), grains of great depth, exceedingly tender and sweet, the sort that fairly melts in the mouth. Something in Sweet Corn that makes everybody talk Early Sunrise as the very best introduction to present date. Our seed stock is carefully grown and selected with the sole object of keeping it up to the highest standard of excellence as the earliest, largest and best on record. This is a very distinct variety, which was originated many years ago by a market gardener in northern Iowa. With us it always proved earlier than any other so-called extra early variety of other seedsmen. The ears are about 6 inches long, 10 to 12-rowed; they are very uniform and handsome and have a small white cob. Postpaid, pkt. 10c; ½ lb. 35c; lb. 60c.

Buckbee’s Golden Bantam

A very early Sweet Corn, about ten days later than Sunrise; more hardy and can therefore be planted earlier than most other sweet corn. It grows 3½ to 4 feet high, produces two or more ears to the stalk; the ears, which are 6 to 7 inches long and covered with eight rows of golden yellow grain, are very tender and of exceptionally rich and delicious flavor. Golden Bantam has a distinct taste and many people prefer it to all other varieties. Market gardeners will find it a well-paying crop wherever it has been tried. Our stock has been carefully selected. Postpaid, pkt. 10c; ½ lb. 30c; lb. 50c.
BUCKabee'S PEDIGREED SWEET CORn
EARLY VARIETIES—Cont’d

BUCKbee's Everbearing.

If You Want Delicious Corn on Your Table the Fourth of July Plant This Extremely Hardy, Early Maturing, Large Eared Sort.

We have produced in this early corn a variety which stands alone as a money maker. It is in the same class as the Earliest of All Sugar Corns, considerably larger and, best of all, contains a sweetness equal to most true sugar varieties. It has the power of germination under conditions where all others have failed and can safely be planted much earlier than any true sugar corn, on account of its extreme hardiness. It adapts itself to any kind of soil, either sand or heavy clay.

It is as large as Stowell's Evergreen, the fodor grows 8 feet high; no small item to a gardener; and, as a proof of its quality and sweetness, we have a continuous call for "Everbearing" from our customers year after year. The ears are of good size and covered with kernels clear to the end of the cob. Each stalk will produce one to two well developed ears. Now, if these are picked when mature, one or two and even four more ears will set and develop on the same stalk during the next two to four weeks. Three or four dozen hills will supply a good-sized family for weeks. Postpaid, pkt. 10c; 1/2 lb. 30c; lb. 50c.

Black Mexican

This corn, when very young, cooks remarkably white, but the ripe grain is bluish black. For home use we consider it the best second early sort where tenderness and sweetness are the qualities most desired. It does especially well as a second early variety in the South. Sow it on itself and, in the South, it is as large as Stowell's Evergreen. The stalks are about 4½ feet high. The ears are about 8 inches long and are usually eight rowed. Postpaid, pkt. 10c; 1/2 lb. 25c; lb. 45c.

Extra Early Cory

A Fine Table Variety. Early and Sweet.

One of the most popular varieties and extra early. Ears of good size, well filled to the very tip with eight rows of broad kernels of excellent quality; vigorous grower; about 4 feet high. Postpaid, pkt. 10c; 1/2 lb. 25c; lb. 45c.

Early Minnesota

Sweet and Tender. Deservedly Popular.

This popular variety is one of the best early sorts for the market and the private garden. By careful selection we have developed a stock which is remarkably uniform, and in which all the good qualities are developed most widely. The stalks are about 6 feet high, bearing one or two ears which are about 8 inches long, 8-rowed, and have very broad, white, sweet and tender kernels. Postpaid, pkt. 10c; 1/2 lb. 25c; lb. 45c.

Improved Adams Early

A Popular Sort for Roasting Ears.

While not a sweet corn, this is a tender corn often used for the table, particularly in the South. The ears are about 8 inches long, 12 to 14-rowed, and the kernels are white, somewhat deeper than broad and indented at the outer end. The stalks are about 6 feet high. Can be planted earlier than any Sweet Corn. Postpaid, pkt. 8c; 1/2 lb. 30c; lb. 55c.

Kendall's Early Giant

Valuable for the Home Garden

The ears measure 8 to 10 inches long and have 10 to 18 rows of grain. The majority of the ears are 12 rowed. The kernels are pure white and are very sweet, tender and palatable. Kendall's Early Giant is a prolific variety, and matures its large ears in about 69 days, depending on location and character of soil. The large, well filled and highly palatable ears command a quick sale in any market where there is a demand for really choice early sweet corn; invaluable for the home garden. Postpaid, pkt. 10c; 1/2 lb. 25c; lb. 45c.

Buckbee's Selected Mammoth Early White Cob Cory

Famous for Earliness, Size and Sweetness.

A very fine early variety but somewhat later than Buckbee's Early Sunrise, and is very largely planted by market gardeners to follow this variety; it has proven a well-paying crop for them. Mammoth Cory is a selection from the old White Cob Cory, but its ears are 12-rowed and the kernels set very closely together so that there is no lost space on the cob. The grain is large, broad, very white and of sweet, delicious quality. The plants are vigorous growers of medium height and are very prolific. This is a finely bred Sweet Corn with handsome, symmetrical ears and is worthy a place in every garden. Postpaid, pkt. 10c; 1/2 lb. 25c; lb. 45c.

Buckbee's Selected Mammoth Early White Cob Cory.
BUCKBEE'S NEW GOLDEN GIANT

Extremely Early and Sweet. The Best of the Golden Grained Sweet Corns.

This sterling new Sweet Corn, Golden Giant, is a cross between Golden Bantam and Howling Moh, combining the distinct buttery flavor of its most delicious yellow parent with the size of its white parent, making it the sweetest, most tender and juicy of all Sweet Corns. The stalks grow 4½ to 6 feet high, producing in 62 days two to three good ears 7 to 9 inches long with 12 to 20 rows of long, deep kernels of deep orange color. The husk is very heavy, affording the end protection from worm and bird. It excels all other early varieties in size, productiveness and quality. It is an excellent yellow grained corn for the home or market garden. Postpaid, pkt. 10c; ½ lb. 35c; lb. 55c.

BUCKBEE'S NEW GOLDEN EVERGREEN

The Sweetest Corn Ever Eaten.

New Golden Evergreen is the result of a cross between white Evergreen and Golden Bantam, and proved to be a happy and complete blending of each kind, combining the deliciously sweet flavor of Golden Bantam and the evergreen habit of the White Evergreen. The stalks are 6 to 7 feet high, bears two or more ears to a stalk, with 12 to 14 rows of deep, sugary grains with a tender skin, which is light yellow in the green stage, but cooks to bright golden yellow. Buckbee's Golden Evergreen is of the right size, nice appearance and considered by all who tried it the sweetest Corn ever eaten. It is sure to outstrip in a few years all other varieties in popularity. We believe it is the best all-around Corn and the most desirable one for the family garden; it is also particularly well adapted for market gardeners having a discriminating trade and has always been sold at a premium, there never having been enough to supply the demand. Pkt. 10c; ½ lb. 35c; lb. 55c.

BUCKBEE'S NEW HONEY SWEET

A most desirable Second Early Variety

With the possible exception of Buckbee's New Golden Evergreen described above, New Honey Sweet is the sweetest flavored corn grown. Of beautiful pearly white color, and only a week or two later than the Extra Earlies, this meets with ready sale wherever offered. Ears 12 rowed, medium size. Grains deep and cob small. Quality excellent, and stays fit for the table longer than most sorts. Add to all this the extraordinary sweetness, and you have a corn that is practically without a rival. Postpaid, pkt. 10c; ½ lb. 35c; lb. 55c.
BEAN

Buckbee’s New Monarch Wax Bean

The Only “Sure Crop” Wax Bean Ever Grown.

Our New Monarch Wax Bean is a very sturdy and vigorous grower and as near rust proof and disease resistant as it is possible for a bean to be. One of the earliest wax beans ever grown, starting to bear within 60 days after planting and continues its bearing season longer than most others. Pods are of splendid quality, fleshy, and are stringless at practically all stages of their growth. From 6 to 7 inches long by ½ inch through and almost round, they make a wonderfully heavy yield, and the beautiful golden yellow color sells them easily. Seed is long, oval, medium size and purplish black color. In common with other black-seeded varieties, this bean may be planted quite early in the season. Practically rust proof, owing to the habit of the plant which branches freely but is perfectly sturdy and upright, every branch carrying a head of magnificent pods.

As nearly all of the pods are produced underneath the foliage, excessive heat does not affect it in the least, a very valuable feature whether grown for home, the market garden or for shipping long distances. As a canning bean Buckbee’s New Monarch is without an equal, as the pods are long enough to fill the jar and the beautiful color is retained after cooking. We control the entire stock of Buckbee’s New Monarch Wax Bean. Pkt. 10c; ½ lb. 55c; 1 lb. 55c; 3 lbs. $1.50. Postpaid.

Sutton’s New Masterpiece Bean

This desirable, new extra early bean is the best of all for forcing, and to plant for early market as well as for succession. Wonderfully prolific, with flat pods of very dark green color, entirely stringless when young. In productiveness it is unbeatable while the pods are of fine appearance, and the flavor very superior. All who grow flat pod green beans for market are missing a good bean if you do not plant Masterpiece. We recommend this bean as absolutely the finest in quality and yield in the flat pod class, to grow for market early and late plantings. The home gardener will find Masterpiece to be just right in every way for family use as the pods, besides being very large and numerous, are borne continuously for a long time. The color is a beautiful green. Pods are of highest quality, tender and delicious flavor. Pkt. 10c; ½ lb. 30c; 1 lb. 50c. 3 lbs. $1.10. Postpaid.

BEET

Buckbee’s Sunset Blood Turnip Beet

Without Exception the Best Second Early and Main Crop Variety.

Round as a Ball. Dark Red Color. Tender, Fine Grained and Sweet.

An improvement in turnip-shaped beets for table use, and by far the best early, dark red turnip beet in cultivation. Roots are globular and smooth, with flesh deep vermilion red, crisp and sweet. Tops small, upright growing, which allows close planting, making possible the biggest yield per acre of any turnip-shaped variety. The stock which we offer will produce a crop more uniform in shape, color and quality than any other beet. This beet excels in handsome form, good size, small tops, very small tap root, fine quality, and, above all, quick rapid growth. Takes on its turnip shape very early, a decided advantage for forcing for early market and especially for a market where beets are sold in bunches. A favorite sort in all sections of the country. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. 95c; 1 lb. $1.75. Postpaid.
CABBAGE
Buckbee's New Early Radio
The Right-up-to-the-Minute Early Cabbage. An Unequaled Early Long Keeping Cabbage

This excellent cabbage is our newest introduction and heads our list, being the most desirable variety for the market gardener or for home uses. Our strain of seed is the very best obtainable and is grown for us by one of the most careful and experienced growers in Denmark. We have found it to be the earliest round headed cabbage grown and so very solid that it seldom bursts. The plants are very compact with a short stem and very few outside leaves which admits of close planting. Head is firm, crisp and solid with center of clear white. Outside color medium light green. An average weight of 8 lbs. is the record of this cabbage, which matures round, smooth heads of the finest quality for the table or market in 75 days. New Early Radio is not only a valuable early sort but it grows so large and is such a splendid keeper that it can profitably be raised for fall and early winter use. Choicest seed grown in Denmark by our own grower from pedigreed stock seed. Pkt. $1.40; oz. 40c; 2 oz. 75c; ¼ lb. $1.40; ½ lb. $2.50; lb. $4.50. Postpaid.

CARROT—Buckbee's New Butter

Buckbee’s New Butter Carrot, we believe, is the best all around variety that can be grown. Whether you want a few for the home, a quantity for local market or a large supply for shipping, this is the one you have been looking for. It is the first carrot of any size ready for use, 65 days being about the average time from planting to harvesting. They are of ideal size, 5 to 6 inches long, stump rooted and broad shouldered. The flesh is of the finest quality and of a beautiful rich orange brown color. When bunched for the market they will sell readily as nothing will compare with them in uniform shape, size, color and general excellent appearance. In quality Buckbee’s New Butter Carrot surpasses all others. Rich, buttery, spicy flavor, crisp and sweet, absolutely no stringiness, and tender to the very center, as there is no hard core. Adapted to all soils and climates and makes a good crop when others fail. Plant Buckbee’s New Butter this year if you want the best carrot you have ever eaten. Pkt. 10c; oz. 30c; 2 oz. 35c; ¼ lb. 60c; ½ lb. 95c; lb. $1.75. Postpaid.
LETTUCE

Buckbee’s New Extra Early Klondyke

Besides being one of the most popular vegetables, the heading varieties of lettuce are used every day in the year. Our New Klondyke is distinct, having thick, dented outside leaves, with a beautiful creamy white or buttry center. Makes an extremely early, very solid head of good size and excellent quality. The outside color is a very desirable shade of green and the head is very compact for so large a variety, desirable shape and easily grown. Very fine and solid with incurring leaves, blanching the center quickly and satisfactorily. The quality is extra good, sweet and exceedingly crisp even in the hottest and driest weather. Can be grown with equally good results in the open ground for summer and full use, or in frames or in the greenhouse for fall and winter use. Our New Klondyke, we believe, is the most dependable variety of lettuce that can be grown. Every one can be sure of head lettuce with this new variety. Can be used in every way that a leaf or head lettuce can be used and is superior to all on account of its many desirable features. Pkt. 10c; oz. 35c; 2 oz. 60c; ¼ lb. $1.15; ½ lb. $2.00; 1 lb. $3.50. Postpaid.

ONION—Buckbee’s New Denia

Large, Productive, Sweet, Attractive, Mild Flavor. Sometimes Called an Improved Prizetaker But It Would Take Two Prizetakers to Make One Denia.

The New Denia is a wonderful onion, of beautiful color, uniform shape, heavy weight and sweet, mild flavor. With the exception of Buckbee’s New Sweet Spanish described on page 61 of this catalogue, this is the heaviest onion ever grown. Very handsome and productive, of perfect globe shape which always comes very uniform. Color bright, clear, straw yellow. Have very little neck, but ripe up firm and solid. A wonderfully good keeper for so early a variety. Flesh is pure white, very fine grain and so sweet that it makes a splendid sort to use in salads and other ways without cooking. Equally desirable for the home garden or for one who grows for the market. Pkt. 10c; oz. 35c; 2 oz. 60c; ¼ lb. $1.15; ½ lb. $2.00; 1 lb. $3.50. Postpaid.

Buckbee’s New Extra Early Klondyke Lettuce.

Buckbee’s New Denia Onion.
TOMATO
Buckbee’s New Masterpiece

Buckbee’s Tomatoes have been the Acknowledged Leaders for over 50 years and our varieties are planted by hundreds of thousands each year. In Buckbee’s New Masterpiece we have the acme of perfection—not the largest grown but one of the best. In size it is just right for any purpose for which tomatoes are used, cooking, canning, shipping or slicing for the table. The tomatoes have thick solid flesh, there being no pulp or core, and thus cook without waste. The deep color is retained after cooking, making it especially desirable for canning. The skin is thin but strong, making an ideal shipper. Flesh is solid and of a beautiful dark red color. It has few seeds, making it a tomato that can be eaten entirely without waste. The habit of growth is exceptional in that it grows upright, throwing out branches from the main stalk and holds the fruit off the ground. Tomatoes grow mostly in clusters weighing from 10 to 20 ounces each. Strong and vigorous grower, bearing uniform sized fruits continuously until frost. We cannot recommend Buckbee’s New Masterpiece Tomato too highly. Pkt. 15c; 1/2 oz. 40c; oz. 75c; 2 oz. $1.25; 1/4 lb. $2.25; 1/2 lb. $4.00; lb. $7.50. Postpaid.

WATER MELON—Buckbee’s Everbearing Always Sweet

This new melon has made a sensation wherever it has been grown. Its surpassing merits are its large size, enormous yield and its splendid shipping and keeping qualities. It will produce more large, marketable melons under the same conditions than any other long variety and where hauling and shipping to distant markets is done, this melon never fails to give satisfaction. It is adapted for either shipping or home use. It is medium early, beautiful, very long and quite thick, often producing melons weighing 75 lbs each, and the average weight is about 19 lbs. The rind is firm and leathery, rather thick, standing rough treatment in transit, and is a splendid shipper. It has a deep green skin with dark irregular stripes and close inspection reveals a fine, veinlike, crisscross markings may be observed. The flesh is solid, is intensely red the rind and is of superb quality. This is the sweetest, crispest, most Juicy and at the same time most solid melon ever introduced, never having a hollow or pithy center when ripe. Everbearing—Always Sweet is an excellent keeper. It may be left in the field three weeks when ripe and then be shipped to a distant market and keep well. It has been grown the past few years in different places in the South for shipping North and the commission merchants of New York, Chicago, etc., claim that it will outsell any other variety on the market time and again.

Our seed is the best and the parent and is secured from Melons weighing not less than 40 pounds and is absolutely dependable. Pkt. 10c; oz. 25c; 2 oz. 40c; 1/4 lb. 75c; 1/2 lb. $1.25; lb. $7.00. Postpaid.
BUCKBEE'S PEDIGREEED SWEET CORN

LATE OR MAIN CROP VARIETIES—Cont'd.

MAMMOTH LATE OR SUGAR
The Largest Eared Sugar Corn.

Mammoth Late or Sugar is the largest and best Sweet Corn grown, and any one desiring sugar corn producing ears of immense size which are at the same time of delicious flavor, will do well by planting Mammoth Late or Sugar. Matures in 90 days. The stalks are comparatively short, and so thick and strong they stand erect, and are an asset to the market garden. Frequently 12 inches or more in length, well formed and exceedingly handsome. In sweetness, succulence, depth of grain and fine table quality Mammoth Late or Sugar will be found hard to beat. We recommend it to private or market gardeners as well as canners. Postpaid, pkt. 10¢; ½ lb. 30¢; lb. 50¢.

STOWELL'S EVERGREEN
The best known and most largely planted of all the late varieties. This Corn is distinguished by the large ear, the long, deep kernels, its rich, sugary flavor and its long keeping qualities. Our seed has been selected for its sweetness, productiveness and large size. No better can be obtained. It is Northern grown. Our strain is particularly fine and our price is very reasonable. Postpaid, pkt. 10¢; ½ lb. 30¢; lb. 50¢.

COUNTRY GENTLEMAN
This variety is often called the "Shoe Peg" Corn, owing to the arrangement of the crowded kernels, which are long and very sweet. Our seed of this variety has been carefully selected and is true to name. It is considered by many the best of the sweet corn varieties. The ear is large, narrow and oblong, the kernels stiff, rich and sugary, and are produced in abundance. Postpaid, pkt. 10¢; ½ lb. 25¢; lb. 40¢.

BUCKBEE'S SNOWBALL—The finest white variety in existence, belonging to the rice family. The best yielder and far in advance of any other variety, ears averaging 6 inches in length. Beautiful shape; the best popper. Postpaid, pkt. 10¢; ½ lb. 25¢; lb. 40¢.

NEW RED BEAUTY—Fine variety. The stalks grow 6 feet high, and average three to four ears each from 5 to 6 inches long and covered with large rice-shaped kernels of a deep red color. Postpaid, pkt. 10¢; ½ lb. 25¢; lb. 40¢.

QUEEN'S GOLDEN—One of the very best and most prolific varieties grown. Its quality and handsome appearance when popped are very noticeable. It pops perfectly white, and a single kernel will expand to a diameter of nearly one inch. The stalks grow 6 feet high and the large ears are produced in abundance. Postpaid, pkt. 8¢; ½ lb. 15¢; lb. 30¢.

MAPLEDALE Prolific—The stalks grow 6 feet high, and the ears are all large in size, with grains nearly clear white in color. An average ear measured 6 inches and a half long and contained 585 perfect kernels. Pops pure paper white, of fine texture. Be sure to include this remarkable variety in your order for Pop Corn. Postpaid, pkt. 8¢; ½ lb. 18¢; lb. 30¢.

NEW STRIPED, OR VARIATED—A fancy variety, very showy and of the best quality. Rather large ears, filled out with clear, transparent white kernels, beautifully striped with bright crimson. A good popper. Postpaid, pkt. 10¢; ½ lb. 25¢; lb. 40¢.

BUCKBEE'S NEW BLACK BEAUTY POP CORN—The Most Delicious of All—An extra early variety which pops very large and is the most tender and crisp of all. Although the kernels are black, this color does not seem to show at all when popped, being then a nearly white. This new variety has been bred in Wisconsin and is extremely early, ripening so early it may be popped the same season as grown, without kiln drying. Ears about 6 inches long, twelve-rowed; kernels smooth, medium size. Postpaid, pkt. 10¢; ½ lb. 25¢; lb. 40¢.
BUCKBEE'S "FULL OF LIFE" PICKLING CUCUMBERS

EARLY type, early pickles.

desirable prolific, vigorous.

Without question the finest variety for pickling, possessing every qualification required of a perfect pickling Cucumber and is four-to-one in productivity compared with other standard sorts.

It has become a general favorite everywhere and is used exclusively by many pickle factories throughout the country. The fruit is of medium size, slender, cylindrical, with large spines and of dark green color. It is wonderfully even in growth and the whole crop can be depended upon to make fine shaped pickles. The vines begin to set the fruit when quite young and continue to bear longer than any other variety, yielding many hundred bushels per acre. You will find this variety valuable for slicing also, being of fine flavor, crisp and delicious. Pkt. 10c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 75c; lb. $1.35.

EARLY GREEN CLUSTER

An early maturing, very small, dark green Cucumber, cylindrical, square ended and very popular with growers for small pickles. We have been growing this variety ourselves for several years, giving special attention to purity and uniformity of type, and we believe the seed we offer meets the requirements of those who want an ideal bottle pickle. Pkt. 7c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 75c; lb. $1.35.

EARLY PROLIFIC SHORT GREEN, or EARLY FRAME

A most excellent sort for pickling as well as for slicing. Vigorous, productive plants. Fruit straight, handsome, crisp and tender. Keeps green a long while. Our stock is A1. Pkt. 6c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 75c; lb. $1.35.

BUCKBEE'S NEW ROCKFORD PICKLE

Without question the finest variety for pickling, possessing every qualification required of a perfect pickling Cucumber and is four-to-one in productivity compared with other standard sorts.

It has become a general favorite everywhere and is used exclusively by many pickle factories throughout the country. The fruit is of medium size, slender, cylindrical, with large spines and of dark green color. It is wonderfully even in growth and the whole crop can be depended upon to make fine shaped pickles. BUCKBEE'S NEW EVERBEARING CUCUMBER

Beautiful Fruits All Through the Season.

Our Everbearing Cucumber is not only extremely prolific, but will continue in bearing throughout the season. The fruits are of medium size and rich, dark green color, average from 4 to 6 inches in length. Owing to the great productiveness it is an excellent variety to plant for producing small pickles.

The merit of this variety is in the fact that the vines produce fruit continuously until killed by frosts. They exhibit at the same time Cucumbers in every stage of growth, but invariably of perfect form, even when quite small. The fruit is of fine green color and very desirable for pickling. Pkt. 7c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 75c; lb. $1.35.

WESTERFIELD'S CHICAGO PICKLE

A very desirable sort; fruits of medium length, tapering at each end, with very large and prominent spines. The color is deep green. This is a most prolific variety and is very largely grown for pickle factories. Pkt. 7c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 75c; lb. $1.14.

BUCKBEE'S NEW EXTRA EARLY LONG GREEN

The Ideal Variety to Plant for General Crop.

Produced by selection from Long Green. Vines vigorous and productive, forming fruit fit for the table nearly as early as the shorter sorts. Fruits often measure 15 to 20 inches when fully matured. They are of fine quality, firm and crisp. Highly valued for slicing. The young fruits make the best pickles, and when ripe are preferable to any for sweet pickles. Our strain is the finest in the market, producing fruits uniformly long, slender, of fine dark green color and of good form, with the large warts and spines well distributed over the surface. Pkt. 10c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 75c; lb. $1.40.

Note: All Pickling Cucumbers are clean, thoroughly cured and are of the finest quality.
BUCKBEE’S “FULL OF LIFE” CUCUMBERS

BUCKBEE’S “MONARCH” WHITE SPINE

An extra early White Spine Cucumber; fruits are ready to gather only 5 or 6 days later than Buckbee’s First Crop, which is the earliest Cucumber grown. But they are much larger, growing usually from 8 to 18 inches in length. They are nearly cylindrical in form, slightly pointed at the ends; very smooth, straight and of intensely rich dark green color; are very uniform in shape, size, color, always retaining their beautiful color until fully ripe, and presenting the finest appearance on the market. The flesh is white, fine grained, solid and of excellent flavor. The vines are robust, free of disease, setting on fruit quite early and bearing continuously until frost. They produce the largest crop of any known variety.

The Monarch is a sport of the Early White Spine. We have devoted many years to perfect it by careful re-selection of the finest specimens, but it has been tried now throughout the entire country and has not been found wanting in a single point. We recommend it as the best strain of Extra Early White Spine for the market and for the home garden. It is one of the finest Cucumbers for slicing and one of the best for small pickles. This is the variety mostly grown for the market in the South, yielding crops there of more than $1,000.00 per acre and is matchless for shipping long distances. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 15c; ½ lb. 80c; lb. $1.50.

BUCKBEE’S FIRST CROP

Always the First in Market.

This is the earliest of all cucumbers producing marketable fruits of good size; the fruits are 6 to 7 inches long, straight, cylindrical, blunt at the ends and of very dark green color, which they retain a long time after picking. They grow very uniform in shape, size and color. The flesh is firm, crisp and of the finest flavor. The vines are healthy, very vigorous and produce a good crop much before any other variety and continue bearing for an unusually long time. Owing to its extreme earliness, good size, and its beautiful dark green color, it is of great value for the market gardener and is grown on a large scale in many localities of the South to ship North, having proven a big money maker for the Southern shippers. As a pickle for bottle goods, they are also much used, being of ideal size and shape.

Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.40.

BUCKBEE’S NEW ALASKA

Beautiful in shape and color and of the finest quality. An entirely distinct sort developed by ourselves. The vine is vigorous and productive and comes into full bearing very early. The fruit is of fine shape with crisp and tender flesh. An excellent sort for culture under glass. The fruits are about 7 to 8 inches long and are ready for the market between Buckbee’s First Crop and Monarch. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.35.

BUCKBEE’S NEW IVORY KING

The Only Pure White Cucumber. During the whole period of growth, from the time they first set until full grown, the form is exceptionally straight and symmetrical, making them as choicer for a slicing variety as for pickles. The flesh is firm, very crisp, and tender at all stages. Fruit large with clear white skin, tender and excellent in flavor. Splendid for home garden. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

BUCKBEE’S INCOMPARABLE—THE EARLIEST LONG CUCUMBER

Wonderful Green Color; Extra Long; Very Early; Good Keeper.

The finest cucumber of recent introduction. One of the best of the long greens. The longest, most solid flesh, and generally the first in market. Uniformly slender, deep green fruits 15 inches long are the rule. Thin skin makes it exceptionally desirable for slicing. The small young fruits make splendid pickles, holding their color well. The best variety for the home garden, and the long, attractive, deep green fruits always sell well in the stores. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. $1.10; lb. $2.00.
BUCKBEE’S “Full of Life” CUCUMBERS

Buckbee’s Always Green

Early and Delicious.

This wonderful cucumber was first offered by us last season and met with instant favor, as the result of the wonderful reports we received. Besides being early, Buckbee’s Always Green is a heavy yielder of fancy fruits 8 inches long, slightly tapering at each end. Flesh bright white, crisp and solid, and contains few seeds. Color of darkest green which is retained until the end of the season. Vigorous growth, and disease marvelously well. Matures in about 60 days and is equally desirable for market or the small home garden. Pkt. 10c; oz. 25c; 2 oz. 40c; ¼ lb. 75c; ½ lb. $1.35; lb. $2.00. Postpaid.

Davis Perfect—Buckbee’s Private Stock

The Most Popular of Extra Long White Spine Cucumbers, Both for Indoor and Outdoor Planting.

Its beautiful color and quality attracts the buyers. Unequaled for market gardens and greenhouses. Gardeners will be pleased to find that our perfected Davis Perfect has entirely overcome any fault that the original strain of Davis Perfect had in being too necky. To overcome these defects we began making selections several years ago by going over our fields and selecting specimens which were perfect at their slicing stage. This was continued for years and resulted in our “Perfected Private Stock” strain. Every fruit is shapely and holds its fine cylindrical shape clear to the stem end. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. $1.10; lb. $2.00.

Klondike

An extra fine new strain of White Spine, of very beautiful dark green color. Extremely popular in the South to ship North. Good for table, market or pickling. Comes into bearing early and continues through the season. The fruit is firm and hard and keeps in prime condition a long time after picking. It grows about 8 inches long and matures between Monarch and Davis Perfect. Pkt. 6c; oz. 15c; 2 oz. 25c; ¼ lb. 35c; ½ lb. 60c; lb. $1.10.

We can also supply the following varieties of Cucumbers, which are too well known to require description, at the following prices:

Each pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 20c; ½ lb. 50c; lb. 90c.

- Improved Long Green.
- Cool and Crisp.
- Early White Spine.
- Boston Pickling or Green Prolific.

ODD CUCUMBERS

WILD CUCUMBER

This well known variety of Cucumber has no value as a vegetable, but is extensively grown throughout the entire country for its beauty. It is undoubtedly the best climber for covering verandas, trellises, etc., and never suffers from the heat, nor does it trouble it. Pkt. 5c; ½ oz. 15c; oz. 25c.

LEMON CUCUMBER

A real Cucumber, not to be confounded with the Garden Lemon. An entirely distinct variety, similar in shape to that of a lemon and when ripe of same color. Skin smooth, flesh white, tender, crisp, and of a sweetness and juicy flavor.

Pkt. 5c; oz. 25c; 2 oz. 40c.

New Parisian Prolific Pickling

Decidedly the best of all in quality for pickling. The fruit is of an unusual size, of fine color, so deep that no coloring matter is necessary in preparing them for pickling. Very crisp and tender. Pkt. 5c; oz. 15c; 2 oz. 25c; ¼ lb. 35c; ½ lb. 65c; lb. $1.35.

JAPANESE CLIMBING CUCUMBER

The vines are of vigorous growth, with dark green foliage and have strong tendrils, enabling them to climb trellises, brush, etc. Comes into bearing quickly and continues abundantly through the season, while the climbing habit enables the fruit to grow perfectly straight—from 12 to 18 inches in length. Fruit white, thick, tender and of delicate flavor. When young makes attractive pickles. Pkt. 5c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.35.

WEST INDIA GERKINS

Used exclusively for pickling. Small oval-shaped, prickly fruit. Pkt. 5c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.35.
BUCKBEE’S CHRISTMAS SALAD
The Very Choleste of All Winter Salads.
This is the new salad which is sold at such high prices by dealers of fancy fruit during winter and is so much relished by epicures at the leading hotels.
The blanched heads are the edible portion of the plant and they are ready to use as soon as they show above the sand, which should be in two or three weeks.
The heads are oblong and very solid, they blanch ivory white and are often quite large, equal to a compact Cole Lettuce. When lifting cut whole head with small portion of the roots attached to it to hold the leaves together. They are generally eaten raw with French dressing and are the tenderest and most delicately flavored of all salads.
Pkt. 10c; oz. 20c; 2 oz. 50c; ½ lb. 90c.

WITLOOF CHICORY OR FRENCH ENDIVE
A delicious winter vegetable which is really a variety of chicory, but is sometimes called French Endive and can be eaten raw as salad or boiled. Being available in winter, will make a profitable crop. It can be easily grown by anyone. The seed should be sown in the open ground not later than June, drills 12 to 15 inches apart, thinning out the plants so that they will stand not closer than 3 inches. 
Pkt. 7c; oz. 25c; 2 oz. 10c; ½ lb. 15c.

CHICORY—LARGE ROOTED OR COFFEE
Dried and prepared roots are used quite extensively as a substitute for and an adulterant of Coffee. 
Pkt. 5c; oz. 15c; 2 oz. 25c; ½ lb. 45c.

ASPARAGUS CHICORY
A good healthy and tasty substitute for the well known “Asparagus” and can be produced from seed the year round. The sprouts of this plant, when cut fresh, boiled in salt water, and served either warm, or as a salad, make a most excellent substitute for the genuine article. It can be blanched and eaten raw the same as celery and is preferred by many to that delicious vegetable.
Pkt. 10c; oz. 45c.

BUCKBEE’S CHRISTMAS SALAD

A good healthy and tasty substitute for the well known “Asparagus” and can be produced from seed the year round. The sprouts of this plant, when cut fresh, boiled in salt water, and served either warm, or as a salad, make a most excellent substitute for the genuine article. It can be blanched and eaten raw the same as celery and is preferred by many to that delicious vegetable.
Pkt. 10c; oz. 45c.

NEW UPLAND CRESS—Has the highly prized flavor of Water Cress. Its usage should be more general, as it is used as an easy culture as Spinach. It is a perennial plant and can be grown for several years without renewal.
Pkt. 8c; oz. 25c.

CURLED OR PEPPER GRASS—Much used with Lettuce, and the flavor of which is warm, pungent taste makes a most agreeable addition.
Pkt. 5c; oz. 15c; 2 oz. 20c; ½ lb. 35c.

TRUE WATER CRESS—Distinct from the last; thrives only when its roots and stems are submerged in water.
Grown best along a tube, in water-covered soil. The plants will increase rapidly by self-sown seed and extension of the roots. One of the most delicious of small salads.
Pkt. 8c; oz. 40c.

CRESS

CURLED—Hardy annual, worthy of more general use for flavoring and garnishing. More beautiful than Parsley. Greatly superior to the old, plain variety. Earlier, more handsome, having fully as fine perfume and flavor.
Pkt. 10c; oz. 25c; 2 oz. 45c; ½ lb. 35c.

CHERVIL

CORN SALAD
This delightful salad is used during the late Fall, Winter, and Spring months as a substitute for Lettuce. It is also cooked and used like Spinach.
Pkt. 6c; oz. 15c; 2 oz. 20c; ½ lb. 35c.

CHIVES
Also called Schnittlauch. The leaves are perfectly hardy perennial plants of the onion type. They are grown for their small leaves which are produced very early in the spring and are used for giving a mild onion flavor to various dishes. Easily raised from seed.
Pkt. 10c; 3 pkts. 25c; Selected culms or plants by mail, 15c each; bulk $1.50 per doz., postpaid.

CHUFAS, or Earth Almond

CHICORY

CORN SALAD
This delightful salad is used during the late Fall, Winter, and Spring months as a substitute for Lettuce. It is also cooked and used like Spinach.
Pkt. 6c; oz. 15c; 2 oz. 20c; ½ lb. 35c.

CHIVES
Also called Schnittlauch. The leaves are perfectly hardy perennial plants of the onion type. They are grown for their small leaves which are produced very early in the spring and are used for giving a mild onion flavor to various dishes. Easily raised from seed.

BUCKBEE’S “FULL OF LIFE” EGG PLANT

BUCKBEE’S NEW EARLY LARGE PURPLE

Better variety than New York Purple. Its earliness, large size, high quality of fruit, and its extreme productiveness make it the most profitable to grow. Plants large, spreading; foliage light green. Fruit very large, oval or short, pear-shaped; skin smooth, deep purple; flesh nearly white. Plants ripen two to six large fruits, entirely free from spines. Pkt. 10c; oz. 45c; 2 oz. 80c; ¼ lb. $1.50.

New Black Beauty

This recently introduced Egg Plant is from 10 days to 2 weeks earlier than the Old New York Purple varieties, and of rich, lustrous, purple-black color, and is a most distinct sort and a favorite where known. The plants are remarkably healthy in their growth, and yield an abundance of large fruits, which are very attractive in appearance. This variety is entirely spineless. The fruits are of the very finest possible quality. Pkt. 5c; oz. 45c; 2 oz. 80c; ¼ lb. $1.40.

Buckbee’s New White

Produces large fruits, and is very productive. The flesh is more tender and flavor more delicate than that of many purple varieties. Pkt. 8c; oz. 40c; 2 oz. 75c; ¼ lb. $1.35.

Improved New York Purple

Large, round or oval, of excellent quality; highly esteemed in market. Pkt. 7c; oz. 38c; 2 oz. 70c; ¼ lb. $1.35.

Extra Early Long Purple

One of the earliest and most productive varieties. Fruit long, dark, rich purple, and of fine quality; earlier but smaller than New York Purple. Pkt. 5c; oz. 35c. 2 oz. 65c; lb. $1.15.

Honey Plant Seed

SPECIAL MIXED—From all the best honey plants that bees feed upon. Pkt. 5c; oz. 10c; ½ lb. 30c; ½ lb. 55c; lb. $1.00.

GIANT FRINGED OR OYSTER—When fully grown, the center portion can be blanched to a cream white by tying up, and contains finely with the deep green tips of the outer leaves. It is of excellent flavor served as salad. Pkt. 8c; oz. 13c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.40.

GREEN CURLITED—A very attractive sort. Dense heads of divided leaves of bright green color, blanched to a fine white and are unsurpassed for salad or make excellent cooked greens. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.10.

NEW MOSS CURLED—A dense cluster of finely cut-in green leaves, resembling a tuft of moss. When properly blanched they are crisp and tender. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.15.

BATAVIAN OR ESCAROLE—Large, solid heads, thick leaves which can be blanched to a fine white and are unsurpassed for salad or make excellent cooked greens. Pkt. 7c; oz. 15c; 2 oz. 30c; ¼ lb. 55c; ½ lb. 65c; lb. $1.25.

Dandelions

Improved Large Leaf.

An improved variety of Dandelion, very early. Leaves fully double the size of the common Dandelion. Sow in May or June and cultivate during the Summer. The following Spring the leaves will be fit to cut. Cultivated Dandelions are fast becoming favorite Spring Greens. If blanched like Chinese they make a fine and delicious salad. The roots when dried and roasted are often employed as a substitute for coffee. Pkt. 10c; oz. 75c.

Endive—Giant Fringed or Oyster.

Endive

Buckbee’s Improved

The Garlic is the most pungent in taste and has the strongest odor of all the Onion family. It is largely used in the South of Europe, where it is esteemed for flavoring soups, sauces, etc. The root or bulb is composed of many small bulbs called “cloves,” which are planted in the spring. We frequently receive orders for Garlic seed, but can supply the bulbs only. Fine bulbs—4 lb. $1.15c; ½ lb. 25c; lb. 40c. postpaid.

Endive

Horse Radish

Horse Radish rarely produces seed, but is grown from pieces of the roots.

NEW BOHEMIAN OR MALINER KREN.

Ordinary Horse Radish is a very profitable crop, but with this magnificent new sort from Bohemia the possibilities are wonderful. The roots are so much larger and heavier that the yield is about doubled. Then, too, it matures so much quicker that the crop can be sold in October. The flesh is pure white. Three and four tons per acre can be grown easily. Fine Sets, postpaid, 100 per doz.; 1,000 for $7.50; 1,000 for $11.00.

COMMON HORSE RADISH.

The old-fashioned standard variety. Sets or Roots, postpaid, 25c per doz.; 1,000 for $1.50; 500 for $0.50; 1,000 for $1.00.

Horse Radish, New Bohemian.
GOURDS

Buckbee's New Calabash Pipe Gourd—Light and attractive pipes can be made from the fruits of this gourd by anyone at a nominal cost. They are the lightest pipes made for their size, are graceful in shape, color, tough, and are delightful smokers. Pipes made from the imported gourds are very expensive, American dealers usually charging $8.00 to $12.00 apiece for them. The plant thrives and grows luxuriantly in all parts of the United States, from New England to the Gulf, and from the Atlantic to the Pacific, producing in great abundance the fruits or gourds from which they are made. The vine is also very ornamental and useful for covering fences, unsightly places, etc.

New Japanese Dish Cloth, or Luffa—Ornamental enough for a house vine and fruit is very useful. Fruits enormous, two feet in length, and borne in great profusion. The lining of mature fruit, when washed and bleached, is porous, tough, elastic, sponge-like, making the nicest, cleanest substitute for dish cloths and bath sponges imaginable, besides being useful for various articles of fancy work. Pkt. 8c; oz. 15c.

Sugar Trough—Enormous, hard-shelled fruit, holding from 8 to 16 gallons each, and as they never rot or rot, are very light and strong, are just right to use as receptacles for hard, seed corn, soap, etc. or to use as nesting boxes, etc. They last for years. Pkt. 7c; oz. 25c.

True Nest Egg—Resembling in color, shape and size the eggs of hens. Do not crack, last for years, and make the best of nest eggs. Rapid grower and good climber, extremely ornamental and useful for covering screens, etc. Pkt. 7c; oz. 25c.

Hercules Club—Enormous, long club-shaped fruit, curious and be the same time exceedingly useful to use in storing various articles, as the fruit is hard shelled and lasts for the year. Pkt. 6c; oz. 25c.

Dipper—Another useful gourd that, as its fruit is light and strong and does not rust, rot or heat easily, is just right to use in dipping hot liquids, soap, etc., besides being useful for birds' nests, fancy hanging baskets, etc. They hold from a pint to a quart and a half each. Pkt. 6c; oz. 25c.

New Spoon—Small fruits with slender neck four to five inches long, brilliantly marked in green and orange with white or light green stripes. By slicing off a portion on the side of the bowl and drying the shell, a spoon may be made. They will be found quite useful also in darning stockings and glove fingers, while the dry fruits with the seeds left in make fine rattles for the baby. Pkt. 10c.

Finest Mixed—Combining in the largest mixture the most curious, interesting and useful of the entire Gourd family. Pkt. 6c; oz. 15c.

Garden Huckleberry

A wonderful, prolific plant needing same culture as Tomatoes. When ripe the berries are about one inch in diameter of shining black color. They make delicious pies, preserves and jam. Fruit should not be used until fully ripened. Pkt. 10c; oz. 50c.

Kale or Borocole

1 oz. of seed for 3,500 plants.

Dwarf Excelsior Green Moss Curled Kale—(Greens or Sprouts)—This is harder than most other varieties and will withstand Winter and Spring use. The leaves are as early as Parsley, tender, and of very fine flavor. It is improved by frost. Sow the seeds in May or June, transplant in July and treat same as Cabbage. Immense quantities of this are grown in the South and shipped from Northern markets. Pkt. 7c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 70c; lb. $1.35.

Tall Green Curled Scotch—This variety is very hardy and is improved by frost. About thirty inches tall, with an abundance of green leaves, which are densely curled and crinkled. Stands the Winters in the Southern States without protection. Pkt. 7c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 75c; lb. $1.35.

Siberian—One of the best known and most largely used varieties of Kale. It is the same as the so-called Sprouts or Greens. The green leaf is very large, and comparatively plain in the center, but coarsely cut and distinctly frilled on the edges. The plant is low but prodigiously hard and very hardy. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. $1.30.

Kohl Rabi

A vegetable intermediate between the Cabbage and Turnip, combining the flavor of both. The edible part is a turnip-shaped bulb, formed by swelling of stem. When used for the table this swell is cut off when quite small, as it is then very tender and delicate.

King of the Earliest—White—Early and choice. Handsome white bulbs. Pkt. 7c; oz. 20c; 2 oz. 35c; ½ lb. 65c.

Improved Early Imperial—Purple—Color bright purple, leaves with a frilled edge and tinged with purple. Pkt. 6c; oz. 20c; 2 oz. 35c; ½ lb. 65c.

Leek

Belongs to the Onion family. Sow the seed and care for the young plants as for Onions.

Rouen Very Best Winter—The best variety for winter and spring use, being very hardy; it keeps well when earthed up. Splendid for flavoring. Immense stocky stems 3 inches in diameter; 6 to 8 inches long, snow white and of delicious flavor. Pkt. 7c; oz. 20c; 2 oz. 35c; ½ lb. 65c.

New Flag—We offer a very superior stock of this popular variety, so largely grown for Fall and early Winter use. It is of quick strong growth, producing long stems of uniform shape and size, averaging 2 inches through by 10 inches long, blanching beautifully white and fine, mild flavor. Pkt. 6c; oz. 12c; 2 oz. 35c; ½ lb. 65c.
HERBS

Pot, Sweet and Medicinal

Save a corner of the garden for a few Pot and Sweet Herbs (for flavoring soups, meats, etc.): they are indispensable to every garden, while some of the Medicinal Herbs will be found very useful. They thrive nicely along the sunny side of the fence, in a deep and fairly rich soil.

ANISE

Used for cordial garnishing and flavoring. Pkt. 7c; oz. 20c.

BALM

The leaves are used for making a pleasant beverage known as Balm Wine or Tea. Pkt. 8c; oz. 30c.

BASEL, SWEET

The leaves are used in flavoring soups, stews and highly-seasoned dishes. Pkt. 7c; oz. 25c.

BORAGA

Leaves used for flavoring, and flowers furnish bee pasture; most easily grown in any waste place. Pkt. 5c; oz. 15c.

CARAWAY

Seeds are used for flavoring bread, pastry, meats, etc. The oil relieves gas on the stomach and prevents griping. Pkt. 6c; oz. 15c.

CATNIP, or CATMINT

Grown for bee pasture. Leaves and young shoots are used for seasoning. Pkt. 10c.

CHAMOMILE

Makes valuable pot-pourris. Desirable also for diseases of the stomach. Pkt. 10c.

CORIANDER

The seeds are used in the manufacture of liquors, in confectionery and culinary preparations. Pkt. 6c; oz. 10c.

COWPLOW

An aromatic medicinal herb. The leaves are used for seasoning, the flowers for perfumery. Pkt. 8c; oz. 30c.

DILL

Fruit is warming, stimulating and quieting nervousness. The tea is good for colic and prevents hiccough. Used largely for pickling with cucumbers. Pkt. 5c; oz. 10c; 2 oz. 18c; ½ lb. 30c; ¼ lb. 50c; lb. $1.00.

EUCALYPTUS

The leaves of the blueadapted eucalyptus are used for flavoring soups and dressings. Pkt. 10c.

FENNEL, SWEET

The leaves are ornamemtal. When boiled, are used in fish sauces, also make a splendid tea for colds. Pkt. 5c; oz. 15c.

FENNEL, WILD

Seeds are used for flavoring pastry, soups, etc. Pkt. 6c.

GARDNER'S SAGE

Sage is extensively used to flavor soups and dressings, etc. Pkt. 6c; oz. 20c.

HOARHOUND

Used for seasoning, also for the manufacturing of the popular cough remedy. The tea is a remedy for colds and lung infections. Pkt. 8c; oz. 30c.

HYSSOP

Leaves are used for seasoning. Pkt. 7c; oz. 25c.

LAVENDER

An aromatic medicinal herb. The leaves are used for seasoning, the flowers for perfumery. Pkt. 8c; oz. 30c.

MARJORAM, SWEET

The leaves and the ends of the shoots are highly esteemed for seasoning. Pkt. 8c; oz. 30c.

MINT, SPEARMINT

The leaves and flowers are used for flavoring soups and dressings, etc. Pkt. 8c; oz. 30c.

PENNYROYAL

The tea is valuable for colic. The fresh herb is poisonous to mosquitoes. Pkt. 10c; 3 pkts. for 35c.

ROSEMARY

An aromatic herb. Leaves used for seasoning. The tea produces astringent and oil is valuable in neuralgia, rheumatism and lumbago. Pkt. 10c.

SAGE

The most extensively used of all herbs for seasoning and dressing. Pkt. 10c; oz. 60c; 2 oz. $1.10; ½ lb. $2.00.

SUMMER SAVORY

The leaves and flowers are used for flavoring soups and dressings, etc. Pkt. 8c; oz. 30c.

THYME

The leaves and young shoots are used for seasoning; a tea is also made of the leaves, a remedy for headaches. Pkt. 8c; oz. 45c.
Buckbee's "Full of Life" Lettuce Seed is the best that can be grown and has pleased our customers for over 50 years. To be at its best, lettuce should be grown rapidly, after the soil has been made rich and friable by liberal manuring and thorough preparation. For general crop, sow outdoors as early in the spring as the ground can be worked, in rows eighteen inches apart and thin the young plants to four inches apart in the row. As the plants begin to crowd thin them out and use as required.

Buckbee's Earliest Forcing

For those who like a large, thin, exceedingly tender leaf and for those markets which demand a large, loose head of leaves rather than a solid head, this is the best variety for forcing and growing in the open ground. The plants form a large, loose head, rich light green in color and blanched nicely. The leaves are very much blistered and crumpled, crisp and are of excellent quality. This is the earliest of all Lettuces; it is a splendid shipper, of beautiful appearance and keeps in good condition better than any other sort. It is a money-maker for the market gardener, either if sown under glass or outdoors, and is very satisfactory for the home garden. We control the entire stock of this variety. Pkt, 10c; oz, 25c; 1/2 lb, 75c; 1 lb, $1.30; lb, $2.50.

GRAND RAPIDS FORCING

Buckbee's Private Stock.

New variety of superior quality and beautiful appearance; a strong grower, free from rot; one of the best for forcing; keeps crisp and tender without wilting, when exposed for sale, longer than most other forcing Lettuces. Pkt, 8c; oz, 20c; 1/2 lb, 60c; 1 lb, $1.15; lb, $2.25.

IMPROVED BLACK SEEDED SIMPSON

Buckbee's Private Stock.

Acknowledged one of the best early forcing varieties. Leaves are a delicate green, almost white, crisp, tender and sweet. Very early, easily grown, very reliable, does well in hot summers when others fail. Largely grown for the market, but also very popular for the home garden. Pkt, 6c; oz, 18c; 1/2 oz, 30c; 1/2 lb, 55c; 1 lb, $1.05; lb, $1.85.

SIMPSON'S EARLY CURLED

A decidedly crisp variety. Color, very light green; never spotted or brownish in any part. Quality excellent; sweet in flavor. Pkt, 6c; oz, 15c; 2 oz, 35c; 1/2 lb, 50c; 1 lb, 95c; lb, $1.75.

BUCKBEE'S IMPROVED TOMHANNOCK

Handsome reddish bronze Lettuce. Edges of outer leaves are a reddish bronze; within, the leaves are almost white. Very crisp, tender and sweet. Keeps in fine condition for a long time. Excellent for the home garden. Pkt, 5c; oz, 20c; 1/2 oz, 35c; 1/2 lb, 60c; 1 lb, $1.10; lb, $1.95.

COS LETTUCE

COS Lettuce is distinct from other varieties, in having long, narrow, spoon-shaped leaves, folding into loose, sugar-loaf shaped heads which blanch better by having the outer leaves drawn about them and tied. These heads are always crisp and mild and considered by many superior to other kinds.

DWARF WHITE HEART OR CELERY—Noted for its most excellent flavor. Earliest in cultivation. The plants grow about 6 inches high and 4 to 5 inches across. Of stiff growth, every plant making a well-developed head of the most excellent flavor and crisp and tender. Pkt, 8c; oz, 20c; 1/2 oz, 35c; 1/2 lb, 65c; 1 lb, $1.15; lb, $2.15.

PARIS WHITE COS—Grows to very large size, producing long, pointed, compact bunches of light green color and fine flavor. Succeeds well in Summer, grows to immense size. Plants often weigh 5 to 6 pounds each. Pkt, 7c; oz, 20c; 1/2 oz, 35c; 1/2 lb, 60c; 1 lb, $1.10; lb, $1.95.
BUCKBEE'S "FULL OF LIFE" LETTUCE

BUCKBEE'S MAMMOTH ALL HEAD LETTUCE
THE WORLD'S ONE UNBEATABLE HEAD LETTUCE

Mammoth All Head is a great improvement on the well-known Big Boston Lettuce. It forms larger heads, more compact and tightly folded, and is about ten days earlier than either the white or black seeded variety. It is without the reddish brown tinge on the leaves and, furthermore, it can be sown all through the growing season, and stands heat remarkably well. It is slow to run to seed, and will not scald or burn and will make a head when other varieties fail. In our repeated trials we have found it to be the best smooth leaved, firm heading Lettuce to grow through the summer months. Mammoth All Head is one of the earliest, large Cabbage-Lettuces grown, forming heads in six weeks from sowing, and the heads grow to a large size, often more than 12 inches across, are solid and compact with few outer leaves; of an attractive bright light green color, never spotted or reddish in any part. They blanch creamy white, have decidedly buttery flavor and are crisp, tender and sweet. This is the grandest, most valuable Lettuce ever introduced. There is no other variety giving such general satisfaction under so many varying conditions. Grown in the open ground, or forced in cold-frames or cool greenhouses, it produces a perfect head of extra large size, which never fails to please both grower and user.
Pkt. 10¢; oz. 25¢; ½ oz. 40¢; ½ lb. 70¢; ¼ lb. $1.30; lb. $2.50.

EARLY PRIZE-HEAD
Crisp and Tender. Bright Green Leaves Edged with Brown.

This old standard sort still stands at the head of the large, thin-leaved clustering sorts for the home garden. Exceedingly tender, crisp and sweet. There is more Prize Head Lettuce grown in this country than any other variety. It is a most reliable variety for all-the-year-round cultivation. Leaves light brown, varying to bright green. Pkt. 6¢; oz. 15¢; 2 oz. 28¢; ¼ lb. 50¢; ½ lb. 90¢; lb. $1.75.

BUCKBEE'S MAMMOTH BIG BOSTON
Big, Compact, Tender, Cream White Heads.

A very popular variety for Market Gardeners. It heads well in the open ground during cool weather in Spring and Fall and is grown very extensively in the South for shipping North during the Winter. It is also a fine forcing variety for cold-frames during the Winter months. Our strain is very hardy, sure to head and produces solid heads of large size, often 10 to 12 inches across, which are slow to go to seed. The leaves are thin, hard and crisp, comparatively smooth but wavy at the edges and are of bright light green color, slightly tinged with reddish brown. The inner head blanches to an attractive greenish-white. The quality is excellent. Our seed of this famous variety is used by thousands who purchase it year after year, testifying by that to its wonderful quality. Pkt. 7¢; oz. 20¢; 2 oz. 35¢; 1 lb. 50¢; ½ lb. $1.10; lb. $2.00.
BUCKBEE'S "FULL OF LIFE" LETTUCE

BUCKBEE'S ICE DRUMHEAD

A Sure Header, Slow to Run to Seed, Unaffected by Hot Weather. Crisp, Tender and Delicious. Absolutely Free from Bitterness.

It grows rapidly; heads very early, only little later than May King, but the heads are much larger, as large as Dutch Cabbage and solid as that. The leaves are thick, broad, light green outside, changing toward the center from a golden yellow to a creamy white. The heads are as palatable as beautiful; very tender; never bitter; of deliciously sweet buttery flavor. Buckbee’s Ice Drumhead is a sure header and an all header. It stands hot weather better than any other variety of its class. Can be used when quite young and until it runs to seed. It is immensely popular especially in the Northern and Central States, and justly so, as it is unexcelled in its superb quality, beautiful appearance, heat resistance, keeping and shipping qualities. We control the entire stock of this variety. Pkt. 10c; oz. 25c; 2 oz. 40c; ¼ lb. 70c; ½ lb. $1.30; lb. $2.50.

BUCKBEE'S EXTRA EARLY MAY KING

The Earliest Head Lettuce Grown.

An ideal lettuce for planting in the open ground in Spring, as well as in Fall, and also splendid for forcing, Extremely hardy and very quick growing. Plants grow from 7 to 8 inches in diameter with outer leaves so closely folded that the plant is practically all head. Outer leaves are light green slightly tinged with yellow, of a specially fine rich, buttery flavor. The round, compact heads are very solid, so that they will carry well to market. It attains a size suitable for use before any other large heading variety. Buckbee’s May King is an extra fine strain and is much earlier than that mostly sold by others. Pkt. 8c; oz. 25c; 2 oz. 40c; ¼ lb. 60c; ½ lb. $1.10; lb. $2.00.

ALL SEASON OR IMPROVED DEACON

This magnificent butter lettuce is unsurpassed for family, garden or market use. Light green outside, while the inner blanched portion is a beautiful cream yellow, of delicious, rich, buttery flavor. More heat and drought resistant than most varieties of its class. Pkt. 8c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. $1.10; lb. $2.00.

BUCKBEE'S SUPERB

An extra early variety a few days earlier than May King, but smaller. Mostly used for forcing during winter, for which purpose it has no superior. Wonderfully crisp, tender and delicious flavor. Pkt. 8c; oz. 25c; 2 oz. 40c; ¼ lb. 65c; ½ lb. $1.15; lb. $2.25.

CALIFORNIA CREAM BUTTER

Also called Royal Summer Cabbage. Dark green, round thick leaves forming a very solid round head which stands a long time without running to seed. Outer leaves spotted brown, inner ones blanched to a rich yellow. Exceedingly rich, buttery, sweet and nutty in flavor. Pkt. 7c; oz. 20c; 2 oz. 55c; ¼ lb. 60c; ½ lb. $1.10; lb. $1.95.
BUCKBEE’S “FULL OF LIFE” LETTUCE

WOnderful or new york market

A grand Head Lettuce sometimes called New York and Los Angeles, furnishes fine, crisp lettuce during the hot summer months. This is one of the largest varieties grown, producing heads more than 15 inches in diameter weighing more than 2 pounds each. The outer color is rich dark green, but the heart blanches beautifully and is crisp, tender and delicious. It is reliable, a sure header, and is slow to go to seed. Extensively grown in all sections of the country for summer use, but also planted in fall and winter, especially in the Southwest, from which thousands of carloads of it are shipped during the winter to Eastern cities. It stands shipping as well as Cabbage and remains in good condition longer than most heading sorts. Most desirable for the private as well as the market gardener. Not used for forcing. Pkt. 10c; oz. 25c; 2 oz. 50c; ½ lb. 90c; ½ lb. $1.70; lb. $3.00.

boston market or white seeded tennis ball

One of the best heading lettuces, especially desirable for early planting outdoors and also suitable for forcing. The plants are large, with thick, bright green leaves. They form very solid heads, the inner leaves blanching to a rich creamy white, and are crisp, tender and buttery. This variety never fails to make fine heads; hardly, valuable to grow in cool frames in the winter. Pkt. 5c; oz. 15c; 2 oz. 25c; ½ lb. 45c; ½ lb. 80c; lb. $1.50.

early black-seeded tennis ball or salamander

A very extensively used sort of excellent quality for the home garden and market. The variety withstands hot weather remarkably well. It forms a large compact, light green plant. The leaves are broad, thick, somewhat crimped and closely overlapping so that the inner ones are very finely blanched. It is one of the most satisfactory heading lettuces for growing outdoors. Succeeds everywhere and at all seasons. Sure header, a fine shipper, excellent quality. Pkt. 5c; oz. 15c; 2 oz. 25c; ½ lb. 45c; ½ lb. 80c; lb. $1.65.

new iceberg

Prize Winner. Hard Header. Good Shipper.
Quick growing and of exquisite flavor. The large curly leaves which cover the outside of the solid head are of bright, light green, with a slight reddish tinge on the edges. They have small indentes which are constantly filled with dewdrope, keeping it fresh and showing a remarkable crystalline appearance. We can confidently recommend New Iceberg as always crisp and tender. Pkt. 8c; oz. 25c; 2 oz. 45c; ½ lb. 80c; ½ lb. $1.45; lb. $2.75.

Improved hanson

Heat-Resisting. Much Used for Midsummer Planting Outdoors.
Large, firm cabbage-like heads with broad outer leaves frilled at the edge and of light green color. The inner leaves are white and deliciously sweet, crisp and tender. An old, most popular variety grown everywhere and extensively used for the kitchen garden as well as market. Pkt. 7c; oz. 20c; 2 oz. 35c; ½ lb. 60c; ½ lb. $1.10; lb. $1.95.

BUCKBEE’S COMBINATION LETTUCE MIXTURE

One sowing Produces Salad for the Whole Season.
Contains a grand assortment of decidedly distinct and excellent Lettuces. They mature early, medium and late; some curled and crimped, others produce heads. Colors range from almost pure white through delicate shades of green and yellow to rich golden. All are delightfully fresh, crisp, tender and of excellent flavor. All sizes, from the small early to the mammoth summer varieties. liberal pkt. 6c; oz. 15c; 2 oz. 25c; ½ lb. 45c; ½ lb. 80c; lb. $1.55.
BUCKBEE’S “FULL OF LIFE” MUSK MELONS

Resembling the old Emerald Gem in shape, color and flavor, Buckbee’s New Giant Wonder Gem, however, is much larger; in fact, it is the largest good melon growing, weighing under ordinary conditions as much as seventeen and eighteen pounds each and with special care much more, and it is also much more netted and of good shipping quality.

The melons are globular, slightly flattened, deeply but irregularly ribbed, covered more or less with shallow netting; the skin is of rich emerald green color while young, becoming slightly tinged with yellow as the fruit matures. The flesh is of deep, rich salmon color, about 3 inches in thickness, thicker than the flesh of any other sort we know of; the melon is indeed almost all solid meat, the cavity being very small, hardly large enough to accommodate the seeds. Sterling quality and luscious flavor. Vines vigorous, resisting the attacks of insects and blight. Sells at good prices, as they closely resemble in appearance and flavor the large, greenhouse grown melons sold at fancy prices at the fruit stands. Pkt. 10c; oz. 15c; 2 oz. 28c; ½ lb. 50c; ½ lb. 90c; lb. $1.75, postpaid.

BUCKBEE’S NEW STRAWBERRY MUSK MELON

Always the Same—Always the Best.

Flavor like that of a strawberry, hence the name. It grows to be a desirable market size; the fruits weigh from 6 to 8 pounds each. Its outside appearance compares favorably with the green nutmeg of old, turning to a yellowish hue, as it was, over night, when fully ripened. Its smooth, deep flesh is of an attractive orange-red color, particularly soft and melting, and with that exceptionally delicious strawberry flavor leaves nothing more to be desired in a musk melon. Mr. Beck, the veteran melon grower, who honored us with the introduction of the Strawberry Musk Melon, writes: “This grand melon was originated by planting the most luscious variety of strawberries between every other row of a New Hybrid Musk Melon that I had previously perfected.” While the stock of this new acquisition is but limited, we are going to offer it as follows as long as our seed supply lasts. Price, choicest seed of our own growing. Pkt. 10c; oz. 25c; 2 oz. 45c; ½ lb. 75c; ½ lb. $1.25; lb. $2.25.

BENDER’S SURPRISE

Large Size, Deliciously Sweet and Spicy.

An oval shaped, light green Melon well covered with heavy netting. When ripe, the fruit turns to a golden tint, making a very attractive melon. The flesh is unusually spicy and very sweet. Color deep orange. Good clear to the rind. Keeps well at all times. A large melon of 10 pounds is just as highly flavored as the smaller ones. Stock is scarce this year so order early. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. $1.15; lb. $2.25.

EDWARDS PERFECTO

A New Salmon Fleshed Rocky Ford Variety.

Fruit is uniform, nearly round and deeply netted. Flesh thick, salmon color, shading to green near the rind. Matures in about 70 days. Edwards Perfecto has the deepest flesh and smallest seed cells of any of this type of Melon. Equally desirable for market or home. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 50c; ½ lb. $1.00; ¾ lb. 90c; lb. $1.75.

OHIO SUGAR

Green Fleshed; Distinct and Superior Quality.

Flesh firm and solid, making this a splendid shipper. One of the sweetest and best liked Melons on the market today. Shape is a little more oval than round, heavily netted and ribbed. Outside color grassy green. Medium to small size. Seed cavity is small, and flesh is attractive shade of green, of finest texture; tender, juicy and sugary. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 50c; ½ lb. 90c; lb. $1.75.
BUCKBEE’S "Full of Life" ROCKY FORD MUSK MELONS

Buckbee’s New Honey Boy
Planted by 50,000 of Our Customers Last Year.

This is the earliest strain of all Rocky Ford Melons. It always brings the highest prices in the market.

Exceedingly early — very prolific — ever-bearing — yielding heavy crops from early Summer until Fall. The fruit is oval, trifle elongated — solid netted — ideal shipper. Flesh is light green, very thick meat, sweet and delicious flavor. These Melons weigh on an average about 1.5 lbs. each. They grow very uniform and a large percentage of them are of standard size, forty-five of them filling a crate 12x12x24 inches. You can’t go wrong on Buckbee’s Honey Boy. Choicest home grown Seeds. Large pkt. 10c; oz. 15c; 2 oz. 28c; ¼ lb. 65c; ½ lb. 90c; lb. $1.75.

Buckbee’s Famous Rocky Ford

Unsurpassed in Luscious Flavor.

This is the most popular of all Melons for shipping in baskets. This pedigreed Melon we have perfected from the famous Netted Gem, producing fruit a trifle more elongated in shape; the skin is green and is covered with a closely interwoven silver-colored netting. Blossom end is well protected by a small button, preventing cracking. Flesh is bright green, only the portion surrounding the seed cavity is slightly tinged with yellow. It is sweet, luscious and melting and may be eaten close to the rind. The melons are very solid, firm and thick meated; small seed cavity. Send to Buckbee’s for originator’s genuine selected stock seed. Large pkt. 8c; oz. 12c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 65c; lb. $1.25.

Buckbee’s New
Gold Flesheled Rocky Ford

The Biggest Cropper of All Rocky Ford Melons

A selection from Buckbee’s famous Rocky Ford, with salmon (not orange) flesh, maturing about ten days later than Buckbee’s Honey Boy. Gold fleshed Rocky Ford is the biggest cropper and finest flavored Melon grown in Rocky Ford. It is covered with heavy gray netting over the entire surface, grows very uniform, and is more disease-resistant than any other variety; under unfavorable conditions when other strains rust badly, the plants of this variety remain green and thrifty, and will produce blossoms and fruit for a long time. The flesh is quite firm, deep, leaving but a very small seed cavity, and is of superb quality and delightful rich, aromatic flavor not excelled by any other variety. Pkt. 10c; oz. 15c; 2 oz. 28c; ¼ lb. 60c; ½ lb. 90c; lb. $1.75.
Buckbee's “Full of Life” Musk Melons—Green FlesheMelons

BURRELL'S GEM OR DEFENDER

One of the best yellow-flushed Melons; it is excellent for shipping and a most desirable medium early sort for the home garden. Larger, more elongated, and about a week later than the standard Rocky Ford kinds. It has well-arched ribs, covered with a closely laid and interlaced gray netting. Flesh of a reddish orange color, very thick, fine grained and of rich, spicy flavor. The Melon averages 2 1/2 pounds, 6 inches long, 4 1/2 inches thick, and will crate more evenly than any other Melon grown. Vines very vigorous and productive. Pkt. $1.50; oz. 12c; 2 oz. 18c; 1/4 lb. 35c; 1/2 lb. 60c; lb. $1.10.

True Jenny Lind

“FULL OF LIFE” STRAIN.

This is the earliest of all Musk Melons, and one of the sweetest. Size small, from 3 to 5 inches in diameter; flattened, deeply ribbed and with a thick rind. Much sold under other names such as Earliest Ripe, etc. Our strain of seed is the best. Pkt. 6c; oz. 15c; 2 oz. 20c; 1/4 lb. 35c; 1/2 lb. 60c; lb. $1.15.

New Early Hackensack

This is a Splendid Melon.

The fruit is medium sized, nearly round, evenly and deeply ribbed, with a very coarse netting, and almost as large as the Large Hackensack. The flesh is green, a little coarse, but very juicy, sweet and well flavored. A very early Melon and wonderful yielder and splendid shipper. Pkt. 6c; oz. 15c; 2 oz. 20c; 1/4 lb. 35c; 1/2 lb. 60c; lb. $1.15.

Large Hackensack

The Noted "Turk's Cap" Melon.

About ten days later than the foregoing variety. Fruit very large, weighing from 5 to 6 pounds each; nearly round, somewhat flattened; ribs large and of irregular width, densely covered with coarse netting; flesh green, thick, coarse, but very sweet and fine flavored. A favorite with market gardeners and a good shipper. Pkt. 7c; oz. 12c; 2 oz. 20c; 1/4 lb. 35c; 1/2 lb. 60c; lb. $1.20.

New Bush Musk Melon

The Vineless Gem of the Garden.

The bush habit of growth of this new variety enables it to be grown in small gardens, where the vine sorts could not be grown for lack of room, and they yield about twice as much on the same piece of land as the vine sorts. The fruits are of the popular "Jenny Lind" type, but larger, averaging 5 inches in diameter; they vary somewhat in shape from flattened-round to almost spherical; the ribs are shallow, the surface is dark green, but so densely netted that it appears almost russet colored. The flesh is very deep, edible almost to the rind and is colored light green flushed with salmon towards the center. The seed cavity is small. The quality is superb, lusciously sweet and juicy, with a cool, intoxicating flavor and a delightful aroma. They ripen a little in advance of "Rocky Ford." The plants grow from 15 to 18 inches in length and two or three plants can be grown in a hill 2 1/2 feet apart. Pkt. 10c; oz. 25c; 2 oz. 45c; 1/4 lb. 85c.

Queen Ann’s

See Cut

Sweet Scented Pocket Melon or Pomegranate.

A pretty climbing variety; fruit round, size of an orange, of yellow color, striped and spotted red. Flesh soft edible, grown for ornament and itsagreeable pungent fragrance, sweetly perfuming the room for days. Trained on trellises or graded it is ornamental. It is easy to grow. Cultivate like Musk Melons. Pkt. 10c; oz. 25c.

The Mango Melon or Vegetable Peach

Very striking in color, most wonderful yielder. Vines of Mango Melon are somewhat smaller than the Musk Melon, requiring some cultivation. Fruit about the size, shape and color of an orange, somewhat russeted. For sweet pickles, pies or preserving they are splendid. In the West and Northwest, where fruit is scarce, they are rapidly becoming popular, as they are easily cultivated, enormously productive, and can be used in every way as the Peach, except that they are quite as sweet and are not used raw. Pkt. 10c; oz. 35c.

New Garden Lemon

Resembles the Mango Lemon in manner of growth, but is distinct in that the unripe fruit is striped with very dark green spots, nearly black, and when ripe is not russeted. Fruit a trifle smaller than the Mango Lemon. Has a snare flesh and most desirable acid flavor, thus dispensing with sliced lemon, which is so important in putting up the Mango Lemon. Unexcelled for general canning purposes. Cultivate similar to Musk Melons. It is an enormous yielder. Pkt. 10c; oz. 35c.
BUCKBEE’S “Full of Life” MUSK MELONS—Salmon Fleshted Varieties

EMERALD GEM

Splendid Size, Color and Flavor.

The standard of excellence among the salmon-fleshted varieties. Fruits small to medium size, globular or very slightly flattened at the ends, only slightly netted and ribbed. Skin deep green while young, becoming tinged with yellow as the fruit matures. Flesh deep salmon yellow, thick, ripening close to the rind; sweet, juicy, melting and unsurpassed in flavor. For home use and nearby markets it leads all other kinds on account of its delicious flavor. Choicest stock seed and of our own growing. Large pkt. 7e; oz. 12c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 65c; lb. $1.25.

BUCKBEE’S OSAGE

IMPROVED MILLER’S CREAM

The Best Home and Market Melon—Original Stock.

This Melon has made its way into public favor from the market rather than the garden, and is highly prized by those who like an exceedingly sweet and highly flavored Melon. It is medium to large sized, oval, slightly ribbed, dark green in color, covered more or less with shallow netting. The flesh is deep salmon color, very thick and deliciously rich, sugary, there being but a slight cavity in the center of even the largest fruit. The best general purpose Melon yet introduced. The most popular market Melon in the Northern States, not more than a week later than the small earliest Melons, but producing fruits three times as large. Our stock is unequaled, producing fruits larger, earlier and more netted than seed commonly sold by other dealers. Large pkt. 8c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 90c; lb. $1.75.

PAUL ROSE OR PETOSKEY

The Favorite Basket Melon.

In general appearance much like Rocky Ford Netted Gem, but about one inch larger in diameter; oval fruits, lightly ribbed and densely netted. It has flesh of the color and quality of the Osage, very thick, orange yellow, sweet, highly flavored and sufficiently firm to stand shipping short distances to the market. A splendid variety for the home garden. Pkt. 7e; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. $1.25.

BUCKBEE’S WESTERN GIANT

Noted Not Only for Its Great Size, But for Its Most Magnificent Flavor and General Good Quality.

A large Melon ripening about the same time as Osage; the flesh is rich, melting and sugary. As an exhibition and large market variety it is grand. It will astonish everyone by its merits, being exceptionally desirable for family and market purposes. For shipping it has no superior. Where size is an object, and there is not a particle of danger of sacrificing quality, Buckbee’s Western Giant will always give the most complete satisfaction. Pkt. 8c; oz. 15c; 2 oz. 30c; ¼ lb. 50c; ½ lb. 85c; lb. $1.50.
Buckbee's "Full of Life" Musk Melons—Salmon Fleshed Varieties—Cont'd

TRUE TIP TOP
The Can't-Be-Beat Melon.

This wonderfully fine melon should be planted by all melon growers. It always pleases. The testimony of all who use Tip Top is that every melon produced, whether big or little, early or late, is a good one; sweet, juicy, finest flavor, firm-fleshed and eatable to the outside coating. Its appearance on the market is very attractive—sells on sight. The fruits are of large size, nearly round, evenly ribbed and moderately netted. Flesh rich deep salmon, sweet and spicy. Ripe fruits in 30 days. Pkt. 8oz; oz. 15c; 2 oz. 25c; ¼ lb. 50c; ½ lb. 90c; lb. $1.15.

HEARTS OF GOLD
Extremely Thick, Sweet Orange Flesh.
(Orange flesh.) An ideal basket and crate melon of medium size, round, heavily netted, flesh very thick, of rich orange color, handsome appearance, and of the sweetest flavor. Average size of melon 6 to 8 inches in diameter. Matures in 75 days. The seed cavity is small and the rind is very tough, making it a good shipper; its vine is a vigorous grower and a heavy cropper. A very convenient sized melon for the table and for packing in shipment. Pkt. 8oz; oz. 15c; Honey Dew 2 oz. 25c; ¼ lb. 45c; ½ lb. 85c; lb. $1.50.

BUCKBEE'S IDEAL
A Most Delicious Melon.

That is the verdict of everyone who has tried this magnificent sort. Weighs from 10 to 15 pounds; exceedingly thin skin. Good keeper and an excellent shipper. The flesh is of a rich salmon color, of a sweet, pleasing and delicious flavor. Pkt. 8oz; oz. 15c; 2 oz. 25c; ¼ lb. 35c; ½ lb. 65c; lb. $1.25.

NEW HONEY DEW MELONS
Wonderful New Melon for Fall and Winter. The Sweetest Melon Ever Grown.
Always in Demand at Fancy Prices.

A new type of melon, a cross between a Cantaloupe and a Casaba. The fruit is oval-shaped, about 6 inches in diameter and 7 to 8 inches long, weighing from 8 to 10 pounds each. It ripens about two weeks later than Rocky Ford Cantaloupe and in the North it should be started in hot beds to give plenty of time to ripen. The skin is smooth, dull white when ripe. The rind is thin but tough. The flesh is thick, of rich very sweet flavor. This melon has been appropriately named; it is of a distinct honey-like flavor, more luscious and juicy than any other Musk Melon.

It is the best keeper and shipper of all and will stay in good condition from three to five months after it is ripe; melons not ripe when frost comes may be stored in a cellar and will there ripen slowly and can be used all winter.

IVORY HONEY DEW (Green Fleshed)—Pkt. 8oz; oz. 15c; 2 oz. 25c; ¼ lb. 50c; ½ lb. 100c; lb. $1.75.

GOLDEN HONEY DEW (Gold Fleshed)—Pkt. 10oz; oz. 20c; 2 oz. 35c; ½ lb. 65c; ½ lb. $1.10; lb. $2.00.

NEW YELLOW MEATED JAPAN
This is by far the finest, most luscious and pleasing Musk Melon ever grown. The vines are hardy, permitting earlier planting, very prolific, and produce very large fruits, nearly as large as the smaller varieties. The melons are nearly round, not deeply ribbed and covered with patches of netting. The skin is yellowish white when ripe. The crowning feature of this melon is found in the thick, melting, delicious, salmon-colored flesh. It is extremely rich, sweet and highly flavored. We know of no other sort which will give as great satisfaction as our Yellow Meated Japan Musk Melon. Pkt. 10oz; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 85c; lb. $1.50.
NEW BANANA MELON
True Banana Shape and Flavor.
This most curious and most exquisitely flavored Melon grows to a length of 18 to 30 inches and is 2 to 4 inches in diameter. The flesh is yellow and quite deep. In appearance and odor it greatly resembles a banana. Seed always scarce. Order early. Pkt. 10c; oz. 15c; 2 oz. 25c; ½ lb. 45c; ½ lb. 80c; lb. $1.50.

NEW VALENCIA CHRISTMAS MELON
The Best Long Keeping Melon.
A great acquisition and destined to become a standard vegetable. These are late maturing Musk Melons, which are largely grown in California, and hundreds of ears of them are shipped from there to the East every year. They do not ripen on the vines in the North, but are gathered there before freezing weather and if properly stored all Melons, even half grown ones, will ripen gradually. **So let and cultivate like other Musk Melons. Do not pick until the light streaks become quite yellow. Store away so they do not touch each other in a cool, dark, dry place. When the rind becomes slightly softened and moist they are ready to eat.** Some of the Melons will actually keep until February. The seed cavity is small and the flesh thick, of fine texture, juicy and palatable to within one-quarter inch of the skin. Pkt. 10c; oz. 25c; 2 oz. 40c; ½ lb. 70c; ½ lb. $1.30; lb. $2.50.

CASSABA OR LONG KEEPING MELON

NEW GOLDEN CASSABA—Of the same shape as pineapple, golden yellow colored flesh; the best flavored of all Cassabas, but does not keep quite as long as Pineapple. Pkt. 8c; oz. 25c.

NEW WINTER PINEAPPLE—The original round form, the best keeper of all; will keep all Winter; flesh deep lemon colored, of excellent rich spicy flavor. Pkt. 8c; oz. 25c.
THE PRIZE WINNER EVERYWHERE

BUCKBEE'S GENUINE PERFECTED

MONTE CRISTO

Trade Mark Registered—By H. W. Buckbee, Et Al.

The World's One Unbeatable Water Melon

THE SWEetest FLAVORED MELON KNOWN

The Best Variety for the Table—For Shipping and Long Keeping

In hundreds of markets every season it finds ready sale at good prices when all other sorts go begging for buyers. This grandest of all varieties has been extensively grown the past few seasons in almost every melon growing locality of the world, and it is not one single instance has it failed to meet the expectations of the planter. The reports received from every section, that all are delighted with it, prove that in the hands of our customers Buckbee's Monte Cristo has given the same surpassing results as in our careful trials on Rockford Seed Farms. The greatest yilder. The sweetest, juiciest, crispest and most solid Melon ever produced, never having a hollow or pithy center when ripe. The easiest to sell on the market, for when once tried, people will have no other. Many of our customers have written us, that they have cleared $100 or more per acre by growing Buckbee's Monte Cristo Melons. Under average cultivation you can do as well or better. Will you not try it this year? This is an early variety, ripening about a week or ten days later than the extra early kinds offered in this book. It is a grand, good shipper, has a firm, solid rind, not too thick, yet will stand the most severe handling. The outside skin is of a rich, dark green color, shaded with faint stripes of somewhat lighter color. Certainly the finest appearing Melon ever grown for market, shipping or table purposes. While our supply of seed is fairly large, we always have advance orders from our customers, who have planted Monte Cristo in past seasons, and we would advise all who care to plant this "King of Melons" in 1925 to place their orders as early as possible. Please remember that we control the entire product of this variety, so send to Buckbee for choicest stock seed of Buckbee's Monte Cristo Melon. The price is within the reach of all.

Mrs. Hiram Winkle, Doylestown, Pa.: "I thought I would tell you about our wonderful Castor Oil Beans I raised from your seeds two years ago. We had them 14 feet high and the leaves 2 feet across, and last summer they were 12 feet 11 inches. We were very much pleased with them."

Mrs. G. C. Willey, Neposcope, Mass.: "I believe in giving credit when I can. I successfully raised 28 Cacti from the seed purchased from you late in 1923. Of course I am not telling you the names just yet; will perhaps in the future."

Buckbee's KING OF ALL MELONS

MONTE CRISTO

J. F. Weaver, Royalton, Ill.: "Last spring I sent you a small order for some Bulbs and Rose Bushes and wish to say that every one of them has lived and is O. K. My Caladium grew 6 feet high and had leaves that measured 28 x 29 in."

Mrs. M. E. Dickey, Thrall, Texas: "I wish to tell you of my Dallas that I have grown from seed procured from you last spring. They are now in bloom. They are beautiful in color and some are extra large."
ROCKFORD, ILLINOIS

BUCKBEE’S “FULL OF LIFE” WATER MELON SEEDS

NEW IRISH GRAY WATER MELON

Splendid Melon for All Purposes—Good Keeper—Strong Shipper.

New and good Water Melons don’t come often, but this new South Georgia variety is one that has attracted great popularity on its merit. It’s a combination melon equally good for shipping or home use, being equal to or better than the Watson in that respect. It’s sweet; the flesh is red, crisp and free from stringiness and in color of rind a mottled greenish gray, entirely distinct. Rind is thin but very tough. Long distance shipments go through perfectly. Vine very vigorous, healthy and hold up and produce fine melons late into summer when other sorts die out.

Pkt. 8c; oz. 15c; 2 oz. 25c; ½ lb. 50c; lb. $1.25.

PHINNEY’S EARLY—The finest of all the early maturing Melons of medium size and oblong shape, marked with two shades of green. The rind is thin, The red flesh is very sweet and tender. The vine is productive and a sure crop. the Melons maturing early. Adapted to all sections, and does exceptionally well in the Northern States. Pkt. 5c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 55c; lb. 95c.

BUCKETEE’S NEW LIBERTY WATER MELON

Large Size—Excellent Flavor—Good Shipper—Splendid Keeper.

A large oblong Melon which is good clear to the rind, even on specimens weighing as much as 50 pounds. Color dark green with faint stripes. Flesh rich red and of exceedingly sweet flavor. Ripens close to the rind, which though thin is exceedingly tough, standing shipment nicely. Too much praise cannot be given this wonderful Melon. Postpaid, pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 85c; lb. $1.50.

Buckbee’s New Liberty Water Melon.
BUCKBEE'S "Full of Life" WATERMELON SEED

BUCKBEE'S GOLDEN HONEY

Golden Fleshed, Crisp, Tender and Delicious.

Those people who are prejudiced against a yellow-fleshed Watermelon will quickly appear as those who taste Golden Honey, as this Melon is one of the finest grown, the flesh being very sugary, juicy and of a most delicious flavor, similar to that of the celebrated Monte Cristo, known all over the world for its luscious quality. Golden Honey is early, of oblong shape, medium size. The rind is light green with mottled stripes. The flesh is solid, crisp, of golden yellow color and has a delightful aroma and free from hard centers.

Pkt. 10c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 75c; lb. $1.25.

NEW ANGELENO

Excellent Shipper—Splendid Quality.

The most attractive in appearance of all watermelons—its large size, beautiful dark green rind with a tinge of gold showing through the green. No other variety compares with the Angeleno in its bright red flesh, red to the rind, and entirely free from fiber, simply melts to water, and not excelled in flavor. Pkt. 8c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ¼ lb. 50c; lb. $1.50.

KLECKLEY SWEETS

The Sweetest of All.

Kleckley's original strain. First introduced and offered by us in 1895. Without question, it is one of the sweetest flavored of all Melons. Oblong in shape; skin dark green; flesh bright red, solid and luscious. Valuable for local market and family purposes. Pkt. 8c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ¼ lb. 50c; lb. $1.25.

NEW SUGAR STICK

Crisp, Sweet and Delicious.

A light green or grayish Melon of oblong form, combining handsome appearance with the finest flavor and excellent shipping qualities. Flesh red, of luscious quality. These Melons measure about 2 feet in length and weigh on an average about 30 pounds. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

THE TOM WATSON

Best Quality, Fine Shape, Large Size, Good Shipper.

The "Tom Watson" is an extra long Melon of attractive appearance, uniform in shape and quality; the luscious crimson flesh is "as sweet as honey," melting and of superb flavor. The average Melon will weigh 50 to 60 pounds and measures about 24 inches long and about 12 inches in diameter. The skin is dark green, with thick netting all over, quite distinct from other varieties. Its appearance and quality strongly recommend it both for home use and for market. Sure to take a leading place with large Melon growers and shippers. Our choice seed was grown from selected stock under our most painstaking care and is a great improvement over the introducer's stocks. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.
Buckbee's "FULL OF LIFE" WATERMELON SEED

Buckbee's Ice Cream or Peerless.

GEORGIA RATTLESNAKE
Branch's Original and Reliable Augusta
Strain.
One of the finest Melons ever grown; a splendid keeper, excellent shipper. Sometimes called Striped Gypsy. A very large Melon of good shipping qualities. Shape oblong, striped and mottled with various shades of green. Flesh bright red. Flavor sweet and first-class. Rind not thick. Pkt. 7c; oz. 15c; 2 oz. 25c; 1/4 lb. 40c; 1/2 lb. 75c; lb. $1.35.

HALBERT'S NEW RUBBER RIND
One of the finest Shipping Melons on Earth.
After years of patient labor and careful breeding, Mr. Halbert, of Texas, the well-known Melon breeder, has succeeded in perfecting this grand Melon. Shape of fruits, oblong and quite large in size, weighing from 50 to 100 pounds. Flesh dark red color, sweet and quite tender. Rind very dark green, almost black; very thin and exceedingly tough, almost as a piece of rubber, hence the name. It is decidedly a most handsome Melon in shape and color and will bring the highest price in every market. Excellent for shipping purposes. Genuine originator's stock seed. Pkt. 8c; oz. 15c; 2 oz. 25c; 1/4 lb. 45c; 1/2 lb. 75c; lb. $1.35.

FLORIDA FAVORITE
Deliciously Sweet—Second Early Shipper.
a splendid, very popular Melon; in appearance similar to Rattlesnake, but with darker skin. Excellent variety of oblong shape and large size, averaging 39 inches in length and 40 to 60 pounds in weight. Flesh red and deliciously juicy. One of the finest for home garden and for shipping. Pkt. 7c; oz. 12c; 2 oz. 20c; 1/4 lb. 35c; 1/2 lb. 60c; lb. $1.00.

WONDERFUL SUGAR
An excellent variety of oblong shape and large size, averaging 38 inches in length and 40 to 60 pounds in weight. Flesh red and deliciously juicy. One of the finest for home garden and for shipping. Pkt. 7c; oz. 12c; 2 oz. 20c; 1/4 lb. 35c; 1/2 lb. 60c; lb. $1.10.

GRAY MONARCH
The exterior color of this fine Melon is a light green, though its mottled markings make it appear gray. The flesh is deep red in color, and of fine quality. Specimens of Gray Monarch weighing 60 to 70 pounds have been produced. It has become widely popular both in the home garden and in the market. Pkt. 7c; oz. 15c; 2 oz. 20c; 1/4 lb. 35c; 1/2 lb. 60c; lb. $1.10.

NEW CLIMBING WATERMELON
A superb variety, novel and attractive.
The vine may be allowed to trail on the ground or may be trained and tied to trellises, etc. The Melons are about the size of a coconut, with seed no larger than apple seed. They are very solid, rich crimson flesh and of the highest quality, perfectly ideal for the home garden. Fruit ripens for a long period, unlike other sorts which ripen their fruit mostly at one time. Pkt. 10c; 8 Pkts. 50c.

BUCKBEE'S "Full of Life" WATER MELON SEED

HARRIS EARLY

Best Earliest Large Shipping Melon.

In form the melon is oval to oblong; beautifully striped with green and gray; bright red flesh is crisp and very productive. It is the melon for everybody to grow who wants to be first in the market with fine large melons weighing from 20 to 40 lbs. It bears shipment very well. Harris Early ripens about the same time as Cole's but having a tougher skin it is a better shipper; also grows larger, but for quality we prefer Cole's. Pkt. 7c; oz. 15c; ½ lb. 35c; ½ lb. 60c; lb. $1.10.

BABY DELIGHT

The Baby of the Water Melon, a delight for the grower on account of its extraordinary prolificness, yielding fully as much in weight per acre as any of the larger melons and being earlier than any other, always finds a ready market and brings very high prices; a delight also to the consumer on account of its convenient size and its luscious sweetness. This melon is almost round and measures from 5 to 7 inches each way, and weighs from 3 to 6 lbs. The skin is dark green, the rind is thin but strong. The flesh is of rich carmine color, always solid and of exceptionally sweet flavor. The seeds are very small for the kind, apple seed, but of gray color. Pkt. 10c; ½ oz. 15c; oz. 30c.

COLE'S EARLY

The Best Earliest Large Melon for the North.

Cole's Early is not only one of the earliest varieties in cultivation, but it continues to bear throughout the season. The beautiful bright red flesh is crisp, and of delicate texture—granulated, cool and sparkling. In flavor it is lusciously sweet and refreshing. The melons are not large, seldom over 12 inches in length by 9 inches in diameter, but what they lack in size is more than made up in number and solidity. The heart is large, there is little or no cavity and very few seeds—all solid flesh. Pkt. 7c; oz. 12c; 2 oz. 20c; ½ lb. 35c; ½ lb. 60c; lb. $1.10.

NEW WINTER WATER MELON

Fruits Can Be Gathered and Stored Until Christmas

The Winter Melon is a great luxury. It is late to mature; very light in color with a suspicion of a stripe; size 10 inches in diameter; seed small shiny black, flesh pink, solid and stringless. The flavor is sweet, crisp and delicious. Like the Cassaba it should not be eaten right off the vine, but be allowed to ripen slowly after being picked. Pkt. 10c; oz. 15c; 2 oz. 25c; ½ lb. 35c; ½ lb. 60c; lb. $1.50.

KLONDIKE WATER MELON

A New California Variety; Can Be Grown Anywhere.

There is no question but that this is the sweetest melon grown—clear to the rind. Wonderfully prolific, early, long and continuous bearing and stands droughts without any lessening of its size or flavor. Pkt. 8c; oz. 15c; 2 oz. 30c; ½ lb. 50c; ½ lb. 80c; lb. $1.50.

APPLE PIE MELON—A Wonderful Fruit for Pies, Preserves, Etc.—This is a novelty, which will be appreciated in many sections of the country, and especially so during seasons when apples are scarce or high in price. The vine and fruit are quite similar to a Watermelon and they are easily grown on any good soil. Each vine produces from five to fifteen fruits and one large fruit will make as many pies as half a bushel of apples. The flesh is white, solid throughout and of excellent quality for making pies, sauce, preserves, etc., and it resembles apples in flavor. They keep nice and fresh all Winter, so that they can be used at any time and any surplus you may have can be fed to the live stock. In fact, it would pay to raise them for this purpose alone, as they can be kept and fed fresh all Winter. Pkt. 10c; oz. 12c; 2 oz. 20c; ½ lb. 35c; ½ lb. 60c; lb. $1.25.

COLORADO PRESERVING—Very Productive, Rich Quality—Makes beautiful, nearly transparent preserves of unsurpassed flavor. Superior to the ordinary preserving Citron in quality. Pkt. 7c; oz. 12c; 2 oz. 20c; ½ lb. 35c; ½ lb. 60c; lb. $1.15.

RED SEEDED CITRON—Used exclusively for preserves. Slightly striped, round. Extremely productive, splendid flavor. Flesh white. Pkt. 6c; oz. 12c; 2 oz. 20c; ½ lb. 35c; ½ lb. 60c; lb. $1.00.

GREEN SEEDED CITRON—Flesh white. Makes beautiful preserves of unsurpassed flavor. Pkt. 6c; oz. 12c; 2 oz. 20c; ½ lb. 35c; ½ lb. 60c; lb. $1.10.
Buckbee's Sure Crop Mushrooms

GROWING MUSHROOMS IS NOT DIFFICULT
Get Reliable Spawn. Start Right and the Results Are Certain and Profitable.

We furnish every buyer of Mushroom Spawn with explicit directions for growing. If they are followed, nothing is so certain as big success.

The Mushroom is a delicious, edible fungus. It produces no seed, but instead a white fibrous substance in broken threads called spawn, which is developed and preserved in horse manure and pressed in form of bricks.

No expensive equipment is or ever will be necessary for the propagation. The plain fact is that anyone who starts right can grow Mushrooms successfully. An abandoned outhouse, or waste space in one, a shed, a basement or a cellar can be used for growing Mushrooms and will answer the purpose excellently.

FACTS ABOUT BUCKBEE'S SURE CROP SPAWN

This Spawn is prepared exclusively for us by a specialist in this country who has not only devoted a lifetime to the work, but who is a profound student of the industry. His work has resulted in producing the best and most reliable Spawn in the world. Under our contract it is impossible for the grower to secure any Sure Crop Mushroom Spawn from anyone except Buckbee.

We can safely assure all Mushroom growers, as well as those who have never grown any, but are on the point of trying it, that they will find Sure Crop Spawn to be all that is claimed for it and more. It produces Mushrooms true to type, in much greater abundance, of much earlier maturity and of much larger size than those grown by any other method, and these Mushrooms are in great demand at the very highest market prices.

In order to meet the demand for Sure Crop Spawn, and to provide against deterioration of its producing qualities, our arrangement with the producer is for frequent shipments which, coupled with the care we give it, renders it absolutely certain that our customers will all be furnished with Spawn that is fresh, of quick, vigorous growth and if they handle it properly will bring them big returns.

We have made the price as low as Spawn of such an exceedingly high grade can possibly be sold for.

BUCKBEE'S SURE CROP SPAWN

By mail, postpaid, brick 15c. At buyer's expense: Bricks, 35c; 5 bricks $1.35; 10 bricks $2.50; 25 bricks $3.50; 100 bricks $18.75.

Arthur Young, 954 Superior St., Racine, Wis., writes: "You will note this is my second order for Sure Crop Mushroom Spawn. The first order of Spawn has been planted two weeks yesterday, and the last few days I have picked quite a few."

BUCKBEE'S HIGH GRADE ENGLISH SPAWN

Comes in pressed bricks. Price postpaid, brick 40c. Not prepaaid, brick 25c; 5 bricks $1.05; 25 bricks $3.25.

MUSTARD

NEW LADY FINGER—Seed pods produced in abundance give a consistency and flavor that is unequaled. Quite prolific, producing long, slender pods of the form of a lady's finger. Pkt. 5c; oz. 10c; 2 oz. 15c; ½ lb. 25c; ¼ lb. 40c; lb. 70c.

New Crevol Mustard.
BUCKBEE’S "Full of Life" ONION SEED

BUCKBEE’S MAMMOTH SILVER KING
The King of White Onions—Its Mildness of Flavor and Tenderness are Unsurpassed.

The largest white Onion. Grows to a remarkable size—average diameter is from 5 to 7½ inches. Single bulbs often attain weights of over 4 pounds each. There is no other white Onion which attains such mammoth size. The shape is flattened, but thick through. The skin is of a beautiful silvery white. The flesh is of a snowy white and is of a particularly mild and pleasant flavor. Being a sure cropper, producing immense Onions and enormous crops which bring the highest prices, this variety has been a great money-maker for the grower; but its fine, mild flavor makes it also most desirable for the private gardener. Pkt. 8c; oz. 15c; 2 oz. 45c; ½ lb. 81c.55; ⅔ lb. 83.75.

BUCKBEE'S NEW WAMPUM

This grand new variety has proven, as its name indicates, the MONEY-MAKING ONION. Its color is a beautiful golden yellow, very attractive and striking. It is the most perfect globe-shaped Onion in existence today. The bulbs are firm and solid and excellent keepers. The necks are small and can be cut down to almost nothing. It is an enormous yielder. This variety received medals by the score for superior quality and vouchers by the thousands were sent us from our customers as the most satisfactory strain for large cash returns. Buckbee's Great Pedigree Onion Seed of this variety produces the biggest, finest crops of large Onions obtainable. Our own growth, choicest Northern grown, high-grade, pedigreed stock seed. Pkt. 8c; oz. 35c; 2 oz. 35c; ½ lb. 60c; ⅔ lb. 81.10; 1 lb. 83.50.

BUCKBEE’S NEW SWEET SPANISH
The World-Beater—See Painting from Nature on Front Cover.

The largest, sweetest, best all-round onion ever grown. Light yellow color. Good shipper. Large globe shaped. Color is a light yellow or straw color, the flesh pure white, of fine grain and exceptionally sweet. We have seen seven Sweet Spanish Onions set side by side on a yard stick and reach from end to end. These seven onions weighed over 1½ lbs. Can be used in any way that any other onion can be used, and, once tasted, they will always call for more. Send to H. W. Buckbee for genuine stock seed grown from originator's seed. Pkt. about 500 seeds, 15c; 2 pkts. for 35c; ½ oz. 85c; oz. 1.50; 2 oz. 3.25; ½ lb. 81.75; ⅔ lb. 83.95.

BUCKBEE’S NEW DENIA
Another Wonderful New Onion—See Painting from Nature on Page 33.

Large, productive, sweet, attractive, mild flavored. Pkt. 10c; oz. 35c; 2 oz. 60c; ½ lb. 81.15; ⅔ lb. 83.90; 1 lb. 83.50.

BUCKBEE’S RED GIANT

This magnificent new variety of our own introduction has met with the greatest success everywhere, and is now one of the most popular varieties in existence. The largest Onion of this variety reported to us weighs 5 pounds and measures 6 to 7 inches in diameter. Many of our customers have grown specimens weighing 3 to 4 pounds. In shape, Buckbee’s Red Giant is round and symmetrical. Skin is thin, of a beautiful red hue, the flesh is delightfully pure and white, very fine grained and of pleasing flavor. Our variety has come to the market in the nick of time and is the result of years of patient selection. This is a real giant of the vegetable world. The best stock seed available in the market. Pkt. 5c; oz. 35c; 2 oz. 60c; ½ lb. 81.15; ⅔ lb. 83.75.

BUCKBEE’S PRIZETAKER
Unexcelled Either for Home Use or for Market.

Buckbee’s Genuine Prizetaker Onion has proved itself to be by far the handsomest, most productive and largest of all Yellow Globe Onions which are grown extensively today. Prizetaker is at once the largest and most handsome of all American Onions, and is renowned everywhere. It is grown with great success in all sections of the country, and is one of the few vegetables that attain great size and still retain perfect quality. It grows as easily as any other sort, and can be used for all purposes—the young plants as salad, the half-grown bulbs in early summer, and the perfect mature Onion practically at all times, for it keeps so well that it may be used almost the year round. It is esteemed not only in America, but in foreign countries. Soon after its introduction it was exhibited in London, and in the keenest competition with the products of the most skilful growers, earned an "Award of Merit" from the Royal Horticultural Society of England. Not only does it grow to a large size, but uniformly so. The shape is true globe, broad at the base, tapering sharply at the top. It is so well bred that the top dry down entirely when it ripens, leaving a clean sound bulb, perfect in form, rich in color, and wonderfully solid. The outer skin is rather pale yellow, the flesh pure white throughout. In fact, in whatever way it is prepared, it is unsurpassed. Pkt. 8c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. 81.10; 1 lb. 83.00.
BUCKBEE'S "FULL OF LIFE" ONION SEED

MONEY MAKING ONIONS

Buckbee's Southport Globe Onions

Southport Globe Onions are most attractive in appearance and most economical in use. They command the highest price in the market. These Onions are big croppers and splendid keepers. Harvested in September, they keep perfectly sound and merchantable until the following June. Our strains of these varieties have been carefully bred and are unequaled by those of any other grower in size, beauty, yielding and keeping qualities.

Southport Red Globe

Buckbee's Re-Selected Pedigree Seed.

The celebrated Blood-Red Globe Onion. This variety has for many years proved one of the most profitable for the market and shipping trade, commanding uniformly good prices in carload lots. It is of large size and splendid appearance, and frequently yields from 500 to 700 bushels per acre under average culture. It is an Onion of unusual merit. Flesh is firm, finely grained, very rich, yet unusually mild for a red Onion, and is sure to please the most fastidious. The crop is ready to harvest in early Fall and keeps well until the late Spring months. No one that we have ever known has been disappointed with the results obtained by planting this great Onion.

Our own growth, choicest Northern-grown, high-grade pedigreed stock seed. Pkt. 8c; oz. 20c; 2 oz. 35c; ¼ lb. 65c; ½ lb. $1.15; lb. $2.15.

Southport Yellow Globe

Buckbee's Re-Selected Pedigree Seed.

Entirely distinct from Onions of the Danvers type, having notable and striking characteristics of its own. Exceeds in size, excell in yield, excell in keeping qualities, in richness of flavor. Matures in early Fall. It is sure to satisfy the one who buys a packet or the one who sows 50 pounds or more of seed for carload shipments. A truly grand Onion, whose large, golden-yellow spheres make a beautiful appearance, sacked, crated or barreled for the market.

Our own growth, choicest Northern-grown, high-grade, pedigreed stock seed. Pkt. 8c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. $1.10; $2.00.

Southport White Globe

Buckbee's Re-Selected Pedigree Seed.

Handsomest of all Onions. It is of true globe form, pure white, hard, small necked, ripening regularly and evenly; a splendid keeper. The flesh is firm and fine grained and mild to taste. Average yields 400 to 700 bushels per acre are of frequent occurrence. No market gardener or Onion grower can afford to plant inferior stock, with only cheapness of price to recommend it, when seed like ours is to be had as reasonable, the results of planting a few ounces often paying many times the first cost of the best seed.

Our own growth, choicest Northern-grown, high-grade pedigree stock seed. Pkt. 8c; oz. 25c; 2 oz. 45c; ¼ lb. 80c; ½ lb. $1.15; lb. $2.75.

BUCKBEE'S ROUND OR YELLOW DANVERS

A Magnificent Sort in Every Way. The Earliest Yellow Onion.

Very handsome in appearance. Flat-topped, but thick through, of fine size; in fact, it is ideal in every respect for market and family purposes. Skin is thin, of a rich straw color. Flesh is pearly white, fine grained, firm, mild and of excellent quality. Ripens early, keeps well and sells rapidly.

Our own growth, choicest Northern-grown, high-grade pedigree stock seed. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.10.

BUCKBEE'S SOUTHPORT GLOBE ONIONS.

BUCKBEE'S ROUND OR YELLOW DANVERS.
Buckbee's Pedigree Large Red Wethersfield.

Buckbee's Pedigree Large Red Wethersfield Onion

Our Leading Specialty

One of the chief departments of our seed growing business consists of growing Buckbee's Pedigree Red Wethersfield Onion for seed purposes only. Our stock has reached such a high point of merit that it is a household word everywhere that Buckbee's Pedigree Red Wethersfield Onion Seed is the most reliable and produces more good marketable Onions per acre than any other offered. And from the many thousands of unsolicited testimonials which we have received from all over the country, we have every reason to believe that the time which we personally spend in our onion fields is truly appreciated by our many thousands of customers who stand by us and say: "Buckbee's Seeds are Full of Life!"

There are many strains of this justly celebrated Onion offered, but we venture to say none can surpass Buckbee's Prize Medal Stock of this famous variety. The various strains, good, bad and indifferent that are generally offered to the uninstructed planter, come to maturity all the way from August until as late as October. This unreliability of cropping is very disastrous to most localities.

Buckbee's Pedigree Large Red Wethersfield—Our own growth, choicest, northern grown, high-grade, pedigreed "Full of Life" Stock seed. Pkt. 8c; oz. 15c; 2 oz. 25c; 1/4 lb. 50c; 1/2 lb. 90c; lb. $1.75.

Buckbee's New Golden Globe Danvers

A most perfect type of the globe-shaped Onion and an extra early variety. It has a very small neck, the entire crop drying down at one time. The bulbs are of a beautiful golden yellow color. Trial tests have shown this great variety to yield over 2,000 bushels per acre, while under ordinary cultivation in past seasons several of our customers have reported yields of 1,000 bushels per acre. The bulbs are very hard, solid and are exceptionally good keepers.

Remember, that we control the entire supply of this variety. Our own growth, choicest Northern-grown, high-grade pedigreed stock seed. Pkt. 7c; oz. 25c; 2 oz. 35c; 1/4 lb. 60c; 1/2 lb. $1.10; lb. $1.90.

Buckbee's Selected Yellow Globe Danvers

Standard of Excellence for Home and Market Use.

Buckbee's strain of Yellow Globe Danvers, developed by careful selection and breeding, is pedigreed stock of the highest type far superior to the seed mostly offered by others. This stock produces bulbs of fine symmetrical shape, large size, average specimens weighing from 1 to 2 lbs. each. These bulbs have small necks and ripen evenly. The skin is a light golden brown; the flesh is finely grained, pure white, crisp, mild and of excellent flavor. It is a grand, magnificent keeper and shipper. Frequently produces 30 bushels or more to the acre from seed. About a week earlier, but not quite so large nor so perfectly globe-shaped as Southport Yellow Globe. Our own growth, choicest Northern-grown, high-grade, pedigreed stock seed. Pkt. 8c; oz. 18c; 2 oz. 30c; 1/4 lb. 52c; 1/2 lb. $1.05; lb. $1.35.

THE GREATEST OF ALL RED ONION

The seed which we are offering is of the earliest maturity: grown from hand-sorted bulbs that will produce Onions of immense size; 1½ to 2½-pound Onions from our seed are of frequent occurrence. BUCKBEE'S RED WETHERSFIELD grows with unusual regularity, scallions being unknown. It is a magnificent keeper. An enormous cropper—750 to 1,000 bushels have frequently been raised upon a single acre. The shape is accurately shown in the illustration above. In color the skin is a deep rich, purplish red, while the flesh is of a beautiful white, finely grained and of good flavor. Our customers throughout the country indorse it as the best Red Onion ever grown.

NEVER HAS BEEN KNOWN TO FAIL

We trust no Onion grower who receives our catalogue will fail to try at least a small quantity of BUCKBEE'S RED WETHERSFIELD ONION, for all ought to know how much superior it is to other strains offered. This seed will produce highly-colored, long-keeping Onions, sure to command the highest price in the market. Will yield double the crop that seed from most other dealers will produce.

Buckbee's New Golden Globe Danvers.
BUCKBEE'S PEDIGREED "Full of Life" ONION SEED FLAT VARIETIES

NEW WHITE PORTUGAL OR WHITE SILVERSKIN
The Standard White Onion for Market and Family Use.

Medium sized bulbs of flat shape, which ripen evenly and quite early—about 10 days earlier than Southport White Globe. They are of handsome appearance; have a clear, white skin as beautiful as glistening silver. The flesh is of mild, delicious flavor. For keeping, this is the best of all white varieties.

A gardener who does not care to plant more than one variety should use this one, and everyone should make a liberal sowing of it for continuous use. These Onions make fine bunching of Green Onions and are also grown for the market as large White Onions. They are also much used for pickling and for Onion Sets. Buy your seeds from first hands. Our own growth, choicest Northern-grown, high-grade pedigree stock seed. Pkt. 8c; oz. 25c; 2 oz. 40c; ¼ lb. 70c; ½ lb. $1.30; lb. $2.50.

EXTRA EARLY RED
The Earliest Red Onion in the World.
A favorite early variety of fine shape. Always a good yielder and magnificent keeper. Its beautiful shape and rich purplish crimson color making it extremely attractive and desirable. Medium sized, flat bulbs. Adapted for a great variety of soils and succeeds in wet, cold and mucky land. Very desirable for early market use. Selected stock seed. Pkt. 7c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 85c; lb. $1.60.

AUSTRALIAN BROWN
Long Keeping. Fine Quality.
This sort is distinct from all other Onions. It uniform in size and shape, wonderfully hard, solid and heavy, and will keep almost indefinitely. Ripens extremely early and never makes scallions. It is of medium size, round, with skin of a deep amber-brown; flesh white, mild and agreeable. A sure cropper. Pkt. 5c; oz. 15c; 2 oz. 35c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

SELECTED YELLOW STRASSBURG OR DUTCH
Quite similar to the foregoing, but the bulbs are rather more flattened, of a darker skin, a little larger and mature a few days later. One of the best to grow for sets, and a splendid keeper. High-grade pedigree seed. Pkt. 5c; oz. 15c; 2 oz. 30c; ¼ lb. 35c; ½ lb. 60c; lb. $1.10.

MONEY IN ONIONS IF YOU PLANT THE RIGHT SEED
And that is what you secure if you send direct to headquarters for The Best Onion Seed in the World, namely: H. W. Buckbee, Rockford Seed Farms. Established 1871. ROCKFORD, ILL.

Genuine Bermuda Onion Seed

Bermuda Onions are largely grown in the South and have proved a most profitable crop. They are planted there in the fall and shipped North in May and are the earliest large new Onions in the market. Growers can do equally well with them in the North. They are the quickest growing Onions known. Sown at the same time as Danvers and White Portugal, they will produce full grown bulbs about 3 inches in diameter when the others are only 1 inch in size.

CRYSTAL WHITE WAX—This new variety is a large, pure-white flat Onion. It is the earliest and most popular Onion with the large growers in the South. It produces the mildest and sweetest Onions of them all. It is very fine for slicing, the color being so clear and pure. Our stock seed each year is imported direct from the Canary Islands, where the only True Bermuda Seed is grown. We spare no labor or expense to have our stock “Full of Life” and the best that can be obtained. Pkt. 10c; oz. 45c; 2 oz. 85c; ¼ lb. $1.00.

WHITE OR YELLOW BERMEBA—Bulbs broad and flat in form. The color is not a clear white, but rather a pale straw; flesh crisp, solid and mild, early ripening. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. $1.25.

RED BERMA—Similar in form and early ripening to the Bermuda White, but grow larger in size, ranging from 3 to 4 inches in diameter; very flat and of a light pink color. The flesh is white, slightly suffused with pink; very mild. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. $1.25.

Genuine Bermuda Onions—The Earliest and Mildest Onions in the World.
PICKLING ONIONS

BUCKBEE’S WHITE PICKLING

Nothing Earlier in Onions.

This distinct variety is the very earliest Onion in cultivation. Of a pure paper-white color, very mild and delicate in flavor; from 1 to 1½ inches in diameter and ¼ of an inch in thickness. Its extreme earliness makes it very valuable for early table use as well as bunch Onions for market. Pedigreed stock seed. Pkt. 5¢; oz. 25¢; 2 oz. 40¢; ½ lb. 75¢; 1 lb. $1.30; ½ lb. $2.50.

EXTRA EARLY WHITE QUEEN OR WHITE PEARL

A silver-skinned variety of remarkably quick growth. Small bulbs, flat, of mild flavor. Particularly valuable for pickles. Pkt. 7¢; oz. 25¢; 2 oz. 40¢; ½ lb. 65¢; 1 lb. $1.15; ½ lb. $2.55.

EARLY WHITE WELSH (For Green Onions)

A most desirable green bunch Onion. It does not form bulbs, only scallions or enlargements at the base of each shoot, which are quite attractive and, being extremely early, sell well before Onions grown from sets are brought to the market. We recommend this variety very much and know market gardeners will find it an exceedingly profitable crop. A hardy perennial can remain in the ground for years. Pkt. 8¢; oz. 30¢; 2 oz. 50¢; ½ lb. 90¢; ½ lb. $1.65; lb. $3.00.

BUCKBEE’S “Full of Life” ONION SETS

BUCKBEE’S NEW YELLOW POTATO ONION SETS

This New Improved Potato Onion Set Must Not Be Confused with the Old Style Set, as It Is A Multiplying Variety and Very Desirable.

Of golden yellow color, excellent quality and good keepers. The bulbs produce clusters of small ones as many as twenty from a single bulb. Onions are ripe much before any other variety. Excellent for Green Onions and also for pickling. Postpaid, ½ lb. 25¢; lb. 45¢.

YELLOW MULTIPLIERS OR SHALLOTS SETS

Multiplier Onion Sets multiply by division of the parent bulb. They are very early and productive. You will be pleased with results by planting this variety. Postpaid, ½ lb. 20¢; lb. 35¢.

EGYPTIAN OR PERENNIAL TREE WINTER SETS

This variety never forms a large bulb. Its value lies wholly in its special adaptability to produce green Onions for Spring or Fall uses. It is perfectly hardy, and when once set out will come up year after year. Can be planted either in Spring or Fall. We can supply these sets for shipment from September 1 to the following March. This variety increases by producing sets at the top of the stalk and does not produce seed. Postpaid, ½ lb. 30¢; lb. 35¢.

BOTTOM ONION SETS

Bottom Onion Sets produce an Onion ready for market or the household from 4 to 6 weeks earlier than can be done by sowing the seed, and the product of the set is identical with that of the seed. This gives the market gardener ample time to sell his entire crop at the early high prices and permits the selling of another crop on the same land the same year. Every private garden should contain a sowing of sets.

Postpaid, ½ lb. 20¢.

BUCKBEE’S White Pickling Onions.

Buckbee’s New Improved Yellow Potato Onion Sets.

Buckbee’s Extra Select Bottom Onion Sets.

IMPORTANT NOTICE

Onion sets are very scarce this year. There will not be enough to go around, so we advise early orders.

For Prices on Onion Sets in Bulk, SEE ORDER SHEET.
PARSNIPS

The value of the Parsnip as a table vegetable is well known but is not generally appreciated at its full value for stock feeding. On favorable soil it yields an immense crop of roots, more nutritious than turnips and very valuable for dairy stock. Parsnips are usually grown on deep, rich, sandy soil, but will make good roots on any soil which is deep, mellow and moderately rich. Fresh manure is apt to make the roots coarse and ill shaped. As the seed is sometimes slow and uneven in growth, it should be sown as early as possible in drills 2½ feet apart; cover ½ inch deep and press the soil firmly over the seed. Give frequent cultivation and thin the plants to 6 inches apart in the row.

BUCKEE’S NEW SUGAR

Parsnips are one of the few Winter vegetables. The roots are hardy and are improved in flavor by the action of the frost. Where the climate is mild the crop can be left in the ground over Winter and dug as needed. They yield immense crops and the roots are very rich in saccharine food.

After repeated trials at Rockford Seed Farms we have no hesitancy in offering Buckee’s New Sugar as the best Parsnip grown. Roots fine size, of good diameter, enabling them to be easily gathered; are exceedingly smooth; the flesh fine grained and of the most excellent quality. A magnificent cropper, yielding as high as 750 bushels per acre under good cultivation. You will not be disappointed by planting BUCKEE’S NEW SUGAR PARSNIP.

Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. $1.50.

BUCKEE’S BEAUTY

A distinct and handsome variety of quick, robust growth forming compact, ornamental plants, densely furnished with strong-stemmed graceful leaves, finely cut, most beautifully curled, and of that brilliant emerald green color so highly attractive when used for garnishing. The flavor of the leaves is also unusually rich and aromatic, rendering this variety of special value where used for flavoring, in sauces, dressing, etc., either when fresh or dried.

Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. $1.50.

NEW MOSS CURLED—Invaluable as a garnishing plant and suited for mixing with dwarf, ornamental foliage plants in the garden. This is a vigorous, compact growing variety, excellent for garnishing and flavoring, and a handsome decorative plant. The leaves are very finely cut and so closely curled or curled as to resemble bunches of moss. Owing to its uniformly fine deep green color and very attractive foliage, this is one of the most popular sorts for both market and home garden.

Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.00.

PLAIN—Leaves flat and deeply cut but not curled. Unsuitable for flavoring soups and stews.

Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

HAMBURG TURNIP ROOTED—The edible portion of this variety is the fleshy root which resembles a small parsnip and has a flavor similar to rutabaga. It is extensively used for flavoring soups and stews. Large pkt. 6c; oz. 10c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 55c; lb. $1.00.

Buckee’s Beauty Parsley.
PEANUTS

Peanuts have always been an important farm crop in this country; millions of acres have been planted with them in the southern states, but now that their great value for producing oil and oil-cake is being better realized, a much larger acreage will be grown with them. Last year about a hundred million bushels of Peanuts have been grown up by oil mills for oil and oil-cake, while a few years ago none had been used. A ton of Peanuts in pods produces 80 gallons of sweet oil and also 750 pounds of feeding cake. This oil and cake are superior to that from cotton seed. Peanut oil is fully equal to olive oil and Peanut meal makes a better hog-dish. The Peanut Family contain a larger percentage of oil than the other legumes and are wanted by the oil mills who now pay a higher price for a bushel of them than for cotton seed. In the South, especially on a sandy land, Peanuts will supplant cotton as a money crop, being more profitable. The cultivation of this crop is also every year extending farther north, and on suitable soil in the northern states Peanuts will make a profitable crop for stock feed where Indian Corn thrives and with a season of only four months free from frost. Plant in rows 2½ to 3 feet apart and 6 to 8 inches apart in the rows. The Seed Peanuts are planted either shelled or in pods, using ½ peck of shelled or 2 bushels in pods per acre. The pods may also be broken in 2 parts, soaked in water and then planted at once. The other varieties are mostly planted shelled at the rate of ½ bushel per acre. Planting must not be done until the weather is warm. Cultivate until they begin to form pods. When they mature pull them up, turning the roots to the sun. In bright weather they will be cured in 24 hours. They must be pulled before frost.

NEW MAMMOTH VIRGINIA

This Mammoth Virginia Peanut is more profitable and desirable than the common spreading kind, because more productive, earlier, yields fewer imperfect pods and is more easily cultivated and harvested. Plant 1 inch apart in erect stems and upright foliage. The vines make valuable forage for stock. Will ripen even as far north as Canada. Hundreds of our young friends reported a wonderful crop the past season. The standard variety for roasting. Postpaid, choice seed, pkt. 7¢; ½ lb. 15¢; ¼ lb. 25¢; lb. 40¢.

NEW EARLY LONG POD BUSH

Originated by one of the best Peanut growers in the South and is certainly a distinct improvement in appearance over any Southern variety now in use. Will do well on most all kinds of soil, and fill out better than any other large variety. Can be pulled up with the vine same as the old Spanish Peanuts. The distinct long pods grow close and are well filled, containing 3 to 4 nuts to each pod. Very productive and of a mild, sweet flavor. Well adapted for stock feeding. Postpaid, pkt. 10¢; ½ lb. 15¢; ¼ lb. 25¢; lb. 45¢.

SPANISH PEANUT

The earliest variety grown; maturing in about 100 days; in some parts of the South two crops are raised in a year. Plants upright, with abundant and heavy foliage; the pods cluster at their base. Pods are small but well filled with nuts of sweeter and finer flavor than the larger sorts. The yield is on an average from 50 to 60 bushels of nuts and a ton of hay per acre, but frequently 100 bushels of nuts have been harvested. Can be cultivated with the plow. Because of its earliness, easy cultivation and great productiveness it is the best variety for farm use, for fattening hogs and other stock. In harvesting, the nuts hang to the vine and tops and nuts are fed together as a complete hay and grain ration. This variety has also a commercial value over that for feeding; it is the kind mostly used for Peanut candy and salted Peanuts and is also the best for oil, containing 10 per cent more oil than the other. Pkt. 7¢; ¼ lb. 15¢; ½ lb. 22¢; lb. 35¢, postpaid.

A Single Plant—New Mammoth Virginia Peanuts.

NEW DIXIE GIANT

The Jumbo of the Peanut family; owing to its extremely large size and handsome appearance is very desirable in every market, always bringing fancy prices. Plants grow about 18 inches high, with heavy, erect stalks and large leaves. Fruits near the tap root. Can be planted close together, thus producing a large yield, and are more easily cultivated than the running varieties. The pods fill out well, forming few, if any, pops. Should yield a gallon of nuts to one kernel planted. Postpaid, pkt. 10¢; ½ lb. 18¢; ¼ lb. 30¢; lb. 50¢.

New Early Long Pod Bush Peanut.

New Dixie Giant Peanuts.
Buckbee’s “Full of Life” Peas

CHOICEST EXTRA EARLY
ROUND, SMOOTH SORTS

Buckbee’s Lightning Express Peas.

**Buckbee’s Lightning Express**

Earliest Pea in the World—Ready for Picking in 40 Days.

They are much harder, more productive and withstand greater changes in the weather than any other variety. They are not only the largest podded white seeded early, but they are ENTIRELY FREE FROM RUNNERS and the entire crop can be taken off in one or two pickings.

Where earliness, productiveness, uniformity of ripening, large-sized pods and sweetness of flavor are desired, this is the variety to grow. It may be truly called THE BLOODED STOCK OF ALL finest early Peas, and stands at the head for the above fine qualities. In favorable season ready for the market in 40 days. The entire crops can be taken off in one or two pickings. To the market gardener earliness is of the greatest importance, as even a few days make a great difference in price, often a depreciation of from $2.00 to $5.00 per barrel. The inexperienced find this out when too late. Therefore, the earliest is what is required, and BUCKBEE’S LIGHTNING EXPRESS IS THAT VARIETY. SOW THEM. YOU WILL MAKE NO MISTAKE.

Please observe that the true stock of BUCKBEE’S LIGHTNING EXPRESS can be had through our house only. Postpaid, pkt. 10c; ½ lb. 25c; 1 lb. 50c.

**Buckbee’s Selected First and Best**

Vines vigorous and hardy, 2 to 2½ feet high, unbranched, bearing 7 or 8 straight pods having 5 to 7 medium-sized smooth Peas of good quality. A very early and very even strain of White Extra Early Peas, surpassed in productiveness and earliness only by Buckbee’s Lightning Express. Postpaid, pkt. 8c; ½ lb. 21c; 1 lb. 35c.

**Earliest of All or Alaska**

Vines 2 to 2½ feet high are unbranched, bearing 4 to 7 long pods, which are filled with mediumsized dark green or bluish green Peas of excellent flavor. Ripens the crop all at once and is an invaluable variety for market gardeners and canners. Buckbee’s “Full of Life” Podigreed Stock. Postpaid, pkt. 8c; ½ lb. 26c; 1 lb. 50c.

**Buckbee’s Extra Early Tom Thumb**

Extremely early: dwarf vines 9 inches high, completely covered with medium sized pods well filled with smooth white Peas of fine flavor. Postpaid, pkt. 10c; ½ lb. 35c; 1 lb. 50c.

**Bountiful or Ameer**

A grand Mammoth Poddled Extra Early Pea and a Splendid Market Gardener Sort. The largest podded of all green seeded Extra Early Peas. It is also one of the sweetest and finest flavored of the green round seeded varieties. Grows about 8 inches high and crop can be gathered in one or two pickings. Postpaid, pkt. 8c; ½ lb. 31c; 1 lb. 58c.
BUCKBEE'S "FULL OF LIFE" PEAS
CHOICEST, EXTRA EARLY, SWEET, WRINKLED VARIETIES

BUCKBEE'S NEW EXTRA EARLY HONEY SWEET
The Earliest Wrinkled Sweet-Flavored Pea in Existence.
Ready for Picking in Forty Days.
A wonderfully luxuriant grower and a splendid drought resister. The vines attain a height of 24 inches, do not require sticking. Productively, the pods are from 2½ to 3 inches long, nearly round, and are always well filled. Honey Sweet has made a splendid record for both quality and quantity on the market. It is as early as Alaska, but far superior to it in quality and yield. Postpaid, pkt. 10c; ½ lb. 25c; lb. 45c.

GIAN LAXONIAN OR BLUE BANTAM
Very Early—Extra Large Poded—Heavy Yielder—Sweet Flavored.
A giant poded, dwarf, extra early pea. The most valuable Pea introduced in many years. This handsome new wrinkled Pea is the largest poded of all the dwarf early Peas. It grows only 16 to 18 inches high and requires no support, and has the same large pods as Gradus, even a few days earlier in season and of little darker green color. The Peas are almost double the size of any other early dwarf Pea, are wrinkled, of bluish-green color, and have the true rich narrow flavor, tenderness and quality of the best ma crop varie-
ties. Its great earliness, the very large size and dark green color of the pods commends this variety particularly for market gardeners' use, while the unsurpassed quality makes it especially desirable for the table. Postpaid, pkt. 10c; ½ lb. 30c; lb. 50c.

THOMAS LAXTON
Extra Early Large Poded Sweet Wrinkled Pea.
The rival to the famous Gradus—as a long-poded, extremely early wrinkled Pea. The growth is identical but the pods are deeper, richer green, square at the end and contain more Peas. In the opinion of some experts, Thomas Laxton is even sweeter and finer in flavor, while as the large Peas are of a deeper green, they present a more attractive appearance on the table. The crop ripens 3 to 4 days after Gradus. A splendid market gardener sort, but especially recommended for the home garden. Postpaid, pkt. 10c; ½ lb. 32c; lb. 42c.

NEW EARLY GRADUS OR PROSPERITY
The Earliest, Largest Poded Wrinkled Pea.
This popular Pea matures only two or three days later than the small-poded, roundseeded Extra Earlies, but has pods as large as those of the Telephone Pea, and is fully equal to it in quality. Gradus is probably the most popular of all the extra early wrinkled Peas. It has taken the place of the smooth early Peas to a great extent. It grows from 2 to 3½ feet high, requiring no sticks or brush, but sticks may be used if preferred. The vines are of pale green color and bear in great profusion from top to bottom immense round, dark green pods, 4½ to 5 inches long, well filled with from 5 to 10 or more Peas of delicious quality as large and as rich in flavor as the Telephone Peas, and these Peas can be had only a few days later than the small extra early Peas. These Peas retain their color and attractive appearance after cooking. Gradus is adapted to all purposes of the market gardener and does equally well in the home garden. Postpaid, pkt. 10c; ½ lb. 24c; lb. 40c.
BUCKBEE’s “Full of Life” PEAS
CHOICEST EXTRA EARLY SWEET WRINKLED VARIETIES — Continued

LITTLE MARVEL
A New Dwarf Extra Early Pea of Unusual Value, in Enormous Demand Among Market Gardeners.

We are sure that as soon as a gardener becomes acquainted with this variety he will quit growing the old varieties like American Wonder, Little Gem, etc.

In season this new sort ripens with the American Wonder, while the pods, usually borne in pairs, are more numerous, larger and contain one or two more Peas. Its two striking features are: The beautiful dark green color of the pods and its great keeping qualities, when ready for the table staying in excellent condition for a week longer than “Nott’s” or “Wonders.” Little Marvel is an extraordinary cropper, and although the pods are only of medium size, it is fully as productive as most larger podded kinds. Vines 15 inches high; pods in pairs 2½ to 3 inches long, square at bottom, jumbled with 6 to 8 quite large, deep green, wrinkled Peas, which are of luscious, sugary flavor. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

POTLATCH OR BIG DINNER

The Best Main Crop Variety of Large Podded Dwarf Peas.

Potlatch is Chinook Indian for Big Dinner. The vines are sturdy and vigorous, growing about 20 inches high, with coarse and unusually dark green foliage which can be distinguished from that of other peas a quarter of a mile away. The pods, which are borne in pairs, are long, often measuring 6 inches or more. They are broad, pointed, rich dark green in color and in size and fullness fully equal to those of the Tall Telephone Pea. They contain 9 to 11 Peas, which are very large and in sweet-nes and flavor rank with the finest. Potlatch is a wonder of productiveness and the way the Peas shell out is astonishing. On account of its large, beautiful pods and enormous productiveness, it is a great favorite with market gardeners, and owing to delicious quality one of the best for the table. Potlatch is a second early, dwarf, very large podded Pea; it has become the leading and most popular variety of its class. Postpaid, pkt. 10c; ½ lb. 30c; lb. 45c.

SUTTON’S EXCELSIOR

As early as the Nott’s Excelsior, but much more productive, with larger and broader pods. It grows about 10 to 15 inches high, and is an exceedingly heavy bearer. The pods are 4½ inches long, very broad, square at the end, and are packed with 6 to 8 immense wrinkled Peas. It is one of the sweetest Peas grown, and is unsurpassed in delicious, melting quality, and superb, rich flavor. The vines and pods are of a light green color. Now often grown for the market in place of Gradus, which matures at the same time. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

McLEAN’S IMPROVED LITTLE GEM
Vines 18 inches high, covered with long pods, well filled with sweet, tender Peas. Postpaid, pkt. 8c; ½ lb. 21c; lb. 37c.

NOTT’S EXCELSIOR
Vines larger, more productive, but a few days later than American Wonder, earlier and more prolific than Little Gem. Unsurpassed in sweetness and quality. Height, 12 to 15 inches. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

TRUE AMERICAN WONDER
Dwarf-wrinkled Pea, esteemed for earliness, productiveness, quality. Strong and robust, about 10 inches high, and produces medium large pods which contain 5 to 6 wrinkled Peas of very sweet flavor. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.
BUCKBEE'S "FULL OF LIFE" PEAS
Second Early and Main Crop. Sweet, Wrinkled Varieties

NEW DAISY OR DWARF TELEPHONE
Dwarf Vines; Large Green Pods.
The vines, though growing only about 18 inches in height, are very thick, stout and bear a big crop of large, well-filled pods. The pods average 5 to 6 inches in length, containing 7 to 9 large Peas of a light green color which are tender and sweet. Compared with the tall Carter's Telephone in size, shape and color of pods and exquisite flavor, the two varieties are alike, but the Daisy being dwarf can be grown without support and the rows of it can be made closer together and furthermore it is about ten days earlier than the tall sort. Postpaid, pkt. 10c; ½ lb. 25c; lb. 45c.

IMPROVED STRATAGEM
High Grade Standard Dwarf Late Pea.
One of the best of the large-podded sorts. The pods are of immense size and uniformly filled with very large dark green Peas of the finest quality. The vines grow 15 to 16 inches in height. About 6 to days later than the Daisy. It is vastly superior to the stocks now generally sold as Stratagem. Vines require no support. Postpaid, pkt. 10c; ½ lb. 25c; lb. 40c.

CARTER'S TELEPHONE
Selected Stock
A Standard Large Padded Main Crop Variety in Every Market.
The Telephone has become the leading Pea with market gardeners whose trade appreciates fine appearance and high quality. Vines vigorous, growing about 4 feet high, producing an abundance of very large pods filled with immense Peas, which are tender, sweet and of excellent flavor. Foliage and pods are of light, bright green color. Postpaid, pkt. 10c; ½ lb. 25c; lb. 40c.

ALDERMAN OR IMPROVED TELEPHONE
Thoroughbred Main Crop Sweet Wrinkled Peas.
This comparatively new Pea is, in many respects, the best early main crop variety of the valuable Telephone type. The vines grow nearly 5 feet high, are dark green, vigorous and exceedingly productive. Pods are very large, long, dark green. They appear a little later than those of Carter's Telephone, but are larger, often measuring 6 inches and over. The Peas are of the largest size and of unsurpassed quality. Market gardeners are demanding the large potted, dark-colored sorts, which retain their fine appearance even after shipping a long distance. The Alderman answers these requirements and furthermore is the most productive variety of this class. We recommend it unreservedly as one of the finest and most desirable for the home as well as for the market gardener. Postpaid, pkt. 10c; ½ lb. 24c; lb. 44c.

PRINCE EDWARD OR PRODIGIOUS
The Giant of the Pea Family. Unrivalled in Quality and Productiveness.
This is an English strain of the Telephone type, selected and bred from the Alderman, which also belongs to that type, especially for size of the pods. Prince Edward is considered by all who have tried it the most profitable variety to grow for the trucker, and where it is known there is an enormous demand for it. This is the largest garden Pea we grow. It is the giant of the Pea family and is unsurpassed for exhibition purposes. In England, where it has been exhibited in the last few years at the leading shows, it has always taken the first prize. The vines grow about 6 feet in height, are of vigorous and robust habit and have dark green foliage and pods. The pods are produced in pairs and in great profusion. They attain the extraordinary length of 7 inches and upwards and are closely packed with 11 to 13 large, dark green Peas of delicious quality. Postpaid, pkt. 10c; ½ lb. 23c; lb. 45c.
BUCKBEE'S "FULL OF LIFE" PEAS

Second Early and Main Crop; Sweet, Wrinkled Sorts—Continued

BUCKBEE'S NEW EVERBEARING

The Great Continuous Everbearing Variety.

Vine stout, about two and one-half feet high, bearing at the top sixty to ten broad pods. If these are picked as they mature and the season and soil are favorable, the plant will throw out branches bearing pods which will mature in succession, thus prolonging the season. The Peas are very large and wrinkled, cook very quickly, and tender, of superior flavor and preferred by many to any other sort. Postpaid, pkt. 10c; 1/2 lb. 34c; lb. 44c.

IMPROVED CHAMPION OF ENGLAND

The Standard Sweet Flavored Late Wrinkled Pea.

Very productive and universally admitted to be one of the richest and best flavored Peas. Height four to five feet; seed light green and much shriveled. Very inferior and mixed stocks of this sort are frequently offered, but when the seed is as well grown and selected as that we offer, we consider the variety equal in quality to any in cultivation and one of the best of its season, either for the amateur or market gardener. This is the latest pea we grow; it is about a week later than Telephone. Postpaid, pkt. 8c; 1/2 lb. 21c; lb. 38c.

HORSFORDS MARKET GARDEN

Reliable Home Garden and Canning Pea.

A first-class wrinkled Pea; medium late. Height 2 to 3 feet. It is a profitable sort for market gardeners, equally good for the home table and also much used by canners. Medium-sized pods, enormously productive. Postpaid, pkt. 8c; 1/2 lb. 20c; lb. 35c.

GRANT'S FAVORITE

The Ideal Home Garden Pea.

This fine variety of our own introduction is unquestionably the sweetest late Pea ever offered, coming into use just after the early varieties are through bearing. Luxuriant grower, from 3 to 4 feet high. The pods are of good size, and always well filled with exceptionally sweet and highly flavored Peas. It is nearly an upright grower, but will do better if staked or planted along a fence. Postpaid, pkt. 10c; 1/2 lb. 22c; lb. 40c.

Buckbee's New Vigorosa

THE MOST MAGNIFICENT OF ALL NEW PRODUCTIONS

Nothing like it for a second early Pea has ever been produced. It requires no support. There is no Pea more prolific. It is a leader in the market and in demand among epicures. To try it is to surely succeed.

This grand, exceptionally good, new Pea is beyond all reasonable doubt by long odds the very best Second Early variety that has ever been introduced. The extended history of Pea culture gives us no example of a production anything near the equal of Vigorosa. It is ABSOLUTELY UNPARALLELED.

No bushing at all is required. The vines grow to be but 29 inches tall and are so stout that they bear immense crops without falling. As an enormous yielder the New Vigorosa ranks first and has no close rival. When it comes to quality—well, that is one of its many strong points. No one who knows the merits of real Peas could possibly find fault with it. It pleases Critical Judges, which means it is all that we claim for it. Those of our customers who have tried it say it is better than we represent it to be. Postpaid, pkt. 10c; 1/2 lb. 29c; lb. 42c.
BUCKBEE’S “FULL OF LIFE” PEAS
THE CREAM OF THE BEST LATE VARIETIES
THE ACKNOWLEDGED WORLD BEATERS

MELTING SUGAR PEA Edible Pods
An excellent edible podded Pea with large sized pods, of delicious quality. This class of Pea is used in the same way as the Snap or String Beans, not being shelled, but the pod and peas all being eaten; they are picked when the peas in the pods have reached about half their full size. Pods are very large, sweet, smooth, extremely tender, so brittle that they snap, absolutely without any string and of the most delicious flavor. Vines are tall, about five feet high, and do better if supported. Postpaid, pkt. 10c; ½ lb. 22½; lb. 40c.

BUCKBEE’S MAMMOTH LUSCIOUS SUGAR
The Finest Edible Podded Pea.
These Peas are not shelled, but are eaten like snap beans; the pods are stringless and are unexcelled in flavor, brittleness and sweetness. They may be served with butter or white sauce, and can be made ready in 10 to 15 minutes; they are good when quite old. Excellent also for pickles.
The vines grow medium tall, require support; the pods are 6 to 7 inches long and 1½ inches broad and are produced continuously for a long period in the greatest abundance. Postpaid, pkt. 10c; ½ lb. 25c; lb. 45c.

PIONEER—GIANT PODDED DWARF
Peas fit to pick in about sixty days, pods about 4 inches long, curved, rich dark green color, well filled with medium size, green, wrinkled peas, which are very sweet and tender. These are the qualities which recommend this Pea to everyone who has a garden; height 36 inches. Postpaid, pkt. 6c; ½ lb. 21c; lb. 38c.

LARGE WHITE MARROWFAT
Cultivated extensively for the Summer crop. About 6 feet high, of strong growth. Pods about 3 inches long, filled with large, round, creamy, yellow Peas. Energetic croppers. Postpaid, pkt. 8c; ½ lb. 19c; lb. 32c.

BUCKBEE’S MAMMOTH-PODDED SUGAR MARROWFAT
The Largest Podded, Most Productive and Best Flavored of the Marrowfat Peas; a Good Variety for Late Crop.
Here is an excellent Pea for the home gardener—and a profitable shipping variety for the professional Pea Growers. Extremely prolific, outyielding any known sort. Pods are 4 or 5 inches long, completely filled with large peas of good flavor. Vines grow about 4 feet high; should be bushed for best results, although good results are obtained without. The productiveness of this variety, in large pods as well as heavy crop, is a distinctive feature of special interest, and importance. Uniformity in type, large pods, and the fine, cool looking, rich, green color of the pods, giving them the highest marketable value in appearance, which is retained several days longer than pods of lighter color could be, are all points for the market gardener to figure on. We have harvested a fine crop of the choicest seed of Buckbee’s Mammoth Podded Sugar Marrowfat Peas the past season and the price is within reach of all. Postpaid, pkt. 10c; ½ lb. 25c; lb. 40c.
BUCKBEE'S "FULL OF LIFE" POTATOES
PEDIGREE STOCK, GROWN EXPRESSLY FOR SEED IN THE FAMOUS RED RIVER VALLEY OF THE NORTH.

No Seed Potatoes can be compared with those produced in the North, either for vigor and freedom from disease, or for producing and long-keeping qualities. Furthermore, our stock have produced a large number of market-sized tubers, and it will easily yield a hundred bushels more per acre than common stock.

Remember, no matter what fertilizer, cultivation, protection against disease and insects you give the crop, the fact remains that the yield is dependent very largely on the seed you plant.

DATE OF SHIPMENT—Potatoes will be shipped at any date ordered, at purchaser's risk, but where no special instructions are given to the contrary, we will hold same until in our judgment there will be a minimum danger from freezing. Of the many varieties that claim public favor, we have selected the best in cultivation.

BUCKBEE'S EXTRA EARLY ROCKFORD
Truly a wonderful Potato. Handsome, blight-proof variety, very heavy yielder. The medium sized, uniform Potatoes grow very closely together in the hill, making this variety easy to harvest. Cooking quality the best. A new Extra Early Variety of great promise. Makes an extremely quick growth and, considering its extra earliness, is a wonderfully heavy yielder. Is of very handsome appearance, with pinkish tinged skin and white flesh. Of delightful flavor. Price, postpaid, 3 lbs. 75c.

I got 3 pounds of Irish Cobbler Potatoes from you last Spring, cut them one eye to the piece, planted in rows in heavy black gumbo ground. Dug 125 pounds, only 3 pounds of them too small for table use, a few weighed 1 pound each, many at ½ pound each. Have cooked some of the large ones and found them sound and very meaty, etc. Think it a fine yield, how is it?

F. E. DE CELLE, Sioux City, Iowa.

IMPROVED EXTRA EARLY OHIO
It is fully two weeks ahead of the Early Rose, and is a general favorite with Potato growers and market men alike, and the most profitable Potato they can possibly grow. Maturing early, it brings the highest prices. The tubers grow compact in the hill, are easily dug, with very few small ones—nearly every Potato is of marketable size; has few eyes which are even with the surface. Our Improved Extra Early Ohio is very fine, pure stock and uniform in shape. Price, postpaid, 3 lbs. 50c.

I have raised Potatoes from your Seed. They were large as goose eggs the first year. I am proud of them. I have had several men come and look at them; they don't believe they came from Seed. I have taken great pleasure in watching them grow. They are a great wonder to all.

IRISH COBBLER
Sometimes called Early Eurekas. A most excellent extra early variety, maturing good sized tubers seven weeks from time of planting. It has also the remarkable characteristic of producing nearly all tubers of large size. The vines make short, upright growth, allowing close planting. The tubers are of round shape with few shallow eyes. The flesh is pure white, with a clean, smooth skin, and in quality they are excellent, always cooking dry and mealy. They are splendid keepers and, taking it all in all, are one of the most reliable and satisfactory early sorts, excelling in productivity many of the late varieties. Specially suited to dry climates on account of its deep roots and by far the best white Potato for the South. In a comparative test of sixty-seven varieties, reds and whites, made at the Station at Fayetteville, Ark., the Irish Cobbler gave the best yield of all, which was 198.49 bushels per acre. Chosen Pedigreed Stock Seed. Price, postpaid, 3 lbs. 60c.

BLISS RED TRIUMPH
The standard extra early Potato much planted in the South. The tubers are nearly round, are smooth, medium in size, reddish pink in color. Vines are small and compact, with short, thick stalks and broad leaves. This is one of the hardest varieties known, and is not susceptible to rot, scab and other diseases in fact, it can be grown on the most heavily manured land without danger of rot. Price, postpaid, 3 lbs. 65c.

PURE EARLY ROSE
The good old favorite, which continues in great popularity. A prolific yielder, sure cropper and popular market Potato. The seed we offer is the purest and best on the market. Price, postpaid, 3 lbs. 50c.

EARLY SIX WEEKS
A fine Potato of the Ohio type and as early as that variety. It is in demand everywhere. As soon improved we consider it one of the best extra early market varieties grown. As table Potatoes they are not excelled. Price, postpaid, 3 lbs. 55c.
BUCKEBEE’S IMPROVED GREEN MOUNTAIN POTATOES

Green Mountain is fast becoming the most popular late variety all over the country. In fact, in many sections it has now superseded all other late varieties, being the best cropper of them all and often yielding, especially on light soils, one-third more than the older late sorts; it is medium late, earlier than most main crop varieties. It thrives in all soils and all localities. On good soils the potatoes are usually of good size, and free from small tubers. This is a strong and vigorous grower with an abundance of bushy vines with light green leaves. The tubers are large, smooth, of oblong to roundish form, somewhat flattened. The skin is of a yellowish or slightly russet tint, is finely netted, indicating fine quality. Eyes are few and of medium size and well distributed. The flesh is white, solid, fine textured, cooks white, dry and mealy and has a very fine flavor. It retains its fine eating qualities all through Winter. Buckbee’s Improved Green Mountain is selected stock, very pure and a heavier cropper than stock commonly sold, and is entirely free from all diseases, scab, etc. Price, postpaid, 3 lbs. 70c.

CARMAN N. 3

The Carmans are one of the greatest yielding Potatoes ever introduced. The tubers are borne very close to the plant, a single turn of the fork turning out every Potato. It is of a large size and of the shapeliest form. Eyes are few and shallow. It is a perfect keeper and is not surpassed as a table variety. Skin and flesh of extreme whiteness. It has no hollow heart or any dark parts. We recommend this Potato to our customers as being unquestionably one of the best of all late sorts. Price, postpaid, 3 lbs. 50c.

SIR WALTER RALEIGH

A white-skin, main crop Potato much resembling Rural New Yorker No. 2, of which it is a seedling. It is decidedly better than its parents; the tubers being quite uniform in size, with but few small ones among them. It is from four to six days later than the parent stock. The color is the same, the skin and flesh being white. It is fine grained. Price, postpaid, 3 lbs. 50c.

BURLINGTON

Continues in good demand and is one of the most largely used kinds. It ripens medium late, is of good size, of fine oblong form and an excellent yielder. The flesh is white, very mealy and of fine flavor and quality. The best Potato for baking. This variety is well adapted for heavy soils and is a long keeper. Price, postpaid, 3 lbs. 50c.

RURAL NEW YORKER No. 2

One of the latest yielding varieties in existence. Large, of oval form and rather flat, with few and shallow eyes; the smoothest and cleanest potato grown; skin white, as is also the flesh, which is of best quality; it comes dry and floury. Medium late and best drought resister. Although it is a large yielder, it grows but few and small vines. It is hardy and will stand the heaviest manuring without getting scabby or spotted. Under ordinary circumstances they will yield from 300 to 400 bushels per acre, but by heavy manuring this yield can be doubled. Price, postpaid, 3 lbs. 50c.

WE GUARANTEE SAFE ARRIVAL IN GOOD CONDITION FOR PLANTING.

Every farmer knows the heavy expense in sending whole Potatoes long distances by Express or Freight, the charges often costing more than the Potatoes. Then, too, if shipped during the Winter and early Spring they usually freeze, and if not sent until this danger is past, they oftentimes arrive too late for planting. The Eyes as put up by us, will keep 60 to 90 days in good condition for growing; as if freshly cut from the Potato, and will produce just as good a crop as if the whole Potato was planted; hence every one who has a garden can order at any time during the Winter or early Spring (no matter how far away) and test the new and choicest varieties of New Potatoes we offer, at trilling cost and Save Express or Freight Charges, as we guarantee safe arrival to any post-office in the United States. All orders for the South can be sent at any time during the Winter with perfect safety. Orders for the North and West will be booked when received, and sent when Spring opens or planting time arrives.

Plant eyes 3 to 4 inches apart in the rows; sixty eyes should produce 2 to 3 bushels.

PRICES OF POTATO EYES OF ANY VARIETY WE OFFER BY MAIL PREPAID: 100 Eyes $1.00; 200 Eyes $1.50; 500 Eyes $3.00; 1,000 Eyes $6.00. Positively no less than 100 Eyes of any variety will be put up.

New Hybridized Potato Seed from the Flower Ball: Headquarters Stock

Growing new and distinct Potatoes from the Seed-Ball-Seed is intensely interesting and fascinating. They will produce innumerable kinds, colors, shapes, sizes, forms and qualities. Some may be of immense value. This incomparable mixture contains choice selections for the United States, Italy, Chile, Switzerland, South America, France, Africa, Mexico and Europe. New creations of merit bring rich returns and your fortune may be in one of these. POTATO SEED, Postpaid, Pkt. 15c; 2 Pkts. for 25c.

Potato Seed Balls. (One-Fourth Life Size.)
### Buckbee’s “Full of Life” Pumpkins

#### Buckbee’s True Sugar Pie

The Gem of Pie Pumpkins.

One of the very earliest and very best Pumpkins. The fruits are small, round, with orange-colored skin and flesh. Remarkably prolific and an excellent keeper. The flesh is thick, fine-grained, dry, sweet, sugary, and of the finest quality for pies. It cannot be beat for table use. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.45.

#### Buckbee’s King of the Mammoths

Wonderfully grand and colossal variety, astonishing everyone by its mammoth size and heavy weight. Think of it—a single Pumpkin weighing 469 pounds! Many of our customers saw this specimen on exhibition at the World’s Fair. King of Mammoths is always a prize winner at fairs and exhibitions. Notwithstanding its enormous size, it is one of the best pie and table varieties grown. A splendid keeper, and exceptionally valuable for feeding purposes. We control the complete stock of this variety, and send to Buckbee for true stock seed. We do not save seed from specimens weighing less than 200 pounds. Pkt. 10c; oz. 25c; ¼ lb. 60c; ½ lb. $1.10; lb. $1.55.

#### Golden Oblong

Hardy and Productive.

Very hardy and productive; pumpkins fifteen to twenty inches in length and eight to ten inches in diameter. Skin of a rich golden orange, thin but tough, making it almost as good a keeper for Winter as the hard shell squashes. Flesh is light golden yellow of very rich, fine quality. Pkt. 10c; oz. 25c; ¼ lb. 60c; ½ lb. 75c; lb. $1.25, postpaid.

#### Cushaw or Crookneck

Solid—Meaty—Fine Quality.

Creamy-white skin. Flesh yellow, solid and sweet. Popular for the table. Pkt. 7c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.55.

#### Western Field

Sometimes Called Big Tom or Connecticut Field.

One of the best varieties for field purposes, particularly desirable for stock feeding. Grows to a fine size. Color rich yellow, flesh fine-grained, of good flavor. Postpaid, oz. 8c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 75c. By express or freight at buyer’s expense, 5 lbs. $3.25; 10 lbs. $6.00.

#### Buckbee’s Pure Gold

Unstransferred for All Purposes.

Acknowledged by all the best farms to grow the most delicious Pumpkin pies. Deep, rich, creamy yellow color; flesh fine-grained and of excellent flavor. Choice stock seed, by mail, postpaid, oz. 10c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 55c; lb. 95c. By express or freight at buyer’s expense, 5 lbs. $4.35; 10 lbs. $8.50.

---

#### New Japanese Pie

Meaty; Superior Quality.

The earliest Pumpkin, the seeds marked with curious indentations like Japanese letters. Fruits medium size, good keepers and weigh 15 to 20 pounds each. The flesh is a rich salmon, unusually fine grained. For making pies, custards, etc., they certainly have no superior. Containing but little water, can easily be cut and dried like dried apples and make excellent pies or sauce for winter use. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. $1.25.
BUCKBEE’S “Full of Life” PUMPKINS
Buckbee’s New Sandwich Island Pumpkin

This wonderful Pumpkin continues to be a general favorite, and when once tried you will never again be without it. Coming from a remote section of the Sandwich Islands—where by chance our representative found it—it has already created a great furor in its new home. Remarkably distinctive in every way, of fine size, very prolific bearer, and deliciously thick flesh. An excellent keeper. Certainly a grand future is in store for this new Pumpkin.

Seed, New for 1913.

Pkt. $1.00.

TENNESSEE SWEET POTATO PUMPKIN

One of the Very Best.

A magnificent pear-shaped variety of medium size; a little ribbed. Color creamy white. When cooked it has somewhat the appearance of sweet potatoes, but is of more delicious taste. Flesh thick, creamy white, remarkably fine grained, dry and brittle. There is no superior for making pies and custards. Hardy and productive, and keeps perfectly sound until late in the Spring.

Pkt. 7c; oz. 20c; 2 oz. 35c; 1 lb. 33c; ½ lb. 65c; lb. $1.25.

KENTUCKY FIELD PUMPKIN

Sometimes called Large Cheese—Flattened fruit with broad ribs; creamy buff skin; averages 2 feet in diameter. It is an excellent keeping variety, with thick flesh of exceptionally fine quality.

Pkt. 5c; oz. 10c; 2 oz. 18c; ¼ lb. 23c; ½ lb. 40c; lb. 75c.

MIXED PUMPKINS

All Shapes, Colors and Sizes—This mixture is especially offered to those who wish to grow a collection of the different kinds of Pumpkins for exhibition at County Fairs, or for home use. All are good keepers.

Pkt. 6c; oz. 15c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.00.

PIE PLANT OR RHUBARB

Pie Plant or Rhubarb Roots

A saving of from two to three years is made by planting the roots.

BUCKBEE’S NEW PINEAPPLE—Price, by mail, postpaid, 25c each; $1.50 per doz. By express or freight, not prepaid, 20c each; $1.00 per doz.; $15.00 per 100.

BUCKBEE’S WESTERN MARKET—Price, by mail, postpaid, 30c each; $2.00 per doz. By express or freight, not prepaid, 25c each; $1.50 per doz.; $10.00 per 100.

SMALL RHUBARB ROOTS—Postpaid, 15c each; $1.50 per doz.

BUCKBEE’S NEW PINEAPPLE—Without doubt this is the earliest of all Pie Plant and a variety that can be used not only in the early Spring, but Summer as well. The very best of the Giant Everbearing varieties. Quality simply superb. Stalks of good size, soft and juicy. Skin so thin and tender that it is not necessary to remove it before cooking. Flavor sprightly and refreshing and has the true pineapple flavor. This variety is about two or three times the size of the common Rhubarb. This is the first vegetable of the season and no garden should be without it. Choicest “Full of Life” Seed. Large pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. $1.50.

BUCKBEE’S WESTERN MARKET—A very fine variety, very productive, large size, and very early. The stems are numerous, broad, heavy, but very tender. Pkt. 8c; oz. 15c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 60c; lb. $1.00.
GROW PEPPERS, ALWAYS MONEY-MAKERS

BUCKBEES GREAT WEST—The giant of all. The heaviest cropper; the mildest flavor; the finest appearing; the surest to grow. The one you can't do without! Beautiful red color and of mild flavor. Our stock is limited, so order early. Large pkt. 10c; ½ oz. 50c; oz. 60c; 2 oz. $1.10; ¼ lb. $2.00.

CHINESE GIANT—Double the size of Ruby King and equally as mild. The compact plants produce four or more extra large Peppers at the base very early in the season, which ripen while a second crop is setting on the branches. Very vigorous, hardy grower, and a valuable variety for either the home or market garden. Large pkt. 1c; ½ oz. 55c; oz. 49c; 2 oz. 85c; ½ lb. $1.50.

CORAL GEM BOUQUET—Plant tall, bearing a profusion of round, bright red fruit which is very pungent when ripe. The plant, when in fruit, is very ornamental. Pkt. 5c; oz. 60c.

SWEET MOUNTAIN—Plants very vigorous and productive. Fruit large, long, very smooth and handsome, being, when green, of a bright, deep green color, entirely free from any purplish tinge, and mature of a rich red. Flesh very thick, sweet and mild flavored. Well suited to use for stuffed pickles or mangoes. Pkt. 7c; oz. 30c; 2 oz. 55c; ¼ lb. $1.10.

LONG RED CAYENNE—(The Red Hot Pepper)—A long, slim pointed pod, and when ripe of a bright red color. Strong and pungent. Pkt. 7c; oz. 35c; 2 oz. 60c; ¼ lb. $1.10.

NEW PIMENTO—A new variety, absolutely without pungency. Very early. Fruits 4½ inches long by 2 inches across. It should be grown largely in the family garden because it is delicious with salads and sandwiches. The green Peppers are excellent stuffed with slow and pickled or filed with meat and baked. It is largely used by canneries. Pkt. 8c; oz. 30c; 2 oz. 55c; ¼ lb. $1.00.

NEapolitan—The earliest large, mild Red Pepper. Fruits about 4½ inches long by 2 inches across. Pkt. 7c; oz. 35c; 2 oz. 60c; ¼ lb. $1.10.

IMPROVED RUBY KING—An improved American sort, reaching the largest size, yet retaining the symmetrical shape of the smallest sorts. It is very bright colored, temptingly sweet, mild flavored, and one of the best for stuffed pickles or mangoes. Pkt. 7c; oz. 35c; 2 oz. 65c; ¼ lb. $1.25.

FINEST MIXED PEPPERS—The above and many other valuable Peppers in choice mixture. Price per pkt. only 7c; oz. 35c; 2 oz. 65c; ¼ lb. $1.25.

We can also supply the following varieties:
Large Bell or Owl Nose, Golden Queen, Red Chili, Sweet Spanish for—Pkt. 6c; ½ oz. 18c; oz. 30c; 2 oz. 55c; ¼ lb. $1.10.
The Cream of the Extra Early Radishes

Buckbee's selected strains of Extra Early Radishes, listed on this page, are grown from transplanted roots, and are the earliest and finest known. Will invariably produce roots even in size, shape, maturity with small tops, rich, bright colors and command the highest market prices.

BUCKBEE'S ROCKFORD BEAUTY
A Truly Wonderful Radish.
Very early—only a day or two later than Rapid Forcing. Of bright scarlet color, with a large white tip covering almost one-half of the roots. Flesh crystal white, tender and crisp. This is one of the most popular Radishes grown for the home as well as for the market, being of most beautiful appearance and exquisite flavor. We control the entire stock of this variety. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

BUCKBEE'S RAPID FORCING
The Earliest of All Radishes.
Quick growth is one of the main essentials for a crisp and tender Radish. Buckbee's Rapid Forcing matures in about 14 days from sowing. This in itself makes it of especial value for the market gardener. This Radish is of a fine turnip shape. It remains in good condition without getting hollow or pithy longer than any other extra early variety. The flesh is pure white, crisp and of very pleasant flavor. The skin is a most attractive bright scarlet. The leaves are very short, which admits of close sowing. Its extreme earliness, maturing before all other kinds—its beautiful bright scarlet color, and its unusually brittle and delicious quality, make it most desirable for kitchen garden, and a source of great profit for the market gardener. Remember, that we control the entire stock of this variety. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.

BUCKBEE'S BRILLIANT GLOBE
Can't be beat for home use and market purposes.
Buckbee's Brilliant Globe is a great improvement on the well-known Scarlet Globe, as it runs more even in shape and size, is of a richer and brighter color and is very much earlier. It will surely take the place of the older variety where known. It is well suited for greenhouse and hotbed forcing, and also for growing outdoors. It is of attractive globular form, of magnificent, glowing, bright scarlet color, and has pure white, crisp, tender and juicy flesh. We especially recommend this variety to the market gardener, but it is also one of the finest for the home garden. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. $1.25.
BUCKBEE'S EXTRA EARLY RADISHES

BUCKBEE'S NEW EARLY RED KING
The Earliest and Best; Sweet, Crisp, Juicy, Mild; Wonderful Yielder. Beautiful Color, Uniform Size.

This new variety is our own production and is one of the earliest ever grown—fully matured Radish being pulled on our Rockford Trial Grounds in the short space of 14 days from time seed was planted. Won favorable comment and helped to secure First Prize and Diploma at the State Exhibit at the Springfield, Illinois, State Fair. It is of small size; just right for the purpose; beautiful dark red skin; ivory white flesh; extremely mild and sweet flavor; retains its crispness even after quite old and never becomes pithy. Pkt. 8¢; oz. 15¢; 2 oz. 25¢; ½ lb. 40¢; ¼ lb. 75¢; lb. $1.25.

BUCKBEE'S CRystal FORCING
The Quickest Growing Round White Radish.

Without an equal. Matures in 2 weeks. Pure snow-white in color—fairly crystal—in clear and transparent. Nothing is more tempting and pleasing than a combination of Buckbee's Crystal Forcing and Buckbee's Rapid Forcing when arranged in market or on the table. Pkt. 7¢; oz. 12¢; 2 oz. 20¢; ½ lb. 35¢; ¼ lb. 65¢; lb. $1.15.

VICK'S SCARLET GLOBE
Its color is a rich scarlet. It has a small top and is a highly bred Radish. A grand forcing variety and excellent for mowing outdoors. Pkt. 6¢; oz. 15¢; 2 oz. 18¢; ½ lb. 30¢; ¼ lb. 55¢; ½ lb. 60¢; lb. $1.00.

EARLY WHITE TURNIP
Very handsome; of quick growth; sweet, crisp and tender. Skin ivory white; flesh pure white. Pkt. 6¢; oz. 15¢; 2 oz. 18¢; ½ lb. 30¢; ¼ lb. 55¢; lb. 95¢.

EARLY SCARLET TURNIP
The famous standard variety. One of the finest, juiciest, sweetest and best Radishes for early use grown. Rich, red color; flesh white. Pkt. 6¢; oz. 15¢; 2 oz. 18¢; ½ lb. 30¢; ¼ lb. 55¢; lb. 95¢.

BUCKBEE'S NEW ROsy GEM
Handsome Turnip Radish, a great favorite in many markets and for early planting outdoors. But little later than Rockford Beauty and will give satisfaction where extreme earliness is not the object. Roots slightly flattened on the underside, color very dark scarlet with a white tip; flesh white and of the best quality. One of the best, either for home or market use. Pkt. 6¢; oz. 15¢; 2 oz. 20¢; ½ lb. 33¢; ¼ lb. 60¢; lb. $1.00.

BUCKBEE'S CRIMSON GIANT GLOBE
Sweet, Crisp, Juicy, Mild—Wonderful Yielder, Beautiful Color, Large Size.

This Radish is an entirely new type and differs radically from all varieties hitherto in cultivation, insofar as its roots attain more than double the size of other round, early varieties, without getting pithy or hollow. It is very early, notwithstanding its size. Color crimson, flesh pure white, of the best quality. The roots often weigh 1½ ounces each and are crisp and juicy. Fine for outdoors and forcing. The seed should be sown very thinly to permit full development of the roots. Pkt. 7¢; oz. 12¢; 2 oz. 18¢; ½ lb. 35¢; ½ lb. 60¢; lb. $1.10.

BUCKBEE'S NEW TRIUMPH
The Greatest Radish Novelty.

Both unique and useful. Matures early, generally in about 14 days. Nothing produces a more pleasing effect on the table than this beautiful variety. The roots are of globular form, tops are short and attractive, which make it valuable for cultivation under glass. The flesh is very crisp and solid and of mild, pleasing flavor. Its most attractive and distinctive feature, however, is the unique color of the skin. The ground color is beautiful ivory white, striped horizontally and splashed with bright scarlet. Sure to become popular with market gardeners and private planters. Pkt. 8¢; oz. 15¢; 2 oz. 25¢; ½ lb. 40¢; ¼ lb. 75¢; lb. $1.25.

NEW LEAFLESS

The extra early forcing Radishes lately introduced are remarkable for the small size of their leaves; they develop their roots in so short a time that the latter are practically in advance of the leaves. The character is still more noticeable in this new variety. The seed leaves, which are noted for great development from the start, are the only green parts to be seen on the plants until the bulbs are almost large enough for pulling. At that time one or two short leaves only are produced. The roots are of the shape and color of our Rapid Forcing Radish. Pkt. 7¢; oz. 12¢; 2 oz. 18¢; ¼ lb. 33¢; ½ lb. 60¢; lb. $1.10.

EARLY SCARLET TURNIP WHITE-TIPPED
For many years we have found this variety to be the most popular of all among private gardeners, and unsurpassed as a Table Radish, where, by reason of the strong, contrasting colors of the root, it makes a most attractive appearance. The flesh is crisp, white and tender, and extremely mild. Roots smooth, fine bright scarlet, with clear white tips. Very early. Very popular for planting outdoors and a splendid market variety. Pkt. 6¢; oz. 12¢; 2 oz. 18¢; ¼ lb. 30¢; ½ lb. 55¢; lb. 95¢.
BUCKBEE’S Long and Half Long EARLY RADISHES

BUCKBEE’S EARLY WHITE DELICIOUS
Delicious Buttery Flavor.
A splendid olive-shaped radish, pure white in color. Distinctly earlier than any other half long white sort. Good-sized radishes may be pulled in 20 to 25 days which are solid and crisp, of good flavor, and first-class in every respect. A splendid companion to Early Scarlet Olive Shaped. Pkt. 6c; oz. 15c; 2 oz. 35c; ½ lb. 90c; 1 lb. 1.25.

EARLY SCARLET OLIVE SHAPED
Extra Fine Shape, Color and Quality.
This variety has a small top and is very early, making it one of the best for early use. Roots ready to pull may be had in three weeks, and they remain fit for use longer than any other variety. They are small, true olive shaped, smooth, very deep red in color; flesh is white, crisp, tender and mild in flavor. May be planted very closely owing to their small tops. Pkt. 6c; oz. 15c; 2 oz. 30c; ½ lb. 55c; 1 lb. 90c.

PARIS BEAUTY OR HALF LONG DEEP SCARLET
Popular for Market; Splendid Shipper.
A brilliant deep, rich red color, changing to a pure white in the lower portion. About 3 to 4 inches long, but thicker than Cardinal. The flesh is very white, crisp and tender. Pkt. 6c; oz. 15c; 2 oz. 30c; ½ lb. 55c; 1 lb. 90c; lb. $1.00.

IMPROVED FRENCH BREAKFAST
The Most Popular of All.
A great favorite. Beautiful bright scarlet, with pure white tip. Oblong in shape, medium sized, makes rapid growth. It is a fine table variety on account of its excellent quality and attractive appearance. Fine for open ground or forcing. It matures quickly and is sweet, crisp, solid and tender. When offered for sale it quickly attracts the buyer’s attention. Pkt. 6c; oz. 15c; 2 oz. 30c; ½ lb. 55c; 1 lb. 90c; lb. $1.00.

CARDINAL OR LONG BRIGHTEST SCARLET
The Earliest and Finest of Long Red Radishes.
Of the same size and shape as the old and well-known Long Scarlet, but it is a few days earlier and the color is of a much brighter scarlet, with a distinctly clear white tip. It has a small top. Pkt. 6c; oz. 15c; 2 oz. 18c; ½ lb. 30c; 1 lb. 50c; lb. 95c.

LONG SCARLET SHORT TOP
The Very Best Long Red Radish.
Our strain of this very popular long radish is the finest to be had on the market. In it we have, without exception, the very best long, brittle, brightest scarlet radish we are acquainted with. It matures beautiful radishes, which are always brittle and sweet, 30 days from the sowing of the seed. Size and shape cannot be improved. It is undoubtedly the standard long red variety that will withstand the hot dry weather and remain firm and crisp and of fine flavor. Pkt. 5c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 55c; lb. 95c.

BUCKBEE’S NEW ICICLE
The Finest of All Radishes. The Earliest of the Long White Sorts.
Ready for the table in about three weeks. The roots are perfectly white in color, long, slender and tapering in shape. They quickly grow to market size and remain tender during the entire growing period, and are quite as good when an inch in diameter as when only half an inch. The leaves are short, very few in number, and the roots can, therefore, be grown very closely together. The flesh is crisp, tender and mild in flavor. Admiringly adapted for growing under glass as well as in the open ground. Excellent for market and private gardeners. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. $1.00.
BUCKBEE'S SUMMER RADISHES

BUCKBEE'S ROCKFORD MARKET

The extraordinary earliness is remarkable in view of the fact that it grows to such a large size and keeps in good condition for such a long time. The shape is regular, smooth and nearly conical; it grows to a very large size, about twice as long as Brightest Scarlet. In brightness of color it is quite unique, being the handsomest scarlet we have yet seen in a Radish and tipped at the end of the roots with just enough white to present an ideal appearance. Crisp, tender and juicy. Pkt. 7c; oz. 12c; 2 oz. 20c; ½ lb. 33c; ½ lb. 66c; lb. $1.15.

BUCKBEE'S GOLDEN SUMMER TURNIP
Golden Yellow Color—Crisp and Tender.
It has proved a universal favorite everywhere. Matures in less than 30 days. Flesh pure white, crisp, juicy and of the finest flavor. Skin of beautiful golden russet color. Market gardeners can either grow this variety in the open ground or force it, and be sure of an early, perfect and uniform crop. Unexcelled for the home garden. Pkt. 6c; oz. 12c; 2 oz. 18c; ½ lb. 35c; ½ lb. 60c; lb. $1.10.

IMPROVED CHARTIER
Large, Handsome and Crisp.
A standard variety. The roots come to usual size very early, remaining crisp three times as long as any other variety. Flesh, white, crisp and mild-flavored. Pkt. 5c; oz. 12c; 2 oz. 18c; ½ lb. 23c; ½ lb. 45c; lb. 85c.

NEW WHITE LADY FINGER
Snow White, Brittle and Crisp.
Beautiful in shape and the skin and flesh are pure snow white. Crisp, brittle and of rapid growth. Order early. Pkt. 6c; oz. 12c; 2 oz. 18c; ½ lb. 30c; ½ lb. 50c; lb. 90c.

WHITE STRASBURG
The Best for Summer Use.
This grows to the largest size, but is usable when quite small, thus covering a long season. Four to five inches long and about two inches thick. Very white, crisp and tender. One of the finest of the large summer sorts. Pkt. 6c; oz. 12c; 2 oz. 18c; ½ lb. 30c; ½ lb. 50c; lb. 90c.

BUCKBEE'S WINTER RADISHES

BUCKBEE'S MAMMOTH CELESTIAL—Edible at all seasons. It can be planted from Spring until late Fall, and keeps in perfect condition all Winter, while the other Winter Radishes are best sown not before June 15th. Roots frequently grow 14 to 18 inches in length and 6 to 8 inches in diameter, growing mostly above the ground. Skin and flesh purer white; very tender, crisp, juicy, mild. There is no other Winter Radish equal to it in quality. It is the most juicy, luscious of them all and it keeps its solidity, crispness and sweetness when all others have become pithy and worthless. This is a Radish to tie to and plant in every garden. Its beauty and quality will please everyone. Pkt. 8c; oz. 16c; 2 oz. 26c; ½ lb. 46c; ½ lb. 90c; lb. $1.25.

CHINESE ROSE—Chinese Rose requires about fifty days from sowing to be fit for the table. It is a beautiful, showy Radish with a bright scarlet skin, growing 4 to 5 inches in length and from 1 to 2 inches in diameter. The roots are cylindrical, somewhat larger at the bottom than on top, blunt at both ends. Pkt. 6c; oz. 12; 2 oz. 20c; ½ lb. 35c; ½ lb. 60c; lb. $1.00.

CALIFORNIA MAMMOTH WHITE—Pure white about 1 foot long and 2 or 3 inches through, tapering regularly to the tip. Flesh tender and crisp. Pkt. 6c; oz. 12c; 2 oz. 20c; ½ lb. 35c; ½ lb. 60c; lb. $1.00.

ROUND BLACK SPANISH—The roots are from 8 to 4 inches in diameter, almost round and very black skinned. The flesh is white, very compact, pungent and well flavored. Keeps well all winter. Pkt. 6c; oz. 12c; 2 oz. 18c; ½ lb. 30c; ½ lb. 55c; lb. 90c.

LONG BLACK SPANISH—Larger than the Round Black Spanish, growing 18 to 12 inches long, but a diameter of from 2 to 3 inches. The skin is black and the flesh white, firm and pungent. Keeps well throughout the winter. 2 oz. 18c; ½ lb. 30c; ½ lb. 55c; lb. 90c.

RADISH MIXTURES
Price each of the following varieties. Pkt. 6c; oz. 12c; 2 oz. 18c; ½ lb. 30c; ½ lb. 55c; lb. 90c.

EARLIEST RADISHES MIXED—For family gardens, earliest varieties.
SUMMER RADISHES MIXED—For family gardens, we offer a mixture of all summer varieties.
WINTER RADISHES MIXED—Seed of the best white, black and rose-skinned varieties, which will produce all the best Radishes for Autumn and Winter use.
SALSIFY

BUCKBEE'S ALL AMERICA—By Far the Very Best Salsify—

A truly American variety of the highest merit. Introduced in 1893 and sprang into immediate popularity. The largest and thickest roots of any variety; of most superior quality, excelling by far any variety now on the market. Pkt. 10c; oz. 25c; 2 oz. 10c; 1/2 lb. 70c; 1/2 lb. $1.30; lb. $2.50.

MAMMOTH SANDWICH ISLAND—Of extra large size, in every way preferable to the older varieties, being larger, stronger growing, and less liable to branch. Invaluable to market gardeners. Pkt. 5c; oz. 25c; 2 oz. 40c; 1/2 lb. 65c; 1/2 lb. $1.10; lb. $2.25.

SPINACH

BUCKBEE'S NEW LONG SEASON—

Also Called Triumph—The best variety to sow in Spring and also continuously all summer, as it remains firm and fresh during the hot summer months. Plants are comparatively small, of compact but prostrate growth. The leaves are thicker and heavier than those of any other kind; they are heavily crumpled and blistered, of dark green color, and do not wilt or run to seed as quickly as any other kind. Pkt. 8c; oz. 12c; 2 oz. 18c; 1/2 lb. 32c; 1/2 lb. 43c; lb. 85c.

MONSTROUS VIOLETTA—Strong, quick grower, immense yielder, the largest spinach; the plants sometimes measure 2 feet in diameter with leaves 10 inches long and 8 inches wide at the base. Leaves handsome in appearance and deservedly popular. Pkt. 5c; oz. 8c; 2 oz. 12c; 1/2 lb. 26c; 1/2 lb. 33c; lb. 60c.

PRICKLY WINTER—Very hardy and productive; slow to run to seed. For Fall and Spring sowing. Pkt. 5c; oz. 8c; 2 oz. 12c; 1/2 lb. 20c; 1/2 lb. 35c; lb. 55c.

NEW ZEALAND—An exceptionally fine variety available for use during the hottest months of the year. Quite different from any other Spinach, being of branching habit. Stems and leaves are thick, flaky, tender and succulent; in color and flavor fully equal to the best Spinach. Very productive, sends out fresh growth after being cut continuously until frost. Should be in every garden. Large pkt. 7c; oz. 15c; 2 oz. 25c; 1/2 lb. 40c; 1/2 lb. 75c; lb. $1.25.

SORREL

LARGE-LEAVED GARDEN—The best garden variety, having large pale green leaves of fine quality. Pkt. 5c; oz. 20c; 2 oz. 35c; 1/4 lb. 60c.

SWISS CHARD or SUMMER SPINACH

LUCULLUS—This grand new and distinct variety is a great acquisition. The stalks are as thick and broad as Rhubarb. The plants grow to a height of from 2 to 2 1/2 feet, and stalks are from 10 to 12 inches long and 1 1/2 inches broad. Pkt. 7c; oz. 15c; oz. 12c; 1/2 lb. 40c; 1/2 lb. 75c; lb. $1.25.

LARGE RIBBED WHITE—Also called Silver Beet and Sea Kale Beet—The leaves are used for greens the same as Spinach or beet tops; they are equal in quality and easier to prepare than Spinach, and far superior to beets. Nothing in the garden requires less care, and yet it yields a constant crop from July to winter and can be used all summer when Spinach is not available. Pkt. 6c; oz. 12c; 2 oz. 18c; 1/4 lb. 30c; 1/2 lb. 55c; lb. 95c.
BUCKBEE’S “Full of Life” SQUASH
SUMMER SQUASHES

BUCKBEE’S NEW GIANT SUMMER CROOKNECK
Standard Early—Splendid Quality.
Twice as large as the ordinary Crookneck, more warty and earlier. This combination makes it the most desirable for the market or private garden. Pkt. 8¢; oz. 12¢; 2 oz. 18¢; ¼ lb. 35¢; ½ lb. 65¢; lb. $1.25.

BUCKBEE’S NEW MAMMOTH WHITE BUSH
Scallopedit or Improved Patty-Pan.
Great improvement over the Early White Bush. Very uniform in shape and wonderfully prolific. Fit to use very early, of a beautiful clear white color, and grows to a large size—13 to 15 inches across. Pkt. 7¢; oz. 10¢; 2 oz. 18¢; ¼ lb. 35¢; ½ lb. 65¢; lb. $1.25.

MAMMOTH EARLY GOLDEN CUSTARD OR YELLOW BUSH, SCALLOPEDIT
Standard early Summer variety. Nice to use in its green state and valuable for making pies when it has attained full size. Pkt. 6¢; oz. 10¢; 2 oz. 18¢; ¼ lb. 35¢; ½ lb. 65¢; lb. $1.25.

NEW FORDHOOK
This Squash is very early, but in a cool, dry place it will keep as long as a Winter Squash. The outside color is bright yellow; inside color, straw yellow. The skin is so thin that it need not be removed for cooking. The meat is thick, dry and sweet and can be used at any stage of its growth. Pkt. 7¢; oz. 10¢;

WINTER SQUASHES
NEW DELICATA
Rind orange-yellow, splashed and striped with dark green. The flesh is rich, dry and particularly fine. A desirable feature is its small size—not too large for an ordinary family; in wonderfully solid and heavy, the good varieties being very small. It is also extremely early, maturing about the same time as the Summer Squashes, and for early use will double suggests plant this class on account of its superior dryness and flavor, while its extreme solidly renders it fully as good a keeper as any of the Winter Varieties. Pkt. 7¢; oz. 15¢; 2 oz. 25¢; ¼ lb. 40¢; ½ lb. 75¢; lb. $1.45.

BUCKBEE’S NEW GOLDF MARROW
An excellent winter variety; bright orange color, slightly mottled. Flesh salmon yellow, fine grained and very sweet. Pkt. 6¢; oz. 12¢; 2 oz. 18¢; ¼ lb. 35¢; ½ lb. 65¢; lb. 90¢.

NEW DELICIOUS
For table quality there is no other Squash that can be compared with Delicious in sweetness and richness of flavor. Excellent for Fall as well as for Winter use, keeping well until late in the Spring. The fruits are of medium size, usually weighing from 5 to 10 pounds. The rind is dark green, mottled in lighter shades. The flesh, dark orange, Very fine grained and thick. Pkt. 8¢; oz. 12¢; 2 oz. 25¢; ¼ lb. 45¢; ½ lb. 90¢.

BOSTON MARROW
An excellent winter variety; bright orange color, slightly mottled. Flesh salmon yellow, fine grained and very sweet. Pkt. 6¢; oz. 12¢; 2 oz. 18¢; ¼ lb. 35¢; ½ lb. 65¢; lb. 90¢.

I thought I would like to let you know what kind of luck I had from seeds bought at your place. I received 16 prizes at our local fair, but the most talked of exhibit was my Mammath Whale Squash weighing 117 lbs. It was a perfect specimen.

MISS G. WILSON,
LaGrange, Ill. Canada.

BUCKBEE’S NEW ACORN OR TABLE QUEEN
Cut in Half and Bake.
You will be pleased not only with the taste and cooking quality of this Squash, but you get so many from each seed planted, the vines being so vigorous and productive, that it pays to plant a few in your garden. The fruits are of nice size to handle, 9-8 inches long and 4-6 inches in diameter. The shell is hard and smooth, so that they keep as well as the Hubbard. The color is dark green with sometimes a blotch of red at pointed end. Table Queen ripens in the fall. Pkt. 10¢; oz. 18¢; 2 oz. 30¢; ¼ lb. 55¢; ½ lb. $1.05; lb. $1.85.

BUCKBEE’S NEW GIANT SUMMER CROOKNECK

Delicata.

New Golden West.

Mammoth Whale.

Delicious.
BUCKBEE'S "FULL OF LIFE" WINTER SQUASH

NEW BANANa SQUASH
The Best "All Purpose" Squash Grown.

This new Squash is a heavy yeilder and the best all-purpose variety ever grown. Can be
used when quite young and will keep splendidly for a winter squash. The color is grayish-green,
shell soft, so that it can be cut with a knife. It grows from eighteen to thirty inches long and six
to nine inches in diameter. It is very prolific but a shy seeder. Flesh is of high color; entirely free
from fibre or stringiness. Cooks up perfectly smooth and is of most delicious flavor. Yields well
and is of such superb table quality that many growers will have no other for their own use.
Matures rather late and should be planted early if very large fruits are desired. Pkt. 10c; oz. 15c;
2 oz. 35c; ½ lb. 50c; ½ lb. 90c; lb. $1.75.

CHICAGO WARTED HUBBARD
A Standard Variety and a General Favorite.

The leader in many markets. It is shipped
thousands of miles in carload lots from west to
cast every year. With the growing of it in a large
way, it was found that the largest, heaviest, dark
rough-skinned specimens are most valuable and
most salable. Choiceest stock seed of our own grow-
ing. Pkt. 7c; oz. 15c; 2 oz. 25c; ½ lb. 45c; ½ lb.
85c; lb. $1.50.

BLUE HUBBARD or MARBLEHEAD
Good Size, Splendid Keeper, Excellent Shipper.

Without question this is one of the best fall and
winter varieties; flesh bright, creamy yellow; fine
grained, very dry, sweet and delightfully flavored;
keeps splendidly throughout the winter. The shell
is hard and heavily warty. Splendid for pies
because of its sweetness and dainty flavor. Ripens
in the fall and keeps as long as Buckbee's Im-
proved Hubbard. Pkt. 6c; oz. 15c; 2 oz. 25c; ½ lb.
40c; ½ lb. 75c; lb. $1.25.

BUCKBEE'S IMPROVED HUBBARD
The Famous American Standard Winter Squash.

The Grand Old Favorite—This is a superior selection of this famous variety and one of the best winter Squashes: flesh bright
orange yellow, fine grained, very dry, sweet and rich flavored; keeps perfectly good throughout the winter; boils or bakes
exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard
to quality of the flesh and color and wartiness of the shell, but the latter peculiarities are largely determined by the soils in
which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be a pure
Hubbard. Pkt. 5c; oz. 15c; 2 oz. 25c; ½ lb. 50c; ½ lb. 90c; lb. $1.75.

PRODUCTIVE

BUCKBEE’S BEEFSTEAK
The King of All Main Crop Tomatoes

NOTHING in the way of a Tomato Creation has ever achieved in so short a time, the tremendously excellent reputation that has come to BUCKBEE’S BEEFSTEAK. Growers from every section of the wide world have sent in unsolicited praise, and the tests to which they have subjected it leave no room for doubt that it has all the qualities required in a Tomato. Its important features are: Earliness, Large Size, Perfect Shape, Solidity, Handsome Color (which is rich red), Productiveness, Everbearing, Fine Flavor, Best Keeper, Splendid Shipper.

Without question—the King of All Tomatoes—and unqualifiedly Superior to any other variety grown, for market, for family use or canning. It is a sturdy healthy grower and is practically Everbearing, yielding enormous quantities of tomatoes always smooth and handsome until killed by frost. For a main crop there is no variety that can equal Buckbee’s Beefsteak, and it is particularly desirable for large growers and shippers as it stands rough handling well, while its beautiful bright red color and handsome shape makes it very valuable as a market sort. It never fails to please every one, the amateur as well as the market gardener.

We supply over 150,000 of our customers with Buckbee’s Beefsteak Tomato Seed annually. This speaks for itself, and substantiates our claim that Buckbee’s Beefsteak is the “King of All Tomatoes,” and the most extensively planted of any variety.

THE WORLD’S ONE UNBEATABLE TOMATO

We control the entire seed supply and offer the choicest “Full of Life” Seed of our own growing at the following reasonable prices. Send to Buckbee for the true “Beefsteak.” Pkt. 15c; 2 pkts. 25c; ½ oz. 30c; oz. 55c; 2 oz. $1.00; ¼ lb. $1.85; ½ lb. $3.45; 1 lb. $6.50, postpaid.

Ten Reasons Why You Should Plant Buckbee’s Beefsteak Tomatoes

1—Introduced by us in 1904, and has never failed to give satisfaction.
2—Reputation. Less than 1000 packets were sold in 1904. Over 150,000 of our customers were pleased in 1924. This is a wonderful record.
3—Has been grown in every state in the Union with splendid results.
4—Large size; in fact, the largest smooth Tomato ever grown.
5—Matures early, and continues to set fruits until frost.
6—A splendid shipper, even when sent long distances.
7—Enormously productive; in fact, we claim and believe that you can raise more bushels per acre from Beefsteak than from any other variety.
8—Handsome color, which finds it a ready sale in any market.
9—Good keeper. Holds up a long time after picking.
10—Flavor unequalled, practically all meat, having few seeds.

True Originator’s Stock Can Only Be Obtained from H. W. Buckbee
THE EARLIEST SCARLET TOMATOES

BUCKBEE'S EARLIEST MARKET

This variety bears fruit which in size, shape, color, solidity and quality compares favorably with the noted later kinds, and by repeated trials at Rockford Seed Farms and elsewhere has demonstrated that it ripens up a larger portion of its crop the earliest of any variety. It is, without question, the earliest good, large scarlet Tomato. Gardeners and Tomato fanciers will readily see the advantage obtained over their competitors by growing Buckbee's Earliest Market. This is the variety which will give them the opportunity to be first on the market with a large crop of beautiful large fruits, selling readily at good prices.

Compared with the well-known Earliana, Earliest Market is about a week earlier, the fruits are fully as large, smoother, have no hard core, while Earliana is often rough and has large seed cavities. Furthermore, Earliest Market is much more prolific. An excellent kind also for the home garden, and if you have not given this wonderful variety a trial, be sure to include it in your order for 1925. Pkt. 10c; oz. 40c; 2 oz. 75c; ¼ lb. $1.40; ½ lb. $2.50; lb. $4.50.

MANSFIELD TREE OR MAMMOTH PRIZE

This wonderful variety grows from 10 to 15 feet in height, and will begin to ripen by July 4th and bear until killed by frost. Flesh firm and solid, almost seedless and of the most delicious flavor. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. $1.25.

CHALK'S EARLY JEWEL

One of the largest, smoothest, best flavored extra early bright red Tomatoes. Within a week to ten days as early as Spark's Earliana, it is even a heavier cropper, with Tomatoes of a larger size and sweeter flavor. Pkt. 7c; oz. 30c; 2 oz. 50c; ¼ lb. 90c; ½ lb. $1.65; lb. $3.00.

BUCKBEE'S NEW 50-DAY TOMATO

The Largest Fruited, the Smoothest, the Finest in Quality of all Extra Early Scarlet Tomatoes.

Originated on our Rockford Seed Farms. Called 50-Day Tomato because it produces large, ripe fruits on strong plants in 50 days from time they are set in the open ground.

The vines are short, very vigorous, enormously productive and ripen a very much larger crop at the early part of the fruiting season than any other extra early variety. The fruits are globular, always entirely free from cripplers, wrinkled or cracked fruits, and weigh on an average about 5 oz. each, although many fruits as heavy as 6½ oz. each and over have been found in our fields. The color of the fruits is a beautiful bright scarlet. They ripen evenly, well up to the stem, have no hard core, small seed-cells, and are practically all heavy, solid meat of mild and most delicious sweet flavor. The skin is thin, but very tough, making it a splendid long-shipping variety.

Compared with Earliana, 50-Day is a much heavier cropper and its fruits of much larger size, smoother, of better quality, containing less seed and more meat. They are of better appearance and therefore better sellers; furthermore, they ripen practically as early. Fifty-Day will soon replace Earliana, and it should also be planted in place of second early sorts like Bonny Best and Chalk's Jewel, being earlier, more productive and producing fruits fully equal in size, beautiful appearance and of better quality; only Buckbee's Earliest Market is a few days earlier than 50-Day, but has somewhat smaller fruit. Price, pkt. 10c; oz. 40c; 2 oz. 75c; ¼ lb. $1.40; ½ lb. $2.50; lb. $4.50.
BUCKBEE'S "Full of Life" TREE TOMATOES

The so-called Tree or Bush sorts are the most valuable Tomatoes for the home garden, where room is generally short, as they grow sturdily erect and have dense, heavy foliage, allowing very close planting. Even if set as close as 15 x 24 inches apart they will produce an abundant crop. All of these varieties are very productive and of the finest quality.

BUCKBEE'S NEW TREE TOMATO Large Meaty Center

Firm, Solid, Thick Flesh
This grand tomato owes its popularity to its stiff, vigorous, upright growth, with fruit well above the soil, and to the earliness with which it reaches its maturity. In color the fruit is purplish pink, form always round and symmetrical and of medium size. Buckbee's New Tree Tomato is immensely productive, clusters of four to six fruits being produced in abundance along the stem. All of the fruits grow to a marketable size.

The table qualities are the best as this is a good slicing variety, the seed cells being surrounded by rich heavy flesh. This feature also makes it desirable for canning. As a shipper it stands up remarkably well, arriving at its destination in fully as good condition as when it left the field. This wonderful tomato leaves nothing more to be desired, as it is mild, pleasant and of delicious flavor. Being a strong, robust grower it has the broad foliage which prevents sunburn in hot sections. Pkt. 10c; oz. 45c; 2 oz. 80c; ¼ lb. $1.50; ½ lb. $2.75; lb. $5.00.

EARLY DWARF CHAMPION—Very early; hard to beat for home use. Color purplish pink. Fruit smooth, symmetrical, solid and meaty. Pkt. 8c; oz. 40c; 2 oz. 75c; ½ lb. $1.40; ¼ lb. $2.50; lb. $4.50.

BUCKBEE'S WORLD'S FAIR—The fruit is a beautiful golden yellow shade, good size, round and solid, with few seeds; flesh meaty and very sweet and mild. A handsome table sort. Pkt. 8c; oz. 40c; 2 oz. 75c; ¼ lb. $1.15; ½ lb. $2.00; lb. $4.75.

DWARF STONE—The largest fruited dwarf tree sort, excepting Masterpiece and Dwarf Ponderosa. The fruits are very similar to New Stone in color, shape and size. They often weigh a pound each and more, are of a bright scarlet color, very smooth, firm and of excellent quality. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. $1.20; ½ lb. $3.00; lb. $5.75.

BUCKBEE'S EARLY PROSPERITY—Prosperity is a Tomato of sterling worth, one that is bound to please. It is the earliest of the Tree Tomatoes, with large, perfect fruits; a SPLENDID KEEPER. AN ENORMOUS YIELDER AND FINE SHIPPER. COLOR BRIGHT SCARLET RED. Invaluable for the home garden, market garden or for shipping purposes. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. $1.50; ½ lb. $3.00; lb. $6.00.

THE DWARF GIANT

This Tomato is of the largest size and produces finest tomatoes. It is by far the finest dwarf on the market. Pkt. 10c; oz. 35c; 2 oz. 65c; ¼ lb. $1.75; ½ lb. $3.50; lb. $6.60.

NEW DWARF PONDEROSA

A cross between Dwarf Champion and Tall Ponderosa. The fruits are glossy, purplish-red, with solid, meaty, bright-red flesh; no core and but few seeds. They are fully as large as those of the Tall Ponderosa. Plants grow about 2 feet high, stocky and branching, bearing Tomatoes in great clusters from July until frost. Pkt. 10c; oz. 35c; 2 oz. 65c; ¼ lb. $1.55.
BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN
The World-Beating Tomato

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—This world-beating Tomato was originated on Buckbee's Rockford Seed Farms and named in honor of Illinois' greatest son—Abraham Lincoln. This Giant of All Tomatoes was introduced by us n 1923 and is the largest Tomato ever grown. We have had 9 tomatoes in a single cluster with a total weight of 7 pounds; the average weight is about a pound and we have grown many weighing nearly 3 pounds. Beautiful dark red, attractive fruits, heavy, large, sweet, solid and meaty with very few seeds. For so large a tomato it is remarkably smooth and free from cracks and seams.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—usually bears fruit in clusters of from four to six; the individual fruit, 5 to 7 inches in diameter, runs remarkably uniform in size and shape, being almost round, solid and weighs about one pound each, or heavier than any other tomato grown; the surface is very smooth and seldom cracks; the color, a rich blood-crimson, also permeates the flesh to the very heart; it ripens thoroughly, coloring up clear to the stem.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—possesses one crowning merit, the phenomenal solidity of the flesh. Even the seeds, which are small and few, are embedded in flesh of meaty firmness.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—has surpassive merit; it is a sturdy, healthy grower with distinctive bronzy-green foliage; it ripens its first fruits immediately following those of the early sorts and from that time until frost it is practically ever-bearing, yielding enormous quantities of tomatoes, no other variety approaching it in productiveness.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—on account of its solid character, splendid quality, rich red color of the flesh, and its appetizing appearance, is absolutely unsurpassed for slicing, salads and table use generally, while it is equally superior for baking, boiling and canning—the solidity of flesh and minimum of juice make thickening unnecessary.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—as a market variety, has already become very popular; its general merit and handsome appearance can not but attract buyers, and it is so solid that it "holds up" well when shipped, even though it does not have the thick, tough skin heretofore considered the most important requisite in a shipping tomato.

Seed of Buckbee's New Tomato Abraham Lincoln can only be obtained from the originator, H. W. Buckbee, Rockford Seed Farms, Pkt. of 100 seeds 20c; 3 pkts. 50c; ½ oz. $1.25; ½ oz. $2.00; 1 oz. $2.50. Postpaid.
BUCKBEE'S "Full of Life" TOMATOES—Scarlet Varieties—Continued

NEW EARLIANA—Buckbee's Pedigreed Strain
An extremely early, smooth, bright red Tomato of good size and flavor; one of the very finest for the market, and not only remarkable for its earliness, but for its very large size, handsome shape and bright color. The vine is a small but vigorous and very productive, bearing the fruits in clusters near the base of the plant. The fruits grow about 3 inches in diameter, have solid thick flesh of splendid quality, and are excellent shippers. Seed to Buckbee for the earliest strain. Pkt. 8c; oz. 35c; 2 oz. 60c; ¼ lb. $1.15; ½ lb. $3.00; lb. $3.50.

BUCKBEE'S BONNY BEST
One of the very best early Tomatoes yet introduced; within a week as early as Earliana, but a much heavier cropper, producing Tomatoes of much larger size, more attractive in shape and color. The fruits are very smooth, round, very deep, solidly meaty, with only a few small seed cells; of bright deep scarlet color and of excellent quality. The plants are very vigorous, of robust growth and fruit continuously throughout the season. Very desirable for the home garden and one of the best for market gardeners whose trade demands extra fine fruits. As a canning sort it yields from 12 to 15 tons to the acre, grading as No. 1. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. $1.30; ½ lb. $3.00; lb. $3.75.

NEW JOHN BAER
An extra early Tomato, large, smooth, bright scarlet fruits of excellent quality. Short, vigorous vines, enormously productive. Fruits larger, smoother, with less seeds than those of Earliana, but somewhat later. For early crops the New John Baer Tomato is planted exclusively in many sections supplying large city markets. Plants are compact in growth, with short, close-jointed branches, setting fruits very freely in the center. So freely are the fruits set that one plant usually will produce ½ to ¾ of a bushel of uniform Tomatoes in a season. Most valuable for the market gardener and very desirable for home use. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. $1.30; ½ lb. $2.15; lb. $3.75.

THE NEW STONE
Buckbee's Improved Strain of this old and valuable variety is the finest on the market, being larger, smoother, more uniform in shape and size and of brighter red color than that offered by others. Pkt. 8c; oz. 30c; 2 oz. 50c; ¼ lb. 90c; ½ lb. $1.65; lb. $3.00.

This spring I purchased 3 pkts. of your Abraham Lincoln Tomato, from these I raised over 200 sturdy plants that produced an enormous crop of the finest Tomatoes I ever saw. They took first prize at the Canadian County Fair and also first at the Oklahoma State Fair at Oklahoma City. These Tomatoes were a class by themselves and had no opposition worthy of mention notwithstanding many Tomatoes were there. The Lincoln produces an enormous crop of large, smooth, solid Tomatoes almost seedless and of a flavor unexcelled by any other ever grown. Thank you for the introduction of such a fine Tomato. JNO, L. RICE, El Reno, Okla.
PINK or PURPLE TOMATOES

BUCKBEE'S NEW EARLY JUNE PINK

The Earliest Pink in Cultivation.

The earliest of the pink fruited Tomatoes, similar to the popular scarlet-fruited Earliana in growth of vine, shape and size of fruit and time of maturing. This is of exceptional value to market gardeners, who want an early, pink-fruited Tomato. The vines are compact and branch freely, bearing their handsome, good-sized deep pink fruits in large clusters continuously throughout the season until frost. It is very popular as a market and shipping variety and most desirable for the home garden. Our seed is superior to that commonly offered by others and will produce fruits earlier, larger, smoother, of better shape and color. Pkt. 8c; oz. 40c; 2 oz. 75c; 1/4 lb. $1.40; 1/2 lb. $2.50; lb. $4.50.

BUCKBEE'S IMPERIAL

Unquestionably the Most Productive of the Large Purple Tomatoes.

BUCKBEE'S IMPERIAL is fully as early as Beauty, but the fruits are much larger and heavier. They are very juicy, smooth, of fine shape, beautiful, glossy, purplish imson color, and command the highest prices in every market. The vines are hardy, vigorous and enormous posters, single plants often yielding under field culture one bushel of fully grown, ripe fruits. The plants bear continuously until destroyed by frost. The flesh is firm, of the finest flavor; ripens evenly to the em. The skin is thin but tough. BUCKBEE'S IMPERIAL is the best purple variety to grow for the market. A splendid long-distance shipper and most desirable for the home market. Pkt. 3c; oz. 50c; 2 oz. 60c; 1/4 lb. $1.15; 1/2 lb. $2.00; lb. $3.50.

HENDERSON'S PONDEROSA or No. 400

hape Perfect, Size Massive, Extra Prolific, Early and Late, Finest Quality

Monster Tomatoes, the largest of all Tomatoes, often weighing 2 to 3 pounds each. The fruits are oblong in form, deep through, of rich, bright solid meat, exceptionally free from seed and unsurpassed in sweet delicious flavor; used raw or cooked; a single Tomato enough for a meal. The vines are healthy and vigorous, early and bear large crops continuously until frost. Buckbee's strain is exceptionally fine, bearing smoother and larger fruits than are generally seen. Pkt. 10c; oz. 50c; 2 oz. 5c; 1/4 lb. $1.75; 1/2 lb. $3.25; lb. $6.00.
BUCKBEE’S “FULL OF LIFE” YELLOW TOMATOES

NEW GOLDEN PONDEROSA
A splendid novelty. Equals its famous parent, the red Ponderosa, in every respect but color. It possesses its large size, heavy meat and luscious quality, and in addition is of a striking rich golden yellow color, making a novel and most attractive table effect, especially when served sliced with a red variety. This is the largest of the yellow varieties in cultivation. The fruits are very uniform in shape and size, contain but little core and few seeds, and are a solid mass of succulent meat. Their skin is thin and they ripen the first fruit quite early, continuing to bear until frost. Pkt. 10c; oz. 55c; 2 oz. $1.00; ½ lb. $1.85.

BUCKBEE’S GOLDEN PRIZE
New golden yellow sort. Flesh thick and of extra quality. Produces enormous crops of quite large fruits. Even if you should be excluded against a yellow sort, this will please you. Pkt. 8c; oz. 40c; 2 oz. 75c; ¼ lb. $1.40; ½ lb. $2.50; lb. $4.50.

The Yellow Tomato Seed grew, and I want to say I believe every tomato seed came up, and I never raised such fine Tomatoes in my life. In fact, never saw or tasted anything equal to them.
MYRTLE E. RIDENOUR, Garland, Kans.

CHILDS’ RESPLENDENT—THE NOVELTY TOMATO
Fruit of all colors, green, white, lemon, pink, orange, yellow to deep ruby-red, borne on the same plant in wonderful abundance. Showy and attractive beyond description. Plant dwarf, stout, upright with novel foliage. Fruit large with more solid flesh and less seed cavity than any other. Pkt. 8c; oz. 40c; 2 oz. 75c; ¼ lb. $1.35.

MIXED TOMATO SEED
For the benefit of many customers who would like to try all kinds, we offer this mixture of many sorts. Pkt. 8c; oz. 35c; 2 oz. 40c; ¼ lb. 75c.

SMALL FRUITED TOMATOES

CURRENT RED—Extremely small, exquisite flavor. Pkt. 8c; oz. 40c.

CHERRY RED—Fruit small, about five-eighths of an inch in diameter; perfectly round and smooth. Fine for pickles and preserves. Pkt. 8c; oz. 40c.

CHERRY YELLOW—Differ from Red Cherry in color only. Pkt. 8c; oz. 40c.

PEACH NEW YELLOW—A most delicious and handsome Tomato with appetizing, fruity flavor not met with in any other variety. Pkt. 8c; oz. 40c.

BUCKBEE’S SNOWBALL. The New White Tomato—A grand new variety of recent introduction, which always gives the best satisfaction. Color is pearly white inside, skin nearly the same shade, flavor unexcelled, flesh firm and solid. Almost a continual bearer, coming into fruit early and yielding throughout the season an abundance of fine Tomatoes which are 1½ inches in diameter, round and smooth. No better variety can be found for table, pickling or canning purposes. Pkt. 10c; 3 for 35c; ½ oz. 40c; oz. 75c.

YELLOW PEAR.

GOLDEN FIG—The illustration shows its exact shape and habit of producing fruit in numerous clusters. It is wonderfully productive, yielding double that of other sorts. Makes pickles and preserves of finest quality. Pkt. 8c; oz. 45c.

BURBANK’S NEW GRAPE—In habit of growth much like a Grape. The fruit is small, round, scarlet, 1½ inch in diameter, of unusually sweet, rich flavor. The plants are of dwarf, stocky growth, with small, dark green potato-leaf foliage and bear their fruits in very long clusters. Pkt. 10c; ½ oz. 35c; oz. 60c.

BUCKBEE’S “FULL OF LIFE” TOBACCO

Newest and Best Varieties for All Sections

Buckbee’s Genuine Havana
Vueltà De Abajo Strain. Our Seed Is Guaranteed Cuban Grown

First Crop Seed

This is absolutely the finest, silkiest and most delightfully flavored Havana Tobacco we have ever handled. This seed is raised by our own grower in Havana, Cuba, and seed taken from the finest plants only. Every tobacco grower knows that Cuban-grown seed is superior to that raised at home, so if you want the very finest Cigar Variety, send to Buckbee for this superior variety. Pkt. 10c; ½ oz. 40c; oz. 75c.

Other Cigar Varieties

IMPORTED SUMATRA—Makes high-grade cigar wrapper and brings a high price. Pkt. 10c; ½ oz. 60c; oz. 95c.
BIG HAVANA—An Americanized Havana used for cigar purposes; sometimes used as a manufacturing sort. Large, long leaf; very early, making two crops in the South from one planting. Pkt. 8c; oz. 50c.
BRAZILIAN—Makes excellent cigars and delightful aromatic pipe smoking Tobacco. Pkt. 8c; ½ oz. 35c; oz. 60c.
COMSTOCK SPANISH—Sometimes called Zimmer’s Spanish. The standard variety for cigar leaf. More extensively grown in this country than any other kind for this purpose. Most popular kind grown in Wisconsin. The leaf is good sized and is suitable for wrappers and fillers. We have the finest strain in the country. Pkt. 8c; oz. 60c.
CONNECTICUT SEED LEAF—Popular in the middle and northern states. Largely grown for fillers. Productive, robust habit. Pkt. 7c; oz. 40c.
CUBAN SEED LEAF—Grown from imported stock; is acclimated and makes fine tobacco. Pkt. 7c; oz. 35c; oz. 60c.
EVANS OR CINNAMON SCENTED—Highly aromatic; extensively grown in Canada for pipe tobacco. Pkt. 8c; ½ oz. 35c; oz. 60c.
GENERAL GRANT—One of the finest, earliest and most popular kinds for Cigars. Grows as far north as Canada. Leaves large. Pkt. 8c; ½ oz. 50c; oz. 60c.
IMPORTED HAVANA—The finest Cuban stock, imported from the famous Vuelta Valley. Pkt. 8c; ½ oz. 35c; oz. 65c.
PENNSYLVANIA SEED LEAF—The best grown in the famous Lancaster County district. Pkt. 8c; ½ oz. 35c; oz. 60c.
TURKISH—Leaves broad, of fine texture and excellent flavor. Makes the very finest of high-grade Cigars. Pkt. 10c; ½ oz. 60c; oz. 95c.

SELECT VARIETIES

BRADLEY BROAD LEAF—A popular variety for several types—export, manufacturing and Cigars. A good reliable variety and succeeds where yellow Tobacco can be grown. Pkt. 7c; oz. 50c.
IMPROVED GOLD LEAF—The best bright Tobacco on the market. It is fast replacing all other varieties. Leaves long, broad and of very fine texture. Pkt. 10c; ½ oz. 35c; oz. 60c.
IMPROVED HESTER—Adapted for wrappers, cutters, fillers or cigars. Leaf large, broad, silky; very tough; cures lemon-yellow. Pkt. 7c; oz. 50c.
IMPROVED LONG-LEAF GOOCH—For cutters and wrappers. Has long leaf of fine texture and makes fine, bright Tobacco. Pkt. 7c; oz. 50c.
IMPROVED WHITE BURLEY—This variety is especially valuable to manufacturers, either for cut or plug Tobacco. Often used for wrappers. Leaf large, broad; cures a very desirable color. Pkt. 10c; oz. 40c.
IMPROVED YELLOW ORONOKE—For yellow wrappers, cutters and smokers. Cures easily a bright color, or can be cured for dark filler. It has good width and fine length of leaf. Pkt. 7c; oz. 50c.
KENTUCKY YELLOW—A very fine, large, broad-leaved Tobacco, suitable for strips, dark fillers and wrappers. Pkt. 7c; oz. 50c.
WARNE—A new variety for yellow wrappers. It is tough, silky; makes the finest quality leaf. Pkt. 7c; oz. 50c.

BEATS ALL, OR LACKS—A heavy, dark type and makes a splendid mahogany. Good texture for dark wrappers and fillers. Pkt. 7c; oz. 50c.
BLUE PRYOR—A large, long and broad leaf. Makes a rich, waxy Tobacco for black wrappers, strips and fillers. Pkt. 7c; oz. 50c.
ONE Sucker—A dark manufacturing sort; good breadth, long leaf and good, rich quality. Pkt. 8c; oz. 50c.
STERLING—Early; makes silkiest of wrappers, brightest of cutters and sweetest of fillers. Pkt. 7c; oz. 50c.
IMPROVED SWEET ORONOKE—Makes the finest fillers known. Cures a rich red; long and narrow leaf, tough and waxy. Pkt. 8c; oz. 50c.
TENNESSEE RED—Excellent for dark strips. Pkt. 7c; oz. 50c.
YELLOW MAMMOTH—A new western variety of the export type. Large yielder that demands top prices. Pkt. 7c; oz. 50c.
YELLOW PRYOR—Makes a fine wrapper, cutter, filler or smoker. Pkt. 7c; oz. 50c.

Improved White Burley—Buckbee’s Seed Is the Best Obtainable.
**BUCKBEE’S BEST TABLE TURNIPS**

**EXTRA EARLY VARIETIES**

**BUCKBEE’S EXTRA EARLY PURPLE TOP MILAN**
The very earliest Turnip grown. The tops of this variety grow very small and are distinctly strapleaved, growing very erect and compact. The roots are small and flat. Turnip-shaped; skin purple on top of the root, clear white below. Flesh white, of mild sweet flavor. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 45c; lb. 80c.

**NEW WHITE EGG**
This is certainly one of the very choicest and finest varieties; producing beautiful egg-shaped roots with thin white skin. They are always firm, solid and of sweet flavor. A most profitable market sort. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 45c; lb. 80c.

**BUCKBEE’S EXTRA EARLY CAMEO**
A grand acquisition from the land of the Czar, where it is more largely grown than any other. Color is a beautiful pearl white. By all means include it in your order. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 45c; lb. 81.25.

**EARLY VARIETIES**

**EARLY SNOWBALL or SIX WEEKS**
The earliest round variety. Roots of medium size, smooth, very beautiful and showy. Skin and flesh snow white. Very mild and sweet. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 45c; lb. 80c.

**BUCKBEE’S RED or PURPLE TOP STRAP LEAF**
The most probably a larger amount of seed of this variety grown annually than any other turnip. As a market variety, without doubt the peer of all. Has single tap root and a bright purple top. Matures 8 or 9 weeks from sowing. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 45c; lb. 75c.

**NEW GOLDEN GLOBE**
A distinct variety, one of the most delicately flavored of the yellow fleshed turnips. The tops are small. The roots are medium sized, round, very smooth and with deeper yellow skin than most of this class. The flesh is firm, crisp and of most excellent quality. The roots are in best condition for table use when about three inches in diameter. This variety is of quick growth, adapted to spring as well as fall planting, and keeps exceptionally well. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 45c; lb. 80c.

---

BUCKBEE'S BEST TABLE TURNIPS—Cont'd.

**Cow Horn**

Sometimes called Long White. The roots are long, carrot-like, of cylindrical form but ending in a point and slightly crooked: they are 12 to 15 inches long by 2½ inches in diameter and grow partly above the ground. The color is pure white with a little shade of green on top. Well flavored and of rapid growth. Fine for Fall and early Winter use. Very productive also as a soil enricher; can be sown broadcast in Fall on stubble ground, will grow on poor, wornout soils, and if plowed under will enrich it as much as a crop of clover. Pkt. 3c; oz. 10c; 2 oz. 15c; ½ lb. 35c; ¼ lb. 40c; lb. 75c.

**Improved Early Flat White Dutch**

Excellent early garden variety and very much used. The roots are of medium size, very flat and the color white. Very early, sweet and tender. Pkt. 5c; oz. 10c; 2 oz. 15c; ½ lb. 25c; ¼ lb. 40c; lb. 75c.

**New White Flat Strap Leaf**

Identical with Buckbee's Red or Purple Top in valuable qualities differing only in color, which is a beautiful ivory white. The leaves are few and grow upright. Pkt. 5c; oz. 10c; 2 oz. 15c; ½ lb. 40c; lb. 75c.

**Yellow Aberdeen**

A turnip of high merit. Very hardy, very productive; medium sized roots; late maturing. Unequaled for its long keeping qualities. The flesh is yellow, tender, sugary and very solid. Pkt. 5c; oz. 10c; 2 oz. 15c; ½ lb. 40c; lb. 75c.

**Southern Seven Top**

Cultivated extensively and with profit in the South for the roots, which are used and are most excellent for greens. It is very hardy, will grow all Winter, but will not produce a good root. In many sections of the South it is also a favorite green feed for stock, and its use as a pasture crop like rape is quite general. Pkt. 5c; oz. 10c; 2 oz. 15c; ½ lb. 40c; lb. 75c.

**New Purple Top White Globe**

A globular variety, very even in shape and of beautiful appearance. The flesh of this variety is much more productive, much more than any flat variety. This variety is a good keeper and a fine market sort. Pkt. 7c; oz. 12c; 2 oz. 18c; ½ lb. 25c; ¼ lb. 45c; lb. 80c.

**New Purple Top White Globe**

The Best Ruta Bagas

For feeding stock in fall and winter there is nothing superior to Turnips and Ruta Bagas. If sown the first of August Ruta Bagas make an excellent pasture for sheep during the fall months, and the root will furnish a rich food for them all winter. All kinds of stock relish them and fatten rapidly when Ruta Bagas are fed in combination with hay.

**Buckbee's Giant**

This is the finest of all Ruta Bagas, and a variety that should be sown in preference to all others. Prize Winner Everywhere. This magnificent Ruta Bagas, which is more largely grown than any other, is the most profitable to grow of all Swede Turnips. It is the largest of all, growing to much greater size than the American Purple Top variety, which is so much used in this country; it out-yields all other sorts; a crop of a thousand bushels and over per acre under careful cultivation, being a frequent occurrence; it is the most hardy of all Ruta Bagas, withstanding cold and drouth better than any other sorts. Bulbs are somewhat oval or slightly oblong in shape; purplish red above and bright yellow below the ground. They are quite smooth with but a small tap root and have a small top and very short neck and remain sound and good indefinitely. Flesh is of a beautiful yellow color, always sweet, tender, juicy and nutritious. Prices: Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 70c; lb. $1.00.

**New Monarch or Elephant**

Produces large, tankard shaped roots, with small tops, relatively small tops; skin dark purple above ground, yellow below. Flesh rich yellow, fine grained; of the best quality. Easy to harvest. Pkt. 5c; oz. 10c; 2 oz. 15c; ½ lb. 35c; ¼ lb. 40c; lb. 75c.

**Improved Purple Top Yellow**

Very hardy, productive and nutritious. A large, purple top yellow variety. Shape slightly oblong. Produces heavy weight per acre. Sweet and good keeper. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 35c; ½ lb. 40c; ⅛ lb. 45c; lb. 80c.

**Buckbee's Mammoth White Russian**

Grows very large with single tap root, small top, short neck. Strong constitution; certain cropper. Will stand severest weather. Flesh white, hard, sweet, of better flavor than most yellow sorts. Fine for table and stock. Keeps sound till late Spring. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 35c; ½ lb. 40c; lb. 75c.
Wonderberry Plant,
Three Months from Seed.

The Sunberry or Improved Wonderberry

This is without question Luther Burbank's greatest production; a luscious berry that may be grown and ripened from seed in any soil or climate in three months.

Fruit more like a great, rich, luscious blueberry than anything else. Beautiful color, fine flavor and unsurpassed for eating raw, cooked, canned or preserved in any form. It is easily the greatest garden fruit ever introduced. Easiest plant in the world to grow. Succeeding anywhere and yielding great masses of rich fruit all summer and fall. The quality is sweet and delicious when fully ripe. Like the grape, it should have time to ripen well after turning black in full sun. Skin which may seem a little tough in a raw state, cooks tender. Seeds small, one-quarter the size of Tomato seed, and cook soft, and are not noticeable. We offer this desirable garden delicacy in two distinct colors.

Burbank's Improved Wonderberry (the Original Blue Black Color), plt. 15c; 2 pkts. 25c.
Burbank's Perfected Sunberry (the New Golden Color), plt. 15c; 2 pkts. 35c.

Price of plants. We can supply nicely started plants, 2 for 25c, 50c per doz., postpaid.
(2 Be sure to state whether you wish Wonderberry or Sunberry Plants.)

Strawberries from Seed

Brazilian Everbearing

It will begin to bear fruit in about four months after seed is sown and continues to produce fruit until very late in the fall. Seeds sown in April will give ripe berries in July. The berries are not as large as the standard varieties, but are of superior quality and have the rich wild Strawberry flavor. The plant is everbearing in the true sense of the word, producing fruit all summer, and comes perfectly true from seed. It also makes a beautiful pot plant, will grow well in the house, and even fruit during the winter. Perfectly hardy everywhere and easy to grow. A packet of seed should produce 40 to 50 plants.

Pkt. 15c; 2 pkts. 25c.

The Best Herb Plants

(See page 41 for herb seed)

Peppermint.—From the leaves of this plant is distilled the well known peppermint of commerce. The green leaves and stems have the same effect as the essential oil, and to most persons the flavor is very pleasant. Hardy Perennial. Strong plants, each 25c; 2 for 60c.

Sparermint.—The plant which produces the mint of the markets and largely used for culinary purposes. It is also used in concocting the refreshing Mint Julep, so popular in some sections. Hardy Perennial. Strong plants, each 25c; 2 for 60c.

Chives.—(For seed see page 41.) Chives are perfectly hardy perennial plants of the Onion type. They are grown for their small leaves, which are produced very early in the Spring for giving a mild Onion flavor to various dishes. Selected clumps or plants, 20c each; 2 for 30c; $1.25 per doz., postpaid.

Holt's Mammoth Sage (Hardy and Everlasting).—Holt's Mammoth is a great improvement upon the ordinary Garden Sage; its leaves being four to five inches long, clean and perfect. They are held well up from the soil, very rich in flavor. Perfectly hardy; does not produce seeds. Each, 25c; 3 for 75c, doz. $1.00.

Lavender. (Old-Fashioned Sweet)

—The leaves are sometimes used for seasoning, but the plant is chiefly grown for its fragrant flowers which are used for the distillation of Lavender Water or dried and used to perfume linen. Hardy Perennial. Strong plants, 25c each; 3 for 75c.
FRUITS
FOR POT CULTURE

SPECIAL OFFER A-1
FOR ONLY 50¢.
We will send by mail, postpaid, one each of the five rare tropical Fruits. Illustrated on this page. Strong Selected Plants. Safe Arrival Guaranteed.

Surinam Dwarf Cherry
Ornamental as well as useful, both in flower and fruit. The fruits are rich bright red in color and most delicious flavor. Being of dwarf growth, it makes a most desirable pot plant. Strong plants, each 15c; 2 for 25c, postpaid.

Otaheite Orange
An extra fine pot plant, with glossy leaves, the true fragrant Orange blooms and abundant little bright Oranges that will hang on the little bush like balls of gold for six months after they are ripe. Our price: Nice young thrifty plants, postpaid, 15c to 25c each. Extra large plants, by express, $1.00 each.

Buckbee's New Everbearing Ponderosa Lemon
A Lemon that can be so easily grown in a pot as a Geranium and which produces fruit weighing from one to three pounds each. These enormous fruits are borne on plants one to two feet high growing in pots. It is everbearing and its fruit is delicious for lemonade and culinary purposes. Will thrive in any good soil, either indoors or out. Select, postpaid, 25c to 35c each. Extra large plants, by express, $1.00 to $2.50 each.

Royal Purple Plant
Strobilanthes. The leaves are beautifully variegated, with a deep metallic purplish shade, with a white edge, yellow rose and margined light green. It is particularly fine for bedding and border and is entirely distinct from any other bedding plant. Grown as a pot plant in the house it is very bright and effective. 25c each. for 50c, postpaid.

**EVERBEARING OR FALL-BEARING STRAWBERRY**

A dish of luscious strawberries in the Fall is a luxury which everyone who owns a garden could enjoy. Plant at least twenty-five plants, but if you can spare the room plant 100 or more. Keep all blooms picked off in the Spring and do not allow the plants to bear regular crops in June, thus conserving their strength for the Fall crop.
BUCKBEE’S SELECT LIST OF SMALL FRUITS
BLACKBERRIES

BURBANK’S NEW THORNSLESS. The finest Flavored, Heaviest Cropping, Best Appearing Berry Ever Grown. Easily Harvested, Sure to Please—This new variety is the peer of all the Mammoth Blackberries and produces a berry superior to any other, on vines which are absolutely free from thorns. The canes start to grow early in the Spring, making the earlier and the largest size berries. They begin the trailing habit, at which time they should be trellised. It is a prolific grower, the canes reaching from 18 to 20 feet in a season and can be pruned to suit. It is not an evergreen, but some leaves usually remain on all winter. It is enormously productive—in fact, plants have been known to produce over 10 pounds of fruit at one picking. The size is immense, berries usually measure 3 inches in length and width, and the flavor is practically free from seeds and the core is very small and firm. Prices, strong plants, each 30¢; 3 for 80¢; doz. $2.25, postpaid.

BLACKBERRIES
CUMBERLAND—New. The largest Black Raspberry known, averaging ¾ inch in diameter, hardest varieties and one of the finest varieties grown. A strong, vigorous grower and wonderfully productive. Mid-season. 10¢ each; 3 for 30¢; doz. $1.25, postpaid.

COLUMBIAN—Purple or dark blue color, rich flavor, very large size. An excellent shipper, keeps well, and crops early for 1 month. 80¢; 2 for $1.60; doz. $8.00, postpaid.

BURBANK’S HYBRID BERRY “PHENOMENAL”
Burke’s new Raspberry variety, commences to bear in 3 years. Bearing profusely,累累莓. Price, 25¢ each; 3 for 75¢; doz. $2.25, postpaid.

THE WONDERFUL HIMALAYA BERRY
The greatest wonder of all—Ripening after all other berries are gone and extending the berry season several weeks. A vigorous grower and should be grown on trellises. Price, 25¢ each; 3 for 75¢; doz. $2.25, postpaid.

NEW LOGAN BERRY (Blackberry-Raspberry)
This Thornless Blackberry-Raspberry is an exceedingly strong grower, making the growth of 10 feet in one season. The fruit is as large as the largest size Blackberry, of the same form and shape, and the color, when fully ripe, is a dark bright red. It is excellent for preserves and jams. Price, 25¢ each; 3 for 75¢; doz. $2.25, postpaid.

DEWBERY
AUSTIN’S IMPROVED—The berries are much larger than those of any other Dewberry or Blackberry. It requires no trellises or stakes. The fruit is jet black and of superior flavor. Fruit ripens early and is found ripen before Raspberries and Blackberries. Price, 30¢ each; 3 for 75¢; doz. $2.25, postpaid.

GRAPE
We cannot send Grapes to California
CAMPBELL’S EARLY—The berries are large, often an inch or more in diameter, glossy black with a purple bloom, sweeter plants, will each seed. Smart plants, each 25¢; 3 for 75¢; doz. $2.25, postpaid.

WHITE RAMPION—Valuable for all sections of the United States. Berries white, healthy and perfectly hardy. Smart plants, 30¢ each; 3 for 80¢; doz. $3.00, postpaid.

MOROCOTT—One of the largest early ripening varieties. Price, 30¢ each; 3 for 80¢; doz. $3.00, postpaid.

CONCORD—The well-known standard black-blue variety. Price, 30¢ each; 3 for 80¢; doz. $3.00, postpaid.

IMPROVED RUSSIAN MULBERRY
An ornamental, hardy, fruit-bearing tree. Suitable for all sections of this country. Makes a beautiful tree for the lawn. Fruit larger than blackberries and of delicious flavor. It is a very rapid grower and is perfectly hardy. Commences to bear when two years old. Price, 30¢ each; 3 for 80¢; doz. $3.00, postpaid.

TO ORDER—Order now that you may receive the finest fruit possible. See that you get the right varieties, the right kind of fruit, the right kind of plants, and the right kind of care. Order now, get the best, pay the least, and have the greatest satisfaction.

Special Offer E3 The set of 5 choice Grapes one each variety, by mail, postpaid, Only $1.38 Campbell’s Early Grape.
BULBS FOR FALL PLANTING ONLY

IMPORTANT NOTICE—None of the bulbs listed on this page can be planted in the Spring or Summer. Bulbs are grown for us in Europe and orders for them are taken subject to our receiving the Bulbs from the Grower. We want your order now so that we can reserve our best “Full of Life” Bulbs for you and ship to you as soon as received, usually in September, or return amount paid for them. Single Bulbs or dozens prepaid; larger quantities by express or freight not prepaid.

Buckbee's “Full of Life” Flower Seeds

BUCKBEE'S PURE HONOR ASTERS
An Entirely New Race of Magnificent Asters.

These are wonderful new Asters introduced by us. The blooms average from 3½ to 4½ inches in diameter, produced on long, single stems and about 50 percent of them have no laterals. They are of a branching variety. Seed stock is limited, however. No garden is complete without this Honor Class and all lovers of Asters should include some or all of the following colors:

PURE WHITE—There is no other white Aster that will retain its pure white color longer than the Pure Honor. The stems are long and strong, making it desirable for cutting. In bloom all summer. Packet about 75 seeds 15c.

PURPLE HONOR—This is identical to the above in size and form while the color is a deep rich purple and, used in combination with the above, makes a most pleasing contrast. Packet about 75 seeds 15c.

MERITORIOUS PINK—The very finest of all. Flowers are even larger than the above, borne on long, strong stems. Fine for cut flowers. Color a beautiful flesh pink. Packet about 75 seeds 15c.

MIXED HONOR—This comprises some of the above and many other splendid varieties blended in generous proportion. You will want nothing better in a mixture than this. You will be well repaid in satisfaction and pleasure. Packet about 75 seeds 15c.

QUEEN OF THE MARKET ASTERS
Truly a Pleasing First Early Aster.

The best early Aster, coming into bloom about two weeks earlier than almost any other kind. The flowers are very double, good-sized, and borne on long stems one foot high.

White ............... Pkt. 8c; ½ oz. 25c
Scarlet ............... Pkt. 8c; ½ oz. 25c
Rose ................ Pkt. 8c; ½ oz. 25c
Lavender ............ Pkt. 8c; ½ oz. 25c
Purple .............. Pkt. 8c; ½ oz. 25c
Finest Mixed ........ Pkt. 7c; ½ oz. 30c

PAEONY FLOWERED PERFECTION ASTERS
Popular and Satisfying.

One of the most beautiful, exquisite in form and deservedly popular of all Asters. Flowers very double with incurved petals, 1½ inches high.

Bright Crimson .......... Pkt. 8c; ½ oz. 30c
Clear White ............ Pkt. 8c; ½ oz. 30c
Peach Blossom .......... Pkt. 8c; ½ oz. 30c
Rose-Pink ............. Pkt. 8c; ½ oz. 30c
Violet-Blue ............ Pkt. 8c; ½ oz. 30c
Finest Mixed ........ Pkt. 7c; ½ oz. 30c

BUCKBEE’S RADIANT BRANCHING ASTERS
Truly Radiant in Color, Form, Grace and Beauty.

The flowers are the most beautifully formed of all the large Asters and quite different in many respects from any known Aster. The plants are very vigorous and profuse bloomers. The flowers are unusually large, 5 to 6 inches in diameter, very double and borne on long stiff stems. The petals are of good substance, consequently flowers remain a long time in perfect condition. These magnificent blossoms being gracefully poised on strong, well-leaved stems 15 to 18 inches long are very desirable as cut flowers for vases in home decoration. We offer the following separate colors:

BUCKBEE’S GIANT CREGO ASTERS
Pleasing, Stately, Handsome and Vigorous.

Crego Asters are truly grand Asters and are of American origin. The flowers are immense, from four to five and often six inches across. The plants are of luxuriant branching growth, attain a height of two feet, each plant bearing from twenty to thirty magnificent flowers on very long strong stems which are borne in great profusion during August and September. We offer the following separate colors:

AMERICAN BEAUTY ASTERS
The Aristocrats of the Aster Family.

When we first offered the American Beauty in 1918 we had an immense flower of a most pleasing color. This has been perfected so that now we have a flower 4 to 5 inches in diameter. In 1929 we listed for the first time New Purple American Beauty and later the New Lavender and September Pink—three varieties that are now in even greater demand than the original Carmine American Beauty. All four colors come true from seed and are of the same mammoth size as the original. We grow these wonderful Asters on our own farm and select the seed from the finest flowers only.

Carmine ............... Pkt. 10c; ½ oz. 45c
Purple ................. Pkt. 10c; ½ oz. 45c
Lavender .............. Pkt. 12c; ½ oz. 60c
September-Pink ....... Pkt. 12c; ½ oz. 60c
Mixed Colors .......... Pkt. 10c; ½ oz. 50c

Buckbee’s True Giant Crego Asters.

Buckbee's Pure Honor Asters.
BUCKBEE'S
NEW GIANT
FROSTPROOF
BURNING BUSH

Strikingly Handsome
For Late Summer and Fall Show

A new grand foliage plant for the garden may also be used as a pot plant for Christmas and New Year decoration. This differs from the common variety of Burning Bush as it is more than twice the size and remains in splendid condition until after the new year, while the old variety dies early in the fall. The pyramidal bushes may be grown singly or in the form of a hedge. In the early fall the whole bush becomes a flaming red—whence the name Burning Bush. The beauty of the plant is in its trim shape and brilliant color, and at that only touch of color in otherwise empty garden. Pkt. 10¢; ¼ oz. 25¢.

CARNACTIONS

Buckbee's Famous Carnations Are World Renowned

GIANT-FLOWERING MARGUERITE—These lovely fragrant Carnations produce fine double flowers which often measure 3 inches across. The variety of color includes white, blush, deep pink, salmon, carmine, scarlet, dark crimson, purple, and many beautifully variegated flowers. Most of them have handsomely fringed petals, and are delightfully fragrant. One great merit of these Carnations is that they commence to flower in about three months from time seed is planted. Plants raised from seed bloom more profusely than propagated plants and are preferred. Seed planted in the spring will bloom August until frost; sow in summer for winter flowering plants. Desirable alike for pot culture and garden use. All colors mixed. Pkt. 10¢; ¼ oz. 25¢.

MARGUERITE CARNATIONS MIXED—Ordinary strain. Pkt. 8¢; ¼ oz. 30¢.

BUCKBEE'S EVERBLOOMING CARNATIONS—This is the famous Carnation that is grown so extensively by Florists for Cut Flowers. Our seed is saved from our wonderful collection of Carnation Plants grown in our celebrated Forest City Greenhouses at Rockford, and is obtained by hand fertilization of the best and most varied colored flowers. Mixed Colors: Pkt. 15¢.

CHINESE WOOL FLOWER

A World-Beating Floral Wonder

A valuable novelty. A unique form of the Feathered Cockcomb. The plants grow 2 to 3 feet high, branching freely. Each branch terminates in a large ball-shaped flowerhead of each plant forms an immense, beautifully arranged bouquet. Very effective in beds and borders and valuable for cutting. Flowers may also be cut and dried, retaining their bright coloring for a long period. They flower profusely from early summer onward. Besides the original Rose color that we have been offering for the past few years, we also have a clear pink and bright yellow at the following prices:

Chinese Wool Flower—Rose. Pkt. 10¢; ¼ oz. 45¢.
Chinese Wool Flower—Pink. Pkt. 10¢; ¼ oz. 60¢.
Chinese Wool Flower—Yellow. Pkt. 10¢; ¼ oz. 60¢.

CHINESE LANTERN PLANT

Wonderfully Fascinating and Beautiful

A very showy, hardy, perennial plant; forms dense bushes about 3 feet high; it blooms early and produces freely the first season. Blooms like husks, 2 to 3 inches across, much like a husk tomato; inside of these husks the fruit develops. These husks are removed, then gradually change to orange-scarlet; at this period of growth they strangely resemble miniature lighted Chinese lanterns, hence the name. Dried branches covered with these lanterns are used with splendid effect as parlor ornaments for fall and winter decorations. Pkt. 10¢; ¼ oz. 35¢.

CARDINAL CLIMBER

The Most Beautiful and Brilliant Annual Climber

A strong and rapid grower attaining in good soil and in a sunny situation a height of 30 feet or more; it has beautiful fern-like, lacy, vivid green foliage, and from mid-summer till frost is literally covered with clusters of tubular flowers, 1½ inches across, of a dazzling scarlet color. No other flower is as graceful and beautiful climber as this wonderful plant. If sown in pans or boxes, seed must not be sown until the weather is settled and warm; otherwise the seed is liable to rot. Sow in a cold frame in early spring and transplant into the garden. Pkt. 10¢; ¼ oz. 35¢.
COLUMBIAN CLIMBER
Remarkably Beautiful, Quick Growing, Free-Blooming Annual Climber

The most superb of all Annual Climbers and used almost exclusively for decorating the pillars, etc., at the World’s Columbian Exposition, where its graceful habit won the admiration of all who saw it. It is a splendid, rapid grower, of easy culture, always a dense mass of a rich exquisite green, showing no open spaces. Accompanying the luxurious foliage are large purple flowers of marvelous beauty. There are so few climbers that can be grown easily from seed and so few blue flowers of any kind that our Columbian Climber is especially desirable for use in all gardens. It is really troubled by insects and heat and drought do not seem to affect it in the least. Pkt. 15c; 1/2 oz. 30c.

DAHLIAS
Buckbee’s World Beating Collection of Stately Dahlias Have a National Prize Winning Reputation

The Dahlia still holds its place as king of all the outdoor Autumn flowers, and they may be grown to the greatest perfection from seed, blooming beautifully the first Summer. Anyone can have a magnificent display of these regal beauties at very small cost. They continue to bloom profusely until frost, when the bulbs may be taken up, stored where they will not freeze, then set out again the following Spring. This may be continued year after year with success.

Buckbee’s Double Largest Flowering Mixed—A superb mixture of the finest double varieties of the largest size and finest colorings. Pkt. 15c; 1/2 oz. 45c.

Double Cactus Flowering Mixed—The most beautiful in cultivation. They are unequalled for rich and varied colors and perfection of form. Pkt. 10c; 1/4 oz. 40c.

Double Fine Mixed—A satisfactory mixture, and a goodly proportion of the flowers will be double. Pkt. 8c; 1/4 oz. 35c.

Single Novelty Mixed—Brilliant flowers running through a wide range of striking colors. Pkt. 7c; 1/4 oz. 25c.

For Dahlia Plants see Pages 132-133.

COSMOS
Magnificent, Free Blooming, Easily Grown Annual. Flowers Wonderfully Colored. Very Desirable for Late Summer and Fall Effects

GIANTS OF CALIFORNIA—This strain is noted both for beauty and the gigantic size of its flowers, which measure 4 to 5 inches across. The colors are very varied and beautiful. Chloest mixed. Pkt. 10c; 1/4 oz. 5c.

NEW EARLY FLOWERING—Grace, daintiness and brilliancy are the characteristics of this pretty flower, with its yellow base encircled with broad, daisy-like petals, carried on long slender stems, rising from a cloud of feathery foliage. Blooms from July to November. Superb mixed. Pkt. 10c; 1/4 oz. 30c.

KLONDYKE—Gorgeous golden-yellow flowers on long stems, and measure from 21/2 to 31/2 inches across. Later than the above varieties, so seed should be planted early in a warm sunny place. Foliage graceful and attractive, making this one of the most desirable of the Cosmos. Pkt. 10c; 1/4 oz. 35c.

NEW DOUBLE ANEMONE FLOWERED—The flowers vary considerably in their degree of doublessness, some are absolutely double, others have a frill or collar surrounding the double disc, and others again are single, but all are very large and beautiful and are produced in great profusion in fall. (See Illustration.) Mixed colors. Pkt. 15c; 1/4 oz. 45c.

BUCKBEE’S NEW CALIFORNIA POPPIES
Bright Colored Showy Annuals

GOLDEN WEST—A superb variety with large flowers of deep yellow with orange center. Will bloom lavishly over a long season in any sunny situation and in almost any kind of soil. Plants grow about 2 feet high. Pkt. 8c; 1/4 oz. 20c.

Buckbee’s Fancy Mixed—Very showy, free flowering hardy annuals. Sow the seed any time during the Spring, the earlier the better, letting them remain where planted as they do not do well transplanted. Will bloom throughout a long season. Splendid for bedding. Flowers come in varied and striking colors. Pkt. 10c; 1/4 oz. 25c.

New Double Anemone Flowered Cosmos.
FOUR O'CLOCK

Buckbee's Greatly Improved Four O'Clocks or Marvel of Peru Are Deserving of a Place in Your Flower Garden

Well known free flowering hardy annual. No flower makes a prettier border than the old-fashioned Four O'Clock; grows well everywhere. Give each plant from 12 to 18 inches of space so they may expand and display the large convolulus-like flowers to advantage. Colors white, yellow, crimson, striped, etc. It is one of the most brilliant and showy plants that can be grown. These beautiful flowers can be grown in any soil and will stand much neglect. Does well in sun or partial shade. Finest mixed colors. Pkt. 10c; oz. 20c.

HYACINTH BEAN

You Will Find the Greatly Improved Varieties of Hyacinth Bean or Dolichos to Be Among the Most Desirable Annual Climbers.

A showy and rapid growing annual climber, grows luxuriantly about 10 feet high, branching out well from the bottom and is densely covered with heart-shaped leaves which are insect proof. The sweet-pea-like white and purple blossoms are borne in racemes often a foot in length, followed by exceedingly ornamental seed pods. We offer the following colors:

**DAYLIGHT**—This grand Hyacinth Bean comes from Japan. Seed of this variety sown in May attained a height of over 1 foot by the middle of July and was covered with clusters of snow-white blossoms until late fall, later silvery-white seed pods. Pkt. 10c; ½ oz. 25c.

**DARKNESS OR PURPLE SOUDAN**—Identical to the above except in color, which is a pleasing shade of violet-purple with seed pods of a dark ruby purple. Pkt. 10c; ½ oz. 25c.

**FINEST MIXED**—All of the best colors in assortment. Pkt. 8c.

**EVERLASTING HELICHRYSUMS**

"The Famous Straw Flower"
The Dried Flowers Make Fine Winter Bouquets

Cut the flowers with as long stems as possible, when about half open, strip the foliage from the stems, and tie together in loose bunches. Then hang them up with the heads down, in a cool, dark, dry place until thoroughly dried and cured. They will retain their vivid colors and last nicely all winter.

**FIREBALL**—The brightest of them all. Work splendidly in any bouquet. Pkt. 100 seeds 10c; ½ oz. 25c.

**SNOWBALL**—A pleasing contrast to the above, being a pure white color. Pkt. 100 seeds 10c; ½ oz. 25c.

**VIOLET BALL**—A beautiful color, and the darkest of the Helichrysums. Pkt. 100 seeds 10c; ½ oz. 25c.

**PINK BALL**—Very soft, delicate color. This is the daintiest and one of the best. Pkt. 100 seeds 10c; ½ oz. 25c.

**GOLDEN BALL**—Intense golden yellow. This bright color never fails to attract the admiration of all. Pkt. 100 seeds 10c; ½ oz. 25c.

**FINEST MIXED**—Pkt. 150 seeds 8c; ½ oz. 20c.

NEW LACE FLOWER

Unique Annual of Dainty Alice Blue Shading

This pretty and interesting annual is coming into prominence again. It blooms most profusely from July until November; plants grow about 1½ inches high and have as many as fifty flowers open at one time. The exquisite pale lavender blossoms of dainty formation are excellent for cutting. The flowers resemble the blossoms of Queen Ann's lace. They are also grown extensively for early spring flowering in cool greenhouses where they are used in assorted bouquets. A bed of New Lace Flower is unusually attractive and gives a touch of color no other garden flower can equal. Pkt. 10c; ½ oz. 50c.
LARKSPUR OR DELPHINIUM

BUCKBEE'S GOLD MEDAL HYBRIDS (Hardy Perennial)—Produce beautiful spikes of immense flowers, semi-double and double, from 2 to 3 feet in length. The colors are very beautiful, ranging from pure white through all the shades of lavender and blue, to deep purple. Mixed colors. Pkt. 15¢; ½ oz. 50¢.

CARDINAL—True cardinal red color. One of the finest of the perennial Delphiniums. Pkt. 10¢; ½ oz. 45¢.

CHINESE BLUE BUTTERFLY—A pleasing blue perennial with the graceful foliage of the annuals. Pkt. 8¢; ½ oz. 35¢.

NEW EXQUISITE—Beautiful soft, apple blossom pink color. The finest of the annual Larkspurs. Make a wonderful show in the garden and lasts nicely when cut for bouquets. Pkt. 10¢; ½ oz. 45¢.

DWARF DOUBLE GIANT MIXED (Annual)—Our strain of Giant Hyacinth is a vast improvement over the old varieties, more flowers being double and all of them much larger and finer colors. They make handsome beds and borders and are of exceptional value for cutting purposes. Sow in the open ground early in Spring, plants will be in bloom at the beginning of July. Pkt. 7¢; ½ oz. 15¢.

BUCKBEE'S TALL GIANT FLOWERING MIXED NASTURTIUM

A wonderful diversity of rich colors and new and striking combinations are found in this unequaled mixture. A row in full flower is truly gorgeous beyond description, containing as it does every shade and tint of yellow, rose, scarlet, carmine, orange, lemon, bronze, violet, purple maroon, ruby, cream and pink, both in solid colors and mottled and striped in many strange and exquisite ways. Pkt. 10¢; oz. 30¢; ½ lb. 70¢; lb. $2.25.

BUCKBEE'S DWARF GIANT FLOWERING MIXED NASTURTIUM

These grand new bedding Nasturtiums are extremely brilliant and gorgeous. Being very productive, there is always a great abundance of the most magnificently hued flowers of immense size. The colors are very intense and make a wide contrast necessary when found in common mixtures. The plants are suitable for edging, growing quickly and forming a compact, bushy border for beds and along walks. The flowers are very sweet-scented and are very desirable for cut flowers. The foliage shades from light green to a deep blue-green. Pkt. 10¢; oz. 25¢; ½ lb. 50¢; lb. $2.50.

NEW DWARF SPENCER NASTURTIUMS

The most wonderful Nasturtium ever offered. A very effective type with peculiar waved emerald green leaves, making a symmetrical bush of perfectly round formation. The flowers come in many bright colors. Our supply of seed is limited. Pkt. 10¢; oz. 25¢.

MARIGOLD

Buckbee's Improved Varieties of Marigolds Are of Large Size and strikingly Effective

LEMON BALL—The extra large flowers are perfectly rounded—of nearly ball-like form; the color is a clear canary-yellow. The brightness of coloring and perfection of form make them resemble large double yellow Dahlias, only produced so much more abundantly and for a longer season. Pkt. 10¢; ½ oz. 25¢.

ORANGE BALL—The flowers are perfectly double, forming a complete sphere. This variety is absolutely invaluable towards an effective garden display. Very fine for cut flower purposes; arranged with other flowers, the effect is very striking. Pkt. 10¢; ½ oz. 20¢.

BUCKBEE'S ROCKFORD FINEST MIXED MIGNONETTE

The finest Mignonette mixture every blended. It includes all the well-known sorts, together with many new Hybrids. No garden is complete without this mixture. Sow in early Spring and again in July to keep up a succession of flowers till frost. When grown under favorable conditions spikes will not only be of remarkable size, but deliciously fragrant. The individual florets are of immense size, forming a graceful as well as compact spike. Of extraordinary keeping qualities, retaining their grace and fragrance until every bud opens. Pkt. 10¢; ½ oz. 20¢; oz. 35¢.

Nasturtium—Buckbee's Giant Flowering.
PETUNIAS
BUCKBEE’S FAMOUS GIANTS OF CALIFORNIA
Our Petunias Are World-Renowned
A California strain of great beauty, size, and luxuriance. This is a mixture of the best large flowering and fringed Petunias, the flowers often measuring 3 to 4 inches across. The variety of colors, markings, veinings and blotches distinguish them from all others. The seed is carefully selected from spectacular fine plants. The flowers are usually ruffled and fringed on the edges and present a most wonderful appearance. This is without question the largest, prettiest and most wonderful Petunia ever grown. Equally desirable in pots in the house or grown in beds out of doors. Seed is very fine and care must be used not to plant the seed too deep. Pkt. 15c.

Buckbee’s Giant Double Mixed.

BUCKBEE’S GIANT MASTERPIECE PANSY
Magnificent and Strikingly Attractive
This magnificent Pansy comes nearer to being a double Pansy than anything ever introduced under that name; the border of every petal being conspicuously crimped and curled in such a fashion as to make the flowers appear double. The color combinations are very odd and contain some choice tints not found in any other strain of Pansies. Pkt. 15c; 2 for 25c; ¼ oz. $1.25.

BUCKBEE’S GIANT FLOWERING MIXED PANSY
The Very Best Pansy Mixture Ever Offered
In this magnificent mixture of giant flowering Pansies the colorings are wonderfully rich and varied; every shade and tint of rose, canary-yellow, black, white, cream, lavender, garnet, sky-blue and orange are produced in endless variations and striking combinations while others have silvery grounds, heavily blotched at the base of each petal with a dark, rich shade. The enormous flowers are of thick, velvety texture, perfect form, and borne on long stems well above the foliage. The compact, rounded plants are of sturdy habit and deep rooted so that they bear the gigantic flowers profusely and continuously. Pkt. 15c; ¼ oz. $1.00; oz. $7.00.

STEELE’S NEW MASTODON PANSY
The American Wonder Pansy
The largest Pansy ever grown. Nothing like it ever seen before. Flowers come in every known color and shade, never seen in any other strains. Blooms very early and continuously. Pkt. about 50 seeds 15c.

NEW DWARF, LARGE FLOWERING PHLOX
Showy and Effective
A lovely strain with immense flowers. The plants grow erect, only 6 to 8 inches high. For bedding alone, or as borders in beds with taller varieties, it is one of the most brilliantly effective annual flowers. A choice mixture of countless shades.

Dwarf Fireball—Brightest scarlet. Pkt. 10c; ¼ oz. 35c.
Dwarf Snowball—Pure white. Pkt. 10c; ¼ oz. 35c.
Dwarf Mixed—Many beautiful colors. Pkt. 10c; ¼ oz. 35c.

PAPRIKA—Buckbee’s Mammoth Prize Mixed.

PAPRIKA—Buckbee’s Giant Double Mixed.
BUCKBEE’S SUPERB VELVET FLOWER

Most Attractive, Free Blooming, Easily Grown Annuals—Every Flower Makes a Perfect Picture

Very showy bedding or border plants with richly colored, erect, funnel-shaped flowers. The flowers are very beautifully marbled and penciled purple, scarlet, crimson, yellow, buff, blue and almost black. Bloom from August to October. Each one richly velvety with gold. Our new velvet flower forms one long leading stem about 30 inches high from which branch out near the top many side shoots, each bearing a large flower, thus forming a veritable bouquet of the most beautiful flowers. A bed of velvet flowers in full bloom is strikingly beautiful. Mixed Colors. Pkt. 10c; $0.50 oz. 35c.

SCABIOSA OR MOURNING BRIDE

Buckbee’s New and Greatly Improved Varieties of Fascinating Attractiveness and Delightful Beauty

This is one of the most attractive of old fashioned flowers. No garden is complete without a bed of fragrant Scabiosa. Their ease of culture and the long flowering season warrants their presence in every garden. The flowers are produced in great abundance and borne on long stems, making them very attractive and useful for cutting purposes.

BLACK KNIGHT—Deep velvety purple. Pkt. 10c; $0.50 oz. 25c.
FIERY SCARLET—Rich vermilion red. Pkt. 10c; $0.50 oz. 25c.
APPLE BLOSSOM—Delicate shell pink. Pkt. 10c; $0.50 oz. 25c.
SNOWBALL—Purest white. Pkt. 10c; $0.50 oz. 25c.
DWARF DOUBLE LARGE FLOWERING MIXED—Pkt. 8c; $0.50 oz. 20c.
TALL DOUBLE LARGE FLOWERING MIXED—Pkt. 8c; $0.50 oz. 30c.
CAUCASIA (Blue Bonnet)—Hardy perennial, 3 feet high. Flowers lilac-blue on long stem; fine for cutting. Pkt. 10c; $0.50 oz. 25c.

BUCKBEE’S BEAUTIFUL STOCKS

Regal Garden Favorites—Very Attractive and Useful

LARGE FLOWERING GLOBE PYRAMIDAL.
Spike and flowers very large. Flowers are produced in great profusion. Grand Mixture. Pkt. 10c; $0.50 oz. 15c.
SEPARATE COLORS—
Blue Bird. A wonderful flower and a color seldom seen in Stocks. Pkt. 10c; $0.50 oz. 25c.
Crimson Vespertus. Rich blood red color. Very showy and effective. Pkt. 10c; $0.50 oz. 25c.
White Mont Blanc. Pure white, without a spot. Makes a fine cut flower. Pkt. 10c; $0.50 oz. 50c.
Yellow Monte Carlo. Rich sulphur yellow color; a fine contrast to the above. Pkt. 10c; $0.50 oz. 50c.

SNAPDRAGON

Delightfully Sweet Scented Flowers, Always in Bloom—Colors Bright and Attractive

Snapdragon now rivals the Sweet Pea in popularity, and it is one of the most valuable flowers which can readily be grown from seed, whether intended for cutting or for show in the garden. Buckbee’s Greatly Improved Snap Dragon or Antirrhinum are in a class by themselves. Equally valuable for outdoor bedding purposes and for cut flowers.

FIRE KING—Deepest cardinal red. Pkt. 10c; $0.50 oz. 30c.
YELLOW BEAUTY—Bright orange yellow. Pkt. 10c; $0.50 oz. 30c.
SILVER PINK—One of the best. Pkt. 10c; $0.50 oz. 30c.
SCOTCH STRIPED—A beautiful combination of color. Pkt. 10c; $0.50 oz. 30c.
QUEEN VICTORIA—White shaded cream. Pkt. 10c; $0.50 oz. 30c.
BUCKBEE’S GIANT MIXED—The flowers of this new type are double the size of older sorts are more closely set on the stems and the colors most clear and brilliant. Pkt. 10c; $0.50 oz. 30c.
TOM THUMB—Eight inches high. Finest mixed, all colors. Pkt. 8c; $0.50 oz. 25c.

Buckbee’s Famous Snapdragons.

Superb Velvet Flower.

Scabiosa or Mourning Bride.

Stocks—Large Flowered Globe Pyramidal.

Superb Velvet Flower.

Superb Velvet Flower.
BUCKBEE'S NEW EARLY FLOWERING GIANT SPENCER SWEET PEAS

A New Race Five to Six Weeks Earlier Than the Regular Spencer Sweet Peas

The plants are very vigorous growers, prolific and continuous bloomers. They come into flower five to six weeks earlier than the other Spencers, and if grown outdoors and the flowers are kept picked, will bloom in the Northern states until destroyed by frost. The flowers are of immense size.

BUCKBEE'S WORLD BEATING DAHLIA FLOWERED ZINNIAS

Quality—Nothing But Quality

There is no flower can equal the Zinnia for effect and lasting quality and in our new Dahlia Flowered Zinnias we have a strain that must be grown to be appreciated. Colors that are found in no other flower. Long strong stems and in bloom continuously until frost.

BUCKBEE'S GIANT COSMOPOLITAN MIXED VERBENAS

This selection and mixture embraces all the choice and most desirable colors in the Giant Flowering Verbena. The shades are mostly very delicate and dainty. Many of the individual flowers are nearly as large as a silver half dollar. Pkt. 10c; ¼ oz. 35c.

BUCKBEE'S GIANT VERBENAS IN SEPARATE COLORS

There is a growing call for flower beds of one color, so we have grown the following to meet the demand:

- Blue King
- Purple
- Scarlet Defiance
- Burbanks' Pink Mayflower
- Italian Striped
- Pure White
- Yellow

Any of the above colors, pkt. 10c; ¼ oz. 35c.

The Floral Wonder. Blooms in 50 days from sowing of seed—Flowers all Summer and Fall—Lasts for years.

The old favorite Sweet William, as all know, does not flower until the second year, from seed, but this new hybrid strain begins to bloom in 50 to 60 days from seed sown in Spring and continues to flower all Summer and Fall. It is entirely hardy and will last for years. The plants are about one foot high, are neater and prettier than the old variety and bloom long after they are gone. The flowers are very fragrant and similar to the old Sweet William in size and form. Some of them have smooth edges and others are deeply fringed. All Colors Mixed. Pkt. 10c; ½ oz. 35c.

VERBENAS—Verbena—Buckbee's Giant Cosmopolitan.

ZINNIAS—Zinnia—Buckbee's Mammoth Dahlia Flowered.
ASTERS

IMPROVED DAYBREAK

Sturdy, upright, bushy plants, 15 inches high, producing in midsummer masses of flowers unequaled by any other Aster, not less than 50 blooms appearing on a plant. Daybreak Shell Pink. Pkt. 10c; ¼ oz. 30c. Daybreak Snow White. Pkt. 10c; ¼ oz. 30c. Daybreak Blue. Pkt. 10c; ¼ oz. 30c. Daybreak Rose. Pkt. 10c; ¼ oz. 30c. Daybreak Salmon. Pkt. 10c; ¼ oz. 30c. Daybreak Lavender. Pkt. 10c; ¼ oz. 30c. Daybreak Mixed Colors. Pkt. 8c; ¼ oz. 30c.

NEW GIANT QUILLED

The flowers are produced on long, thin, wiry stems, very large, perfectly double, with long needle or quill shaped petals. Choice Mixed. Pkt. 8c; ¼ oz. 15c.

NEW JAPANESE OR TASSEL

Entirely distinct and novel. Plants of pyramidal growth about 12 inches high, bearing on long stems from 40 to 50 flowers, averaging 5 inches across, composed of wavy and twisted needle-shaped petals. The color is of a soft flesh pink and rose, the two colors mixed. Pkt. 10c; ¼ oz. 30c.

FIRE KING

The most brilliant Aster ever produced and the nearest approach to scarlet yet obtained, very compact, about 12 inches high, with large, beautifully incurved flowers. Pkt. 10c; ¼ oz. 40c.

SNOWBALL

A most profuse bloomer, a single plant often producing as many as 25 to 50 pure snow-white flowers, globular in form and of good size. Ten inches high. Pkt. 10c; ¼ oz. 40c.

BUCKEE'S NEW GIANT COMET

Or Mammoth Ostrich Plume.

Grand American Asters, a magnificent strain of Comet or Ostrich Plume Asters, finer and larger than Crego and Astermum. The plants grow 18 to 24 inches high, branching freely, each plant bearing from 20 to 50 magnificent flowers from 4 to 6 inches in diameter, composed of long, curled, twisted petals, forming loose, fluffy, globular heads. The whole flower has a distinctly feathery effect, greatly resembling that of the fine Japanese Chrysanthemums. We offer the following separate colors:

- Pure White. Pkt. 8c; ¼ oz. 25c.
- Purple. Pkt. 8c; ¼ oz. 25c.
- Clear Carmin. Pkt. 8c; ¼ oz. 25c.
- Bright Rose. Pkt. 8c; ¼ oz. 25c.
- Lilac. Pkt. 8c; ¼ oz. 25c.
- Finest Mixed, all the desirable colors: Pkt. 7c; ¼ oz. 20c; oz. $1.50.

BUCKEE'S SUPERB MIXTURE OF GIANT ASTERS

Absolutely Unexcelled.

Producing beautiful flowers, gigantic in size, gorgeous in colors, perfect in form. This mixture includes the cream of all the Asters on this and the following page, together with many other sorts of the most beautiful forms and brilliant colors. Especially selected from the finest large-sized, double-flowering types and the most critical flower lover will be pleased and astonished at the wide range of colors and varieties and we know it will give satisfaction. Pkt. 10c; ¼ oz. 10c; oz. $1.75.

BUCKEE'S FINE MIXED ASTERS

A splendid collection of the leading types of Asters in choice mixture. We have made the price so low that you cannot pass it by. Pkt. 7c; ¼ oz. 20c; oz. 75c.

NEW SENSATION ASTER

Deep Ox-Blood Red. Nothing like it ever before seen in an Aster. This is the reddest of all red asters, the color being a rich parrot or ox-blood red which glitters in the sunshine like a live coal. The plants are of free-branching habit, about 18 inches high; the very double flowers average 2 inches across, are borne freely on stems a foot long from early in August till the close of September. Pkt. 10c; ¼ oz. 40c.

NEW ROYAL

The flowers measure from 3½ to 4 inches across, are of perfect form, exceedingly double, are carried on long, strong stems and are unsurpassed as cut flowers. Plants 24 inches high. Separate colors:

- White. Pkt. 10c; ¼ oz. 30c.
- Pink. Pkt. 10c; ¼ oz. 30c.
- Rose. Pkt. 10c; ¼ oz. 30c.
- Purple. Pkt. 10c; ¼ oz. 30c.
- Lavender. Pkt. 10c; ¼ oz. 30c.

Mixed Colors: Pkt. 8c; ¼ oz. 25c; oz. $1.50.

New Giant Comet Aster.

New Sensation Aster.

Improved Daybreak Aster.

New Royal Aster.
ASTERS—Continued

THE KING ASTER

A magnificent American Aster distinct from all other varieties. Strong, sturdy plants, 18 inches high, bearing on long stems massive, double flowers 5 inches across, the petals of which are long, narrow and folded lengthwise, which gives them the appearance of being quilled. The flowers are of great substance and last longer than any other Aster. They bloom from August to October.

White King. Pkt. 10c; ¼ oz. 35c.
Pink King. Pkt. 10c; ½ oz. 35c.
Crimson King. Pkt. 10c; ½ oz. 35c.
Lavender King. Pkt. 10c; ¼ oz. 35c.
Violet King. Pkt. 10c; ¼ oz. 35c.
King Mixed Colors. Pkt. 8c; ½ oz. 35c.

BUCKBEE’S IMPROVED VICTORIA

Magnificent flowers, massive and showy, with regular overlapping petals clear to the center. The flowers measure 3 inches and over across and are of rich and varied colors. The plants grow very evenly, pyramidal in form, about 18 inches high, and carry from 25 to 40 flowers. The stems being long and strong make them fine for cut flowers.

VICTORIA CHOICEST MIXED. Pkt. 8c; ½ oz. 35c.

CANARY BIRD

Brightest Sulphur Yellow.

The best yellow variety known; the flowers are of large size, of a rich golden color, perfectly double and imbricated, its greatest value lies in its rich color, which shows to best advantage when grown with other colors. The flowers are borne upon long, erect stems, excellent for cutting.

Pkt. 10c.

PERENNIAL ASTERS

(Michaelmas Daisies)

Single Fall blooming hardy plants, with bright, beautiful flowers; if sown early will bloom the first year. Mixed Pkt. 10c; ½ oz. 40c.

NEW EVERLASTING ASTER

A Beautiful Flower for Winter Bouquets

Something entirely new. The plant is grown the same as any other Aster and blooms from July to September. Pick the flowers when three-quarters open and hang them up with the heads down until dried. Mixed colors, pkt. 10c.

BUCKBEE’S NEW SINGLE ASTERS

Beautiful single varieties and worthy of a place in every garden. Plants are strong and vigorous. Flowers nearly three inches in diameter. Most of the flowers have attractive yellow centers. We offer the following separate colors:

Marechal Joffre Scarlet. Pkt. 8c; ¼ oz. 30c.
Pure White. Pkt. 8c; ½ oz. 30c.
Dark Blue. Pkt. 8c; ½ oz. 30c.
Lavender. Pkt. 8c; ¼ oz. 30c.
All Colors, Mixed. Pkt. 5c; ½ oz. 25c.

BUCKBEE’S NEW UPRIGHT MAMMOTH WONDER

A most wonderful achievement in Asters: a magnificent new, mid-season flowering class with immense, fluffy flowers of the finest type, full double to the very center. These Asters are continuous and most prolific bloomers from Summer until checked by frost. The colors are very beautiful, clear and rich. The plants grow tall, compact and upright, sending the flower stems directly upward from the ground, and these stems are strong and firm, 2 feet or more in length.

We offer five colors of Mammoth Wonder Asters:

Snowdrift, pure white. Pkt. 10c; ¼ oz. 45c.
Red Fire, scarlet. Pkt. 10c; ½ oz. 45c.
Blue Beard, dark blue. Pkt. 10c; ¾ oz. 45c.
Dove, lavender. Pkt. 10c; ½ oz. 45c.
Brille, rose pink. Pkt. 10c; ½ oz. 45c.
Mixed, all colors: Postpaid pkt. 10c; ½ oz. 10c.
ABUTILON

Frequently called "Flowering Maple" or "Chinese Bell Flower." Blooms quickly; easily grown. Please everyone. New Fancy California Seedlings, Mixed: Pkt. 10c; ½ oz. 65c.

ACROCLINUM

A pretty annual "Everlasting" bearing lovely white or rosy pink flowers, which, when cut in the bud stage, can be dried and used in winter bouquets. Pkt. 7c; ½ oz. 15c.

AGERATUM

One of the best for bedding. The plants start readily, grow rapidly and soon come into bloom and flower uninterruptedly throughout the season. BLUE PERFECTION—Deep amethyst blue. Pkt. 7c; ½ oz. 15c.

FINEST MIXED—Pkt. 6c; ½ oz. 10c.

ALYSSUM

LITTLE GEM—Has always been a favorite. Grows about 4 inches high. Flowers so dense as to completely fill the flower-bed. Fragrance is exquisite.

Pkt. 8c; ½ oz. 20c.

**CARPET OF SNOW**—Grows only 3 inches high, and covers the ground like snow. For borders of beds, boxes, etc., it cannot be equalled. Pkt. 10c; ½ oz. 25c.

**LILAC QUEEN**—Very compact, dwarf growing variety. Flowers are delicate, lavender, and very sweet scented. Pkt. 10c; ½ oz. 25c.

**SWEET**—Pure white, free bloomer. Pkt. 6c; ½ oz. 10c.

**SAXATILE COMPACTUM** (Basket of Gold)—Showy, deep, pure yellow flowers. One foot high; fine for edging. Hardy Perennial. Pkt. 10c; ½ oz. 20c.

**AMBROSIA**

A hardy annual, exceedingly fragrant. It is as desirable as the Rose Geranium as a plant with fragrant foliage and for making into bouquets and other floral work. Pkt. 8c; ½ oz. 20c.

ARCHUSA

The Heavenly Blue Flower

A hardy annual of more than ordinary beauty. It grows about two feet high, branching freely and bearing a profusion of the most lovely flowers similar in all respects to the Forget-Me-Not, though the blossoms are much larger and of finer color. It is always taken for a beautiful large flowering Forget-Me-Not, and for bouquets and cut flowers it is indeed superior to it. It blooms early and continues all summer. Pkt. 6c; ½ oz. 15c.

BABY'S BREATHE (Gypsophila)

ELEGANS, ALBA, GRANDIFLORA—An annual that should be in every garden, for it thrives everywhere and furnishes the loveliest material for all kinds of bouquets. Pure white flowers. Pkt. 6c; ½ oz. 10c.

PANICULATA—One of the favorite hardy perennials; white flowers; fine for bouquets; two feet high. Pkt. 8c; ½ oz. 15c.

BALLOON VINE

A rapid and graceful climber; tender annual; 6 feet high. The flowers resemble small balloons. Pkt. 7c; ½ oz. 15c.

BALSAM (Lady Slipper)

A favorite garden flower producing its brilliantly colored flowers from early summer until frost. Plants strong growers and sure bloomers. About two feet high; flowers extremely double.

**DOUBLE WHITE PERFECTION**—Pure white. Always in bloom. Pkt. 10c; ½ oz. 20c.

**DOUBLE PURPLE PERFECTION**—The richest, darkest blue. Pkt. 10c; ½ oz. 20c.

**DOUBLE PINK PERFECTION**—Beautiful medium pink shade. Pkt. 10c; ½ oz. 20c.

**DOUBLE SCARLET PERFECTION**—Brilliant and dazzling. Pkt. 10c; ½ oz. 20c.

**BUCKBEER'S SUPERR DOUBLE MIXED**—The most perfect in form and largest double-flowered Balsam yet developed. Unrivaled for diversity of rich and delicate colors; flowers often two inches across and borne in wonderful profusion. We offer a very choice selection of numerous hybrid sorts and a most careful blending of the finest colors in a painstaking mixture. Pkt. 8c; ½ oz. 25c.

**GOOD MIXED**—This mixture is comprised of the standard sorts and will give good results. Pkt. 6c; ½ oz. 20c; oz. 60c.

BALSAM APPLE

A beautiful climbing plant with queer-shaped fruits which, if preserved in alcohol, make a most useful limelike. Foliage gracefully cut and, although tender annual, the vines run 10 feet or more during the season. Pkt. 8c; ½ oz. 15c.

BEANS

SCARLET RUNNER—A Favorite Old-Fashioned Climber. Both ornamental and useful. It grows rapidly to a height of 10 to 12 feet and is covered from July till frost with clusters of beautiful scarlet flowers. Pkt. 5c; ½ lb. 15c.

**BUTTERFLY FLOWERS**

**SCHIZANTHUS or POOR MAN'S ORCHID**—Showy annuals; very decorative for garden beds and unsurpassed for pots for the house. They form compact plants 1½ to 2 feet high, with finely cut foliage, and when in bloom are literally covered with beautiful, orchid-like flowers and all delicately fringed and curiously marked with crimson, lilac, purple and yellow blotches. Finest Mixed. Pkt. 6c; ½ oz. 15c.

**SCHIZANTHUS**

Balsam, Buckbee's Superb Double.
BACHELOR'S BUTTON
(Centaurea cyanus)
Also known as "Corn Flower,"
BLUE EMPEROR—Single, dark blue, much in demand for cut flowers. Pkt. 7c; 1/4 oz. 10c.
SINGLE MIXED—Blue, white, rose, etc. Pkt. 5c; 1/4 oz. 10c.
DOUBLE BLUE—Largely grown by florists for buttonholes. Pkt. 8c; 1/4 oz. 20c.
DOUBLE FINE MIXED—Flowers are 80 per cent double and semi-double, with beautiful bright colors. Pkt. 1c; 1/4 oz. 30c.

BEGONIA VERNON
One of the most satisfactory pot plants for the house and a popular bedding plant for the garden or lawn. Flowers a brilliant orange carmine with bright yellow centers, and the foliage waxy and glossy. Pkt. 10c.
BEGONIA PLANTS—See page 117.

BIRD OF PARADISE FLOWER
This striking and attractive flower has lately become widely popular. The blossoms are of a rich golden yellow, about 3/4 inches in diameter, produced in large trusses, the most striking feature being the long, incurving stamens and pistils of a beautiful bright crimson color.

Seed should be soaked in warm water and started indoors or under glass in a light sandy soil. A sunny situation is required in dry warm soil. Plants should be carefully hardened by gradual exposure to fresh air before going into the open ground. If the seed is started early it will bloom the first year. Pkt. 10c.

CACTUS SEED
There is a great deal of pleasure derived in growing Cactus from seed. You will be surprised at the odd looks of the Cacti just sprouting, and this is also the only way to secure new and rare varieties. The seed may be sown in finely sifted sand in flat pans or boxes, which should be kept moderately moist and covered with a piece of glass. Seeds will come up in three to four weeks. Choice Mixed. Pkt. 10c.

CALLOPSIS OR COREOPSIS

ANNUAL MIXED—Very handsome and showy plants of the easiest culture; require no care and thrive in any garden. Produce flowers in nearly every shade of yellow, orange, crimson, red, brown. Single and Double Mixed. Pkt. 6c; 1/4 oz. 15c.

LANCEOLATA GRANDIFLORA—One of the finest hardly perennials; blooms the first year from seed and produces on long stems bright yellow flowers, 2 or 3 inches across. Pkt. 8c; 1/4 oz. 20c.

CALIFORNIA SUNBEAMS—The newest and best. All the shades of yellow and orange, and many with distinct eye. Large Pkt. 10c; 1/4 oz. 30c.

CANARY BIRD BLOWER
(Tropaeolum canariense)
Beautiful climber, the charming little canary-colored blossom bears a fancied resemblance to a bird with its wings half expanded. The plant has a luxuriant rambling character, and if seeds are planted by the side of arbor or trellis will run about 10 feet and will bloom from July until frost. Tender annual. Pkt. 6c; 1/2 oz. 15c; oz. 25c.

Canna
But few people know that these beautiful flowers can be so easily grown from seeds, and bloom the first summer if sown before April. One of the most popular of bedding plants, while single specimens are most attractive in the garden. Sow singly in small pots as soon as convenient. The roots can be kept in the cellar over Winter.

CROZY'S NEW DWARF—Mixed. Immense flowers in brilliant colors. Pkt. 8c; 1/4 oz. 15c.
COMMON TALL MIXED—A splendid assortment of exceptionally fine varieties. Pkt. 6c; 1/4 oz. 10c.

FOR CANNA PLANTS SEE PAGES 130-131.

CENTAUREA (New Marguerite)
The Most Fragrant and Longest Keeping Cut Flower
The flowers are the size of a medium Carnation, freely produced on long stems; colors mostly pure white. The flowers are sweet scented and their lasting quality after being cut is remarkable. From Spring sown seed they commence to flower in July. Pkt. 7c; 1/4 oz. 15c.

CENTAUREA (Dusty Miller)
Silver foliage plants used for edgings, etc.
CANDIDISSIMA—Broadly cut, silvery leaves. Pkt. 12c; 1/4 oz. 40c.
GYMNOCARPA—Fine-cut, silvery leaves. Pkt. 10c; 1/4 oz. 30c.

COBAEA SCANDENS—CLIMBER
Although it does grandly outside, it is also a splendid house climber, and will do well running over windows in the house, and will reward the grower with abundance of beautiful, large bell-shaped flowers, green at first, but rapidly changing to a beautiful deep violet blue. Plant seed edgewise. Pkt. 7c; 1/4 oz. 15c.

OUR CANNA BULBS ARE GROWING PLANTS
On pages 115 and 116 you will find a wonderful list of Canna, all of them grown on our Rockford Seed Farms. Remember, we do not send you hard, dry bulbs, but nice rooted and started plants which will surely grow and give splendid results.
**Calendula**

**NEW GLOWING GOLD**—The newest and best Calendula. Flowers grown in our trial grounds last summer were fully 3 inches in diameter and every one was perfectly double. The color is the brightest golden yellow. For cut flowers it cannot be equaled. It has a long season of bloom, lasting until severe frost. Large Packet 10c; ½ oz. 50c.

**DOUBLE MIXED**—Flowers extra large and very double; petals slightly incurved, while those of the center are incurved. Colors: White, Bright Golden Yellow and Orange. It blooms profusely all Summer and Fall. Pkt. 6e; ¼ oz. 10c.

**Candytuft**

**GIANT HYACINTH FLOWERED**—Most desirable for cut-flower purposes, producing a very large elongated head of quite large, pure white flowers. The immense broad heads frequently measure six inches in length. Pkt. 5e; ¼ oz. 35c.

**ALL COLORS, MIXED**—Pkt. 6e; ½ oz. 15c.

**PERENNIAL (Sempervirens)**—Unequalled for cemetery work, being perfectly hardy. White flowers. Pkt. 10c.

**Cranberry Bells**

Well-known popular perennials, producing bell-shaped flowers of many colors; bloom very freely throughout the summer.

**SINGLE MIXED**—All colors: Pkt. 6c; ¼ oz. 15c.

**DOUBLE MIXED**—All colors: Pkt. 8c; ½ oz. 25c.

**CUP AND SAUCER (Calycanthemum)**—The finest of the Cranberry Bells. Mixed Colors: Pkt. 10c; ½ oz. 30c.

**Chrysanthemum**

**BUCKBEE’S CHOICEST MIXED**—Large flowering. Best suited for pot culture and cut flowers. Perennial. These are the famous Chrysanthemums that are grown so extensively by florists for cut flowers. Our stock is saved from our own collection of plants; of the best and most varied colored flowers. Sown in early Spring they will flower in Fall. Buckbee’s Choicest Mixture, Pkt. 10c.

**FRENCH MARGUERITES**—Annual. The plants grow 18 inches high and produce beautiful, large flowers of many bright colors. Single and Double Mixed. Pkt. 7e; ½ oz. 15c.

**BABY GOLDEN GLOW**—Annual. Two feet high; flowers early and profusely. Bright yellow double blossoms. Pkt. 8e; ½ oz. 20c.

**SNOWBALL**—Same as above, except pure white. Pkt. 8e; ½ oz. 15c.

Buckbee’s Famous Chrysanthemums took 9 prizes out of 13 entries at the National Chrysanthemum Show at New York City in November, 1924, and 17 prizes out of 25 entries at the Great Western Chrysanthemum Exhibition at Cincinnati, Ohio, in November, 1924. See pages 111 and 158 for plants of our Prize Winning Chrysanthemums.

**Cineraria Hybrida**

One of the most popular house plants. Rich and vivid colors—blue and crimson shades. Most of the varieties have a well defined white eye, while the flowers are sharply margined with some high contrasting color. Flowers 2 inches across. Large Flowering, Finest Mixed. Pkt. 10c.

**Cockscombs (Celosia)**

**DWARF MIXED**—This is the best dwarf growing Cockscomb; plants about 9 inches high, heads 10 to 12 inches across. Many fine colors mixed. Pkt. 8c; ½ oz. 25c.

**OSTRICH PLUME**—A new Cockscomb which bears feathery plumes of bloom, more like ostrich feathers or pampas grass than anything else. Plumes are 1 to 2 feet in length, and of all colors from sulphur yellow to deep rich crimson. A plant in bloom is one of the very brightest and showiest of all garden annuals. All Colors Mixed, Pkt. 7c; ½ oz. 15c.
CHINESE STRAWBERRY
A Beautiful Basket Plant
Hardy perennial creeper from Indo-China, with yellow blossoms and beautiful small scarlet fruit. Pkt. 8c; 1/4 oz. 15c.

CLARKIA ELEGANS
This pretty and easily grown annual has been much Improved in recent years, and the colors in this mixture are now seen as cut flowers in most of the large cities. They do well either in sun or shade, growing 2 to 2 1/2 feet high, with leafy racemes of double flowers, which all open in water when cut. Beautiful, hardy annuals with rose, white and purple flowers in delicate shades. Double mixed. Pkt. 1c; 1/4 oz. 13c.

CLEOME OR GIANT SPIDER PLANT
In our trial grounds this proved to be the finest Cleome we have ever seen. The plants attain a height of 3 1/2 feet, well branched, each branch terminated by a large head of bright rosy-crimson flowers. It makes a striking subject for large beds or for interspersing in the shrubbery border, and is used extensively in many of the public parks. Seeds should be sown in the open ground as soon as the weather is warm and settled and the plants given sufficient room to develop their full beauty. Flowers are of peculiar and interesting shape, suggesting spiders. The long, curving stamens give the flower its name. It is a plant that is in bloom every day of the season. Pkt. 8c; 1/4 oz. 25c.

COLUMBINE OR AQUILEGIA
One of the best of the early Summer perennials. Curious flowers, extremely graceful, and borne in great quantities high above the foliage, which itself is very beautiful and attractive. The plants are of strong, thrifty growth, and perfectly hardy. The long-spurred flowers of large size vary in color through charming tones of cream, pink, lavender, blue, white, red, etc., hardly any two being exactly alike. Extra fine for cutting. Double and single; all colors. Prize Mixture. Pkt. 8c; 1/4 oz. 15c.

CYPRESS VINE
A most beautiful climber with delicate dark green feathery foliage and an abundance of bright, star-shaped rose, scarlet and white blossoms. Tender annual. All colors, mixed. Pkt. 8c; 1/4 oz. 15c.

BURBANK'S ORNAMENTAL RAINBOW CORN
A highly ornamental plant. Leaves striped crimson, yellow, cream, white, bronze, green, etc. Pkt. 8c.

COLEUS HYBRIDUS
One of the best known and most universally admired ornamental foliage plants, in an endless variety of colors and shadings, indispensable for ribbon and carpet bedding, or as single specimens. Coleus seed germinate easily, and success is assured as with ordinary annuals. The leaves are handsomely crimped, toothed and frilled and color combinations remarkably rich, comprising all the red, metallic greens and yellow, in shades from the most delicate to nearly black. EXTRA FINE MIXED HYBRIDS—Finest and showiest varieties. Pkt. 12c.

FINE MIXED. Pkt. 10c.

DATURA
CORNUCOPIA (Horn of Plenty)—Very hardy and beautiful. Flowers are trumpet-shaped, measuring 8 to 10 inches in length and 5 to 7 inches across the mouth and form three distinct flowers growing each within the other. Very fragrant. Pkt. 7c; 1/4 oz. 30c.

DIAMOND FLOWER
Dainty little annual with tiny foliage and beautiful little white and violet flowers. Blooms in a month from seeding. Pkt. 7c; 1/4 oz. 40c.

DIGITALIS (Fox Glove)
Handsome and highly ornamental hardy perennial plants of stately growth, succeeding under almost all conditions, and with but little attention will give a wealth of flowers during the Summer. If the spikes are cut as soon as they commence to fade, new shoots will keep up a profusion of flowers for a long time. Mammoth flowered mixed. Pkt. 7c; 1/4 oz. 15c.

CYCLAMEN or PERSIAN VIOLET
Charming plants, with beautiful foliage and richly colored, fragrant flowers. Universal favorites for Winter and Spring blooming. The Giant varieties have large leaves and stout flower stalks, throwing the flowers well above the foliage. Seed may be sown any time during the Spring or Autumn. (For Cyclamen Bulbs see page 129.) PERSICUM—Persian splendid mixed. Pkt. 10c.

GIGANTEUM—Very large flowered mixed. Pkt. 10c.
Dianthus Pinks

Dianthus Pinks are one of the most useful and desirable plants, and for beauty and variety of colors and markings cannot be surpassed. A bed of these in a flower garden will make a grand display at a small cost. Plants from seed grow and bloom very quickly.

ROCKFORD FAVORITE MIXED—Comprises over 50 of the choicest Chinese and Japanese varieties, and includes, besides the standard sorts, and varies in color in spotted, striped and handsome fringed varieties of late introduction, both single and double. This magnificent mixture contains the cream of the Dianthus family, and unexpected results may be obtained by planting a package. We cannot recommend this mixture too highly. Pkt. 8c; ½ oz. 30c.

DOUBLE ROYAL PINKS—The flowers range in color from blood-red to pure white, and are beautifully frilled and fringed. The enormous blooms are especially adapted for cutting, the stems being long. Mixed colors. Pkt. 7c; ½ oz. 25c.

MIXED CHINA OR INDIA PINKS—Our mixture includes all the best colors and shades. Double mixed. Pkt. 6c; ½ oz. 15c.

DOUBLE FIREBALL—A beautiful, very dwarf and compact growing pink, mostly 4 to 6 inches high in height. Flowers are perfectly double and color a rich velvety blood red. Effective for garden beds or pot culture and as cut flowers. Pkt. 8c; ½ oz. 30c.

DOUBLE SNOWBALL—This dwarf Dianthus belongs with Double Fireball, and is equally beautiful, differing only in being pure white instead of red. It has all the sterling qualities of that sort, and is equally hardy and desirable. Pkt. 8c; ½ oz. 25c.

MOURNING CLOAK—A magnificent new variety with very double large flowers. The plants bloom in three months from seed. Pkt. 7c; ½ oz. 25c.

DOUBLE CLOVE PINKS (Plumaris floribunda)—Double and semi-double varieties. Good range of colors, having a strong clove fragrance. Pkt. 8c; ½ oz. 35c.

ALASKA OR SHASTA DAISY

A perfectly hardy perennial, with flowers 4 inches in diameter, very white, with small golden yellow centers. Pkt. 8c; ½ oz. 35c.

EUPHORBIA

SNOW ON THE MOUNTAIN—Attractive foliage, veined and margined with white; see Photo Pkt. 10c; ½ oz. 25c.

AFRICAN DAISY (Dimorphotheca)

AURANTIACA—Rare and extremely showy annual from South Africa; a great favorite on account of its easy culture and its beautiful flowers. The single Daisy-like blooms, 2½ to 2½ inches in diameter, are of terra cotta orange color, with a dark colored disc surrounded by a black zone. Pkt. 8c; ½ oz. 25c.

AURANTIACA HYBRIDS—Brilliant flowers in great diversity of colors, mostly shades of white, yellow and red. Pkt. 10c.

EVENING PRIMROSE (Oenothera)

Large, saucer-like flowers of pure white and soft yellow. Very fragrant. Pkt. 7c; ½ oz. 15c.

FAIRY OR BABY ROSE

Rosettes from Seed the First Year. The plants bloom in three months from seed, so that seed sown in February in the house may be had in bloom in June in open ground, where they continue to bloom throughout the season, single, semi-double and double flowers. Seed comes in small berries, which should be separated before planting. Pkt. 10c; ½ oz. 25c.

HEN AND CHICKENS

A curious and beautiful plant. Nothing like it has ever been seen. Can be used most effectively for borders of flower beds. Plants grow from 4 to 6 inches high, throwing up one or two flowers. Leaves are thick and fleshy and of bluish green color. Mixed varieties. Pkt. of about 40 seeds, 10c.
FEVERFEW
WHITE GEM—A fine, old-fashioned bedding plant; also suitable for the greenhouse. It grows about 18 inches high with white, branching flower stems which are literally covered with very double, pure white flowers an inch in diameter. Pkt. 7c; ½ oz. 20c.

GOLDEN FLEECE—Especially adapted for edging, as the foliage is beautifully serrated. Flowers very double, of a rich golden color. Pkt. 6c; ½ oz. 20c.

NEW FRAGRANT TREE FERN
This new ornamental foliage plant introduced from China is an annual, and owing to its fast growth reaches its full size during the year of sowing. It forms grand pyramidal bushes of 3 to 5 feet high. As a solitary plant it looks like a nicely grown-out Christmas tree. Also as a pot plant it is very pretty and may also be successfully grown in groups and borders. The color is a rich dark green. Pkt. 6c; ½ oz. 20c.

FORGET-ME-NOT (Myosotis)
QUICKBLOOMING—This type may be treated as annuals and be sown at any time of the year, beginning to flower in from 8 to 10 weeks' time. The plants are of round, bushy form, 5 to 7 inches high, and when fully grown are perfectly covered with clusters of exquisite flowers. Valuable for winter flowering in pots, as well as for garden beds and edgings. Pkt. 8c; ½ oz. 20c.

VICTORIA—This is the finest variety of the beautiful old favorite Forget-Me-Not. Makes low bushy plants 5 to 8 inches high and the same in width, and bears a profusion of lovely azure blue flowers. Fine for edging and also for growing in pots and for cutting. Pkt. 6c; ½ oz. 25c.

SEMPERFLORENS—A hardy perennial. Large, clear blue flowers on pretty sprays. Everblooming, in flower from May until frost. Pkt. 10c; ½ oz. 60c.

FUCHSIAS
(Lady's Eardrops)
Fuchsias are as easily grown from seed as from cuttings, and from seed many new varieties are obtained. They will flower freely the first year in the open ground, while the plants can be taken to the house in winter where they will flower still more freely. Choicest Double and Single mixed. Pkt. 15c.

GIANT GHOST FLOWERS
Is often called Wedding Bells. Blooms always. Fine for house culture and outdoors. The flowers are drooping, bell-shaped, over a foot long, 9 inches wide, of creamy white color and very fragrant. Pkt. 8c; ½ oz. 25c.

GOMPHEREA
GLOBE AMARANTH—Valued for its handsome globular heads. A desirable everlasting for dried winter bouquets; also well adapted for beds. Pkt. 6c; ½ oz. 30c.

GODETIA
Beautiful hardy annuals of compact growth, about 1 foot high, bearing freely large flowers, 3 to 4 inches across, of delicate colors and shades that glint in the sunshine like silk. Fine for bedding and for pots. They do best on rather poor soil and in a hot and sunny location. Mixed. Pkt. 6c; ½ oz. 30c.

GAillardias
ANNUAL VARIETIES—Greatly admired for their fine forms and rich blending of colors, the gay colored flowers being produced abundantly from fully until frost, while they thrive anywhere. Single and double mixed. Pkt. 6c; ½ oz. 20c.

PERENNIAL—Grandiflora Hybrids—One of the showiest hardy plants. Growing about 2 feet high and succeeding in any soil in a sunny position, beginning to flower in June, then continuing the entire season. The flowers are of gorgeous coloring. The center is dark red brown, while the petals are marked with rings of brilliant crimson, orange and vermilion, and often a combination of all in one flower. Excellent for cutting. Pkt. 6c; ½ oz. 20c.

GOURDS
Ornamental
Tender annual climbers of rapid growth, vines often growing 20 to 30 feet long. They have luxuriant foliage and are immune from insects. Fruits curiously shaped in various colors and peculiarly marked. Forms may be wonderfully varied by tying strings around the young fruit or by enclosing same in a carved, mold while growing. Many of these fruits keep for years, being very hard shelled. Mixed. Pkt. 6c; ½ oz. 10c.
GLOXINIA

Lovely summer-blooming pot plants. They flower profusely and have gorgeous colors. Many are magnificently spotted and mottled. Easily grown. Blooms in four to five months from seed is sown. Hybrid, finest mixed. Pkt. 10c.

ICE PLANT

Handsome and curious trailing plants for hanging baskets, or vases and the garden, the foliage appearing as though covered with ice crystals. This is one of the most beautiful and effective basket plants that can be grown. Dwarf annual trailing 6 inches high. Pkt. 6c; ½ oz. 15c.

HELIOTROPE

CHOIEST MIXED—Our new selected Heliotrope is a universal favorite on account of its delightful fragrance and duration of bloom, flowering equally well as bedding plants in Summer, or as pot plants in the house during the Winter. Seed sown in the Spring makes fine plants for bedding out, and are as easily grown as Verbenas. The colors of the blossoms range from white through all shades of violet to the deepest purple. Pkt. 8c; ¼ oz. 35c.

REGAL—A new variety of dwarf Heliotrope. Compact growth and immense flower heads. All shades mixed. Pkt. 10c.

For HELIOTROPE PLANTS see page 146.

HOLLYHOCK

Unequaled Double Strains

Nothing is more beautiful than a background of stately double Hollyhocks. Our named colors can be depended upon to come true, while our mixtures we believe to be the finest in the land.

DOUBLE WHITE—Clear, pure white. Pkt. 8c; ½ oz. 30c.

DOUBLE ROSE—Rich rose color. Pkt. 8c; ½ oz. 30c.

DOUBLE SCARLET—Intense blood red. Pkt. 8c; ½ oz. 30c.

DOUBLE LEMON—True lemon yellow. Pkt. 8c; ½ oz. 30c.

PRIZE DOUBLE MIXED—Perennial—The perfect double and large size of this magnificent flower will please the most critical. The seed has been saved from our own unrivaled collection. All colors mixed. Pkt. 16c; ½ oz. 15c.

DOUBLE ALLEGIANCE—Perennial—Rich colors, fringed petals. Pkt. 6c; ½ oz. 20c.

NEW ANNUAL, EVERBLOOMING—The perennial varieties do not bloom until the second year, if grown from seed; these annual kinds, however, bloom the first year. They are continuously covered till frost with large flowers—some semi-double, but mostly densely double with fringed petals, and all are unusually large.

Double mixed. Pkt. 8c; ½ oz. 30c.

For HOLLYHOCK PLANTS see page 155.

HIBISCUS

HARDY HYBRIDS—A fast-growing shrub, fine for clumps. Enormous flowers—as large as tea-saucers—white, blush, pale and deep pink, rose, etc. Plants from Spring sown seed will bloom in September. Mixed colors. Pkt. 16c; ½ oz. 30c.

NEW GIANT FLOWERING RAINBOW—The most striking introduction of hardy plants for many years. Grows about 6 feet high, producing huge blossoms in many shades of pink, rose, brick red and also white. They bloom from July until frost. Perfectly hardy and grow anywhere. If sown early will bloom the first season. Mixed colors. Pkt. 10c; ½ oz. 30c.

For Hibiscus Plants see pages 148 and 155.

HUMULUS (Japanese Hop)

JAPONICUS—One of the most rapid climbers grown. Seed can be sown in the open ground in Spring and the plant will attain enormous dimensions very quickly. The foliage is luxuriant and it is one of the best plants for covering verandas and trellises. Heat, drought and insects do not trouble it. Pkt. 6c; ½ oz. 10c.

NEW LEOPARD LEAVED—Beautifully variegated white, green and pale yellow. Highly ornamental. Will grow anywhere. Pkt. 7c; ¼ oz. 15c.

JOB'S TEARS

The Ornamental Bead Plant

Curious ornamental grass with broad comlike leaves and hard, beadlike seeds. Valuable for winter bouquets with everlasting flowers, and also for basket making. The seed is strung and worn around the neck as an ornament, and by teething babies to chew the beads. Pkt. 3c; oz. 10c.

NEW SINGLE HOLLYHOCK

Finest Mixed Colors.

Many prefer the single varieties of this flower so the past season we have grown a splendid mixture of colors ranging from the maroons down to clear white. These plants grow much more freely than the doubles, and certainly present a handsome appearance with their artistic blooms, many of which are doubly frilled and ruffled. Pkt. 5c; ½ oz. 15c.

LANTANA

Well known shrubbery plants with clusters of Verbenas-like flowers and producing their pink, yellow, orange and white heads in great abundance. They have an agreeable aromatic perfume. Hybrid, finest mixed. Pkt. 8c; ½ oz. 20c.

LINARIA, KENILWORTH IVY

A very pretty hardy perennial trailing plant for covering rock work, and very useful for hanging baskets. The flowers are small but pretty. It is easily grown from seed. Pkt. 8c; ½ oz. 30c.
LOBELIA

FINEST MIXED—A beautiful dwarf-growing plant with delicate little blue and white flowers for borders and vases. About 6 inches high. They are among the few plants that will grow in a shady situation. Pkt. 7c; ½ oz. 15c.

CRYSTAL PALACE COMPACTA—Dark blue flowers, dark foliage, compact, erect growth. Pkt. 10c; ½ oz. 40c.

LUPINS OR SUN DIALS

ANNUAL SORTS MIXED—Free-flowering, easily grown varieties, with long, beautiful spikes of various colored pea-shaped flowers and graceful, fingered foliage. Valuable for mixed borders, beds and for cutting. Two feet high. Pkt. 6c; ½ oz. 10c.

PERENNIAL SORTS MIXED—Hardy perennials which should have a place in every garden. The long spikes of pea-shaped flowers are produced in a great variety of colors. They bloom in May and June. Three feet high. Pkt. 7c; ½ oz. 15c.

MATHIOLA

(Evening Scented Stock)
The wonderful perfume plant. An old-fashioned hardy annual which has no beauty to recommend it, the flowers being of a dull purplish-lilac color but which deserves being grown in every garden for the exquisite perfume exhaled profusely in the evening and after showers. One foot high. Pkt. 7c; ½ oz. 15c.

MARIGOLD

NEW MINIATURE—A very dwarf, compact, bushy plant, covered the entire season with small flowers of the brightest golden yellow. Pkt. 10c; ½ oz. 35c.

ELDORADO—The flowers are from 3 to 4 inches in diameter, imbricated and perfectly double. They embrace four shades of color—the lightest primrose, lemon, golden yellow and deep orange. Pkt. 7c; ½ oz. 12c.

TALL AFRICAN, DOUBLE MIXED—Very early, profuse bloomers. Pkt. 6c; ½ oz. 10c.

DWARF AFRICAN, DOUBLE MIXED—Pride of the Garden—Compact bushes, 15 inches

MOONFLOWER

NEW CROSS-BRED OR HYBRID VARIETY—Of great value for the North, as it is in full bloom one month before the White Seeded. Will grow 30 to 40 feet in a single season. Its flowers are 4 to 6 inches across, very numerous, are open every evening and on cloudy days. Pkt. 3c; ½ oz. 25c.

NEW IVY LEAVED (Day Blooming)—A new Moonflower which opens its blossoms early in the morning (instead of evening) and remains open nearly all day. Flowers pink or creamy white, leaves ivy-shaped. Pkt. 10c; ½ oz. 15c.

WHITE SEEDED—This is the variety most generally grown, being larger in flower and of sweeter odor than the Black Seeded Variety. Pkt. 7c; ½ oz. 30c.

MONARDA-OSWEGO TEA

A hardy perennial. Bushy plants 3 feet high covered with masses of showy flower heads with petals similar to Cactus Dahlias. It is called Oswego Tea. Mint, etc., on account of the delicious fragrance of the leaves when crushed. Grown anywhere in any soil and in any position, and spreads rapidly. Blooms the second year from seed. Pkt. 8c; ½ oz. 25c.

MONKEY FLOWER

MIMULUS TIGRINUS—Tender little plants about one foot high, producing in great profusion very showy, large, Gloxinia-like flowers, brilliantly colored, blotched and striped in every conceivable manner and ranging in colors through white, yellow, rose, crimson and maroon. Excellent for house culture, baskets and vases, and also have a brilliant effect in beds and borders. They thrive in shady and moist situations. Mixed. Pkt. 10c.

MUSK PLANT

MIMULUS MOSCHATUS—A well-known and favorite plant, both for outside borders and for pot culture. Cultivated on account of the musky odor of its leaves. Flowers small yellow. Pkt. 15c.
MIGNONETTE
IMPROVED GOLDEN QUEEN
Golden-yellow flowers; very sweet and fragrant. The large flowers are borne on erect, strong, still stems and retain their fragrance long after being cut. Pkt. 8c; ¼ oz. 25c.

NEW GIANT RED FLOWERED
Intense red. Very sweet-scented. There is no Mignonette except Red Goliath which can equal this. Its flowers are larger in every way than those of other sorts, the spikes are very dense, its foliage is distinct, being cranky, while its odor is strong and most delicious. Pkt. 1c; ¼ oz. 15c.

SWEET
The old favorite Sweet Mignonette with small spikes, but very sweetly scented. Pkt. 6c; oz. 20c.

RED GOLIATH
The grandest Mignonette ever introduced. Remarkable for color, size, fragrance and profusion of bloom. The plants are of strong yet compact growth with rich green foliage. The giant flower spikes are borne on erect, strong stalks and measure from 6 to 8 inches in length, by 2½ inches in diameter. The individual florets are of an immense size, forming a graceful as well as compact spike which is of a fire-red shade, surpassing all other varieties in brilliancy of color. The fragrance is rich and powerful and the keeping qualities are remarkable, the flowers remaining fresh in water for 8 to 10 days. Pkt. 10c; ¼ oz. 25c.

NEW IMPERIAL OR GIANT JAPANESE
The flowers are of gigantic size and the colorings and markings beyond description ranging from snow-white to black-purple, with all the possible intermediate shades, such as pink, rose, fery red, copper red, carmine, crimson, pale blue, deep blue, royal purple, maroon, bronze, indigo, slate, brown, cherry and ash gray. Others are edged with white, having throats of one of the above colors; there is also an endless number of flowers spotted, marbled, striped, banded and splashed. Cholest mixed. Pkt. 7c; oz. 10c; 2 oz. 25c; ¼ lb. 35c.

NEW FUCHSIA-FLOWERED—TALL
The vines or shoots are gracefully slender but very numerous and most densely set with five-fingered deep green leaves, growing pretty, light rose-pink flowers. Finest mixed. Pkt. 8c; ¼ oz. 20c.

MORNING GLORY
The wonder of the age as a Winter house-blooming variety. Flowers richly colored. Mixed. Pkt. 6c; oz. 20c.

IMPROVED TALL OR CLIMBING
Most popular climber in cultivation. Of rapid growth. Our seed is selected from the best varieties only, and is a great improvement over the old sorts. Select mixed. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c.

NEW ROCHESTER
A beautiful blue Ipomea with flowers 4 inches in diameter. Throats deep purple, shading to lighter with a wide white band around the edge. Pkt. 10c; ½ oz. 25c.

NEW BRAZILIAN
The flowers are produced in large clusters and are of a lovely rose color. The vine grows very rapidly, quickly covering a large space. Pkt. 10c; ½ oz. 30c.
NIGELLA
(Love in a Mist)

DAMASCENA—A popular old-fashioned flower. The flowers are produced in large clusters and are covered with curious looking hairs and seed pods. Pkt. 6c; ¼ oz. 15c.

MISS JEKYLL, BLUE—An improved large flowering variety of the above with double cornflower blue blossoms. Pkt. 8c; ¼ oz. 20c.

MISS JEKYLL, WHITE—A counterpart of the blue with pure white flowers. Pkt. 7c: ¼ oz. 25c.

BUCKEE’S PLANT FOOD—MIX IT WITH THE SOIL AROUND THE PLANTS

A dressing made expressly for plants grown in the house, garden or conservatory; clean and producing early and abundant blossoms, healthy, luxuriant plants. One package is enough for 30 plants for 3 months. Pkt. 5c postpaid.

NIGELLA—Love-in-a-Mist.

NICOTIANA
(Sweet Scented Tobacco Plant)

AFFINIS—Handsome and well-known hardy annuals that grow easily from seed, forming compact bushes about 3 feet high which are in continuous bloom throughout the season. Their blossoms are tube-shaped, pure white, very sweet-scented and desirable as cut flowers. Pkt. 7c; ¼ oz. 15c.

AFFINIS HYBRIDS—Similar to the Affinis, but the flowers are larger. Colors, white, purple, red, salmon, pink, violet, etc. Very showy; bloom profusely all Summer and Fall. Pkt. 8c; ¼ oz. 25c.

NOLANA

Beautiful trailing plant, fine for growing in masses, and unsurpassed for baskets, pots, vases or rock work. Flower is similar in shape to the Morning Glory. Fine Mixed. Pkt. 6c; ¼ oz. 15c.

ORNAMENTAL GRASSES

The ornamental grasses serve the double purpose of rendering the mixed flower-bed or border attractive during the summer and for the use of the spikes or panicles in a dried state in winter bouquets. These are of the easiest culture, the seed may be sown where they are intended to bloom as soon as danger from frost is passed. Mixed colors. Pkt. 6c; ¼ oz. 15c.
Buckbee’s Mammoth Jubilee Mixture

Pansies are universal favorites with young and old and, aside from their great beauty, we all treasure them as the symbol of modest worth and true affection. Our new Fiftieth Anniversary selection of new and wonderful varieties contains shades and markings never before seen in a Pansy. All are large size, and many are exquisitely curled. Be sure to have a fine bed of our Mammoth Jubilee this year. The smallest yard must have its Pansies. Not poor, forlorn plants, struggling with heat and drought and hard baked ground, though even there yielding us handfuls of cheery bloom; but, rather, strong, vigorous plants, riotous in the cool, deep, mellow beds they love, made rich with fertilizers, kept free from weeds, and shaded from the hot afternoon sun. In such a bed one may gather great, velvety Pansies by the handfuls. Pansies are now produced in an almost infinite variety of colors and markings. Their brilliancy of shading, extended season of blooming and long keeping characteristics make them general favorites. We have been interested in the bringing forward of advanced types of large varieties in this country as well as in Europe, and our stocks are the very best obtainable. We spare neither pains nor expense to satisfy the most critical trade. Poor Pansy seed is dear at any price. Ours is saved with great care and is the best. 
Pkt. 15c; 2 pkts. 25c; ½ oz. 95c.

Buckbee’s Mammoth Sunrise Mixture

This splendid mixture is a blended combination of mammoth flowering Pansies. It contains all colors and will prove a delightful surprise in regard to the great size and rich and varied colorings of its flowers. Very popular. Pkt. 10c; ½ oz. 75c.

Giant Flowering Pansies in Separate Colors

GIANT YELLOW PRINCE—Pure golden yellow, sometimes with the three lower petals marked with purplish or red blotches and hair lines. Pkt. 8c; ¼ oz. 90c.

GIANT SNOW QUEEN—The largest pure white Pansy without blotches, Edge of petal is frilled. Pkt. 8c; ¼ oz. 90c.

GIANT STRIPED—The flowers are striped and mottled in various tints. Pkt. 8c; ¼ oz. 90c.

GIANT ADONIS—Light blue with a white center setting off the dark blotches on the petals in striking manner. Pkt. 8c.

GIANT DEACONESE—This is a great favorite on account of the rich combination of purple and lavender, shading to white towards the top. Pkt. 8c; ¼ oz. 90c.

GIANT PSYCHE—Velvety violet-blue with a broad white edge. Petals waved and ruffled after the Masterpiece style. Pkt. 8c.

GIANT EMORHILLIAM—Rich deep blue. Pkt. 8c.

GIANT VOLCANO—The best red Pansy. Each petal is marked with a very large dark blotch. Pkt. 10c; ¼ oz. 90c.

GIANT BLACK PRINCE—The rich, glossy black has a peculiar, soft, velvety appearance, the magnificent large flowers are of fine circular form. It flowers so profusely that a bed of the Black Prince makes a sight not often equaled. Pkt. 8c.

GIANT BRIDESMAID—Rosy-white, with darker blotches. Pkt. 8c.

STEELE’S MASTODON—The most wonderful Pansy ever grown. See Page 108.

BUCKEE'S SWEET SCENTED MIXTURE

The Perfume of the Violet. The Beauty of the Pansy.

This new class is the result of crossing the Pansy with the Sweet Violet, the resulting hybrids, in addition to retaining the delightful Violet perfume, produce the most beautiful Pansy-like blossoms, 2 to 2½ inches across, of great substance and of an endless variety of colors. Mixed. Pkt. 8c; ¼ oz. 50c.

ORCHID—FLOWERED

All the delicate shades and tints of the orchids may be found in these charmingly pretty favorites. Rose, orange, pink, lilac, terra cotta, chamois and other exquisite shades. Orchid-flowers Pansies are not as large as some of our giant strains, but they will appeal by their exquisite coloring and the elegant shape of their flowers. Pkt. 8c; ¼ oz. 60c.
BUCKEES "FULL OF LIFE" PANSIES

BUCKEES BEDDING PANSIES IN SEPARATE COLORS

These are very early and free flowering, and of good size.

EMPEROR FREDERICK—Velvety brown, shaded into a narrow band of deep golden yellow, which borders each petal. Pkt. 6c; ½ oz. 50c.

EMPEROR WILLIAM—The flowers are of the true ultramarine blue color, with very well defined violet purple eye. Pkt. 6c; ½ oz. 50c.

FAUST or KING OF THE BLACKS—Almost coal-black. Pkt. 6c; ½ oz. 50c.

FIRE KING—Lower petals with large blotch of deep brown-red, margined yellow; upper petals fiery red-brown. Pkt. 6c; ½ oz. 50c.

LORD BEACONSFIELD—Deep purple-violet, shading to white on the upper petals. Pkt. 6c; ½ oz. 50c.

NEW RED MIXED—A mixture of all the best red and fiery shades which have been produced up to date. Pkt. 6c; ½ oz. 50c.

PEACOCK—Upper petals ultramarine blue; lower, deep claret with white margin. Pkt. 6c; ½ oz. 50c.

PURE WHITE—Pure white, without blotches. Pkt. 6c; ¼ oz. 50c.

ROSY MORN—Purplish white, without blotches. Pkt. 6c; ¼ oz. 50c.

YELLOW GEM—Pure yellow, without edge. Pkt. 6c; ¼ oz. 50c.

BUCKEES WORLD'S FAIR PRIZE MIXED

This mixture was awarded Grand Prize Medal at the World's Fair. It is an exceedingly fine mixture, producing flowers of rare beauty in both colorings and markings. Pkt. 8c; ¼ oz. 50c.

NEW WINTER BLOOMING

A new race of Pansies, so hardy and vigorous that they will bloom right up to the edge of winter, and in fairly mild climates all winter through. Beautiful colors, good sized flowers and profuse bloomers. Pkt. 8c; ½ oz. 50c.

BUCKEES "FULL OF LIFE" PETUNIAS

BUCKEES NEW DOUBLE FANCY FRINGED

A mixture of the best large flowering and Fringed Double Petunias. It embraces a wide range of colors and shows finer combinations than we have heretofore found in any other Petunia in cultivation. Mixed. Pkt. 10c; ½ oz. 40c.

HYBRIDA—Single Mixed

A splendid mixture, embracing all colors, including striped and blotched varieties. Excellent for edging and pots. Pkt. 10c; ½ oz. 40c.

DWARF—Single Mixed

Neat, compact growing erect bushes about 8 inches high, covered with multitude of flowers all season. Valuable for edging and pots. Pkt. 10c; ½ oz. 40c.

GRANDIFLORA—Single Large Flowering

One of the richest colored mixtures in cultivation, beautifully veined with various shades of purple, rose, lavender, yellow and crimson. Mixed. Pkt. 8c.

BUCKEES GIANT SINGLE PETUNIAS

ROSY MORN—One of the prettiest soft carmine-pink with white throat. Very fine for beds or porch boxes. Pkt. 8c; ¼ oz. 40c.

HOWARDS STAR—Color is an old rose with well defined white star-like stripes. Pkt. 8c; ½ oz. 10c.

BABY BLUE—A beautiful companion for Rosy Morn. Color soft delicate blue with a white throat. Pkt. 8c; ½ oz. 10c.

SNOWBALL—Dwarf and compact plant. Blooms profusely the entire season. Flowers pure satiny white. Pkt. 8c; ½ oz. 10c.

STRIPED—Flowers not quite as large as above, but all are beautifully striped and blotched. Pkt. 8c; ½ oz. 10c.

BUCKEES "FULL OF LIFE" PAPYRE

Although the Poppy may be termed by some an old fashioned flower, it is as indispensable today as it was in our Grandmother's garden. Innumerable colors of the brightest and most varied colors with their graceful, feathery foliage makes this one of the most desirable of our easily grown annuals.

BURBANK'S SANTA ROSA GIANT SHIRLEY POPPY

A great advance in single-flowering annual Poppies. The flowers are immense, often measuring 3 to 4 inches across, the petals are fluted and crinkled and in the sunlight appear like rumpled satin. Bloom in continuous succession for weeks. Flowers white, white-veined pink, white-splitred crimson, rose banded with white, salmon, carmine, bluish, scarlet, and many splashed, striped, spotted and edged, etc. Pkt. 8c; ¼ oz. 15c.

NEW FLANDERS POPPY

Direct from the Fields of France.

This is the flower that is talked of the world over. Color is intense scarlet red. Blooms all summer, and is most deliciously beautiful. Single flowers on long stems. Pkt. 8c; ½ oz. 25c.

YELLOW TULIP POPPY

The plants grow into a shubbery bush and produce their large cup-shaped flowers 3 in. across on stems 12 in. long. The color is of clear, bright yellow; the petals are broad and curled like crushed satin. The cut blooms keep in water two weeks. Pkt. 8c; ½ oz. 25c.

PAEONY FLOWERED POPPY

Large, showy, double, glabrous flowers. Fine Mixed. Pkt. 5c; oz. 15c.

ICELAND POPPY

Hardy perennials, bloom the first year from seed. Brilliant flowers. Mixed Colors. Pkt. 8c; ½ oz. 20c.

POPPY PLANTS—See Page 155.
PHLOX
BUCKBEE'S STARRED AND FRINGED

In the fringed flowers the petals are fimbriate, three-toothed, of a great variety of magnificent velvety colors with a bright eye in the center and a white border. In the Starred Phloxes the central teeth of the petals are five or six times as large as the lateral ones, and projecting beyond them like little spines, give the flowers a distinctly star-like form. All colors mixed. Pkt. 7c; ½ oz. 25c.

FINEST MIXED
Contains many varieties, carefully mixed together. Invaluable for bedding and cut-flower purposes. Pkt. 6c; ½ oz. 15c.

NEW DOUBLE PHLOX
Double Phlox are most desirable annuals for cut flowers, lasting longer than single ones. We have secured a particularly fine strain from France, which has a large percentage of pure white and cream color and is perfectly double and semi-double. The white is especially valuable as a cut flower. The semi-double flowers are fully as desirable as the doubles; in fact, many claim they are even prettier. This Phlox is not rivaled among garden flowers in brilliancy of bloom. They are strong growing, healthy plants, with pretty foliage, and belong in every garden, being one of the most brilliant and at the same time one of the earliest and most satisfactory plants which can be readily grown from seed. The fine blooms, produced in large trusses, furnish a grand display in the garden and are very effective for table decoration. We are sure our customers will be greatly pleased with them. Select Mixed. Pkt. 10c; ½ oz. 50c.

PORTULACA OR MOSS ROSE
This charming little annual is unrivaled for brilliancy among plants of low growth and has the happy faculty of flourishing under almost all conditions, though hot sun and light sandy soil suit it best. Nothing is prettier for beds, edgings, rock-work, etc. Through the driest, hottest seasons it flourishes amazingly, carpeting the ground with a mat of foliage that is almost hidden by an abundance of pretty flowers. Height, 6 inches.

SINGLE MIXED—All colors, many striped and variegated. Pkt. 6c; ½ oz. 15c.

DOUBLE GIANT FLOWERED MIXED—Colors of most brilliant shades, including white, yellow, salmon and carmine. Seed saved from perfect double flowers, resulting in a gorgeous mass of color. Pkt. 10c; ½ oz. 40c.
PYRETHRUM OR PAINTED DAISIES

HYBRIDUM GRANDIFLORUM, Single—Large, bright and showy, daisy-like flowers ranging in colors from white, light pink, to deep red, with bright yellow centers, bloom in spring and again in fall. The flowers are invaluable for cut flowers, being borne on long stems and lasting a long time. The foliage is most elegant in its finely cut, fern-like form and fresh deep green color and is attractive at all times. Nothing surpasses these Pyrethrums for profusion of flowers during the season, and being so simply and easily cultivated, they ought to have a place in every garden whether large or small; height 2 feet. Hardy perennial. Mixed. Pkt. 10c; ½ oz. 40c.

HYBRIDUM DOUBLE—Hardy perennial; large double, beautiful flowers, resembling a refined China Aster. Height 1½ feet. Pkt. 15c.

RICINUS (Castor Oil Bean)

Tall majestic plants for lawns or driveways; with broad, beautifully lobed, palm-like leaves of glossy green, broad or bronzed metallic hue and long spikes of scarlet, or of green, prickly seed pods. Makes a rapid, vigorous growth in rich soil. Sow seed outdoors after danger from frost is over, preferably in light rich soil, or for earlier blooms start indoors and transplant. For best development each plant should have at least four feet each way. Its rich, luxuriant growth makes it very attractive for a long distance either grown singly or in groups, or as center plants with Cannas, Dahlias, etc., giving a semi-tropical effect. Seed beautifully striped or mottled. Tender annual; six to fifteen feet high.

CRIMSON SPIRE—A beautiful novelty both in foliage and flower. Plant does not grow as tall as the ordinary Ricinus; usually about 4 feet high. Leaves deeply serrated with prominent red ribs, giving the plant a unique appearance. Spikes of flowers or seed pots of brightest red color. Pkt. of 10 seeds 10c.

ZANZIBARIENSIS GIANT MIXED—From seeds sown in the open ground in May the plants are in full foliage early in July, and attain a height of 12 to 14 feet. The enormous leaves, beautifully lobed, measure ½ to nearly 4 feet across. Pkt. 8e; oz. 15c.

GOOD MIXED. Many choice varieties. Pkt. 6e; oz. 10c.

PRIMULA SINENSIS OR CHINESE PRIMROSE

One of our most beautiful and indispensable plants for Winter or Spring blooming in the house or conservatory. Unequaled as Winter bloomers—easily grown.

BUCKEE’S SUPERB MIXED—An elegant mixture embracing all the best large-flowering varieties, and also including the fringed sorts. Pkt. 10c.

FINEST DOUBLE MIXED—A splendid strain of the finest large-flowering fringed varieties. Our mixture includes the most brilliant colors. Pkt. 18c.

PRIMULA OBCONICA GRANDIFLORA

Primula Obconica is as near an everblooming plant as is possible to obtain. It has been known to flower for over twelve months without a break. Pkt. 10c.

RUDBECKIA

Showy Annual of Easy Culture. Eighteen inches in height. The flowers are produced singly on long, stiff stems and have a diameter of 2 to 3 inches. Large rounded purplish cone in center, with narrow petals around the base of cone. Petals are a deep orange-yellow, heavily marked with brownish red on inner portion. Pkt. 2c; ½ oz. 15c.
SALVIA OR SCARLET SAGE

AMERICA—The original Scarlet Sage with beautiful long spikes of bright scarlet color. It is a standard bedding plant and keeps the garden bright with color until frost. Pkt. 8c; 1/2 oz. 25c.

SCARLET DRAGON—The Most Magnificent Summer and Autumn Flowering Bedding Plants—The old Salvias Splendens or Scarlet Sage has long been a favorite and our customers can partially appreciate the superiority of this new variety when we state that the flowers are nearly double the size, closely crowding the immense long spikes that often measure 6 inches across. Full-grown plants in bloom form compact bushes 3 feet high and bloom from ground to summit. We know of nothing that can equal the gorgeous effect of a row or bed of these fine Salvias when in full bloom; the waving masses of glistening scarlet against green surroundings of lawn or foliage is matchless. Grows very easily from the seed. Pkt. 10c; 1/4 oz. 45c.

SALVIA PLANTS—Our plants will be in splendid condition for shipment in May. 3 for 30c; doz. $1.10, postpaid. By express at buyer's expense. $7.00 per 100.

SENECIO ELEGANS

A beautiful free flowering annual. Flowers purple, red, crimson, rose and white; perfectly double. Pkt. 8c; 1/4 oz. 25c.

SENSITIVE PLANT

An interesting and curious plant with globular heads of pink flowers. It affords much amusement by its sensitive character—even when touched slightly, the leaves instantly close and droop for a short time. Pkt. 7c; 1/4 oz. 15c.

SMILAX

One of the most desirable window vines on account of its charming, glossy green, elegant and graceful foliage, and will grow several feet high the first season. Pkt. 8c; 1/4 oz. 30c.

STOKESIA HYBRIDS

Cornflower Aster

A beautiful hardy perennial plant no garden should be without. Blooms in July from Spring-sown seed and continues till frost. Plants 2 feet high, bearing 20 to 30 blossoms 4 to 5 inches across in shades of blue, pink, purple, yellow and also in white. Mixed Colors. Pkt. 10c; 1/4 oz. 25c.

SWEET ROCKET

Hardy perennials, bearing purple or white flowers. Plants 2 to 3 feet high. Flowers fragrant. Fine Mixed. Pkt. 6c; 1/4 oz. 15c.

BUCKBEE'S BEAUTIFUL STOCKS

BUCKBEE'S GIANT FLOWERING BEAUTY STOCKS—A magnificent new strain of early flowering winter stocks, very double, deliciously fragrant flowers. Mixed Colors. Pkt. 5c; 1/4 oz. 15c.

DWARF—Large Flowering. Ten Weeks—Fine Mixed—A very popular strain. Pkt. 7c; 1/4 oz. 35c.

PRINCESS ALICE PERPETUAL—Cut and Come Again—A pure white double variety, delightfully fragrant. Pkt. 8c; 1/4 oz. 30c.

SUNFLOWERS

BUCKBEE'S NEW CHRYSANTHEMUM FLOWERED—Fine, perfectly double golden flowers, resembling Japanese Chrysanthemums. Height 6 feet. Pkt. 10c; 1/2 oz. 25c.

NEW DOUBLE MULTIFLORA—The plant is pyramidal in shape and the handsome, double flowers are produced at base of each leaf. Pkt. 6c; 1/2 oz. 15c.

STELLA—Flowers star-shaped, of brightest golden yellow, with dark centers. Bears on long stems. Four feet high. Pkt. 7c; 1/4 oz. 15c.

RED SUNFLOWER—A unique and gorgeous novelty. The plants grow 7 to 9 feet and produce large flowers from 5 inches to a foot in diameter. The color also varies greatly, but the majority of flowers have a more or less wide red circle around the purplish black center, and the tips of the petals are golden yellow. Pkt. 8c; 1/4 oz. 15c.

FINEST MIXED—For background or screen to hide unsightly places. Pkt. 5c; 1/4 oz. 15c.

SWEET WILLIAM

PERENNIAL FINE SINGLE MIXED—Various beautiful shades and markings. Pkt. 6c; 1/4 oz. 15c.

PERENNIAL FINE DOUBLE MIXED—A splendid strain. All colors. Pkt. 8c; 1/4 oz. 25c.

WINCA

Ornamental free flowering house or bedding plants. Flower the first season. Glossy green foliage; handsome circular red and white flowers about 1 1/2 inches across. Will flower in the garden all season. Mixed. Pkt. 8c; 1/4 oz. 15c.
SPENCER SWEET PEAS

A wonderful type, quite distinct from the old sorts, with beautifully formed huge, open and upright standards and immense wings, the flowers measuring from 2 to 2½ inches across. Both standards and wings are daintily waved. A very large percentage of these varieties bearing four or more of these immense flowers to the stem, making them unsurpassed as cut flowers. The following are the best of the new and old sorts:

WHITE
- CONSTANCE HINTON—The best black-seeded white.
- KING WHITE—New, hailed as the King of the Whites. Immense blooms, faultlessly frilled and waved.

PRIMROSE
- DOBBIE’S CREAM—The largest and finest primrose-yellow.

ORANGE
- TANGERINE—Fiery orange-scarlet, most striking color of all.

PINK
- ILLUMINATOR—Glowing orange, the nearest approach of real yellow yet seen; very large and beautiful.

ELFRIDA PEARSON—The finest and largest light pink.
- MARGARET ATLEE—The best rich pink.
- HERCULES—A lovely soft rosy pink, immense flowers.
- IRISH BELLE—Apricot pink on buff ground, rose.

AURORA—Salmon rose, striped and frilled on white ground; very large.
- ROSABELLE—The largest deep rose.

PICTURE—Rose-pink, wings white. Improved Blanche Ferry.

CRIMSON AND SCARLET
- DORIS—Scorching fire-red; does not burn in sunlight.
- KING EDWARD SPENCER—Large deep crimson.
- PRESIDENT—Magnificent glowing scarlet, surpassing all in its class.
- ROYAL SCOT—Rich bright scarlet; surpassing all other scarlets in color, size, form and profusion of bloom.

LAVENDER
- ORCHID—Soft lavender-blue; flowers of enormous size.
- GEO. HERBERT—The largest and finest pure lavender.

BLUE AND PURPLE
- JACK CORNWELL—Clear silvery blue, the best blue Spencer.
- ROYAL PURPLE—Immense flowers, rich royal purple.

MAROON
- HAWLMARKS MAROON—Giant wavy flowers, rich, glossy, deep maroon.

PRICE FOR ANY OF THE ABOVE NAMED VARIETIES: Pkt. 8c; oz. 25c.

Buckbee’s Grand Mixture of Giant Spencer or Orchid Waved Sweet Peas

This grand mixture is composed exclusively of Spencer Hybrids in proper proportion for most brilliant effect. It contains some most superb seedlings that have not yet been introduced. New and exquisite colors and shades, such as apricot, lavender, light and dark blue, several shades of pinks and scarlets from light shades to deep rose; also striped and mottled varieties, with purple and deep maroons, all of the waved and fluted Spencer type. Without exception this is the very finest mixture it is possible to make. Grow them liberally and they will make the finest display of Sweet Peas ever seen in your neighborhood. Price, large pkt, 7c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; postpaid.

Buckbee’s New Double Flowering Sweet Peas

In Fine Mixture

The so-called Double Sweet Peas are not a double flower in the true sense. Instead of one standard they have two or three giving ruffled and fluted effect. Very showy and beautiful. Under favorable conditions they will produce a large percentage of double flowers. Usually the double and single flowers are borne about half-and-half. They are regular tall-growing Sweet Peas. Our mixture includes every desirable shade and color. Pkt. 10c; oz. 25c; 2 oz. 35c; ¼ lb. 60c.
GIANT HYBRID SWEET PEAS

Fine Colors—Large Flowers—Long Stems

SELECT LIST OF NAMED GIANT HYBRID SWEET PEAS

WHITE

DOROTHY ECKFORD—Grand pure white, shell-shaped flowers of extra large size; borne three on a stem.

PRIMROSE

HON. MRS. E. KENNON—Beautiful primrose yellow.

ORANGE

MISS WILLMOTT—Brilliant orange-pink; very large.

PINK

PRIMA DONNA—Exquisite clear light pink.

JANET SCOTT—A grand deep rich pink.

SCARLET

KING EDWARD VII—The finest crimson-scarlet.

QUEEN ALEXANDRA—Intense pure scarlet.

LAVENDER

FLORA NORTON—Clear bright blue.

LADY GRISEL HAMILTON—A grand pale lavender.

MRS. WALTER WRIGHT—Beautiful mauve.

BLUE AND PURPLE

LORD NELSON—Rich, deep navy-blue.

MAROON

BLACK KNIGHT—Very deep maroon, shaded black.

OTHELLO—Rich clear maroon.

STRIPED OR MOTTLED

AMERICA—Striped blood-red on white.

BLANCHE FERRY—The popular pink and white.

HELEN PIERCE—White, mottled bright blue.

PRICES—For any of the above varieties: Pkt. 7c; oz. 15c; 2 oz. 25c; ½ lb. 45c, postpaid.

EVERLASTING SWEET PEAS

(Lathyrus)

Perfectly hardy perennial. Handsome, free-blooming climber with clusters of elegant Sweet Pea-like blossoms, which are produced in the greatest profusion. They come up year after year, and also bloom earlier than other Sweet Peas. Especially suitable for covering arbors and trellises.

Mixed, All Colors. Pkt. 8c; ½ oz. 25c.

New Yellow Sweet Peas

One of the most beautiful, interesting and easily grown plants in existence. This beautiful novelty has been much admired by visitors because of the unusual waviness of its duplex or double flowers. A few sprays form quite an imposing bunch. The flowers have a distinct yellow color on the heel, making a bed very attractive. The blooms are generally borne three on a stem, and produced extremely early. Large Pkt. 10c.

BUCKBEE'S PEDIGREED GILT EDGE MIXTURE SWEET PEAS

Best Colors, Largest Size, Very Fragrant

This mixture is carefully blended by ourselves from all the finest colors in the right proportion for the most beautiful show and without question it cannot be surpassed for gorgeousness of colors and brilliancy of effect, embracing every known good sort to date in the large-flowering, new and best standard varieties. Large packet 6c; oz. 15c; 2 oz. 25c; ½ lb. 40c; ½ lb. 75c; lb. 81.25, postpaid.

FINE MIXED SWEET PEAS

A cheap mixture, but a real good one, and will please those who do not care for the fancy new varieties of late introduction. Pkt. 5c; oz. 10c; 2 oz. 15c; ½ lb. 25c; ½ lb. 40c; 1 lb. 85c, postpaid.

CUPID OR DWARF SWEET PEAS

In Fine Mixture

These little beauties only grow 5 to 6 inches high, and excite wonder wherever seen; are very fragrant; bear full-sized flowers of fine substance, two or three on each stem; are profuse blooming, excellent for beds, borders and pot culture. As they cover the ground so closely they are not so likely to suffer from drought as the tall sorts. Our mixture includes all the desirable colors and shades. Pkt. 5c; oz. 10c; 2 oz. 20c; ½ lb. 35c.

G. C. Lawson, Telkwa, B. C., Can.; I had some of your Early Snowball Turnips last year which measured 16 inches in circumference and weighed 33 lbs. and the flesh was as good as any of the Fall varieties.
LEMON VERBENA
Fragrant plant, easily grown from seed. Pkt. 10c; ¼ oz. 35c.

VERBENA ODORATA
Sweet Scented
Very sweet scented. Flowers pure white. Pkt. 8c; ¼ oz. 30c.

VERBENA CHOICEST PRIZE MIXED
From a most superb collection of named varieties. Very large in flower and corymbs, and of the richest and most brilliant colors. Pkt. 6c; ¼ oz. 20c.

VIOLET
The true hardy Violet. This should be in every garden, on account of its fragrance and early appearance. Succeeds best in a shady, sheltered place, and can be easily increased by dividing the roots. Finest Mixed. Pkt. 10c; 1/4 oz. 60c.

WALL FLOWER
SINGLE PARISIAN—This annual variety will flower throughout the Summer and Fall from seed sown in Spring. Pkt. 8c; ¼ oz. 10c.

DOUBLE MIXED—Spikes of deliciously fragrant flowers, combining many shades and colors, chocolate and orange-purple predominating. Half hardy perennial. Pkt. 10c.

WILD FLOWER GARDEN
A mixture of many varieties of beautiful, easy-growing flowers, producing a constant and varied bloom the whole season, and is especially suited for those who wish only a few seeds each of the leading varieties. In no other manner can so many seeds be obtained at such a small cost. Large pkt. 5e; oz. 10c; ¼ lb. 30c.

BUCKBEE’S WONDERFUL ZINNIAS
NEW MEXICAN ZINNIA
This is the daintiest, prettiest Zinnia ever grown. Only about 12 to 15 inches high, bearing a profusion of small double flowers of unusual coloring. Pkt. 10c; ¼ oz. 40c.

NEW VICTORY QUILLED ZINNIA
Attractive Petals so Tightly Curled as to Resemble Quills.
It is distinct from all other Zinnias by the shape of its petals which are tubular at the base and expand toward the tip, displaying a rich variety of color. On the reverse side of the petals this color runs into a softer tint, making a beautiful combination. All colors, mixed. Pkt. 10c; ¼ oz. 40c.

NEW PICOTEE ZINNIA
A remarkable and beautiful new type of Zinnia developed in California. The flowers are always of the largest size, measuring 4 to 6 inches in diameter. The blooms come in many bright colors—pink, light and rich yellow, orange, etc., and all are tipped rich mahogany brown on the end of each petal. Pkt. 10c; ¼ oz. 40c.

RED RIDING HOOD ZINNIA
Of very dwarf and compact growth, only about 12 inches high. Covered the entire season with little button-like, very double flowers of brightest scarlet. These flowers are only an inch in diameter. Cannot be excelled as a border plant. Pkt. 10c; ¼ oz. 30c.

MAMMOTH ZEBRA—Large perfectly double flowers, as evenly imbricated as a camellia. Flowers variously striped and mottled; presenting all colors and shades. The finest strain of striped or Zebra Zinnias in cultivation. Pkt. 1c; ¼ oz. 25c.

LILLIPOP MIXED—Half the height of ordinary Zinnias. Blossoms small, double and of very brilliant colors. Pkt. 6c; ¼ oz. 25c.

BUCKBEE’S SUPERIOR DOUBLE MIXED—The grandest mixture of double flowers. Large size, brilliant colors. Pkt. 6c; ¼ oz. 20c.

BUCKBEE’S NEW GIANT FLOWERED—A superb new class of Zinnias, giant in size, measuring 4 to 5 inches across and perfectly double flowers, of richest, most varied colors and shades. Plants grow 3 feet high. There is much satisfaction in a bed of Zinnias with their twisted and recurved petals in many bright colors, and when nearly every other flower has been killed by frost this plant is still in full bloom. Few flowers are more easily grown or bloom more abundantly throughout the season, and the wide range of color is no less remarkable than their unusual depth and richness.

GIANT FLOWERED—SEPARATE COLORS—Crimson, orange, white, pink. Each, pkt. 10c; ¼ oz. 30c.

GIANT FLOWERED, CHOICEST MIXED COLORS, Pkt. 8c; ¼ oz. 25c.
BUCKBEE'S "Full of Life" SUMMER FLOWERING BULBS

We grow and offer only the most popular sorts that are easily grown, require scarcely any care, and make a showy and gorgeous display. All our bulbs are sure to grow and bloom. Remember, the Bulbs offered are large, sound, and solid, with live center shoots and are far superior to the small bulbs frequently offered.

Japanese Air Plant
Unique—Fairy-Like, Dainty and Delightful
This charming, decorative, curious and wonderful Air Plant requires no water or soil to thrive, but lives on air and will keep fresh and green and fluffy for an indefinite period. Very ornamental and suitable for all occasions, presenting at all times a fresh, green, feathery, attractive appearance. The plants can be hung or placed in any receptacle desired. Nothing is prettier for home decoration or more acceptable for a gift. 25c each; 3 for 70c, postpaid.

New Hardy Wistaria
Tubers Rooted
A valuable and desirable tuberous-rooted twiner, resembling Wistaria in form of leaf and flower, but smaller. Grows to a height of 5 to 10 feet. Dies to the ground each Winter, but the tuberous root is perfectly hardy. The numerous clusters of deep purple, pea-shaped blossoms have a strong, delicious violet fragrance. A valuable vine for trellis or rock work. Plant two or three bulbs near together to produce a mass of vines and flowers. 1.00 each; 3 for 1.50; doz. 1.15, postpaid.

Cyclamen
(NEW GIANT FLOWERED PERSIAN VIOLET)
Most beautiful of all pot plants, giving the richest profusion of elegant flowers; foliage decidedly handsome, being variegated with different shades of green, helping to show off the richly colored flowers. In fact, a plant in bloom resembles a tastily arranged vase of flowers and beautiful foliage. Price of choice bulbs, .35c each; 3 for .95c, postpaid.

Cinnamon Vine
Beautiful foliage, dainty flowers, exquisite perfume
This hardy climber with rich green foliage and, in the season bearing a profusion of small white flowers of a delicious cinnamon fragrance. Perfectly hardy everywhere, the vines dying down to the ground each autumn, but growing very rapidly in early Spring, soon covering any trellis or arbor. Where you wish to hide unsightly places we would suggest planting the Cinnamon Vine. Every tuber sure to grow. Plant any time in Spring. Please order at once. Price of bulbs, 10c each; 3 for 25c; doz. 95c, postpaid.

Caladium
NEW FANCY LEAVED VARIETIES—For window boxes, house or greenhouse growing this is one of the most decorative plants. Their leaves, handsomer than Begonias, are spotted, marbled, velvety and striped with white, pink and dark red. These bulbs, though comparatively rare, are easily grown, and their handsome foliage is much admired. Bulbs should be started into growth in a warm place. Selected plants, 10c each; 2 for 15c, postpaid.

Good Size Bulbs, A very satisfactory size to plant. Always makes a splendid growth. Each 15c; doz. 1.15, postpaid.
Larger Bulbs. This is an extra large size, and is one we recommend for best results. Each 35c; doz. 3.50, postpaid.
Mammoth Size Bulbs. A mammoth bulb that will make the largest plants you have ever grown. Each 45c; 3 for 1.25, postpaid.

Crown of Thorns
The Great Biblical Plant.
On the Wild Rocky Hills of Judea this emblematic plant is found. Very peculiar, thorny, with a few bright green leaves and an abundance of light rose blossoms. Easy to grow; can be trained to assume any desired shape. Fine plants, 25c each; 3 for $.75, postpaid.
**BUCKBEE’S LARGE FLOWERED CANNAS**

**New Canna**

**Prairie Fire**

Fiery Orange Scarlet Color—One of the Best

Extremely attractive. The large, rather narrow petaled florets are very freely produced. The color is a fiery orange-scarlet at the tips shading to carmine and orange toward the center. A brilliant bedder. Three and one-half feet. Price each 60c; doz. $6.00, postpaid.

ZEPELIN—Lavender-mauve. Price 35c each.

Grand Double Dahlias In Mixture

When the purchaser is not particular about knowing the names, but desires fine colors only, we offer this superb assortment, including many of last season’s high priced novelties, our selection of varieties. You will get your money’s worth for the price we ask. Price 20c each, $2.00 per doz., postpaid.

New Dahlia Superba

Wonderful Decorative Dahlia of Glowing Rose Pink Color

A remarkably distinct Dahlia in every way, habit of growth, heavy, vigorous and spreading but dwarf, unusually free flowering, coming into bloom early and producing 100 per cent perfect flowers to the end of the season. The form is absolutely perfect and entirely distinct, in color a pleasing shade of glowing rose pink which does not vary during the entire season. Price 75c each.
GLADIOLUS

See Painting from Nature on Back Cover

BUCKBEE'S FAMOUS GRAND NAMED GLADIOLI

The following are the finest and most distinct sorts, giving a wide range of colors; they include the best of the latest and older sorts. Price, each, 15c, or one each of the complete collection (20 varieties) for only $1.50, postpaid.

- SUNSET—Beautiful soft flesh pink, orchid-like in its coloring, magnificent large flowers.
- WISTARIA—Violet blue with orchid markings, a tall, vigorous grower.
- ATLANTIS—Velvety crimson-maroon, shaded black, the richest color of all.
- LILY WHITE—The best large snow-white with a rose blotch, white flushed pink.
- BUTTERFLY—Extra early, enormous, wide open flowers, white flushed pink.
- SÔNOMA—Very large flowers, soft cream yellow, slightly tinged rosy-pink in the throat.
- ALOHIA—Resembles America, but is of a much deeper pink. Long, straight spikes with very large flowers.
- HIBERDA—Magenta shading to pink in throat. A wonderful flower.
- MARSHAL FUCH—Immense lily-like flowers of a brilliant salmon-pink, marked with glowing blood-red blotches in the throat. One of the finest varieties yet introduced.
- CHÂTEAU THIÉRY—Immense, wide-open flowers of rich, dazzling scarlet, marked with white on the lower portion.
- FLORA—Magnificent large flowers and spikes. Canary-yellow with a pink stripe in throat.
- FLAME—The finest yellow shades ever grown.

BUCKBEE'S NEW FRILLED AND RUFFLED GLADIOLI

A new class of Gladioli. The flowers of this type are very large, widely expanded and of round form; the edges of the petals are beautifully ruffled and frilled and the coloring is very rich and beautiful. The flowers are produced on tall imposing spikes. Many colors mixed. Price, each, 15c; doz., $1.25. Postpaid.

BUCKBEE'S FAMOUS ROCK-FORD MIXED GLADIOLI

Gorgeous Colors and Marvelous Markings

We call special attention to our Famous Rockford Mixed Gladiolus which have been constantly improved year after year by discarding all undesirable flowers and developing new shades and combinations of colors. This mixture contains all splendid flowering bulbs that will make a grand show, and at such a low price that every one can afford a bed of this most popular bulb. Price, postpaid, 2 for 15c; 50c per doz.; 50 for $1.50; 100 for $2.75. By express, not prepaid, $2.50 per 100.

PRIMULINUS "SUNBEAM" HYBRID GLADIOLI

The flowers are gracefully arranged on very slender, very tall and strong spikes, medium sized and somewhat hooded in form. The range of colors is remarkable, running mostly in shades of yellow, orange, pink and crimson. All colors. Mixed. Large bulbs (sure to bloom). 5c each; 50c doz.; 100 for $3.50.

GLADIOLI IN MIXTURE

We are pleased to offer the following very special bargains in new Gladiolus grown on our Rockford Seed Farms:

- White and Light Seedlings, such as delicate shades of pink, rose, yellow, etc. Valuable for cutting. 60c doz., postpaid.
- Scarlet and Red Seedlings, blood reds, garnets, amaranths, and similar rich shades in great diversity, 60c doz., postpaid.
- Yellow and Orange Seedlings, sulphur, primrose, yellow, different tints of orange and salmon. 55c doz., postpaid.
- Pink and Rose Seedlings. This mixture contains numberless varieties in different forms, tints and shades of rose and pink. 55c doz., postpaid.
- Blue and Purple Seedlings—These colors are always showy and beautiful. Flowers good size and last well. 55 doz., postpaid.

BUCKBEE'S GIANT ORCHID FLOWERING GLADIOLI

Flowers Size of Tea Plates.

This new race of extraordinary beautiful Gladiolus represents the perfection of this genus since its introduction. The flowers have reached enormous dimensions, often 7 to 9 inches across, far surpassing any others and much resembling Orchids of the brightest hues. Mixed. 15c each: $1.50 per doz., postpaid.

The Gladioli deserves a place in every garden, large or small, being of easiest possible culture. They make grand beds and the bulbs can be planted any time during Spring and early Summer.

Buckbee's Giant Orchid Flowered Gladiolus.
Buckbee’s Giant White Calla

One of the grandest of all Callas, its foliage alone makes it desirable as a decorative plant. Add to this its profusion of superb white flowers, yielded throughout the season, and you have a plant you may well be proud of. Our select stock is adapted for pot culture everywhere; can also be set out of doors in summer. Strong bulbs, each 25c; 3 for 70c. Postpaid.

Mammoth Everblooming White Calla

A species of Hyacinth which blooms during August, September and October, if planted in Spring. The bulbs are large, round and solid, and throw up large flower-stems 5 to 6 feet high, with gigantic spikes of thimble-shaped white blossoms. A bed of a dozen or more bulbs produces a grand effect. For a cemetery nothing can be more beautiful or appropriate and nothing thrives better in any situation. Strong bulbs, each 25c; 3 for 70c. Postpaid.

Climbing Mignonette

One of the most satisfactory flowering climbers we have ever had. A rapid growing vine, covering a large space in a short time. Heathy, heart-shaped leaves of a light green, and in late Summer numerous racemes of feathered flowers of powerful and delicious fragrance. A very beautiful and popular vine. 15c each; 2 for 10c; 12 for $1.25. Postpaid.

New Climbing Lily of the Valley

A beautiful new plant of climbing or trailing habit. It has beautiful heart-shaped leaves and branches freely, growing in most fine symmetrical form. It is in bloom all the time, the pendulous blossoms appearing at the axile of the leaves and are bell-shaped, purp white, and about the size, form and color of Lily-of-the-Valley. Fine Plants, 25c each, 3 for 70c. Postpaid.

Giant Summer Hyacinths

A species of Hyacinth which blooms during August, September and October, if planted in Spring. The bulbs are large, round and solid, and throw up large flower-stems 5 to 6 feet high, with gigantic spikes of thimble-shaped white blossoms. A bed of a dozen or more bulbs produces a grand effect. For a cemetery nothing can be more beautiful or appropriate and nothing thrives better in any situation. Strong bulbs, each 25c; 3 for 70c. Postpaid.

Buckbee’s New Golden Sunbeam Calla

This beautiful new yellow Calla is without an equal anywhere. Thousands of our customers have been delighted with the exquisite blooms. Many plants bloom when 6 inches high, while a full grown plant is a sight never forgotten. The bulbs are strong and send up numerous flowers, which are golden yellow with black center. The color is one of the most beautiful shades of yellow seen among flowers and the jet black center lends to the blossoms a peculiar charm. Leaves differ, some being solid green, others spotted with white. Each 35c; 3 for $1.00. Postpaid.
The Best Hardy Lilies

ALL STRICTLY FIRST SIZE BULBS.
The following are the most desirable and most popular varieties of Lilies for general cultivation. They are hardy, needing little protection, will grow and flower without special treatment.

THE GOLD BANDED LILY
(Lilium Auratum)
This is justly entitled to the name often given it—the Queen of Lilies. The immense blooms measuring nearly a foot in width when fully expanded are produced in the greatest profusion and are deliciously fragrant. The large white petals are thickly spotted with chocolate-crimson, and have a bright golden-yellow band through the center of each. Blooms from July to September. Large Bulbs. Each 30c; 2 for 70c, postpaid.

SPECIOSUM ALBUM
Pure white flowers with a greenish band through the center of each petal. They are of great substance and very fragrant. One of the best for general culture; blooms in August and September. Mammoth Bulbs. Each 3c; 2 for 5c, postpaid.

SPECIOSUM RUBRUM
No words can overstate the brilliant beauty of these famous Japanese Lilies. The six broad white or pink petals are thickly dotted with rose or crimson spots, and the graceful form and brilliant color make them very effective and desirable. Especially thrifty and hardy. One of the best for garden culture; blooms in August and September. Large Bulbs. Each 3c; 2 for 5c, postpaid.

NEW LEOPARD LILY
An elegant and very beautiful lily from California; rich scarlet and yellow flowers, spotted with purplish brown. Splendid bulbs. Each 30c; 2 for 70c, postpaid.

IMPROVED TIGER LILY
Lilium Tigrinum Splendens
A grand lily, sometimes 6 feet high, with large pyramids of orange-red flowers spotted with black, often as many as 20 flowers are counted on one plant. Very hardy. Splendid Bulbs. Each 30c; 3 for 55c, postpaid.

NEW DOUBLE TIGER LILY
Lilium Tigrinum Flore Pleno
This is a plant of stately habit, growing from 4 to 6 feet high, bearing an immense number of double bright orange-red flowers, spotted with black. Blooms in August. Splendid Bulbs. Each 3c; 3 for 70c, postpaid.

LILITM UMBELLATUM
One of the very best classes of the hardy garden Lilies; strong sturdy habit, growing from 2 to 3 feet high, having large, showy flowers held upright and in clusters at the summit. They are of easy culture, flowering in June and July. Splendid Bulbs. Each 2c; 3 for 70c, postpaid.

WONDERFUL MAGIC LILY
(New and Beautiful)
The flowers are of very large size, of snowy whiteness, and are exceedingly fragrant. It is the most wonderful plant we have ever seen, having a peculiar grandeur, which one can appreciate at sight, but cannot describe. Bulbs are large and strong and begin to flower in two or three weeks after planting, sending up tall flower stems, which bear several of its magnificent blossoms. As a pot plant it is grand and as a garden bulb treated like a Gladiolus it is one of the choicest of all flowers. It will more than please you for it is superior to the Bermuda Easter Lily as a flowering bulb, 40c each; 3 for $1.50, postpaid.

THREE POPULAR JAPAN LILIES

Lilium Auratum
Gold Banded Lily,

Lilium Splendens

Lilium Rubrum

NEW TANGO FLOWER
Fragrance of the South
This exquisite flower is found on the high table-lands or mesas of Central Mexico and Peru. Its pure and chaste sweetness, delightful and subtle fragrance are indescribable. The bulbs can be planted as soon as danger of frost is over, and will bloom in four to six weeks. Each bulb as it grows in the ground will form bulblets, each of which send up a flower stalk, thus keeping up one mass of bloom from early summer till frost cuts them down. The flowers appear from ten to twenty to each stalk, are snowly white, star-like, petals thick, like wax, filling their surroundings with exquisite fragrance. Select Bulbs. Each 20c; 3 for 50c; doz. 81.75, postpaid.
Tuberoses
BUCKBEE’S MONSTROUS FLOWERING.

A most delightfully fragrant and beautiful summer-flowering bulb. Plants are of dwarf, stocky growth, producing flower-spikes 2 feet high covered ½ of their length with perfectly double flowers 2 inches across, which are glistening white and deliciously fragrant. For early flowers start in February or March in Greenhouse or hot bed, planting at intervals as late as August. For flowering in open border, plant about the middle of May. Our select strain of bulbs has no equal and will produce the best and sweetest scented flowers ever seen. Bulbs of good size, each 10¢; 3 for 25¢; per doz. 75¢, postpaid.

Mammoth Bulbs, blooms enormous in size and very double and fragrant, each 15¢; 3 for 35¢; per doz. $1.35; postpaid.

BIG BARGAINS IN FALL BULBS
Special Prices for Early Orders
See Page 100.

Mexican Star Flower
(Milla Biflora)
The flowers are pure waxy white, 2 inches in diameter, star-shaped, and usually in pairs on long slender stems. It is beautiful, especially for cutting, as it lasts a long time in water. Too much praise cannot be bestowed upon this lovely flower. It pleases everyone, and should be grown largely. The blossoms frequently last two weeks when cut and placed in vases of water. It is a perfect gem. 10¢ each; 12 for 90¢, postpaid.

Armstrong’s Everblooming Tuberose
This variety blooms year after year and produces single pure white flowers of a fragrance similar to that of the “jasmine.” It makes a splendid cut flower and should be in every one’s garden. Each 3¢; 4 for 30¢; doz. 85¢, postpaid.

Summer Flowering Oxalis
No bulb is so valuable for edging the borders of walks or flower beds as the beautiful flowering Oxalis.

DIPTER—Pure white; very fine. Diz. 30¢; 25 for 35¢; 100 for $1.25, postpaid.

LASANDRIA—Fine rosy-pink, beautiful cut foliage. Diz. 30¢; 25 for 35¢; 100 for $1.25, postpaid.

SHAMROCK—Lovely cloverlike foliage and pink blossom. Diz. 30¢; 25 for 35¢; 100 for $1.25, postpaid.

MIXED COLORS—A splendid assortment, all the above as well as other new Oxalis carefully mixed together. 25 for 30¢; 100 for 90¢, postpaid.

Resurrection Plant
Most Unique Novelty. A Marvel of Plant Life.
This peculiar plant is found among the pines and cedars of Palestine. It is a ball of tightly folded leaves, dry and apparently dead. But a transformation takes place once it is dropped into a bowl of water; for a short time there is a great, loose, expanded rosette of fine fern-like leaves, both odd and beautiful. This can be repeated many times, the plant curling tightly together when dry, expanding when soaked. 15¢ each; 3 for 40¢, postpaid.

Fairy Lilies (Zephyrantes)
Pretty flowers, similar to the Amaryllis, but of miniature growth. The best way is to plant several bulbs in a box or flower-pot. They can also be planted in the open ground in the Spring and lifted in the Fall, and treated the same as Gladioli. All colors mixed. Each 15¢; 3 for 40¢; doz. $1.25, postpaid.

Rockford Seed Farms, H.W. Buckbee, Rockford, Illinois, Forest City Greenhouses

Tuberos-Rooted Moonflower.

Hardy Tuberous-Rooted Moon Flower
(Ipomoea Purpurea)
They will stand any vicissitude of weather until frost kills the vine to the ground. Each year it springs up stronger than before, until it becomes a large, luxuriant vine, covered the entire season with hundreds of large waxy flowers of a rich creamy-white, with a throat of violet purple. It will grow in any soil, no matter how poor, and its blossoms remain open all day, unlike other Ipomoeas. It is perfectly hardy in any climate. 25¢ each; 3 for $1.00, postpaid.
BUCKBEE'S GORGEOUS PAEONIES

No flower exceeds them in popularity, and none are more easily grown. Everyone knows the old-fashioned "Pinks" of our grandmother's garden. There is no other flower that will give you such an attractive display of flowers and supply of cut flowers. When once planted they practically take care of themselves, and are well adapted for planting in the border bed or in solid beds. They are among the showiest and most useful of all hardy plants.

JAPANESE IRIS

These magnificent Iris are among the most beautiful of our summer flowering plants, and are becoming more popular every season. They commence blooming about the middle of June, and continue for five or six weeks. Many of these flowers measure from 10 to 12 in. in diameter, and rival the Orchids in their rich colorings and markings. Price, postpaid, Cheapest Mixed, each 35c; $3.50 per doz.

BUCKBEE'S HARDY PHLOX

No class of Hardy Perennials is of more importance than the Phlox which succeed under almost any conditions and flower from the end of June until late in the Fall; and while they will continue in good condition and flower freely for many years without attention, still they are much improved by liberal cultivation. There are quite a number of different varieties, but we offer only the latest and best varieties and entirely distinct sorts, the finest in their respective color. Our select assortment contains the very cream of the Phlox family.

PLANT DEPARTMENT

Our Mammoth Greenhouses Contain Over 250,000 Square Feet of Glass Devoted to Growing Millions of Buckbee’s Famous “Full of Life” Plants.

BUCKBEE’S FEATHER FERN
Charming Emerald Green Foliage, Which Is Dense, Graceful and Drooping.

The plants are of rapid growth and grow freely the year around, producing sprays 4 to 5 feet long in the greatest profusion. Unsurpassed for window boxes or hanging baskets, in vases, or even as specimen plants. Grown in suspended pots it makes a pretty decoration and desirable house plant. When the sprays or foliage is used for cut flower work, or in bouquets, it retains its freshness for a long time. We have a splendid stock of choice young plants, which we are offering at the following low prices.

Strong young plants, 20c to 30c each, postpaid. Larger plants, $1.00 to $1.50 each, by express not prepaid.

I had the finest collection of flowers last year in this district. People were all the time remarking about the lovely flowers. I bought all my seeds from Buckbee’s last season.

MR. R. H. LAWRENCE, Marquis, Sault., Canada.

See Pages 142 and 160 for Other Beautiful Ferns

The Wonder Bedding Plant Acalypha

Brighter and More Attractive Than Coleus, BICOLOR, AUTUMN TINTS—A most wonderful plant, surpassing the finest Coleus or Begonia in the rich color of the leaves, which are beautifully marked with a bright green color margined with a wide irregular band of lemon yellow and having wide yellow bars running lengthwise of the leaf, and also thickly dotted with yellow blotches. Its most important feature is its wonderful qualification for bedding, as it will stand bedding out like a Coleus; in fact, in the sunniest place it produces the highest coloring. 25c each; 5 for 70c, postpaid.

Artillery Plant
Graceful frondlike leaves. When in flower, produces a snappy sound when water is thrown on the leaves. A thin, smoky vapor will also arise when the leaves are sprinkled. Altogether a very attractive novelty, besides being an ornamental house plant. Each, 20c; 3 for 52c, postpaid.

Buckbee’s Lace Fern
Graceful Bright Leaves, of Delicate Form and Unusual Beauty. Buckbee’s Lace Fern may be grown either as a pot plant or in window boxes and has the advantage of being more graceful, and having finer leaves than the most delicate fern. The individual fronds or leaves grow from 6 to 8 inches in width, and when cut and put in water, retain their shape and color for weeks.

The bright green foliage of very delicate texture fails gracefully, giving it a style and air that cannot be surpassed. No finer decorative plant has ever been introduced. As a house plant it is deservedly popular as it will thrive under almost all conditions.

Strong, young plants, 20c to 30c each, postpaid. Larger plants, $1.00 to $1.50 each, by express, not prepaid.

I want to say I ordered a bill of your seeds in the Spring and am more than pleased with them; almost every seed grew. I have ordered from your company for several years and always find the seeds as represented. We grow for home and market and have splendid success.

MRS. RUTH HOAGLAND, R. R. No. 5, Veedersburg, Ind.)
Chinese Paper Plant

A magnificent pot plant, with splendid Camellia-like deep shining green foliage. Commences to bloom when small and continues throughout the year. Older it is literally covered with blossoms of a dazzling rosy crimson, with deep golden yellow anthers. Each, 25c; 3 for 70c, postpaid.

Rex or Painted Leaf Begonias

Rex Begonias are the most beautiful and desirable of decorative foliage plants for house and conservatory culture; they are strong, bushy growers and their grand ornamental leaves are exceedingly beautiful and always greatly admired. The leaves are extra large and colorings magnificent. These plants are grown for the great beauty of the foliage, as they make unequaled pot plants. Our collection contains many new and wonderful color combinations and will be sure to please all. Fine Young Plants, 35c each; 3 for 85c, postpaid.

BUCKBEE'S NEW WONDERFUL BLUE RIBBON COLLECTION OF 10 UNEQUALED CARNATIONS FOR ONLY $1.98 POSTPAID

See Page 157 for Other Wonderful Carnations Pictured in Colors.

RED HEAD—One of the most desirable Red Carnations. Favorite everywhere. In bloom all season. 25c each.

BELLE WASHBURN—Bright scarlet flowers of an enormous size. This new carnation has taken several prizes at the latest shows. It is a strong grower for indoor as well as out. It is an early and continuous producer. 20c each.

ENCHANTRESS SUPREME—Light salmon-pink; endures bright sunlight without fading. The calyx does not burst. A great improvement of the old Enchantress. 20c each.

FRANCES BUCKBEE—Brilliant crimson maroon. A big advance over all others of this color. The plant is a fine and easy grower, and always in bloom. A gem in every way. 25c each.

MATCHLESS WHITE—The most lasting carnation when cut. Beautiful, extra large pure white flowers, wonderfully fragrant. Blooms early and continuously. 25c each.

MAY BUCKBEE—An exquisite shade of satin pink; has a fine stem. Strong calyx and the fret bloomer extant. 20c each.

HAPPY DAY—Intense scarlet with a bright orange glow to the coloring. Very popular. The flowers are borne in great profusion; the plant makes a vigorous growth. Has stiff, wiry stems. 25c each.

BENORA—The newest white-striped carnation. Color pure white with red stripes. Blooms large and spreading, stiff stem and a fine grower. 25c each.

MAINE SUNSHINE—Strong grower and free-flowering. Large and vigorous flowers three inches in diameter and a deep golden yellow, with faint red stripes. 30c each.

HARVESTER—Flowers snow-white, very fragrant, perfect in form, large in size, borne on long wiry stems early and continuously throughout the season. 30c each.

THE NEW NOVELTY CARNATION—BLUE KING

The greatest novelty in carnations. The flower is best described by the words—blue, purplish-crimson, rich, deep and intense, the blue shade being at all times very pronounced, with ox-blood shadings. Flowers very perfect, measuring 3½ inches across, very long stems; strong growth; very fragrant and a free grower. It is the richest and most startling color in the carnation family. Price 35c each; or 3 for 95c, postpaid.

BUCKBEE'S NEW AND BEAUTIFUL DAISIES

MRS. F. SANDERS—Flowers glistening white, frequently measuring 5 inches across. The center is a mass of closely arranged fringed florets, surrounded by broad shining petals. 35c each; 3 for 85c.

BLUE DAISY (Agatha Coelestis)—The flowers are daisy-shaped, of a delicate light blue with a yellow disc. Flowers all the year round. 25c each; or 3 for 85c, postpaid.

PARIS DAISY—These plants are the favorites of all as they are of the easiest culture and make beautiful cut flowers. They are equally valuable as potted plants, blooming throughout the winter. 15c each; 3 for 40c, postpaid.

BLUSH QUEEN ALEXANDRIA—The new Mammoth White Paris Daisy. Single, semi-double and often fully double blooms appear on the same plant. The flowers measure 2½ to 3 inches across. 15c each; 3 for 40c, postpaid.

YELLOW DAISY (Étoile d'or)—The New Yellow Paris Daisy; a rich golden color. 20c each; or 3 for 55c, postpaid.

Watermelon Begonia

A Most Beautiful Ornamental Plant from the Sandwich Islands.

Excellent for display on the dinner table or parlor window. The leaves are distinctly variegated white and green, thick and waxy-like and have the appearance of being powdered with frosted silver. Price, 30c each; or 3 for 85c, postpaid.

See Page 157 for Flowering Begonias, Illustrated in Colors.
Heroes of the World War

Named in Honor of the Heroes of the World War

CORPORAL J. FRED PIPER—Immense yellow incurved flowers. Stem and foliage ideal. 15c each, postpaid.

SERGEANT W. F. YOUNG—An enormous bronze flower, larger and heavier than any other bronze Chrysanthemum. 40c each, postpaid.

PRIVATE JAMES GRESHAM—Crimson of the very largest size. The petals of the flower are so arranged that the brilliant color is shown to perfection. 35c each, postpaid.

PRIVATE MERLE HAY—Chestnut red or deep bronze, very attractive flower of the largest size and splendid growth. 45c each, postpaid.

GENERAL ALLENBY—A rich golden yellow with long reflexing and drooping petals, one of the best of the true Japanese type. 40c each, postpaid.

This splendid collection of Five New Varieties only $1.00, postpaid.

Sweepstakes Collection

Mid-season varieties all of which produce mammoth flowers of the purest and richest colors about November 1st.

MAJESTIC—Color very unique clamshells buff; when first opening the petals are very closely incurved, forming a perfect ball of 3/4 inches in circumference. Each 40c, postpaid.

LOUISA POCKET—Color purest possible white. One of the world's most noted raisers of new Chrysanthemums calls this his greatest achievement. 30c each.

ECLIPSE—Very distinct variety; color blood red, with a gold reverse. Its marvelous bright color makes it eagerly sought for in making collections. 30c each.

JOAN OF ARC—An immense reflexed white with long drooping petals showing a tinge of pink. True Japanese type. 25c each.

ROSE DAY—Amazingly with a silvery reverse to its petals. An enormous flower. 35c each.

WM. R. WHITE—Color deep warm bronze so brilliant as to seem almost shrivelling to scarlet in some of the flowers. 30c each.

The set of Six Mid-Season Varieties only $1.05, postpaid.

See the wonderful Chrysanthemums painted from life on Page 158 of this book.

Glory of Seven Oaks

Perpetual blooming. Blooms profusely bedded out from June to December. Perfectly hardy in the open ground. Flowers 4 to 6 inches across on stems 2 to 3 feet. Begins blooming in thumb pots.

Flowers of the brightest golden yellow, double to the very center and of large size and borne in clusters of 3 to 6 on strong upright stems. 25c each; 3 for 70c.

Ostrich Plume Collection

The set of four new varieties for only $1.10, postpaid.

GEISHA GIRL—Pure white Ostrich Plume, every petal covered with a fine feathery growth resembling an Ostrich Plume. Each 35c.

MIKADO—A combination of colors, salmon, rose, pink and bronze, all being blended together, making an extremely beautiful flower. Each 30c.

CHERRY BLOSSOM NOSSON—One of the best of the Ostrich Plumes, each petal being rose pink in color, covered with silvery hairs. Each 30c.

FALFURRI—Pure yellow, something very unusual in an Ostrich Plume sort. The golden yellow hairs are very pronounced. Each 30c.

Early Collection

The set of these Three Earliest Large Flowering Varieties only 10c, postpaid.

The Three Earliest Large Flowering Varieties.

ADVANCE—The earliest large pure white known. Flowers 5 inches across may be cut July 25th. Indispensable for the cut-flower trade. Each 25c.

GOLDEN GLOW—Flowers 5 1/2 inches across, bright yellow. In bloom the middle of August. Each 30c.

UNAKA—Lavender-pink flowers, of large size and great depth; incurred, broad petals. In bloom October 1st. Each 25c.

Caprice Collection

Any of this collection, 20c each. The set of Six Caprices for 85c, postpaid.

BRUTUS—Golden bronze.

BUSTER'S CAPRICE—Deep pink.

KATHLEEN THOMPSON—Crimson.

Giant Flowering Collection

The set of Four Mammoth Flowering Varieties only 15c, postpaid.

WM. TURNER—One of the best white Chrysanthemums ever introduced. Makes a perfect ball of flowers. Each 30c, postpaid.

MRS. H. W. BUCKEE—A monster golden yellow, unsurpassed in size and color, one of the largest. Each 35c, postpaid.

MRS. EDWIN WILSON—A pure white incurved with broad petals, one of the largest flowers. Raised at the U. S. Department of Agriculture Greenhouses, Washington, D. C., under the administration of President Wilson. Each 30c, postpaid.

This set of Four Holiday Collection Varieties only 35c, postpaid.

The latest giant-flowered varieties producing their flowers from Thanksgiving to Christmas.

GOLDEN KING—A very popular deep golden yellow for Thanksgiving. Each 15c.

PINK TREASURE—A new variety of the brightest possible pink color. Large flowers and double blooms. Each 25c.

MRS. G. E. MASON—The last of the large flowered dark red Chrysanthemums to bloom. Each 15c.
BUCKBEE’S FULL OF LIFE FERNS

BOSTON FERN
This is one of the old standbys, and still one of the best. Its long, graceful, drooping fronds often attain a length of five or six feet in a single year. Fine young plants 30c, 35c and 45c each, postpaid. Larger plants $1.00, $1.25 and $2.00 each, by express, not prepaid.

MAIDEN HAIR FERN
Always in great demand for table and house decoration, it will thrive nicely in parlor or living room, and grow more beautiful each year. Price, 25c each, or 3 for 70c, postpaid.

NEWPORT PARLOR FERN
Resembles the Boston in many respects, but grows more erect, has shorter, narrower fronds and makes three times as many of them. Thrives nicely in parlor or living room, requires very little attention. Fine young plants 25c to 35c each, postpaid. Larger plants $1.00, $2.00 and $3.00 each, by express, not prepaid.

NEW ROOSEVELT FERN
In general characteristics it resembles the Boston Fern, but it produces many more fronds, making it a bushier and handsomer plant. Fine young plants 25c, 35c and 45c each, postpaid. Larger plants $1.00, $2.00 and $3.00 each, by express.

THE NEW CRESTED FERN
Rather dwarf in growth, but graceful, very compact, dense and feathery. Each frond or branch has a double row of perfect little fronds set at right angles to the mid-rib, and so thick they seem almost crowded. It is a healthy, vigorous grower. Fine young plants 25c, 35c and 45c each, postpaid. Larger plants $1.00, $2.00 and $3.00 each, by express, not prepaid.

MOSS FERN
A new upright growing Moss with numerous feathery stems branching from the base and forming a dense tuft. Well grown plants attain a height of twelve to fifteen inches. Always fresh and green. Easily grown. 25c, 35c and 45c each, postpaid.

THE OSTRICH PLUME FERN
A strong, vigorous grower, but the fronds are heavy and feathery, and arch over in a most graceful manner, showing two shades of green and producing a lovely mousy effect, which adds greatly to its beauty. Fine young plants 30c, 45c and 50c each, postpaid. Larger plants $1.00, $2.00 and $3.00 each, by express, not prepaid.

FERNS FOR FERN DISHES
We have grown a large quantity of small ferns suitable for fern dishes. Assorted varieties. Each 20c; 3 for 55c, prepaid.
LITTLE BEAUTY
The Greatest Novelty in Fuchsias.

The loveliest-flowering, dwarf-growing Fuchsia known. It is a superb and hand-some little beauty, branching like a tree and covered with enormous perfectly formed flowers. Sepals bright scarlet, with rich violet-purple corollas. Vigorous growing, free-flowering, beautiful habit. A most charming window plant, remarkable for its constant profusion of exquisitely beautiful flowers, and really one of the most desirable Fuchsias in cultivation. 25c each; 3 for 70c, postpaid.

LIBERTY BELL—The largest flowering Fuchsia in cultivation. The plant is a tall grower, branching like a tree; the leaves are dark, glossy green, with veins of dark crimson, giving the foliage a rich ornamental appearance. The flowers are of enormous size, a single flower measuring 3½ inches across; sepals bright scarlet, with rich, violet-purple corollas, very double. 50c each; 3 for 70c, postpaid.

SPECIOSA—(The True Winter Blooming Fuchsia.)—This lovely Fuchsia blooms with greatest profusion during Winter, is scarcely ever without flowers from September till June; the flowers are large and of the most graceful form; color, rich carmine and rose; a most charming window plant, remarkable for its bright glossy green leaves and constant profusion of exquisitely beautiful flowers. 20c each, 3 for 55c, postpaid.

TROPHÉE—(Double)—Violet Blue corollas, very dark rich red sepals, waxy luster. Plant of fine form, easy to grow, continually in bloom. Positively one of the grandest varieties ever offered. 20c each, 3 for 55c, postpaid.

LOVELY—Large semi-double flowers; color rose mauve with rich scarlet sepals. Exquisite. 20c each, 3 for 55c, postpaid.

CARMELIATA—Undoubtedly the finest Double White Fuchsia ever sent out; makes a neat compact plant, branches freely and is covered nearly all the time with exquisite large flowers, having brilliant deep scarlet sepals and a corolla of pure snowy whiteness. 25c each; 3 for 70c, postpaid.

BLACK PRINCE—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the finest in blooming. Blossoms of a beautiful waxy-carmine or pink color. Certainly a plant for easy culture. 20c each, 3 for 55c, postpaid.

TRAILING QUEEN—This Fuchsia is an entirely new departure, different from other large-flowering varieties in its habit of growth; as it is a trailing vine. The young plants, as they commence growth, creep out to the edge of the pot, and then go trailing downward. It continues growing and branching in this way until the vines are a solid waxy mass of the most elegant foliage and perfect flowers. The flowers are borne in large, drooping clusters; very large, long, graceful; sepals scarlet, corolla purple. 25c each; 3 for 70c, postpaid.

The entire collection of eight splendid Fuchsias described on this page for only $1.55, postpaid.

BUCKBEE’S BEAUTIFUL GERANIUMS

The Pansy Geranium
A Grand House Plant of easiest growth, dwarf habit, and literally covered with flowers all the time, and as it requires little or no attention it is invaluable as a window plant. The coloring and markings of the flowers are most extraordinary—light pink, white, dark purple, black, etc., almost rivaling the Pansy in uniqueness of coloring. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. Strong plants, ready to bloom, 35¢ each; 3 for $1.00, postpaid.

Sweet-Scented Geraniums
20¢ each; 3 for 55¢. The set of 5 for only 82¢, postpaid.

LARGE LEAF ROSE—Indispensable in the formation of bouquets.
SCARLET UNIQUE—Rose-scented. Flowers scarlet.
NUTMEG—Highly scented. Very valuable.
OAK LEAVED—One of the best fragrant sorts. LEMON—Lemon-scented. A grand variety.

Variegated or Silver Leaved Geraniums
Very pretty for bedding and edgings, but particularly valuable for pots and window culture.

HAPPY THOUGHT—Foliage beautiful green and yellow; magenta flowers. 30¢ each.
MAD. SALLERON—Foliage green, edged white. 15¢ each.
SILVER LEAVED S. A. NUTT—Remarkably beautiful variegated foliage, the green and white about evenly apportioned; flowers of the same character and color as the famous S. A. NUTT. 25¢ each.
MRS. PARKER—Double pink flowers, leaves silver, margined white. 35¢ each.
MRS. POLOCK—Leaves bronze-crimson edged yellow; pink flowers. 30¢ each.
WM. LANGGUTH—Pretty scarlet flowers, silver leaf. 30¢ each.

THE SET OF 4 FOR ONLY $1.47, POSTPAID.

Ivy Leaf Geraniums
These are among the prettiest flowers we have; they are of exquisite colors and borne in large clusters all the year round; the plants are of graceful, trailing growth, with bright, glossy ivy-shaped leaves; fine for pots, window boxes, vases, etc.; also for bedding.

ALLIANCE—Blush-white, upper petals feathered deep pink. 25¢ each.
RYCROFT’S SURPRISE—Charming clear rose-pink. 25¢ each.
JOAN D’ARC—A beautiful pure white. 25¢ each.
ACHIEVEMENT—Rose with white eye. 25¢ each.
CAESAR FRANCK—Soft, rich crimson. 25¢ each.
SOUVENIR De CHAS. TURNER—Pink and maroon. 25¢ each.

THE SET OF 6 FOR ONLY $1.39 POSTPAID.

Pelargoniums

Lady Washington
Some of the most beautiful of our Summer and Fall flowering plants; they offer a rich and varied assortment of colors; easily grown.

EASTER GREETINGS—A New Everblooming Variety. Flowers large and free; bright amaranth red, each petal marked with a large black blotch. This variety is distinct from the rest, and remarkable on account of its long blooming season, producing its prime crop very early in spring and continuing throughout the Summer and Fall. 40¢ each; 3 for $1.15.

CRIMSON KING—Intense rich crimson, single flowers of extra size. 35¢ each; 3 for $1.00.

MRS. ROBERT SANDIFORD—Extra large flowers perfectly double and beautifully laced and ruffled, of glistening snow white color; exceedingly beautiful. 40¢ each; 3 for $1.15.

MAD. THIBAUT—Bright pure pink; flowers perfectly double, 5 inches across; petals heavily ruffled. 35¢ each; 3 for $1.00.

The Set of 4 for only $1.35, postpaid.

The Strawberry Geranium
One of the handsomest plants imaginable, a gem of many colors, exceedingly rare and beautiful. Leaves nearly round, and striped freely with silver bands; blooms white, of great beauty and borne in spikes nearly 12 inches high; of easiest growth. Adapted for hanging baskets, vases, etc. Will stand neglect and mis-treatment. 25¢ each; 3 for 70¢, postpaid.
NEW AND BEAUTIFUL FRENCH HYDRANGEAS

These new varieties are the showiest and most desirable decorative plants ever offered.

Grand low growing bushy shrubs; used for decorating lawns and porches during Summer; they bear enormous heads of flowers; not being entirely hardy are usually kept in tubs or boxes, set out in Summer and taken to cellar over Winter.

BABY BIMBINET—Without any question this is the best of the highly decorative French Hydrangeas. Dwarf, free flowering and early. Large compact trusses of silvery rose flowers which are very attractive. 30¢ each.

AVALANCHE—A splendid large white, which has made a reputation for itself during the past few seasons. Easy to grow and a sure bloomer. 30¢ each.

BOUQUET ROSE—Large trusses of well formed flowers, rose amber turning to bright pink; this is a favorite wherever shown. 35¢ each.

RADIANT—Very deep carmine; a color never before seen in a Hydrangea; this is one of the most effective in our collection. 35¢ each.

MME. AUGUSTA NONN—Large flower of pale pink color; has become a general favorite the past few years. 30¢ each.

MME. E. MOUILLERE—The most popular white; very free flowering and of large size and fine form. 30¢ each.

Special Offer G3 Each one of the 6 HYDRANGEAS, Fine, strong, young plants, for only $1.78, postpaid.

HIBISCUS

ORANGE QUEEN—Large, double, orange-colored flowers. Very novel and attractive. 30¢ each; 3 for 55¢, postpaid.

BRILLIANT KING—Semi-double flowers of a bright vermilion-scarlet; petals waved and recurved; very handsome flowers. 30¢ each; 3 for 55¢, postpaid.

APPLE BLOSSOM—This is a truly surprising house plant, the flowers are so immense and yet so beautiful that you can scarcely believe that they are not artificial in some way. It is a rapid, erect grower, with bright glossy green leaves and immense double flowers like roses, 4 to 5 inches in diameter. Color rich bright pink, with deep crimson center; likes heat and moisture and begins to bloom very quickly. 25¢ each, 3 for 70¢.

parlor or oriental IVY—A quick growing trailing plant of delicate green foliage; fine for hanging baskets, etc. Each 25¢; 3 for 75¢, postpaid.

VARIEGATED GROUND IVY—(Glechoma)—A graceful, and beautiful half hardy perennial creeping plant, which quickly and densely carpets the ground; equally attractive for vases or hanging baskets. The charming foliage is bright green and pure white, and emits a refreshing fragrance. Each 25¢; 3 for 70¢, postpaid.

IVY

ENGLISH IVY—Queen Victoria—This is a hardy true evergreen climbing vine, with dark glossy green leaves. Much used for covering walls of churches, etc., and for cemetery work; also one of the very best plants for house culture. 30¢ each; 3 for 55¢, postpaid.

HIBISCUS Apple Blossom.

IVY

Queen Victoria Ivy.

Nightblooming Jasmine

An interesting tender shrub of easy cultivation, with waxy dark green leaves and open panicles of tubular, creamy white flowers. Altho entirely odorous during the day, they fill the whole garden with fragrance at night. Grows rapidly. Blooms nearly all the year. Each 25¢; 3 for 70¢, postpaid.

DE MAD. DE BLONAY—Very beautiful. Pure white and sweet scented. Flower large and well formed. Splendid bloomer. 20¢ each; 3 for 55¢.

CENTEFLEUR—Strong, stocky growth, heavily corrugated dark green leaves. Each 20¢; 3 for 55¢.

These are universal favorites on account of their delightful fragrance. Flower equally well as bedding plants in Summer, or as pot plants during Winter.

HELIOTROPES

Star Jasmine

Sweet Scented.

Almost continuously in bloom. A valuable house plant in the north especially during Winter, but perfectly hardy in the South; flowers star-shaped, pure white and very fragrant. The idol of poets, and one of the sweetest flowers. Easily grown, even small plants bear a profusion of bloom; small, glossy evergreen foliage. Each 25¢; 3 for 70¢, postpaid.
Buckbee’s New Regale Lily

Perfectly Hardy; Beautiful; Easy to Grow.

A new hardy garden lily that can be grown in any part of the country. The lilies produce large, handsome, white, fragrant flowers year after year in the greatest abundance. This white flower is exceptionally beautiful, having a faint tinge of primrose-yellow in the throat while the outside of the petals are a deep rose. Most deliciously fragrant. Height 3 to 5 feet. Perfectly hardy everywhere, and the most desirable new flower offered for many years. It is sure to be the most popular lily in the country. Each 35c; 3 for 95c; 6 for $1.75, postpaid. Larger plants 45c each; 3 for $1.35.

Brazilian Plume Plant

A native of Brazil, of the easiest possible culture, and does well in all kinds of soil, and in any situation. It is a strong, rapid grower and throws long shoots, each of which is tipped with the beautiful pink, plumy-like flowers, the ends of every petal drooping in a most charming manner. It is a grand pot plant, commencing to flowers when the plants are very small, and blooming profusely for several months out of the year. Each 25c; 3 for 75c, postpaid.

Manettia Vine

One of the handsomest little vines, easily and quickly grown and blooms continuously. Adapted for hanging baskets, pot culture, vases or bedding. The flower is of the shape and about four times the size shown on bottom of our illustration, and of brilliant scarlet, tipped with clear golden yellow, making it most wonderfully attractive. Each 20c; 3 for 55c, postpaid.

Weeping Lantana

MRS. MCKINLEY—A fine plant, of graceful, drooping habit, producing flowers at each leaf-point. The flowers are a brilliant rosy lilac, borne in elegant clusters, and hundreds and thousands of them are in bloom all the time and literally cover the whole plant. One of the best varieties for hanging baskets. Each 30c, or 3 for postpaid.
PALMS

LATANIA BORBONICA—This is one of the very best Palms for house culture; it hardy as to thrive in any ordinary living rooms, in spite of heat, cold, dust or draught. Fine elegant fan-shaped leaves, rich dark green, beautifully fringed. Grows easily in pots or in a cool, dark, winter foliage. Plants, 35c each, postpaid.

PHOENIX CANARIENSIS—Beautiful and strong-growing Palm with glossy, dark green foliage. Sure to please and easily grown. Fine plants, 60c each, postpaid.

SEAFORTHIA ELEGANS—A magnificent plant for jardinières or center of tropical bed. Most graceful. Leaves of rare formation. Fine plants, 45c each, postpaid.

CHAMAEROPS EXCELSA (Japanese Fan Palm)—One of the hardiest of the Fan Palms. Foliage dark green; the segments of the fan-shaped leaves deeply cut, the edges covered with tooth-like spines. Grows from 15 to 20 feet high, very desirable for lawn decoration. Fine plants, 45c each, postpaid.

KENTIA ORIGINAL—Without exception the most hardy Palm in its class. Quite graceful and scarcely has an equal for tall, columnar appearance, and ornamentation. Fine plants, 45c each, postpaid.

KENTIA BELLMOREANA—Exceedingly popular parlor Palm. Decidedly rugged under all kinds of treatment. Fine plants, 40c each, postpaid. Large specimen Plants $3.00 to $7.50 each, by express, not prepaid.

Umbrella Palm

A very decorative palm. Hardy, useful and beautiful window plant for all seasons, always fresh, green and attractive. Invaluable as an aquatic plant. Stems 2 to 3 feet high, surrounded by whorls of leaves. Price 20c each, or 3 for 55c, postpaid.

India Rubber Plant (Ficus Belgica)

The India Rubber Tree is well known as one of the finest plants for the table and parlor decoration. It has large, thick olive green leaves and graceful polished stems. Will stand much more neglect than most plants. By express, not prepaid, fine plants, $1.00, $1.50 and $2.00 each.

New Comet Plant

The most unique flowering plant of the century. Fluffy, trailing, tall, red blossoms, soft crimson scarlet, 20 to 30 inches long on specimen plants. Try one or more of these fine plants; they are always in bloom. Fine plants, 30c each; 3 for 85c, postpaid.

Cigar Plant

Bushy plants of neat habit about 15 inches high, bearing great numbers of narrow, tubular flowers, bright scarlet, with purple and white tips. Bright and attractive, always in bloom. These plants thrive beautifully in hanging baskets, vases, etc., are also fine as pot plants in the window and good for bedding outdoors. Each 20c; 3 for 55c, postpaid.

Shower of Gold (Genista)

A beautiful yellow flowering plant that grows and flowers freely with ordinary care, literally covering the plant with its rich golden-yellow blooms when well grown. A very popular plant for Easter decorations, at which time it is usually a mass of bloom. 25c each; 3 for 70c, postpaid.

Swan Flower (Swainsonia)

ALBA—This is a beautiful plant, both for flower bed and house culture; flowers are pure, snowy white, and borne in pretty sprays all over the plant. Price, 25c each; 3 for 70c, postpaid.

ROSEA—Some as Alba except in color which is bright, rich, rosy red. Price, 25c each; 3 for 70c, postpaid.

SWEET VIOLETS

ROYALTY—The new double Violet Beautiful azure blue, of rare fragrance. Each, 2sc; 3 for 70c.

THE CALIFORNIA—Flowers single, of immense size; color, clear violet purple. The fragrance is delightful. Each 20c; 3 for 55c.

GOVERNOR HERRICK—Rich dark purple; single flowers of lovely fragrance. Each, 20c; 3 for 55c.

IMPROVED MARIE LOUISE—One of the finest double blue Violets grown, very fragrant and a continual bloomer. Each, 20c; 3 for 55c.

THE BRIDE—A grand pure white variety. Flowers are double and immense in size, extra early and deliciously fragrant. Each, 25c; 3 for 70c.

HARDY VIOLETS—See page 155.

BUCKBEE’S
Wondrously Beautiful
ROSE COLLECTIONS

Famous Baby Doll Roses

CLOTHILDE BABY DOLL—A strong, dwarf grower and a truly wonderful bloomer, producing cluster after cluster of the finest formed flowers. In form they are perfectly full and double and deliciously sweet. The color effect is beautiful—ivory-white shading toward the center to silvery rose. Hardy everywhere.

SWEETHEART BABY DOLL—This popular miniature Bouquet Rose has fairly jumped into popularity. Very free flowering, coming in sprays of three to five buds. Color blush, shaded light-salmon pink; distinct and desirable.

WHITE BABY DOLL—The Genuine Pure White. Identical in every way with Clothilde Baby Doll except in color, which is ivory-white. Free blooming and hardy.

YELLOW BABY DOLL—Everybody's Rose. The flowers are very double and are produced in immense clusters; buds exceedingly dainty. A strong upright, bushy grower. Color, white on beautiful light yellow ground; center, chrome yellow.

Any of the Baby Doll Roses, 25¢ each; the set of 4 for 83¢. Large two-year-old Plants, 50¢ each.

Beautiful Hardy Moss Roses

A class of Roses which are much admired. The beauty of the flower consists of the delicate mossy covering which surrounds the bud, and which gives the opening flower a unique appearance. They are strong, vigorous growers, perfectly hardy.

Price any of the following Moss Roses, strong plants, postpaid 25¢ each; 3 for 70¢; large 2-year-old plants, 65¢ each.

HENRY MARTIN—Rich deep rosy red, tinged with crimson. MOUSSELINE—Large cluster of snow-white, extra large, full and double flowers, delightfully perfumed. PRINCESS ADELAIDE—Rich, glossy pink, very full and sweet; finely mossed.

Special Offer C-9 One each of these three beautiful Moss Roses in strong one-year-old plant, postpaid, for only 70¢, or one each of the 3 large 2-year-old plants, for $1.81.

Everblooming Cochet Roses

PINK MAMAN COCHET—Flowers of enormous size, very full and of great depth and substance. Color, clear, rich pink, changing to silvery rose. Deliciously sweet, a hardy, vigorous grower; flowers the whole season.

RED MAMAN COCHET—One of the most magnificent, perfectly double flowers of a bright rosy red color, produced in wonderful profusion all season.

WHITE MAMAN COCHET—A sport of Pink Maman Cochet and identical with it except in color, which is pure snow white. The finest bedding Tea Roses in existence.

YELLOW MAMAN COCHET—One of the finest ever-blooming yellow Roses. Gracefully molded buds, magnificent, large, very double and sweet flowers of deep sulfur yellow color.

Any of the Cochet Roses, Fine Plants, 25¢ each; set of 4 for 70¢. Large two-year-old Plants, 55¢ each.

Unexcelled La France Roses

PINK LA FRANCE—The color of this is an exquisite shade of silver pink tinged with crimson. The buds are large, beautifully formed and the open flower exceedingly handsome, with a delightful fragrance. In continuous bloom all Summer and late into the Fall until stopped by frost.

RED LA FRANCE—It is much deeper in color than its pink sister, being a brilliant rose pink, handsomely shaded, and almost perfect in all respects.

STRIPE LA FRANCE—The flowers are distinctly striped with pearl-white and satin-rose.

Any of the La France Roses, Fine Plants, 25¢ each; the set of 4 for 86¢. Large two-year-old Plants, 60¢ each.

Clio—Flowers very large, flesh color, shaded in center to rosy-pink. Strong plants, postpaid, 30c each; 3 for 85c. Large 2-year-old plants, 65c each.

BALL OF SNOW—Free flowering. Beautiful pure white flushed with light rose. Fine strong plants, postpaid, 30c each; 3 for 85c. Large 2-year-old plants, 65c each.

NEW PINK AMERICAN BEAUTY—Tender rose pink; large size and beautiful form. Delightfully fragrant. Strong plants, postpaid, 35c each; 3 for 95c. Large 2-year-old plants, 70c each.

GENERAL PERSHING—Soft pink, large size, exceedingly fragrant. Strong plants, postpaid, 35c each; 3 for 95c. Large 2-year-old plants, 10c each.

MAIDEN'S BLUSH—Deep, rosy pink, shaded pale flesh. Strong plants, postpaid, 30c each; 3 for 85c. Large 2-year-old plants, 65c each.

PAUL NEYRON—The largest Rose in cultivation. Bright shining pink, clear and beautiful. Strong plants, postpaid, 35c each; 3 for 75c. Large 2-year-old plants, 65c each.

PRINCE CAMILLE DE ROHAN—The Black Hardy Rose. Large handsome, fragrant flowers. crimson, maroon, shaded black. Postpaid, 25c each; 3 for 75c. Large 2-year-old plants, 65c each.

VICTORY—The variegated hardy Rose. Glowing crimson edged with white. Strong plants, postpaid, 30c each; 3 for 85c. Large 2-year-old plants, 65c each.

JUBILEE—Cherry-red, intensely fragrant. Strong plants, postpaid, 30c each; 3 for 85c. Large 2-year-old plants, 65c each.

NEW WHITE AMERICAN BEAUTY or Frau Karl Druschki—The best hardy White Rose. Long buds and immense, double flowers. Strong plants, postpaid, 35c each; 3 for 95c. Large 2-year-old plants, 70c each.

GEN. JACQUEMINOT—Famous the world over as the most magnificent hardy Crimson Rose. Strong plants, postpaid, 35c each; 3 for 70c. Large 2-year-old plants, 65c each.

Hardy Memorial or Evergreen Roses

Sometimes called the Wichuriana Roses, but appropriately classed as "Memorials" because everywhere acknowledged to be the most suitable and satisfactory Roses for cemetery planting. They will climb when trained, or if let alone creep along the ground as closely as an ivy and make a dense mat of shiny dark green foliage, which will remain green on the plants nearly all winter.

SNOW WREATH—The famous, pure white cemetery Rose. Hardy as grass, will grow in sun or shade, poor ground or rich. Makes a beautiful display of blossoms, very large (often 5 or 6 inches around), pure white, with bright golden center. 25c each; 3 for 70c. Large 2-year-old plants, 65c each.

SHOWER OF GOLD—Elegant single flowers, 3 inches in diameter, pale yellow, very fragrant. 20c each; 3 for 55c. Large 2-year-old plants, 55c each.

HIAWATHA—Deep crimson with white eye; single, very free bloomer and showy. One of the best. 20c each; 3 for 55c. Large 2-year-old plants, 55c each.

PARADISE—Bright, rich pink, with orange red stamens. Flowers single, of good size and very fragrant. 20c each; 3 for 55c. Large 2-year-old plants, 55c each.

EVANGELINE—Double bright pink, equally as beautiful as the double white and charming companion for it. 30c each; 3 for 55c. Large 2-year-old plants, 55c each.
BUCKBEE'S NEW EVERBLOOMING CLIMBING ROSES

THESE NEW ROSES DO NICELY OUT OF DOORS DURING THE SUMMER BUT MUST BE PROTECTED DURING THE WINTER MONTHS

MARÉCHAL NEIL—Golden yellow. Its magnificent buds have been admired the world over. A rapid grower, making shoots 20 feet high in a single season. Fragrance delicious. Fine plants, postpaid, 35c each; 3 for 95c. Large 2-year-old plants, 65c each.

CLIMBING WHITE COCHET.—Pure paper white color, large flowers and full to the center. Free and perpetual bloomer. It is the most perfect white climbing rose. Fine plants, postpaid, 55c each; 3 for 60c. Large 2-year-old plants, 60c each.

CLIMBING PINK COCHET.—Delicate peach pink or blush pink; very free and constant flowering. Long-pointed buds of rare beauty. Also a magnificent rose for the summer garden. Fine plants, postpaid, 55c each; 3 for 65c. Large 2-year-old plants, 60c each.

CLIMBING METEOR—The finest clear crimson flower of good size, full, long and pointed buds. One of the most delightfully colored roses and as free a bloomer as any. Fine for summer bedding and the house. Fine plants, postpaid, 55c each; 3 for 65c. Large 2-year-old plants, 60c each.

CLIMBING MARIE GUILLOT—Beautiful blush white color. Large, full and free flowering. The plants are strong and vigorous growers, producing flowers in abundance throughout the season. One of the finest of the climbers. Fine plants, postpaid, 55c each; 3 for 65c. Large 2-year-old plants, 60c each.

CLIMBING ROSARIE—Deep, rich, rosy pink. Long, large-pointed buds produced in abundance. Probably the finest and the best of the Everblooming Climbing Roses. Fine plants, postpaid, 55c each; 3 for 65c. Large 2-year-old plants, 60c each.

CLIMBING KAISERIN AUGUSTA VICTORIA—A most wonderful shade of creamy white. Buds are produced in abundance, very large and full and beautifully pointed. Foliage is attractive and plant a sturdy grower. Fine plants, postpaid, 55c each; 3 for 65c. Large 2-year-old plants, 60c each.

CLIMBING REINE MARIE HENRIETTA—Deep cherry red, most attractive, large, full and very double. Vigorous growing plants producing flowers in abundance throughout the season. Fine plants, postpaid, 30c each; 3 for 55c. Large 2-year-old plants, 55c each.

BUCKBEE'S NEW HARDY CLIMBING ROSES

THESE VARIETIES LIVE FOREVER, PERFECTLY HARDY, AND WILL STAND THE WINTERS ANYWHERE IN THE UNITED STATES

BUCKBEE'S ILLINOIS ROSE

The Hardest, Prettiest and Most Charming Rose Ever Grown

This wonderful Rose is the only native climbing rose in America. Perfectly hardy in nearly every state, regardless of climate and location. The Illinois Rose is an ideal climber to use on porches or trellises, and it can also be kept trimmed into a beautiful hedge. The blossoms are single and borne in abundance in July after other Roses are gone. Color most beautiful shade of pink. The stems turn red in winter. There are also clusters of crimson fruits, making an attractive winter decoration. Fine strong plants, 35c each; 3 for 95c. Large 2-year-old plants, 70c each. Postpaid.

TAUSENDSCHON OR 1,000 BEAUTIES—Entirely distinct, rapid growing and almost thornless. Flowers are very large, fully 3 inches across and show every shade from pure white to deep pink. Fine plants, 25c each; 3 for 65c, postpaid. Large 2-year-old plants, 55c each.
THE BEST HARDY CLIMBING ROSES

EMPERESS OF CHINA—Bright, rosy pink, large, globular flowers. A rapid grower and always popular. Strong plants, 20c each; 3 for 55c. Large 2-year-old plants, 50c each.

EXCELSA OR RED DOROTHY PERKINS—Very double flowers, produced in large clusters of 10 to 40 and of an intense crimson-maroon with the tips of the petals tinged scarlet. Strong plants, 20c each; 3 for 55c. Large 2-year-old plants, 50c each.

TRIER—Flowers creamy white, semi-double, produced in large clusters freely and continuously. Strong plants, 20c each; 3 for 55c. Large 2-year-old plants, 50c each.

WHITE DOROTHY—A pure white sport of the well-known Dorothy Perkins of the same habit and growth and freedom of flowering. Fine plants, 25c each; 3 for 75c, postpaid. Large 2-year-old plants, 50c each.

IMPROVED YELLOW RAMBLER—Large clusters of medium sized full double flowers of a saffron yellow, deepening to golden yellow in the center. Fine plants, 25c each; 3 for 75c, postpaid. Large 2-year-old plants, 50c each.

IMPROVED CRIMSON RAMBLER—Absolutely hardy, vigorous grower, prolific bloomer, producing a gorgeous mass of crimson blossoms which remain on the plant a long time. Often grows 12 to 15 feet in a single season. Fine plants, 25c each; 3 for 75c, postpaid. Large 2-year-old plants, 50c each.

FLOWER OF FAIRFIELD

The Most Wonderful Garden Rose Introduced for Years

Flower of Fairfield commences flowering in the spring or early summer and produces repeated crops of bloom until late in the autumn. It blooms very profusely on young wood the first year after planting. Very effective for covering walls, trellises or arches; and is equally attractive for table decoration or other uses as cut flowers. Strong plants, 30c each; 3 for 85c, postpaid. Large 2-year-old plants, 50c each.

BUCKBEES NEW BLUE ROSE

Newest Climbing Rose “The Sensation of the Century”

This new climbing Rose surpasses all others of recent introduction in having a pure blue color. The flowers appear in large clusters after the manner of the Crimson Rambler, and are semi-double and of medium size. Upon first opening the color is partly bright red and partly bright rose, turning soon to a steel blue. Strong plants, 30c each; 3 for 85c, postpaid. Large 2-year-old plants, 50c each.

BUCKBEE’S ALL PURPOSE ROSE COLLECTION

Roses are needed for so many different purposes, both indoors and out, that this year we make this exceptional offer of 4 of the finest Roses ever grown.

GOLDEN SPRAY (Tea Rose)—Rich, deep, nankeen-yellow, becoming lighter as the flowers expand; flowers of splendid form, full, double and very fragrant. 30c each; 3 for 85c. Large 2-year-old plants, 65c each.

CRIMSON BABY RAMBLER (Rambler)—A new member of the Rose class, with great freedom of bloom and bright coloring. The foliage is bright green, thick and healthy, not so liable to mildew as the Old Crimson Rambler, whose unsightly foliage has been cause for annoyance to every Rose lover. 30c each; 3 for 85c. Large 2-year-old plants, 65c each.

NEW ILLINOIS (Hardy climber)—The only native climbing Rose in America. Color beautiful clear pink. Hardy everywhere—strong grower—wonderful climber. 35c each; 3 for 95c. Large 2-year-old plants, 70c each.

MARIE GUILLOT (Tender climber)—Beautiful blush white color. Large, full and free flowering. The plants are strong and vigorous growers, producing flowers in abundance throughout the season. One of the finest of the climbers. 25c each; 3 for 65c. Large 2-year-old plants, 50c each.

SPECIAL OFFER—1 fine plant each of the above, 4 All Purpose Roses for only 90c, postpaid—or 1 large 2-year-old Rose each of the 4 All Purpose Roses, only $2.19.
HARDY PERENNIAL PLANTS

The old-fashioned hardy garden flowers are very popular, and deservedly so. No feature of the garden can be more satisfying than a good assortment of these hardy plants, producing from early Spring to late in the Fall a continuous succession of charming flowers, which are equally valuable for garden ornamentation and cutting purposes. No class of plants will yield better or more pleasing results for the money invested. They require very little care or attention, are perfectly hardy and yield a rich harvest of bloom.

BALLOON FLOWER (Platycodon)—Neat, branching bushes, 2 to 3 feet high, with 10 to 12 stalks covered with large bell-shaped flowers from July till September. Blue and white flowers. Each 25c; 3 for 70c; doz. $2.50, postpaid.

LADY IN WHITE (The Famous Cemetery Plant)—One of the very best white flowered plants for the border. The flowers are borne in the greatest profusion the entire Summer on strong erect stems, pure white in color. Select plants, each 25c; 3 for 70c; per doz. $2.50, postpaid.

AQUILEGIA (Columbine)—Long-spurred varieties of many rich and varied colors, and with broad petals. Two feet high. Columbines are a most important part of the hardy garden and should be grown in quantity. With their airy grace they will serve to lighten up a too stiff and formal planting. Their lasting flowers and long stems are also splendid for cutting. Each 25c; 3 for 70c; doz. $2.50, postpaid.

ARMERIA (Thrift)—Attractive, dwarf plants for low edgings, forming rosettes of narrow evergreen leaves on the ground, from which they send up stiff, wiry stems with dense heads of flowers, bloom all season. Pink and white flowers. Each 25c; 3 for 70c; doz. $2.50, postpaid.

BABY’S BREATH (Gypsophila Paniculata)—A beautiful old-fashioned plant possessing a grace not found in any other perennial. Beautiful pure white flowers. Plants grow 2 to 3 feet in height and about the same in diameter. Each 25c; 3 for 70c; doz. $2.50, postpaid.

CANTERBURY BELLS (Campanula Medium)—Beautiful large bell-shaped flowers in blue, rose and white colors. The Medium is the most satisfactory of the Campanulas. It grows 3 feet high on good soil and blooms for a long time, if flowers are cut immediately upon fading and if planted in a half-shady place. Mixed colors. Each 25c; 3 for 70c; doz. $2.50, postpaid.

CHIMNEY BELL-FLOWER (Campanula Pyramidalis)—The most conspicuous of the Campanulas, producing spikes 4 to 6 feet high, crowded with silver-shaped flowers July till frost. Colors: Blue and white. Each 25c; 3 for 70c; doz. $2.50, postpaid.

COREOPSIS (Lanceolata Grandiflora)—One of the most popular hardy plants. The flowers are of a rich golden yellow and invaluable for cutting; continues in bloom the entire Summer and Fall. Each 20c; 3 for 50c; doz. $3.00, postpaid.

FOX GLOVE (Digitalis)—Another good old-fashioned but dignified and stately perennial. The strong flower stalks—often 4 to 6 feet high—always give an appearance of strength wherever planted. Mixed colors. Each 20c; 3 for 50c; doz. $1.05, postpaid.

GAILLARDIA GRANDIFLORA—One of the showiest and most effective hardy plants, about 2 feet high, and continuous bloomers from June till cut down by the frost. The flowers are of gorgeous coloring: the center is of dark red-brown, with petals marked with rings of brilliant crimson, orange and vermillion. Excellent for cutting. Each 20c; 3 for 50c; doz. $3.00, postpaid.

GOLDEN GLOW (Rudbeckia)—It is a question whether any other hardy perennial has ever met with greater popularity than this. It is a strong, robust grower of 2 to 6 feet, and produces masses of double golden yellow cactus dahlia-like flowers from July to September. The Golden Glow is indispensable for the hardy perennial border; also makes a most attractive plant when grown alone—see illustration next page. Each 25c; 3 for 70c; doz. 2.50, postpaid.

Lady In White.

CORN FLOWER ASTER (Stokesia)—A most charming and beautiful native plant. Grows from 18 to 24 inches high, bearing freely from early in July until October its handsome Corn Flower-like blossoms, which measure from 4 to 5 inches across. It is of the easiest culture, succeeding in any open, sunny position, and not only is it desirable as a single plant in the hardy border, but it can also be used with fine effect in masses or beds of any size. Mixed colors, blue, purple, pink, yellow and white. Each 25c; 3 for 70c; doz. $2.50, postpaid.

DAISY SHASTA (Alaska)—The very best daisy. These new Hybrids of Shasta Daisy give us flowers of different forms and a large range in shape from fully double to single; and in color from pure white to pale lemon yellow—some solid color, some prettily variegated with yellow discs. The plants are very free flowering and in bloom throughout a long season, making as effective a field show and as profitably a cut flower as any hardy perennial grown. Each 20c; 3 for 50c; doz. $1.05, postpaid.

FOX GLOVE.

GAILLARDIA.
HARDY PERENNIAL PLANTS—Continued

HARDY CLIMBING SWEET PEA (Lathyrus)—These beautiful climbing vines are perfectly hardy and increase in beauty every year. Being of climbing habit, some provision must be made that they may have support to hold them off the ground. The flowers grow in clusters and are considered by many to be prettier than the regular Sweet Peas. Not fragrant like ordinary Sweet Peas, but are raised for their great beauty. Select plants, each, 30c; 3 for 85c; doz. $2.95, postpaid.

NEW GIANT RAINBOW HIBISCUS—The most notable and striking introduction of hardy perennial plants for many years. Plants 6 feet high, with huge blossoms 10 to 12 inches across, in white and all shades of pink, rose and scarlet. These flowers remain open all day, whereas other Malvows close about noon, and they are produces from July till frost. Singly, in groups by themselves or mingled with shrubbery of any kind, and in any kind of soil, they are delightfully beautiful, and give the very best of satisfaction. Each 30c; 3 for 85c; doz. $3.00, postpaid.

HIBISCUS (Mallow) Crimson Eye—Noble, shrub-like plants, 3 to 4 feet high. Large fine green foliage and flowers of immense size, pure white, with large spot of deep velvety crimson in the center. Each 25c; 3 for 70c; doz. $2.50, postpaid.

HOLLYHOCK (Buckeye’s New Hybrids)—Few hardy plants combine as many good qualities as the Hollyhock. The flowers form perfect rosettes of the most lovely shades of color. It requires a rich, deep soil, well drained, and will repay in quantity and elegance of bloom any extra care. A slight protection during the winter will be beneficial. Each 25c; 3 for 70c; doz. $2.50, postpaid.

LARKSPUR OR DELPHINIUM (Gold Medal Hybrids)—These flowers are being used with telling effect in our parks and public grounds. They are one of the few hardy blue flowers of any note. By cutting off the flowers as soon as faded, a second and third crop will succeed. Each 30c; 3 for 85c; doz. $2.95, postpaid.

MONARDA DIDYMUM (Bee Balm, Oswego Tea, Mint)—Showy plants 2 to 3 feet high, with aromatic foliage and beautiful flowers of many colors, including the brilliant scarlet; in bloom from July to September. Each 20c; 3 for 55c; doz. $1.95, postpaid.

MYOSOTIS—A true Forget Me Not. Azure blue flowers, hardly ever out of flower, useful in shady spots. Each 20c; 3 for 55c; doz. $2.00, postpaid.

PAINTED DAISIES (Pyrethrum). This grand old-fashioned hardy perennial is easy to grow in any good garden soil where there is good drainage and full exposure to the sun. Their main season of blooming is in June. The fine, fern-like foliage of the plants is attractive at all times. The plants which we offer embrace all the colors from deep red through the various shades of rose to pure white. These can be supplied in mixed colors only. Each 30c; 3 for 70c; doz. $2.50, postpaid.

PURPLE FEATHER FLOWER—Native perennial, 2 to 4 feet high, forming dense bushes and bearing all Summer showy spikes of pretty, tubular flowers of delicate pink color, resembling a large heather. Each 30c; 3 for 85c; doz. $3.00, postpaid.

SWEET WILLIAM (Dianthus Barbatus)—Beautiful old-fashioned favorite border plant. The stock we offer has been grown from a select strain; varied colors. Each 25c; 3 for 70c; doz. $2.50, postpaid.

TRITOMA (Red Hot Poker Plant)—Surpasses the finest Cannas for attractiveness and brilliancy; blooms incessantly from August until November. Plants show from six to ten grand flower stalks all the time, each holding at a height of 3 feet a great cluster of flame colored flowers. Each 30c; 3 for 85c; doz. $2.95, postpaid.

VIOLET, NEW HARDY ENGLISH—This Violet is entirely hardy; of a deep Violet purple color and most deliciously fragrant and perfectly double. Will grow and bloom in any garden and in any situation. Nothing is more appropriate for cemetery plots than the Hardy English Violet. Each 25c; 3 for 70c; doz. $2.50, postpaid.

PINKS, HARDY GARDEN—Old favorites bearing their sweet clove-scented flowers in the greatest perfection during the Summer months. Each 25c; 3 for 70c; doz. $2.50, postpaid.

POPPY, ORIENTAL—Nothing can equal these Poppies during their period of flowering for a gorgeous display of a rich, brilliant coloring. Select plants. Each 25c; 3 for 70c; doz. $2.50, postpaid.

SILENE ORIENTALIS (Catchfly)—Dwarf, charming plants with large heads of dark rose flowers appearing continuously from Spring till frost. Suitable for edging and for rock gardens. Each 30c; 3 for 50c; doz. $1.95, postpaid.
Hardy Ornamental Climbers

**Amelopsis**

**VITECHII (Boston or Japan Ivy)**—The fashionable and most hardy wall climber of the day. Clings tightly to rock, brick, etc., and it is a wall of living green the Summer through, turning in Autumn to a flaming crimson, when it is certainly gorgeous. It stands the dust and dry air of cities admirably. Strong plants, 35c each; 3 for 70c, postpaid.

**ENGLEMAN'S IVY (Englemannii)**—A desirable variety with clinging tendrils by which it will climb walls or trees and cling as close as the Boston Ivy. The foliage resembles Quinquéfolia, but is much more dense. Strong plants, each 35c; 3 for 95c, postpaid.

**VIRGINIA CREEPER (Quinquéfolia)**—A native vine of rapid growth, with large, handsome foliage, which in the Autumn takes on the most gorgeous coloring. Strong plants, each 35c; 3 for 95c, postpaid.

**Honeysuckles**

Favorite vines of strong, rapid growth in any soil or location. They are well adapted for all trellis-work, for climbing over arbors, for training to trellises and along fences. They are beautiful when used for ground-cover to ramble in a wild and natural way. The vines take root where they touch the ground, and this habit makes them suitable also for retaining purposes on slopes and banks. They withstand sea and storms, and make a ground cover in places where grass will not grow.

**HALLEANA (Hall's Japan)**—For real home vines there is nothing prettier than Honeysuckles, and Halleana is considered by many the sweetest and most beautiful of all. It is a strong, rapid grower, perfectly hardy. Blooms constantly and profusely from June to November. Flowers are pure white, changing to yellow and of particularly delicious fragrance. Fine for trellises or pillars. Foliage bright green; makes dense shade. Strong plants, 25c each; or 3 for 70c, postpaid.

**GOLDEN LEAVES**—Marvelously effective. It bears innumerable sprays of the most perfect little leaves, that are covered with a network of gold and green, often marked with pink also. A strong grower with white blossoms. A unique vine. Strong plants, 25c each, or 3 for 70c, postpaid.

**SPECIAL OFFER G7**—One fine plant each of the two Honeysuckles for only 35c, postpaid.

**Mountain Beauty Vine**

A beautiful new Climbing Vine, not quite hardy here, but especially recommended for the South and Pacific coast; it is a vigorous climber, suitable for covering porches, verandas, etc. has handsome foliage and is covered for months at a time with splendid clusters of rose-pink flowers of the most exquisite color; leaves heart-shaped. Price, fine strong plants, 30c each, or 3 for 85c, postpaid.

**Chinese Matrimony Vine**

A vigorous, hardy climbing plant, it covers a great amount of space in a short time, and every new growth is at once covered with bright purple flowers, which are succeeded by brilliant scarlet berries nearly an inch long. It will grow and thrive in any situation, either shade or bright sunlight. Strong plants, each 35c; 3 for 70c, postpaid.

**The Wonderful Hardy Japanese Kudzu Vine**

(*Pueraria Thunbergiana, "Jack-and-the-Beanstalk" Vine*)

The most remarkable and rapid growing of all hardy vines, often making a growth of fifty to seventy-five feet in one season and flourishes wherever nothing else will grow; will last for 25 years or more. In the North the plant dies to the ground in Winter, coming up again from the roots in the Spring. It has clusters of delightfully fragrant purple flowers all Summer and Autumn. The large, beautiful, deep green leaves afford a dense shade, making it invaluable for covering porches, arbors, fences, old trees, etc. Price strong 1-year-old roots, 30c each, or 2 for $1.00. Large 2-year-old plants, each 45c; 2 for $1.50, postpaid.

**Trumpet Creeper**

A familiar high and rapid growing vine, with rich green foliage and large, showy, trumpet-shaped scarlet flowers. Very desirable for covering Summer-houses, training over arbors, and to climb over trees, rocks and rustic bridges. Trumpet Creepers will grow in almost any soil and are very hardy. Strong 2-year-old plants, each 35c; 3 for 85c, postpaid.

**Chinese Wistaria**

One of the most elegant and rapid growing hardy climbing plants; attains an immense size, growing at the rate of 15 to 20 feet in a single season. Bears an abundance of long, pendulous clusters of purple-Ilace flowers in May and June and again in Autumn. Price, large 2-year-old plants 45c, postpaid.
Buckbee's Finest Flowering Begonias

The Flowering Begonias are among our most beautiful and satisfactory flowers for house culture and bedding. They grow nicely, make neat, handsome plants, bloom constantly, and their pretty, wax-like flowers and glossy, bright colored leaves and stems are always greatly admired.

Buckbee's New Speckled Beauty—The finest flowering Begonia ever grown. Leaves are pure bronze color, oblong in shape with silver markings. Blooms easily. Large trusses of show white flowers. Each 35c.

Alba Picta—Elegant, slender, glossy, green leaves; thickly spotted; silvery white flowers. Each 30c.

New Beefsteak—Thick round leaves of deep green with red on the reverse side. Each 30c.

Otto Hacker—A strong, vigorous grower, of fine upright habit, with large shining deep green leaves. Flowers bright coral red borne in immense clusters. Each 30c.

Robusta—The stem and underside of the leaf are Indian red; the upper side glossy olive green. Petals are white with pink stripe; golden anthers; the buds are coral red. Each 20c.

Rubra—Dark glossy green leaves, combined with its free flowering habit, makes it one of the very best plants for decoration. The flowers are a scarlet rose color. Each 25c.

Thurston—This Begonia has bright red foliage and veining underneath the leaves, and bright green shading to red in the younger growth on top. The flowers are a beautiful rosy-white. Each 25c.

Carnation New Gigantea

Deep Rose Pink, Enormous Flowers, Vigorous Bloomers, Delightfully Fragrant

This is the newest Carnation we have and the finest. The flowers unusually large and fragrant, and carried on long, strong stems. Lasts well when cut and placed in water. Select plants 40c each.

Carnation New Admiration

Rich Yellow Striped with Red, Unusually Attractive and Wonderful Novelty

Although painted from nature, this illustration does not do justice to this wonderful flower. Yellow and red make a great combination, strong bloomer, good stems and a rich spicy fragrance. Select plants 35c each.
BUCKBEE'S WONDROUS PRIZE WINNING CHRYSANTHEMUMS

Unexcelled for Size, Unexcelled for Beauty, Unexcelled for Lasting Qualities.

For the past 30 years Buckbee's Chrysanthemums have been exhibited each year in all the leading flower shows in the country and have never failed to carry off many prizes and high honors. Over 12,000 people viewed our wonderful collection in bloom in our Forest City Greenhouses when we threw our doors open to Rockford and vicinity November 1 and 2, 1924. Wonderfully long and strong stems; mammoth flowers; exceptionally beautiful colors; and all of the plants listed below are from the exceptionally desirable prize winners.

BUCKBEE'S NEW RED

Now Offered for the First Time, Will Not Be Named Until Next Season. Color Well Shown by Illustration.

This new flower was originated in our own Greenhouses and is one of the most promising varieties we have ever had. An exceptionally strong and sturdy grower with long and stout stems having leaves clear to the flower, a most desirable feature, as the foliage adds greatly to the beauty. Color is the deepest and richest crimson red we have ever seen in a large Chrysanthemum. Petals are broad and thick, tightly folded and overlapped, making a large ball of beautiful appearance. Extra select plants, 50c each, postpaid.

GRAND PRIZE COLLECTION

The World's Newest and Largest Exhibiting Varieties. The Six Varieties Given Below Are the Best in Their Several Classes and Colors.

Of the many Chrysanthemums which we grow the following varieties are the finest, largest and most easily grown. These famous varieties can be seen in full bloom in our Greenhouses in October and early November and we wish all our friends to see them.

**GOLDEN CHAMPION**—Finest exhibition golden bronze ever raised; color deepest glowing orange. This is a variety that has been grown 45 inches in circumference. Here is foliage perfect. 50c each, postpaid.

**MRS. CHAS. W. JOHNSON**—This is the largest white Chrysanthemum. It won the silver sweepstakes cup at the International Flower Show, Cleveland, Ohio, and the Chrysanthemum Society of America Silver cup at New York. Has been awarded more points of perfection by the Chrysanthemum Society judges than any other Chrysanthemum. 50c each, postpaid.

**MRS. DAVID LLOYD—GEREGE**—A beautiful yellow flower unsurpassed both in size and color. Very dwarf, robust grower and one of the largest flowers in the collection. 50c each, postpaid.

**ROCKFORD'S PRIDE**—A monster yellow flower unsurpassed both in size and color. Very dwarf, robust grower and one of the largest flowers in the collection. 50c each, postpaid.

**ROSA RAISA**—An enormous deep pink variety larger than any other pink grown. Every bud produces a perfect flower of deep pink color. We feel sure Rosa Raia will please every lover of Chrysanthemums. 50c each, postpaid.

**SUBLIME**—An odd colored flower of the largest size. Ground color white; petals an edge with a brilliant pink stripe. A dwarf beautiful grower, splendid exhibition with mammoth flowers. 50c each, postpaid.

The set of six wonderful varieties only $2.50, postpaid.

BUCKBEE'S NEW BABY OR POMPOM CHRYSANTHEMUMS

These beautiful varieties have perfectly double flowers of rare beauty. Very desirable for home culture and extremely valuable for outdoor planting. Bloom from late summer to late fall. In most localities will live outdoors over winter if nicely protected.

**BILLIE BURKE**—Bright yellow. Everybody's favorite. 25c each.

**GOLDEN WEDDING**—Bright yellow. Clear and desirable. 25c each.

**HILDA CANNING**—Reddish brown, an unusual color. 35c each.

**LITTLE TOT**—Deep bright rose. Very pretty. 35c each.

**MARIANO**—Pure white. Lasts well when cut. 25c each.

**YELLOW GEM**—Canary yellow. Small and dainty. 35c each.

The set of these six Pompoms for only $1.35, postpaid.
BUCKEES HARDY DWARF BABY RAMBLER ROSES

A new class of perfectly hardy dwarf roses bearing the same mammoth clusters of delightful flowers so much admired on the climbing Rambler Roses. Unequaled for pot culture for winter flowers for the house, as well as for outdoor planting.

RED FLAME (The Scarlet Baby Rambler) — A dwarf bush form of Crimson Rambler; is fully covered with large clusters of rich crimson-red flowers throughout the season. The size of the cluster is not as profuse as the larger form.

PINK DELIGHT (The Pink Baby Rambler) — The flowers stalks contain from 10 to 20 flowers and are approximately an inch in diameter, with 30 clustered on one stem. They are perfect for indoor decoration and outdoors for background plantings. The size of the clusters is considerably larger than the smaller form.

WHITE PEARL (The White Baby Rambler) — Of free compact growth and very attractive. Produces double pure white flowers in great abundance.

NEW HARDY CLIMBING BABY RAMBLER — Very attractive, vigorous in growth and with a continuous show of bright colored bloom, clusters fully as large as those of Dwarf Baby Ramblers. Any of the Baby Rambler Roses, one plant, 25c each; the set of 1 for 30c, postpaid. Large two-year-old plants, 45c each.

BUCKEES HARDY CLIMBING ROSES

These grand plants live out of doors year after year and grow larger and more beautiful each season. Nothing will improve the appearance of one's home so satisfactorily, and for so little expense as Roses.

CLIMBING AMERICAN BEAUTY — Same size and same dark rosy-crimson color and exquisite fragrance as American Beauty, but blooms more profusely, not only in spring but throughout the season. Strong plants, 35c each; 3 for 100c, postpaid. Large two-year-old plants, 65c each.

CLIMBING PINK AMERICAN BEAUTY — Of strong climbing habit with large, heavy, dark green foliage; immune to disease. The flowers are from 31/2 to 4 inches in diameter, borne singly and in clusters; in color a most refreshing bright wild rose pink. Beautiful as a potted or pillar rose. Strong plants, 25c each; 3 for 90c, postpaid. Large two-year-old plants, 65c each.

CLIMBING WHITE AMERICAN BEAUTY — Beautiful semi-double flowers 4 to 5 inches in diameter and over in diameter, pure white in color, petals of great substance, beautifully cupped. The yellow stamens in the center add to its attractiveness. Strong plants, 35c each; 3 for 100c, postpaid. Large two-year-old plants, 65c each.

DR. W. VAN FLEET — Flowers a delicate shade of flesh pink deepening to rose flesh. Flowers are delicately perfumed, alone 12 to 15 inches long. Strong plants, 25c each; 3 for 75c, postpaid. Large two-year-old plants, 35c each.

PAULS SCARLET CLIMBER — The vivid scarlet flowers are of medium size, semi-double, very freely produced in clusters of from 15 to 20 flowers each, the plants being literally covered with flowers from top to bottom. It is of strong climbing habit and perfectly hardy. 35c each; 3 for 100c, postpaid. Large two-year-old plants, 65c each.
BUCKBEE'S SCARLET FOUNTAIN PLANT

Unique and Attractive. Dainty Foliage and Blood Red Flowers. A Charmin- 

ing Basket or Vase Plant

A novel and beautiful plant, suitable either for bedding or pot culture. 

Has long, wiry, leafless stems; drooping and bearing quantities of long 

tube flowers of the most vivid scarlet color. Especially adapted for 

hanging baskets, vases, window boxes, etc., where a delicate and graceful 

effect is sought. It is 

literally covered with brill-

iant coral-red buds and 

scarlet flowers the full 

size being \( \frac{3}{4} \) to \( \frac{3}{8} \) inch long. The great drooping 

masses of bloom are like 

a fountain of coral, scar-

let and green. Price 30c 

each; 3 for 85c, postpaid.

BUCKBEE'S NEW HANGING BASKET FUCHSIA

Grower. Novel, Distinctive and Desirable

Fuchsias are always beautiful, owing to their sturdy upright 

growth, and their habit of producing innumerable interest-

ing stems covered with flowers of vivid colors. In this new variety we 

have a plant that not only makes an attractive flower in the 

vase or basket, but one that has the unusual and heretofore 

unheard of habit of letting many of its branches droop over the 

edge of the basket furnishing a mass of green leaves and half-

open flowers of lavender and white color. Fine young plants 

30c each; 3 for 85c, postpaid.

BUCKBEE'S NEW AMERICAN BEAUTY GERANIUM

Exceptionally Beautiful Double Flowers, Resembling the Famous 

American Beauty Rose in Color

The only Geranium of its color, nothing like it ever seen before. The plants are compact, medium tall, of stately shape; 

lustrous green foliage with a brownish circle. The flower heads are gigantic and the individual blooms measure \( \frac{3}{4} \) inches across; often as many as eight spikes have fully opened half-open flowers and more are in buds. It surpasses all other 

Geraniums in brilliancy of color, in size of its blossoms and 

trusses and in constancy and profusion of blooms. Fine, strong 

plants 35c each; 3 for 85c, postpaid.

BUCKBEE'S NEW BABY'S BREATH FERN

The Daintiest Fern Ever Grown. Strong Vigorous Grower and 

Unequaled as a House Plant

This is the only fern that is equally beautiful when small and 

when it has reached its full growth. The leaves are extremely 

distinctive giving a ruffled appearance, while the individual fronds are so dainty and delicate as to suggest its name, "Baby's 

Breath"; still it is as hardy and vigorous and as easy to grow as any house fern we have. Our illustration, while painted from 

life, fails to give more than a faint idea of this new Fern's 

great beauty. Choice young plants 35c each; 3 for 85c, postpaid.

BUCKBEE'S NEW BRANCHING FERN

An Astounding Novelty. Ends of Each Leaf Branching Into 

Many New Leaves

A few years ago we saw a single plant growing in Florida and 

at last were able to purchase it, and have been developing this beautiful and unusual fern since then; we now have a plant 

which, when quite small, resembles an ordinary fern, although 

the leaves are prettier and of more glossy green color; as the 

plant becomes larger, each leaf sends out two or three finger-

like leaves from the tip end. Easy to grow, unusual and 

attractive. Select young plants 35c each; 3 for 85c, postpaid.

NEW ASSYRIAN LEOPARD PLANT

The Iron Clad House Plant. 

Rigid Sword-Like Leaves of Green Barred with 

Creamy White

This wonderful novelty which originated in Assyria (Asshur) is a beautiful 

decorative plant which will stand any amount of neglect and should be 
grown for positions where other plants do not thrive. It will grow where nothing else does, in a sunless window, a 
dark hall, a cool bedroom, or stand on the mantel in a heated sitting room. It will stand 
gas and dust, and will go for months without a drop of water, yet remain 
as thrive as ever. It is extremely beautiful, as well as easily grown. Erect, rigid, sword-

like leaves which are thick and leathery, a dark green color, with clouded bars of white. Fine plants, 

postpaid, 35c each; 3 for 85c. Larger plants, by express, not postpaid, \$1.00 to \$1.50 each.

American Beauty Geranium.

Assyrian Leopard Plant.
CHOICE HARDY ORNAMENTAL SHRUBS

No flowering plants are more worthy of cultivation than shrubs, and none can be cultivated more easily.

HARDY BUTTERFLY BUSH or SUMMER LILAC

TREMIE—A pretty shrub of spreading habit, growing 4½ feet high and flowering freely the first season. The long tapering flower-spikes, often 12 to 15 inches long, are covered densely with lilac-like violet-mauve colored blooms from June till frost. Delightfully fragrant. During the Summer this plant is a Mecca for butterflies, and for this reason it is named the “Butterfly Bush.” Price, strong, thrifty plants, 25c each; 3 for 75c, postpaid.

ASIATICA—The white Butterfly Bush, with pure white fragrant flower-spikes, larger and finer than the above variety. Not quite hardy in the North. It is a glorious pot plant for winter blooming. Each 35c; 3 for 95c, postpaid.

SWEET SCENTED SHRUB

CALYCANthus—Of spreading growth, bearing throughout the Summer great numbers of double, dull brownish purple flowers of exquisite strawberry-like fragrance. The wood and leaves are also sweet scented, which causes it to be known as Sweet Scented and Strawberry Shrub. Each 30c; 3 for 85c, postpaid.

SWEET PEPPER BUSH

CLETHRA ALNIFOLIA—A low-growing shrub with dense, pale green foliage, covered with spikes of delightfully fragrant white flowers, produced from July to October, when flowers are of such value. A hedge of it fully equals the wonderful Jessamine hedges of the South, both in beauty and fragrance. Strong plants, each 45c; 3 for $1.30, postpaid.

GOLDEN BELLs

A splendid old shrub with dark, shining foliage with bright golden-yellow flowers, which are borne in great profusion. Strong plants, 30c each; 3 for 85c, postpaid.

GOLDEN ELDER

One of the best yellow foliage shrubs. Bears small fragrant white flowers in early summer, followed by clusters of black berries. Strong plants, 40c each: 3 for $1.15, postpaid.

BUSH HONEYSUCKLE

TARTARICA (Tartarian Honeysuckle)—Flowers are of pink color, borne in great profusion in late spring. Fruits are red and very showy. Strong plants, 30c each; 3 for 85c, postpaid.

GRANDIFLORA—Large bright red flowers striped with white. Strong plants, 35c; 3 for 95c, postpaid.

DEUTZIA LEMOINEI

Magnificent broad, dense heads of very full, pure snowy-white flowers, produced in profusion. Strong plants, each 30c; 3 for 85c, postpaid.

HYDRANGEA—PANICULATA GRANDIFLORA

Unsurpassed for the lawn, hedge, or cemetery, 5 to 7 feet; hardy in all localities, the flowers are massive, cone-shaped, sometimes 10 inches in length and changing from the original pure white to pink, and coppery red. Fine plants, postpaid, each 25c; doz. $1.75. Larger plants, by express, not prepaid, each 35c; doz. $3.50. Extra large plants, each 60c; doz. $6.00.

NEW HYDRANGEA “HILLS OF SNOW”

One of the Most Magnificent Everblooming Hardy Shrubs

Immense snow-white panicles of blooms, literally covering the bush, absolutely hardy, standing 28 degrees below zero without injury. Its long season from early June through September, renders it doubly valuable as there is no shrub so grandly decorative. Strong plants, postpaid, each 30c; 3 for 85c; doz. $1.00. Larger plants, by express, 30c each; 3 for $1.15; doz. $4.95. Extra large plants, by express, not prepaid, 35c each; 3 for $2.00; doz. $7.50.

PERSIAN TREE LILAC

Popular Favorites for Their Beauty and Perfume

A neat, handsome little tree, growing 1 to 3 feet high, with slender branches and long, narrow foliage. The flowers grow in immense clusters, delightfully and deliciously sweet and fragrant.

PERSIAN BLUE, 35c each; 3 for 95c, postpaid.

PERSIAN WHITE, 35c each; 3 for 95c, postpaid.
Buckbee's Hardy Ornamental Shrubs—Cont'd

SPIREA

BRIDAL WREATH—This lovely old-fashioned shrub is always popular, and justly so, because of its real beauty; bears large spirals of densely crowded double white flowers, each blossom like a miniature rose, the entire length of the branches—and they appear by the million—hence the common title of "billion flowered". The beautiful floral wreath is made at once by bending and tying the ends of the branch together. **Fine plants 30c each, 3 for 85c, postpaid.**

ANTHONY WATERER—A perpetual bloomer. Makes a dwarf bush 18 to 24 inches high, covered from Spring until late in the Fall with large heads of large showy flowers, borne in dense clusters and have a peculiar feathery appearance, which is beautiful. **Fine plants, 35c each; 3 for 95c, postpaid.**

SNOWBERRY

A well known dwarf shrub with small pink flowers and large white berries that hang on the plant the greater part of the winter. **Strong plants, each, 30c; 3 for 85c, postpaid.**

SYRINGA MOCK ORANGE

PHILADELPHUS COROMANDELIANUS—Beautiful creamy white flowers, deliciously fragrant and borne in great profusion. A very showy and desirable shrub. **Strong thristy plants, 35c each; 3 for 90c, postpaid.**

ROSEA NANA VARIEGATA—One of the most useful dwarf shrubs with beautiful leaves, broadly variegated green, pink and creamy white; the flowers are delicate rose-pink. When in its double beauty of bloom and foliage it is without a peer. **Strong plants, 25c each; 3 for 70c, postpaid.**

**Buckbee's Beautiful Hardy Clematis**

PANICULATA (Sweet-scented Japan Clematis)—Of rapid growth, quickly covering trellises and arbors with handsome, clean glossy green foliage. Flowers of medium size, pure white, borne in immense sheaths; of a most delicious and penetrating fragrance. **Strong roots, 30c each; 3 for 85c, postpaid.**

CLEMATIS, WHITE BEAUTY—Without question this is one of the most beautiful of our hardy flowering vines. The flowers are pure white, three-fourths of an inch in diameter, star-shaped, and are borne in great panicles or clusters of bloom, fairly, covering the plant. These clusters are carried on long, slender stems, and stand out boldly from between the glossy-green leaves. The fragrance of the flowers is delicious, resembling the English Hawthorn blossoms. It begins to bloom in August, at a time when most other hardy climbers are out of bloom—an inestimable advantage. It is a strong, rapid grower, quickly reaching a height of from 15 to 20 feet and spreading out when trained to wires or strings. It is perfectly hardy in all sections of the country, and it is, in our opinion, the most valuable among hardy climbing vines. **Strong plants, 50c each; 3 for $1.35.**

Larger plants, 75c each; 3 for $2.00, postpaid.

CLEMATIS HENRY—Fine, large, creamy white flowers. The very best of the white varieties; a perpetual bloomer. **Large field-grown roots, 3 years old,每个 25c each; 2 for 40c, postpaid.**

CLEMATIS STANDISHE—One of the most striking beauties ever offered. In color it is the most exquisite lavender-blue of large size, often measuring 6 inches across. Thousands of flowers may be grown on a single plant. Every year's growth adds to its beauty. It is a perpetual bloomer. **Large roots, 3 years old, 90c each, postpaid.**

CLEMATIS JACKMANII—A perfect beauty; 6,000 blossoms have been counted on a single specimen plant. Jackmanii is of rapid growth, early, abundant and continuous bloomer. Perfection hardy and adapted to all kinds of culture. In flower from middle of June to middle of October. The blossoms are of large size, intensely pink-silvery-purple when in full bloom, varying through all the exquisite shades of violet; 6 inches across, richly veined and handsome, shaded. The most striking and picturesque variety known. **Strong field-grown, 3-year-old roots, price 95c each, postpaid.**

CLEMATIS MAD. EDOUARD ANDRE—An entirely distinct, and most novel variety, and the nearest approach to a red ever sent out. Thousands of flowers produced on a single specimen plant. **Large 3-year-old plants, price 95c each, postpaid.**
BUCKBEE’S
“Full of Life”
Farm Seeds

BARLEY

SUCCESS BEARLESS—This is the earliest Barley known. It is six-rowed and beardless. The absence of beards makes it much more agreeable to handle in threshing and also makes it a safer and better food for stock than bearded varieties. It can be grown on any soil. Makes good yields on poor, thin lands and stands up well and yields big crops of 20 to 75 bushels on rich land. Success Beardless Barley is a vigorous grower; has strong straw and heavy, well filled heads. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 70c.

WISCONSIN PEDIGREE BEARDED—A great improvement over Oderbrucker and Manahury, which we have stopped growing. The greatest of all six-rowed bearded varieties. Wisconsin Pedigree Barley has yielded from 5 to 20 bushels more than common varieties, and has very stiff straw. The heads are unusually large and long and are completely filled out with very plump grain, which is very uniform in size, brighter and whiter than that of most other sorts and very attractive. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 70c.

NEW WHITE HULLESS—This Barley is hulless and beardless. The kernels shell out without the hulks and are very pretty, plump, of oval shape and pure white. It is a very early variety, ripening before the bearded varieties. It can be sown, therefore, after all other grain is planted and it will yet ripen before oats and wheat. In the western states it is often sown as a catch crop. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 70c.

SOY BEANS

Soy beans are used with great profit as soil renovators, and are especially valuable on sandy soils. It always pays to inoculate. We offer artificial soil inoculation for Soy beans on page 176.

EARLY BROWN or OHIO 9065—Will mature in 115 to 120 days; 2 to 3 feet high. A remarkably heavy yielder of grain and forage. More than 50 bushels of grain and 3 to 4 tons of straw per acre have been harvested. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 60c.

EDONY or BLACK BEAUTY—Matures in 118 to 115 days, well suited for all parts of the cornbelt. Splendid for forage and reasonably good for grain; 2 1/2 to 3 feet high. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 60c.

EVANS’ EARLY—Originated by Mr. Evans, the noted Soy Bean Specialist of Michigan. The earliest and best variety for states of a short season. Northern-grown seed, postpaid, pkt. 10c; lb. 30c; 3 lbs. 70c.

ITO SAN or EARLY YELLOW—One of the earliest and best; 2 feet high; yields about two tons of cured hay or 25 to 30 bushels of grain per acre. Matures in 75 to 100 days. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 60c.

MANCHE—A favorite everywhere, medium size, yellow with a darker scar. Matures in about 110 days. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 70c.

FIELD BEANS

BUCKBEE’S ELECTRIC TREE—The earliest, heaviest cropping white field bean and the best for baking; 2 feet high, branching out in all directions, bearing its pods so high that they seldom touch the ground. This is, indeed, a wonderful cropper. The crop matures in 50 days from planting. Seed medium sized, oval, pure white; very uniform in size and shape. Postpaid, pkt. 10c; 1/2 lb. 18c; lb. 30c; 3 lbs. 85c.

FIELD BEANS

IMPROVED WHITE NAVY BEANS—The common White Field Beans. We have selected a stock of this variety which ripens uniformly. The plants are large, spreading, with pods 3 1/2 inches long, containing 6 beans. Postpaid, pkt. 8c; 1/2 lb. 15c; lb. 25c; 3 lbs. 70c.

WHITE TEPARY—Grows and produces a crop with less moisture than any other plant known. A most valuable dry farming crop for the west. The Tepary can easily be distinguished from ordinary Beans by its more slender vines and thinner and smoother leaves. The pods are small, only about 3 inches long. The seed is smaller than that of the Navy, oval and of a pure white color. As a food, Tepary is equal to any Bean known to commerce. When soaked in water they swell to twice their original volume and more than double in weight. Drill in rows 2 to 3 feet apart and 4 inches apart in the rows. Sow 12 lbs. to an acre. Postpaid, pkt. 8c; 1/2 lb. 15c; lb. 25c; 3 lbs. 60c.

NEW HULLESS Barley

FOR BULK PRICES BY EXPRESS OR FREIGHT SEE ORDER SHEET

Evans’ Early Soy Beans.
VELVET BEANS

A valuable plant for the South, used for pasture, green manuring and green forage. It is the rankest grower of any of the leguminous 2 or 3 seeds planted 4 feet apart in rows 5 feet apart will literally cover the ground 2 to 3 feet thick with a mass of foliage and vines 20 to 25 feet long, no matter how poor the soil. It leaves a mulch on the ground that is very beneficial to the soil. sow 15 lbs. per acre.

100-DAY VELVET BEANS—The earliest and quickest-growing of all Velvet Beans, well adapted for districts further north than Velvet Beans ordinarily have been grown. They should be preferred to Cowpeas, making two or three times as much growth and podding up its full supply of vegetable matter to the soil that will show for years to come in your crop. Postpaid, pkt. 10c; 1/2 lb. 15c; lb. 25c; 3 lbs. 65c.

BUCKWHEAT

This desirable and profitable crop, should be more generally known. It is usually sown in the Northern States in July, and will fill up the vacant plots at a time when almost all other planting is past. Can be sown after a crop of Winter wheat or rye and will make a second crop maturing in about two months. It does well on light soils, gives a good crop even on land in low in nitrogen. It makes a splendid food for bees and is profitable on account of the large black grain. Yield, turned under it is a good soil improver; where weeds are thick, Buckwheat will smother them and put the soil in good condition for the crop to follow. It is prized as a poultry feed, being regarded as a stimulant to egg production, and when grown is profitably fed to hogs and other stock. It makes also a fine quality of flour—the kind that goes into the famous "Buckwheat Cakes." Sow 50 to 1 bushel per acre.

BUCKBEE'S GIANT JAPANESE

Entirely distinct from all other varieties. Has all the valuable characteristics of the old Japanese Buckwheat, and in addition is earlier and will yield at least one-quarter more per acre. On this account it can be grown farther north. It resists drought and blight very well. The seed is dark brown in color and larger than Silver Hull. As much as 6 to 8 bushels to the acre have been harvested of this variety, making a profitable acre. More than a week earlier than Silver Hull. Chokech stock seed, postpaid, pkt. 10c; lb. 35c; 3 lbs. 60c.

IMPROVED SILVER HULLED

This valuable variety is a decided improvement on the old black or gray sort. It is early, remains longer in bloom than other sorts. A fine variety for honey bees. The grain is of light color and has a thin husk. Milers prefer Silver Hull, there being less waste, and it makes whiter, better and more nutritious flour than other varieties. It is more productive than the Japanese and the grain meets with a ready sale, bringing high prices. Chokech stock seed, postpaid, pkt. 10c; lb. 25c; 3 lbs. 60c.

BUCKBEE'S "FULL OF LIFE" FLAX SEED

No. 25 or Primitio Flax.

This is a pure bred flax. It is selected from a variety which came to the Minnesota Experiment Station from the U. S. Department of Agriculture.

Its record in the field test at the Minnesota Experiment Station showed an average yield for 3 years of 196 bushels, or 2.4 bushels more than the average of the next best varieties. It is about 19 days earlier than common flax and is wilt-resistant to a considerable extent. This is no doubt the champion, best yielding variety of Flax. Our supply of this seed is limited. Send your orders early. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 75c.

Quality Brush BROOM CORN

This is a BIG MONEY MAKING CROP AND CAN BE GROWN SUCCESSFULLY IN ALL LOCATIONS.

Broom Corn is planted only for its seed heads or brush used for the making of brooms. The seed makes as good feed as corn, but the crop of brush is not very large. Broom Corn can be grown where corn grows and requires the same treatment. It should, however, be planted later, when the ground is quite warm. On 70 to 80 days are needed to produce a crop. More than a ton of brush has been grown per acre and the market price has been from $40.00 to $50.00 per ton in the last year; it varies greatly, according to the outcome of the crop. To obtain the highest price for the brush, it must be cut when in bloom and still quite green.

Plant in rows 3 to 31/2 feet apart and 3 inches apart in the rows; 5 to 10 pounds are sown per acre.

The demand exceeds the supply, which causes the present high prices for brooms. You will find a steady sale for all the good Broom Corn you can grow.

BUCKBEE'S SUPERIOR EVERGREEN

The Standard Tall Variety.

This is the most popular and most productive variety in the market. The original seed was grown in the Tennessee River Valley and cultivated, thus making the brush of better quality. In growing it, all imperfections are cut out and the brush is raised and cultivated especially for seed. Stalks 8 to 10 feet high with long, straight, well bined and of bright green color. Postpaid, pkt. 10c; 1/2 lb. 15c; lb. 25c; 3 lbs. 60c.

CALIFORNIA GOLDEN

Carefully selected and improved so that the brush is straight and long. Of finest quality, bright green color, turning to light yellow when allowed to get too ripe. Postpaid, pkt. 10c; 1/2 lb. 15c; lb. 25c; 3 lbs. 60c.

OKLAHOMA DWARF

Grows about 5 feet high, with straight, smooth brush. principally used for making whisks and brushes. very early. Postpaid, pkt. 10c; 1/2 lb. 15c; lb. 25c; 3 lbs. 60c.

BUCKBEE'S SUPERIOR EVERGREEN BROOM CORN.
BUCKBEE’S “Full of Life” FIELD CORN

BUCKBEE’S Goliath Fodder Corn

The World-Beating Fodder and Ensilage Producer.
Surpasses Any Other Fodder Corn on Earth in Yield and Feeding Value.

A great variety which we have been developing for years. Grows rapidly, is early, short, jointed, tall, and produces an overwhelming abundance of leaves and rich, juicy, sugary stalks, with a strong tendency to mature several ears. The ears when fully grown are from 10 to 12 inches long and have very deep kernels of pearly white color. Postpaid, pkt. 10c: 1/2 lb. 18c; lb. 30c; 3 lbs. 75c.

SWEET FODDER CORN

One of the most valuable fodder plants in existence. The stalks are sweet, juicy, rich, tender and very nutritious, and the leaves are numerous, very large, broad and succulent. The plant contains more sugar and has a much greater feeding value than any other variety of corn. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 85c.

WHITE COB ENSILAGE CORN

A pure white corn with a white cob, of tall growth, short joints and leafy, giving an abundance of fodder; sweet, tender and juicy. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 55c.

RED COB ENSILAGE CORN

A pure white corn; sweet, tender and juicy; has short joints and therefore an abundance of leaves, and grows to a fair height. The seed is white and grows on a red cob, thus giving it the name. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 30c.

BUCKBEE’S EARLY NORTHER FLINT

The earliest yielding flint corn. Ears 16 to 15 inches long, of rich, yellow color. Enormously productive, outyielding any other flint corn that we have ever seen in the far north. Matures exceedingly early, from 85 to 90 days being a fair average. The kernels are large and the stalks are of good height. The plant is a tough, strong stalk, growing well up so as to readily admit being cut by the harvester. Postpaid, pkt. 10c; 1/2 lb. 18c; lb. 30c; 3 lbs. 75c.

EXTRA EARLY KING PHILIP RED FLINT

Earliest and best variety of red flint corn. Ripens within 80 days from time of planting. Ears 5-rowed, 10 to 12 inches long; stalks 7 feet high; very leafy; good yielder. Postpaid, pkt. 10c; 1/2 lb. 15c; lb. 25c; 3 lbs. 60c.

LONGFELLOW YELLOW FLINT

Ripens in 90 to 95 days; 8-rowed with ears 12 to 15 inches in length and about 1-1/2 inches in diameter. Small cob, large kernel and very broad. Postpaid, pkt. 10c; 1/2 lb. 15c; lb. 35c; 3 lbs. 60c.

NORTH DAKOTA WHITE FLINT

A well-established variety, with uniform characteristics, including extra early maturing and medium size, both of stalks and ear. Postpaid, pkt. 10c; 1/2 lb. 15c; lb. 35c; 3 lbs. 70c.

NORTH DAKOTA YELLOW FLINT (Gehu)

The earliest corn grown; matures in 70 to 75 days. Stalks about 7 feet high; ears about 8 inches long, growing 1/2 feet above the ground. In localities where seasons are short and nights cool, it is the one variety which can be depended upon to yield a good crop. Postpaid, pkt. 10c; 1/2 lb. 15c; lb. 35c; 3 lbs. 70c.

SANFORD’S WHITE FLINT

Matures in about 100 days. It is later than the other flint corn which we grow and is not suitable for the extreme Northwest. However, it is a very popular variety everywhere else, especially in the eastern states, and is much used by dairymen for green fodder and for ensilage. Ears are smooth, of symmetrical shape and covered with rows of very large, white, flinty kernels. Postpaid, pkt. 10c; 1/2 lb. 15c; lb. 35c; 3 lbs. 60c.

IMPROVED INDIAN SQUAW CORN

An extremely early variety, maturing in 75 days, and could be planted up to July 4 and make a crop before frost. The kernels are of different colors, red, blue, yellow and white, giving the ears a curiously beautiful mottled appearance. The ears grow from 8 to 12 inches in length and are of symmetrical form. Postpaid, pkt. 10c; 1/2 lb. 16c; lb. 30c; 3 lbs. 85c.

GREAT BRAZILIAN FLOUR CORN

One of the greatest novelities ever introduced. This corn is inclined to stool, and one grain will usually produce more than one stalk. Each stalk bears 2 or 3 ears, 9 to 12 inches in length, and beautifully white. It produces an abundance of fodder and is the best variety for ensilage. The kernel contains more starch than any other corn and ground and boiled by the same process as wheat, gives a fine flour. Postpaid, pkt. 10c; 1/2 lb. 20c; lb. 35c; 3 lbs. 55c.

Edward’s Genuine Legume Bacteria

Special Cultures for Alfalfa, Sweet Clover, Red Clover, Crimson Clover, Japan Clover, Field Beans, Garden Beans, Velvet Beans, Soja Beans, Field Peas, Garden Peas, Clover, Cow Peas, Sweet Peas, Peanuts, Vetches

The same cultures can be used for either Alfalfa or Sweet Clover and likewise the same cultures can be used for Red, Alsike or Crimson Clovers. All the other crops require a different culture for each named. Be sure to state for what kind of seed the culture is wanted.

Seed inoculation is not only used to secure a good stand, but the crops also grow more vigorously, winterkill less readily and in case of perennial legumes, like alfalfa, much larger crops are also harvested the second year than from un inoculated seed. Furthermore, inoculation increases the amount of nitrogen in the plants from 50 to 60 per cent, and increases, therefore, the value of the crops, whether they are used for feeding or green manuring. The cultures are good for six months after leaving our warehouse. Full directions for use with each package.

Price of Edwards’ Legume Bacteria Cultures to inoculate 30 lbs. of seed, 75c; for 60 lbs. of seed, 1.16, postpaid.
BUCKBEE'S "Full of Life" SEED CORN

In offering the following varieties of Field Corn we desire to say that they are the Buckbee "Full of Life" Brand and can be relied on. CAREFULLY HARVESTED, HAND-SORTED, FIRE-DRIED, PEDIGREED STOCK SEED

BUCKBEE'S NEW EARLY PROSPERITY

Best 90-day early yellow dent corn. Profuse, hardy and vigorous. Stalks grow to a height of 7 or 8 feet, and set the ears about 3 1/2 to 4 feet from ground—just right height for easy picking. Surpasses all other yellow varieties. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 75c.

BUCKBEE'S NEW EARLY ILLINOIS

The best 90-day white dent corn. A fitting companion to Buckbee's New Early Prosperity, the one being all that a White Dent ought to be, the other a Yellow Dent of surpassing merit, yields of 115 bushels per acre being the average. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 75c.

BUCKBEE'S GREAT WESTERN YELLOW DENT

Very uniform in size and shape, with sixteen to eighteen rows of deep, pure golden yellow kernels set on smalized cob, which is well filled out over the tip and butt. We call this a one-hundred-day Corn, but it often ripens in ninety-five days. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

BUCKBEE'S GREAT WESTERN WHITE DENT

The stalks generally bear two good ears each, and frequently three are found. It yields splendid crops even on light soils and will fill out, and will easily make 60 pounds of shelled Corn to the bushel. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

BUCKBEE'S EARLY GOLD MINE

One of the best Early Yellow Dent. Large well filled ears. Will usually produce a crop of 90 days and has always matured in Northern Iowa. It can safely be planted in this section up to the middle of June and still be depended upon to ripen the middle of September. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

BUCKBEE'S IMPROVED RED HACKBERRY

The earliest and hardest Dent Corn grown; it is Corn for the North and is very popular throughout the northwestern states. Grows 7 to 8 feet high and has 10 to 14 rows of large red kernels with a yellow cap. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

EARLY WHITE CAP YELLOW DENT

A very strong grower with heavy fodder and large ears. Matures in 90 days and is a good Corn for planting as far north as Southern Minnesota. The grain has a white cap and yellow body. Heavy yielder. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

MINNESOTA No. 13 or WISCONSIN No. 8

This is the earliest Yellow Dent Corn grown. Ears average 8 inches in length with 16 to 20 rows of rich yellow kernels. Minnesota No. 13 will ripen about 90 days. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

MINNESOTA WHITE DENT

This is the earliest white dent grown. The stalks are 6 1/2 to 7 feet high, have large foliage making unusually fine fodder; the ears are 8 to 9 inches long, 14 to 18 rowed, and have large, deep, white grains. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

MURDOCK EARLY YELLOW DENT

The stalks are 8 feet high, the ears setting 3 1/2 feet from the ground. The ears are 8 to 9 inches long, 16 to 20 rowed and have very deep, large grains, slightly rough which are sitting very compactly and solidly on the cob. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

PERFECTED BOONE COUNTY WHITE

The most popular and the heaviest cropping white Corn known. It is also the most highly beld Corn in the world. The stalks are strong and exceedingly heavy from the ear down. They seldom blow down. The foliage is abundant, leaves broad and thick, furnishing an enormous quantity of forage. The ears are 9 to 12 inches in length, 7 1/2 to 8 inches in circumference, average weight 1 pound and contain 18 to 21 rows of exceptionally deep kernels of pure white color. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

REID'S IMPROVED YELLOW DENT

Reid's Yellow Dent is the main Corn crop of the cornbelt. The stalks are 9 to 12 feet high, making an abundance of foliage. The ears are large, 7 to 8 inches long and 7 to 8 inches in circumference and have 20 or 21 rows of deep, wedge-shaped kernels. The cob is red and small and easy to shuck. The ears are remarkably uniform in shape, size and color. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

SILVER KING OR WISCONSIN No. 7

It may be called a small Silvermine, not having quite so long a cob nor so deep a grain, but on the other hand and it is 10 days earlier. The ears are 8 to 9 inches long, very uniform in size and type and always filled out clear to the tip; the kernels are of good size, set compactly in straight rows and are pure straw white in color; the corn matures in 100 to 105 days. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 70c.

THOROUGHBRED LEAMING

Deep golden color; striking uniformity. The ears range from 5 to 6 inches long. Kernels broad, thick, deep, rather rough, rounding wedge-shaped. Red cob, medium in size. Matures in about 110 days. It is safe for planting in Central Iowa. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.
BUCKBEE'S FAMOUS QUAKER OATS

The Greatest Oats in the Country.

The Earliest of All Large Grained Oats.

Quaker Oats is a specially selected variety, throwing out its heavily laden branches on all sides. It has thick-walled, stiff straw of medium height, that carries the head without lodging, withstanding wind and storms better than most other varieties. The grains of Quaker Oats are short, very plump and heavy, the heaviest of any oats we know of, generally weighing from 45 to 50 lb. per measured bushel. They have a thin skin and heavy meat, and in addition the color is a fine white as bright and clean as a new silver dollar. Such oats grade higher on every market than common extra coat of seed, not to say anything of the extra yield which may be secured. These oats are medium early. We have grown them now for many years, but never noticed a sign of rust, smut or blight on the straw.

BUCKBEE'S ILLINOIS

An early variety, has a well branched head and long but plump pure white grains with a thin hull. The straw is of medium height, very stiff and does not lodge easily, but stands up well on rich, well manured land. It is an ideal sort for any soil. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 70c.

WHITE KHERSON (Iowa No. 103)

A new production from the Iowa Experiment Station. White Kherson has strong, stiff, short straw, branching heads with very numerous small but exceptionally heavy berries, and in addition this new Oats is pure white, and a very heavy yielder. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

BUCKBEE'S WHITE BONANZA

A medium early oat, maturing about a week ahead of the Swedish Select, and is very hardy and prolific. Has long stiff straw and grain of the clearest white color, usually plump and heavy with a reasonably thin hull. It is a sure cropper and shows little tendency to rust or lodge. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

IMPROVED WHITE RUSSIAN

White Russian is a medium late variety. It yields large crops. The berries are longer and larger than those of other varieties. It ripens with the Marquis Wheat, and these two kinds make a good combination for succoash. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

REGENERATED SWEDISH OATS

Our stock is grown from the originator's seeds and is very plump, heavy and of bright color; pure, clean and entirely free from weeds and other grains. It is ahead of the English stock being grown in this country, and is therefore acclimated and will give much larger crops. The straw is coarse, very stiff and noted for its power to resist lodging. The heads are large, branching and filled with very large, thick grains of bright color. They are medium late. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

EARLY BLACK PROLIFIC TARTARIAN

Tests made by many progressive farmers convince them that these Black Oats are more reliable croppers than White Oats. They are very early. The grain is short and plump and of the best quality. Early Black Prolific Oats are practically drought-proof and rust-proof. The straw is stiff, the heads are long and the grain yield is heavy. Postpaid, pkt. 10c; oz. 25c; 3 lbs. 70c.

WINTER OATS

Winter Oats are of the greatest value for the states south of the Missouri line. They are grown there for Fall and Spring pasture and for grain. They also generally stand the winter everywhere in our state and in the southern half of Iowa. Our Winter Oats grown in the North are incomparably superior to southern-grown stock. They are more hardy, earlier, less susceptible to rust, of more vigorous growth, stand up better and are more productive.

TEXAS RED RUST-PROOF—A very heavy berry, short, strong, stiff straw and does not lodge easily. These oats can be sown in Fall and Spring. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

WINTER TURF—Sometimes called Virginia Gray. The grain is of a dark gray color, with a distinct stripe and weighs heavier than the ordinary oat. These oats can also be sown in Spring and if sown very early, will outyield ordinary Spring Oats. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 85c.

NEW APPLIQUE—This variety spreads and stands out enormously, especially when grazed, and if stock is taken off by March will yield a large crop of grain. This is a very popular Oat in the South, especially on the light sandy soils of the coast region. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 70c.
Cow Peas grow on almost all soils and thrive on land too poor for clover. They are drought-resistant and stand the heat of the southern summer and are largely grown in the South, but the early varieties listed here are also of greatest value for all states.

**BRABHAM**—Of upright growth, retains foliage exceptionally well. As early and very similar to New Era but is bound to supplant this variety on account of its wilt-resisting qualities. Postpaid, pkt. 10c; ½ lb. 15c; lb. 35c; 3 lbs. 80c.

**BUCKEE'S EXTRA EARLY MICHIGAN FAVORITE**—Matures in about 50 days; 8 to 12 tons of excellent fodder or 20 to 30 bushels of seed per acre is often harvested. Much used as a fertilizing crop. Postpaid, ½ lb. 20c; lb. 35c; 3 lbs. 90c.

**IMPROVED WHIPPOORWILL**—Upright, a week later than New Era, a favorite in the South and Middle West. Very productive. Much used for pasture and fertilizer. Postpaid, pkt. 10c; ½ lb. 15c; lb. 35c; 3 lbs. 65c.

**NEW ERA**—Upright, remarkably prolific. Ripens in 60 days. Yields two crops in the South. Postpaid, pkt. 10c; ½ lb. 15c; lb. 35c; 3 lbs. 65c.

**PROLIFIC BLACK EYE**—One of the earliest; will mature seed in about 60 days. Of great value for a forage and soil improving crop. Postpaid, pkt. 10c; ½ lb. 15c; lb. 35c; 3 lbs. 65c.

**BUCKEE'S NORTHERN GROWN FIELD PEAS**

For the northern states there is no crop of greater value than Field Peas. They can be grown under most any condition of soil and climate and yield a profitable crop no matter for what purpose it is grown for pasture, soilage, hay, grain or fertilizer. Field Peas make their best growth when the weather is cool and the earlier they are sown the better they will grow. When sown in March or April in the Northern states they will be ready for cutting the latter part of June, allowing before any good nutritious seed for soiling or hay.

**BUCKEE'S NEW EARLY SNOWFLAKE**—By far the best Field Pea. Immensely productive. Height of vine 3½ to 4 feet. Dark bean of a beautiful pearly white color. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 80c.

**BANGALIA**—An exceptionally heavy cropper for an extra early Pea. It is ready a week to ten days earlier than the famous June Pea and two to three weeks earlier than the Canada Pea. The vines are very heavy. The Peas are somewhat wrinkled, very heavy and a beautiful light green in color and decidedly distinct from the White Canadian variety.

Aside from its drought-resisting character and big cropping habit, it is a very early variety, which is a fine quality in a Field Pea. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 70c.

**IMPROVED WHITE CANADA FIELD**—A well known and standard variety. Postpaid, lb. 35c; 3 lbs. 65c.

---

**SPELTS OR EMMER**

**SPRING SPLETS**—A valuable grain closely related to wheat; the kernels, however, are tightly enclosed in the husk so that they do not fall with the husks. A very heavy, upright, and drought-resistant variety; can be cut before the grain has matured, this is a valuable field crop. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 65c.

**NEW WHITE BEARDLESS WINTER SPLETS**—The Winter Spelts have the same characteristics as Spring Spelts. As the name indicates, this variety is without beards, and also has much larger heads of heavy, more productive and more nutritious than the Winter variety. Ripens earlier than oats, yields much better and may furnish a considerable quantity of fall and winter pasturage.

**BUCKEE'S Mammoth RYE**

**SPRING RYE**—Springs Rye is entirely distinct from Winter Rye, and we call particular attention to the fact that we offer genuine Spring Rye. It can be sown in spring a little later than other spring grains and a crop harvested the same season; on that account it is much used as a catch crop, especially where Winter grain has been killed out. Not less than two bushels are usually sown per acre, Postpaid, pkt. 10c; lb. 35c; 3 lbs. 85c.

**GIANT WINTER RYE**—A heavy cropper, with stiff straw, large heads and plump, heavy grains. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 65c.

**NEW FAVORITE WINTER RYE**—This famous rye, originated by the Michigan Experiment Station, has now proven its superiority over all other varieties in every rye-producing section. It has doubled the yield obtainable with any other kind. The average yield of common rye in this country is less than 15 bushels per acre, but that of Rosen Rye 40 to 45 bushels. Rosen Rye has very stiff straw and very large heads with four or even rows filled with very large kernels. It is characteristic of the fact that the four rows of grains are evenly filled on each end of the heads, while common rye seldom shows a well-filled head. We offer genuine, pure, clean stock. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 70c.
**EGYPTIAN WHEAT OR SHALLU**

A valuable new grain, entirely different from Wheat. It belongs to the Sorghum family and should be planted like Cane or Kaffir Corn, for hay or grain. The plant grows from 5 to 7 feet tall, branches out from the root, a single grain often producing 3 to 6 stalks. The grain makes excellent feed for horses and cattle. When ground it makes fine flour for pancakes.

**FETERITA**

The earliest and most drought-resisting grain Sorghum. Introduced by the United States Department of Agriculture from Africa. It produces a stalk 7 to 8 feet high and a large head, well filled with bluish-white seeds. The grain is softer and larger than that of Milo and Kaffir and in feeding value is equal to either of them. Feteria is an excellent drought resister, ripening in about 85 days. Postpaid, pkt. 10c; ½ lb. 15c; 1 lb. 30c; 3 lbs. 80c.

**JERUSALEM CORN**

Belongs to the non-saccharine Sorghums, and was brought a few years ago from the arid plains of Palestine. It is pronounced the surest grain crop for dry countries. Very valuable for feeding stock and poultry. Yields more than any other grain grown by the dry method, retains its buds, and never has to be husked. It grows particularly well on sandy soil and is recommended in the Southwest. Postpaid, pkt. 10c; ½ lb. 15c; 1 lb. 35c; 3 lbs. 65c.

**BUCKBEE'S EARLY KAFFIR CORN**

The standard grain Sorghum and the best for forage and silage. Plants attain the height of from 5 to 8 feet, have plenty of dry, short, branching stalks, and possess a tenacious and fibrous quality. They tend to produce numerous wide leaves; they do not hold the grain as thoroughly as other Sorghums. In the rain belt, they grow green, brittle and juicy, making the best silage or forage, either green or dry, of any of the grain Sorghums, and are highly relished by all stock. Postpaid, pkt. 10c; ½ lb. 15c; 1 lb. 35c; 3 lbs. 65c.

**WONDERFUL MILO MAIZE**

This Dwarf Milo is extensively grown for grain in sections where the season is short. It matures in 98 to 105 days. It is the most drought resistant, and the most valuable under dry conditions. It grows very well on sandy or sandy loams and is especially adapted to dryland farming. The grains are the largest of all Sorghums. Postpaid, pkt. 10c; ½ lb. 15c; 1 lb. 35c; 3 lbs. 65c.

**BUCKBEE'S NEW HONEY SYRUP SUGAR CANE**

The favorite syrup producer. This is the earliest Cane, and our seed is grown in the North and is entirely pure, not mixed with any other Sorghum. As a syrup producer it has no equal, being exceedingly juicy and sweet. It grows 10 to 12 feet high, is very prolific, sometimes producing 5 to 7 stalks from one seed. Matures about the middle of August to October, according to time of planting, will keep green and stand, if desired, until killed by frost. Postpaid, pkt. 10c; ½ lb. 30c; 1 lb. 50c.

**BUCKBEE'S IMPROVED EARLY AMBER SUGAR CANE**

Successfully grown even in the extreme northern latitudes. It is valuable for fodder and pasture purposes, but it makes a high-grade cane syrup or sorghum. Postpaid, pkt. 10c; ½ lb. 30c; 1 lb. 50c; 3 lbs. 65c.

**BUCKBEE'S IMPROVED EARLY ORANGE SUGAR CANE**

An exceedingly valuable variety. Very large, of strong and vigorous habit. About 1 to 3 weeks later than Early Amber but taller and heavier. Postpaid, pkt. 10c; ½ lb. 25c; 1 lb. 35c; 3 lbs. 50c.

**Australian Salt Bush**

A valuable forage plant for soils containing alkaline and for all regions subject to periodical drought, will grow freely on soils that will produce no other vegetation. It seems to take up from the soil the alkali substance which is so detrimental to the growth of other plants, and after 3 or 4 crops of it have been grown the soil is capable of producing any other crop. The plant is a perennial in the South, but not hardy in the North, and has to be sown there every year.

Sow in Spring or Summer, when soil is warm and moist, after a rain; do not cover seed. Once it starts it will grow strong and vigorously during the driest season. The plants are of spreading habit, branching freely; they make a thick mat of stems and foliage 3 to 4 feet in diameter, yielding about 20 tons of green forage per acre, which makes about 6 tons of hay. This is very nutritious and eagerly eaten by all live stock. When dry it contains about 8 to 10 per cent of saltry matter. One pound of seed will seed one acre. Postpaid, pkt. 10c; oz. 15c; ½ lb. 35c; 1 lb. 50c.

**Thousand-Headed Kale**

Similar to and now frequently used in place of rape, as it yields a heavier crop, which is estimated at about 10,000 lbs. per acre in one season.

Thousand-Headed Kale attains a height of 3 to 4 feet; the stem is covered with rosettes of leaves. It grows well on almost any kind of soil and is hardy. All farm animals are fond of it, but it is of especial value for feeding hogs and sheep. Sow same as rape; broadcasting requires 1½ lbs. per acre. Postpaid, pkt. 10c; ½ lb. 30c; 1 lb. 50c.

**Giant Beggar Weed or Florida Clover**

A Splendid Forage and Soil Renovating Crop for the South

An erect leguminous, annual plant, from 3 to 4 feet high, with abundant foliage; excellent as a pasture crop; makes hay of the finest quality. The seed is much relished by stock and is highly nutritious, comparing favorably with that of red clover and cowpeas. It is especially recommended for thin, sandy soil, and on land too poor to grow any other crop it has produced 2 to 3 tons of cured hay per acre. If cut when about 2 feet high, the plants again stool out from the bottom, yielding successive crops. It is an excellent crop to turn under for green manure. It can be easily eradicated. Sow when soil is warm in June. 3 or 4 lbs. in drills 3 feet apart, or broadcast 10 lbs. per acre; cover 1 to 2 inches. Will mature in 80 days. Postpaid, oz. 10c; ½ lb. 25c; ½ lb. 45c; 1 lb. 50c.
BUCKBEE’S “FULL OF LIFE” SPRING WHEAT

PEDIGREED NEW MARQUIS—Ten days earlier and yields 10 bushels more per acre than any other hard Spring Wheat known. This wheat has very stiff straw of medium height which does not lodge easily, the heads are baled and quite heavy, have smooth yellow chaff; the kernels flinty, more rounded than those of other Spring Varieties, thicker and more plump, and of dark red color. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

MACARONI, KUBANKA OR DURUM—This is the best of the Macaroni varieties for milling purposes. It is very early and very productive. The heads are bearded, the grain very large, hard, glossy and of yellowish color. Sow 1½ to 2 bushels per acre. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

WINTER WHEAT

Winter Wheat is the best-paying crop on the farm; wherever possible it should be grown instead of Spring Wheat, for if the right varieties are used it will give one-third larger yield and it is as sure a crop.

BUCKBEE’S RED TURKEY—This is a bearded variety and is the hardest known; it can be planted in almost all parts of the Northwest and is also the best adapted sort for the states of Nebraska, Kansas, Oklahoma, etc. It is one of the earliest varieties of winter wheat and matures before rust and cinch bugs appear. The heads are long, well filled with large, flinty grains of reddish amber color equal to No. 1 Hard Spring Wheat. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

HARVEST QUEEN—A beardless variety, white chaff, golden yellow grain, a splendid yielder; while not as hardy as our Red Turkey, it has been grown for years with good success in Southern Minnesota. This and Harvest King are the hardest varieties of Beardless Winter wheats known, giving excellent results in all parts of the corn belt. Postpaid, pkt. 10c; lb. 25c; 3 lbs. for 65c.

HARVEST KING—Another beardless or bald variety, red chaff, very large dark amber colored grains, larger than most other bald varieties, of splendid milling qualities. The earliest beardless wheat, very hardy. Often sold as Red Cross wheat. One of the most productive kinds in the Corn Belt, quite hard as far north as Winona, Minn. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

BUCKBEE’S DWARF RAPE

BUCKBEE’S DWARF BONANZA—There is no other forage plant which can be grown so advantageously in the northern part of the United States and which furnishes such abundant succulent forage during Summer and Fall when the supply of grass and clover is often limited as Rape. It is indispensable for raising sheep and hogs and is much relished by all stock. Buckbee’s Dwarf Bonanza is undoubtedly the heaviest yielder of all varieties of Rape. Crops of nearly 60 tons of green fodder per acre have been reported, while of Dwarf Essex not more than 15 to 20 tons have been harvested. Rape is usually ready for use in about two months from sowing the seed; it is used as a foriling crop in many places, but its chief use is for pasture and especially for hogs and sheep. Its fattening properties are twice as good as clover. Rape must not be fed after it has been frozen. Postpaid, pkt. 10c; lb. 20c; 3 lbs. 45c.

DWARF ESSEX—A standard variety. Not quite so strong and vigorous a grower as Dwarf Bonanza, but never fails to give the best of satisfaction. Fine imported seed. Postpaid, lb. 25c; 3 lbs. 65c.

SUNFLOWER

MAMMOTH RUSSIAN—This is the largest “the Jumbo” of the Sunflowers. There is no variety which produces larger seeds or heads than this one. Single heads often measure 15 to 22 inches in diameter and contain an immense amount of seed. It is very productive. Postpaid, oz. 3c; ½ lb. 16c; lb. 30c; 3 lbs. 85c.

Buckbee's Dwarf Bonanza Rape.
ALSKE OR SWEDISH CLOVER

Alsike is a hybrid of the Red and White Clover. It grows 2 to 3 feet high. The stems are thinner than those of the Red Clover, and the leaves are more numerous, making a hay of finest texture, which is eaten without waste by stock; the feeding value of the hay equals that of Alfalfa. The yield of Alsike hay is fully as large as that of Medium Red Clover. It is a perennial and the hardiest of all clovers; it does not cease growing out of the ground in Winter and the severest cold does not injure it and it resists the extremes of drought and wet. It is the only clover that will thrive on moist soil, but it will also grow fairly well on stiff clays. It is mostly grown in bottom lands and quite often mixed with Timothy; those varieties seem to be well adapted for this soil and ripen at the same time. Postpaid, pkt. 10c; lb. 40c; 3 lbs. $1.15.

ALSKE AND TIMOTHY MIXED

When Alsike and Timothy are grown together it is impossible to make a correct separation of the seeds in one of these two varieties. We are purchasing this mixture for less money than we could have separated seed and can, therefore, save money to our customers. This is a seed of Alsike together, therefore, can save money by buying the seed in mixture as originally harvested. This, we believe, is the cheapest Clover and Grass Seed mixture you can buy. Our mixture contains about 1/2 Alsike, the other part is pure Timothy. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 85c.

BURR CLOVER

An annual clover for the South; matures in May. A most valuable Winter grazing crop, growing luxuriously almost all through the Winter. After being seeded it improves itself and improves in growth each succeeding year. Postpaid, pkt. 10c; lb. 40c; 3 lbs. $1.15.

JAPAN CLOVER OR LEPSEDEZA

A valuable perennial clover for the South. Stands excessive drought and is particularly suitable for wornout soils, waste lands and woodlands. It makes an immense growth, yields much more than Medium Clover. Postpaid, pkt. 10c; lb. 30c; 3 lbs. $1.15.

MAMMOTH RED OR SAPLING CLOVER

Mammoth Red Clover is quite distinct from Medium, being larger, coarser and more robust growth, and two to three weeks later. It is also more hardy, stands frost better and is more permanent, but makes only one crop a year after that. On rich, level land, it attains an immense growth, yielding much more than Medium Clover. Postpaid, pkt. 10c; lb. 50c; 3 lbs. $1.10.

RED BURR OR JUNE CLOVER

This is the most valuable and most universally grown clover throughout the country. It is a dependable variety for pasture and meadow. It lives 2 years, grows 2 to 3 feet high, makes 2 crops each year. The first one is generally cut when in blossom for hay; the last crop may be harvested for seed, crop or plowed under, to add fertility to the soil. Clover adds to the fertility of the land on which it is grown. Like all leguminous plants, the clovers add nitrogen to the soil on which they grow, where it can be drawn upon by subsequent crops, and crops following a crop of clover are larger and of better quality than when grown on land not improved by clover. It is estimated that a full crop of Medium Red Clover turned under adds $1.00 worth of nitrogen alone to the soil per acre. It would pay the farmer, therefore, to grow clover if for no other use than green fertilizer, and it would save the cost of fertilizer and the expense of using farm manure. Postpaid, pkt. 10c; lb. 50c; 3 lbs. $1.10.

SANFOIN OR ESPARSETTE

A deep rooting perennial, very desirable for feeding, either dry or green, to milch cows; careful tests have proven that it increases quantity and improves quality of the milk. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 85c.

WHITES CLOVER FOR LAWNS

A low growing clover, spreads rapidly and is very hardy; round, white, fragrant heads, which make excellent pasture for bees. It grows on most any kind of soil, but succeeds best on moist ones. Postpaid, pkt. 10c; lb. 80c; 3 lbs. $2.25.

WHITE BOKHARA, SWEET OR BEE CLOVER

Of the various varieties of Sweet Clover the white flowering is the most important one and the one mostly grown. It is biennial; if not allowed to re-seed, it will die out the second year. The chief advantage of White Bokhara is its strong sweet smell of honey and appear only the second year from sowing. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 95c.

YELLOW SWEET CLOVER

This is a biennial variety like the white; it does not grow quite so tall, only about 4 to 5 feet high, the stalks and branches are, however, slender, making a fine hay. It blooms a month earlier than the white and is often used to supplement this for bee pasture. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 80c.
Buckeye's Hardy Northern American Alfalfa

There is no state in the Union where it cannot be successfully grown.

Facts About Alfalfa

One acre of Alfalfa yields as much protein (the milk and meat producer) as three acres of common clover or nine of Timothy or twelve of Bromus Grass. It does not exhaust the soil; it enriches the soil.

Cultivation of Alfalfa

Soil—The soil must be well-drained and free of weeds. Alfalfa does not thrive where water is within 6 feet of the surface.

Lime—Where lime is not present, the soil must be supplied or the plants will fail.

Inoculation—We can furnish special inoculation for Alfalfa. See page 165.

Sowing the Seed—Seeding can be done in spring or fall. In the Northern states seeding must be done from late April to the first of May. Use from 15 to 20 pounds of seed on a well-prepared seed bed in the Northern, Western, and Central States and 20 to 25 pounds in the Eastern and Southern States.

Cutting for Hay—Alfalfa should be cut when growth is about one-half to three-quarters grown. In the North it is cut from the fourth to the seventh of May; in the South, from the tenth of July to the tenth of September, but in the North it is cut down to 10 inches and a bud sprouts in 10 days. In the South it should be cut down to 3 inches and a bud sprouts in 15 days.

Cutting for Seed—Cut when the pods are dark brown.

Buckeye's Hardy Northern Alfalfa

We have handled this strain for many years. This seed comes from very old, very long established fields on dry non-irrigated land which lived through the severest winters. The fact that our seed is taken only from very old fields and the actual results our customers obtained with it in the North and South prove it an extremely frost and drought-resistant and almost everlasting strain of Alfalfa. Postpaid, pkt. 10c; lb. 50c; 3 lbs. $1.15.

Siberian Alfalfa

The following varieties are the best of the new kinds of Alfalfa brought by Prof. N. E. Henson, of the South Dakota Experiment Station, from Siberia, where they were growing in localities having a short and hot summer and a long, bitterly cold winter.

Cossack—Resembles Grimm, but is a larger producer of both forage and seed. It also has both yellow and blue flowers, often both on the same stem and many intermediate shades. Postpaid, pkt. 10c; oz. 15c; lb. 75c.

Orenburg—A pure, hardy, variegated-flowered variety. Probably the most valuable of all Alfalfa and entirely different from any other alfalfa known to the profession. Its root system is entirely different from those of others, having hardly any tap-root, but a mass of laterals spreading out in all directions and for great distances. Postpaid, pkt. 10c; oz. 20c; lb. 50c.

Pedigreed Grimm Alfalfa Seed

No other Alfalfa has a record of hardiness, drought-resistance and productiveness like Grimm. A few years ago all Alfalfa and clover were killed in the Northwest, from out-of-doors the fields of Grimm survived. It proved then again the most hardy and dependable forage plant we have. Our Grimm Alfalfa seed is grown in the extreme North on dry land. We recommend it to be genuine, straight stock, free from noxious weeds. Postpaid, pkt. 10c; lb. 50c; 3 lbs. $1.15.

Genuine Liscom Alfalfa

A wonderful variety for the cold Northern states. Liscom Alfalfa belongs to the same species as our Grimm, being a cross between the extremely hardy yellow-flowered and the American purple-flowered varieties. Postpaid, pkt. 10c; lb. 50c; 3 lbs. $1.45.

Pedigreed Grimm Alfalfa Plants

By setting plants a full stand is assured and a gain of one year is made; the plants grow quickly after being set outLe. and secure a foothold in the soil which dry weather cannot overcome. By root planting Alfalfa bacteria are easily established in the soil as they cling to the roots when plants are removed. To secure best results, set the plants 10 rows two to three feet apart and 18 inches apart in the row. We ship Alfalfa Plants during the months of March, April, and May. Prices, Strong Two-Year-Old Plants, by mail, postpaid, per 100, $1.25; by express, not prepaid, per 500, $2.00; per 1,000, $7.50.

Buckeye's Great Sand Vetch (Vicia villosa)

The Sand Vetch, also called Winter Vetch or Hairy Vetch, is an annual plant, similar in growth to a Pea Vine, but more slender, more branching and leafy; it will grow from 6 to 10 feet tall. As the name indicates, it has a special adaptation for sandy soils; it succeeds well on light soils and in clover, clover docks, cowpea, etc., but will give bigger crops on richer land. Sand Vetch is of great value for pasture and hay, and the fodder, either green or dried, is much richer, more nutritious, containing more protein than Alfalfa. It is cut for hay when pods are forming; the average yield of hay is from 3/4 to 1 tons per acre.

Sand Vetch is, however, mostly grown and is of the greatest value as a fertilizer; it is the best legume to enrich any field of low fertility. The total value of a crop of Sand Vetch if housed under is estimated by the Department of Agriculture to be twice as much as crop of clover. Sand Vetch is planted in spring or with a nursecrop of barley or oats; it furnishes good spring and fall pasture. Seeded in the fall, it will come on early in spring and will yield a bountiful crop of hay or splendor pasture till June; or can be plowed under about May 10th in the North, with the seedling to furnish a mass of green stuffs and leaves—about all that can be turned under with a plow. Sow 55 to 60 pounds of Sand Vetches if sown alone; or 20 pounds Vetches with 1 bushel of Oats or Barley; in Spring, 1 bushel of Winter Rye in Fall. Cover Vetch about 1 inch deep. Postpaid, pkt. 10c; lb. 50c; 3 lbs. $1.50.
MILLET  

BUCKEE’S CALIFORNIA BEAUTY MILLET

The Best Hog and Stock Millet

The most remarkable leafy, bushy, vigorous growing Millet in the world. Yields as high as fifteen tons of hay or more to the acre. It will make a magnificent crop of hay if sown immediately after your Winter crops are cut, as it ripens in from sixty to ninety days. It is positively the Millet wonder—very leafy, prolific and exceptionally fine for hay and feed. This Millet, unlike any other, stands the hot, dry winds of the Dakotas, the burning prairies of Kansas and flourishes on the semiarid soils of Western Nebraska and Colorado—in fact, it grows where no other Millet grows. Sow one-half bushel per acre.

LIBERTY OR GOLDEN MILLET

Grows very rank, 4 to 5 feet high, and is one of the best varieties for hay, being sweet, palatable and much producing. On good rich soil it yields 6 tons of hay and more per acre. The hay seems coarse, but is very tender, and cows, horses and all other farm stock are exceedingly fond of it. Should be cut when in full bloom. Sow 25 to 40 lbs. per acre. Postpaid, pkt. 8c; lb. 25c; 3 lbs. 65c.

HUNGARIAN MILLET

A luxuriant, vigorous growing and very leafy Millet which is relished by all farm stock; the hay is not so coarse as that of the Liberty Millet, but the yield is nevertheless quite large, averaging 3 to 4 tons an acre. It is earlier than Liberty Millet and is often used as a second crop to follow Barley and early Potatoes, etc. Postpaid, pkt. 8c; lb. 25c; 3 lbs. 65c.

NEW WHITE WONDER MILLET

The most striking feature of the White Wonder Millet is the size of the seeds, which will run from eight up to eighteen inches, and a single head often has as many as 15,000 seeds. The yield is extremely heavy, being fully half again as large as that of the Hungarian. Some growers claim that it will outyield other Millets three to one. Another desirable feature is its earliness. The foliage is very light, the leaves broad, and therefore it produces an immense amount of excellent fodder which cures very readily. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 65c.

HOG OR BROOM-CORN MILLET

It is a very early variety ripening in 50 to 60 days from time of sowing. This Millet grows well while the fodder is yet green, hence it can be cut and used for both hay and seed with best success; it yields from 60 to 70 bushels of seed per acre besides the fodder hay. This Millet does not grow very tall and is much planted for hay, but its enormous quantity of seed makes it a good feed for swine and other stock. It also makes fine feed for poultry and young chicks. Postpaid, pkt. 8c; lb. 25c; 3 lbs. 65c.

KURSK—SIBERIAN MILLET

Resembles Liberty Millet in manner of growth and productiveness but is about 5 weeks earlier and the seed is orange-colored. The seed ripens very early, averaging 3 to 4 tons an acre. It will ripen in 60 to 70 days from sowing and makes a good crop of hay if sown immediately after the early grain is harvested. This Millet is especially adapted for the Northwestern States; being very hardy it will prosper under conditions when other varieties fail. Postpaid, pkt. 8c; lbs. 25c; 3 lbs. 65c.

JAPANESE MILLET

Also Called Billion Dollar Grass.

Entirely distinct from any other Millet. It grows 5 to 7 feet high and produces an enormous crop, often yielding 15 to 20 tons of green fodder or 8 to 10 tons of cured hay per acre. The feeding value of Japanese Millet is superior to that of corn fodder and the Millet is much more relished by all kinds of stock. Japanese Millet is mostly used for feeding green, but on account of the large yield and good quality of forage, it is also most excellent for silo use and frequently a good crop of this Millet can be raised under conditions which would not admit the growing of corn for ensilage. An excellent ensilage mixture may be composed of two parts of Japanese Millet to one part of Sorghum, mixed when filling the silo. As this mixture forms a complete balanced ration for milch cows, without the addition of grain.

The seed of this Millet makes palatable hay for poultry and hogs, as it contains almost as much fat and extract matter as shelled corn and a little more protein. Sow the seed at the rate of 15 to 20 lbs. per acre. Postpaid, pkt. 8c; lb. 20c; 3 lbs. 65c.

PEARL MILLET OR PENCILARIA

This quick-growing forage plant has been long known under the name East India or "Cat-tail" Millet. Sow broadcast in drills 4 feet apart and cultivate like corn, the plants attain a height of 8 to 10 feet, with slender, long-bladed leaves. These stalks can be cured for Winter use and the seed makes an excellent poultry food. But the best use of the plant is to use the stalks for green forage when about 3 feet high and allow the plants to make a second growth for Fall feeding or ensilage. On richly manured land these plants grow with tropical luxuriace and no other crop will yield as much forage. Pearl Millet is of exceptional value for sections subject to protracted drouth where natural grasses dry up, as it will keep on growing and furnish a good crop in the driest season. Eight pounds of seed are required per acre if sown broadcast, and 8 to 10 pounds if sown in drills. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 65c.
BUCKBEE’S “FULL OF LIFE” GRASS SEEDS

Are of the HIGHEST GRADE obtainable, both as respects purity and high germination; they are pure and clean, free from noxious weeds and foreign seeds and are plump, heavy and well ripened, so as to insure a good stand and a big crop.

Bermuda Grass or Southern Blue Grass

A most valuable grass for all Southern states, both for pasture and lawns. It requires heat and moisture to start it. As it cannot endure frost, it is of no value North of Virginia. Sow at the rate of 6 pounds to the acre. Postpaid, pkt. 10c; lb. 30c; 3 lbs. $1.35.

Bromus Inermis

Bromus Inermis reaches a height of from 4 to 5 feet, producing an abundance of leaves, and yields on good soil about 4 tons of cured hay per acre, which has about the same feeding value as Timothy. Much sown now for pasture with White Sweet Clover, using 10 lbs. each per acre. Sow 15 to 20 lbs. per acre. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 55c.

Canada Blue Grass

A very hardy perennial grass with creeping root stocks. It is especially valuable for dairy pastures. It is distinguished from the Kentucky Blue Grass by its flattened, wiry stems and by its decidedly bluer color. Sow 20 to 25 lbs. per acre. Postpaid, pkt. 10c; lb. 45c; 3 lbs. $1.35.

English or Perennial Rye Grass

Invaluable for permanent pastures. It produces an abundance of remarkably fine foliage, tillers out close to the ground and soon forms a compact sward. After being cut it grows up in a very short time and remains bright and green throughout the season; consequently it is well adapted for lawn mixtures. It is also a good variety for hay if cut when in blossom. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 85c.

Italian Rye Grass

A remarkably rapid grower; and retaining its freshness in valuable grass. Not perennial, 10c; lb. 30c; 3 lbs. 80c.

Kentucky Blue Grass

One of the most widely distributed and valuable native grasses. It is a true perennial, lasting indefinitely and improving every year. Every time it is sown it will form a close turf of fine grass. It is very useful for sowing along with Bromus Inermis for hay or pasture. It is an excellent lawnmower grass. Postpaid, pkt. 10c; lb. 30c; 3 lbs. $1.35.

Meadow Fescue or English Blue Grass

Of all grasses Meadow Fescue is the surest crop. It comes up quickly and in three or four weeks after sowing it will be about 4 inches high and cover the ground perfectly. It lives longer than most other kinds of grasses, and although it produces a good crop of hay or pasture the first year, it does not reach the highest stage of growth until 2 or 3 years, and for this reason it is best adapted for permanent lawns and meadows. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 95c.

Orchard Grass

A valuable grass for pasture or hay land, and on account of its corniness especially valuable for a permanent pasture. It furnishes green grass very early in the spring and until late in the fall. When closely cropped it grows up very quickly and is ready for grazing again in ten to twelve days. It is succulent and nutritious, furnishing excellent pasture or hay. Postpaid, pkt. 10c; lb. 40c; 3 lbs. $1.10.

Red Top—Solid Seed

A very hardy native grass and probably the most perennial variety we have. Red Top accommodates itself to a variety of soils, even to quite dry situations, but succeeds best on moist soil, where it attains a height of 2 to 3½ feet. After being once established, it thickens and improves year by year, taking possession of the land and gradually supplanting other grasses, but it is easily eradicated in case it is desired to put the land in cultivated crops. Postpaid, pkt. 10c; lb. 35c; 3 lbs. 95c.

Tall Meadow Oat Grass

A hardy grass of rapid growth, luxuriant and reaching a height of 4½ feet. Makes excellent hay on sandy loams, but is particularly suited to rich soils and clay formations. It has a wonderful capacity for enduring severe heat, drought and cold. It can usually be cut twice a year; in the South it does much better than Timothy. Postpaid, pkt. 10c; lb. 55c; 3 lbs. $1.60.

Timothy

The most popular and most important of all hay grasses and is adapted to a wider range of conditions than any other variety of grass. It is the one grass that is always sure to grow, and without doubt it is the hardiest of all our grasses; no other kind will stand the extremes of heat and cold better than this one; no other variety equals it in average yields, excels it in feeding value. Buckbee's "FULL OF LIFE" Brand will stand the test of all our Seed Law tests and has a purity higher than 95 per cent and a vitality of more than 95 per cent. It is pure, bright seed, very little hulled. Postpaid, pkt. 10c; lb. 30c; 3 lbs. 85c.

Teosinte

Here is a truly wonderful forage plant worthy of general cultivation. Give it a rich, warm, balmy soil and it will yield from 20 to 30 tons of green fodder per acre. It is simply marvelous. Given in Georgia, in Florida and Louisiana its yields are all the way from 25 to 50 tons of green fodder per acre. It grows to a height of 13 feet in these states, while a single kernel will produce from 60 to 100 stalks of the most nourishing green fodder imaginable. On our Rockford Seed Farms, where the soil is sandy and warm, it always yields a much greater amount of green feed than corn. About two pounds of seed are required per acre. Postpaid, oz. 10c; ½ lb. 30c; 1 lb. 80c.
BUCKEES PEDIGREED FULL OF LIFE SUDAN GRASS

Sudan Grass was introduced by the United States Department of Agriculture and is the most important forage plant ever introduced by this Department. It belongs to the Sorghum family and in general appearance is very much like Johnson Grass, but differs from it in that it is entirely free from the persistent underground root system, which makes a Johnson Grass sod so difficult to eradicate. Sudan Grass being an annual and having fibrous roots similar to Millet or Oats, is an easily controlled and eradicated at the close of the growing season as the plant never has a chance to form a seed.

Sudan Grass is a growing annual grass which when planted in rows and cultivated on fairly rich soil attains a height of 8 to 10 feet and is very resistant to drought. The stems are erect, unbranched and very fine, the largest stalks not more than 1 inch thick and are covered with abundance of broad linear leaves. Where the plants are scattered, they grow abundantly, as many as 100 stalks coming from a single root.

Sudan Grass is not particular about the soil, it does best on rich clay loam, but on sandy and poor soils the yields are not so very large. This grass will be of the greatest value to the Central States, and especially to parts of Texas and Arkansas, and to the western parts of the United States near the Coast, where rainfall. The dry regions have no other satisfactory hay crop, and Sudan Grass will therefore be of important value here. It is also very drought-resistant as any other Sorghum plant, and can be used to produce a crop of hay with very little rainfall. It can be plowed out of the ground and has a yield of 2 tons of hay in about 70 to 75 days, and matures seed in 100 days from planting.

Sudan Grass will stand light frosts, but like all other Sorghums it has a preference for a warm growing season, and for best results the soil must be warm, or the seed has become warm in Spring. It can be sown at any time in Summer to 70 to 75 days after a killing frost. It is sown in rows from 18 to 24 inches apart and cultivated; sown this way it takes 8 to 10 lbs. per acre. On good soil, where there is plenty of moisture, it is also well broadcast on or laid in, and then 20 to 25 lbs. of seed are required per acre.

Sudan Grass is an excellent species for hay crops, cut in a mow and cured readily. When wanted for seed it is harvested with an ordinary grain binder. Used for hay, it is cut when fully headed out. An early cutting is especially advisable when more cuttings per season are expected. After cutting it resumes its growth promptly, and in about 40 to 45 days another cutting is ready. It has been cut four times, but farther North only two or three cuttings may be expected.

Sudan makes a very nutritious and palatable hay which is relished by cattle, horses and other farm stock. In feeding value it is second only to Alfalfa and far better than Millet. Sudan Grass crosses quite easily with other cultivated Sorghums and Johnson Grass; we therefore have our seed grown in the North, where no Johnson Grass is grown, and our fields have been kept free of any other Sudanic species, Buckee's "FULL OF LIFE" Sudan Grass Seed is the finest and purest in the market.

BUCKEES "FULL OF LIFE" Northern Grown Sudan Grass. Postpaid, pkt. 10c; lb. 25c; 3 lbs. 60c.

GRASS AND CLOVER SEED MIXTURE (Sow One to Two Bushels per Acre.)

All authorities agree that for PASTURE and HAY best results are obtained from the use of grass seed IN MIXTURE. The results, therefore, from the use of MIXTURE OF SPECIES will insure a much DENSER GROWTH than the same number of seeds of one or two species, and prove less exhausting to the soil, since they live to a great extent on different constituents. Second—Seasons that affect some grasses adversely are FAVORABLE to others. So that with mixtures failure is PRACTICALLY IMPOSSIBLE. The seed used in these mixtures is of the finest quality obtainable.

BUCKEES RELIABLE "FULL OF LIFE" BLENDS—FOR MEADOWS AND PERMANENT PASTURES, below are by Express or Freight at purchaser's expense.

MEADOW MIXTURE No. 1. For Improving Dry Soils.
Tail Meadow Oat Timothy Bromus
English Rye Orchard Grass Aislike Clover
Meadow Foxtail Red Top English Blue
Bu. (14 lbs.) $2.91

Tail Meadow Oat Timothy Bromus
English Rye Orchard Grass Aislike Clover
Meadow Foxtail Red Top English Blue
Bu. (14 lbs.) $2.94

MEADOW MIXTURE No. 3. For Wet Soils.
Tail Meadow Oat Timothy Red Top Rye Grass
Meadow Foxtail Aislike Clover Meadow Fescue
Bu. (14 lbs.) $2.96

MEADOW MIXTURE No. 4. For Orch. and Shaded Places.
Tail Meadow Oat Timothy Bromus
English Rye Orchard Grass Aislike Clover
Meadow Foxtail Red Top English Blue
Bu. (14 lbs.) $2.92

MEADOW MIXTURE No. 5. For Rich, Mois. Soils.
Tail Meadow Oat Timothy Bromus Inermis Aislike Clover
Meadow Fescue Red Top Aislike
Bu. (14 lbs.) $2.97

MEADOW MIXTURE No. 6. For Wet Soils.
Tail Meadow Oat Timothy Red Top Rye Grass
Meadow Foxtail Aislike Clover
Bu. (14 lbs.) $2.93

Meadow Foxtail Orchard Grass Dog's Tail
Red Top Mammoth Clover Italian Rye
English Rye Timothy Aislike
Bu. (14 lbs.) $2.95

Meadow Foxtail Timothy Red Top Rye Grass
Meadow Foxtail Timothy Aislike Clover
Bu. (14 lbs.) $2.92

Tail Meadow Oat Timothy Red Top Rye Grass
Meadow Foxtail Aislike Clover
Bu. (14 lbs.) $2.93

Tail Meadow Oat Timothy Red Top Rye Grass
Meadow Foxtail Aislike Clover
Bu. (14 lbs.) $2.92

FOR LAWN GRASS SEE BACK COVER

BUCKEES SPECIAL HOG PASTURE MIXTURE No. 8

Especially prepared for quick results and a full crop. This mixture is composed of the following ANNUAL VARIETIES:

FIELD PEAS, SOYA BEANS, VETCHES, SORGHUM, SOYBEAN, SUGAR CANE, JAPANESE MILLET, TURF GRASS, BUCKEES SPECIAL HOG PASTURE MIXTURE No. 8.

This mixture will provide an abundant pasture within six weeks from the seed, continuing green and beautiful until destroyed by frost; and all of these varieties will come up as fast as they are eaten down and will furnish 4 to 5 times as much forage as can be obtained from any clover-grass mixture. The hay is succulent and nutritious and much relished by hogs; it will keep them healthy and strong and they will gain in weight easily and quickly. This mixture will prove a most profitable investment for every farmer not only for feeding hogs, but also all other farm stock. It is usually sown about corn planting time, but can also be sown as a catch crop any time during the season until August.

Use 100 pounds for 2 acres. Price, 10 lbs. $1.03; 25 lbs. $2.40; 50 lbs. $4.53; 100 lbs. $7.45; by express or freight not prepaid.
Hammond's Slug Shot Guaranteed to destroy the root, stem, and foliage on tomatoes and eggplants. Cabbage is also improved with this powder. 25c. By express only. Net weight, not over 1 lb. prepaid, 60c; 10 lbs. $1.15; 25 lbs. $2.75; 50 lbs. $5.25; 100 lbs. $9.75.

Buckbee's Plant Food A dressing made expressly for plants grown in the house, garden or conservatory; clean and producing early and abundant blossoms, healthy, luxuriant plants. One package is enough for 30 plants for 3 months. Postpaid.

Tobacco Dust One of the best remedies for green and black aphids, teas, beetles, etc. Lb. 5c per pound.

The Labor Saver

Hammond's Slug Shot

Dead Shot — The Magic Bug Destroyer

The World's Greatest Remedy. To destroy striped bugs and cabbage worms and pests on all varieties of vegetables, fruit trees, shrubs, roses, lilacs, rhododendrons, and flowers. 25c.

A Big Bargain

Plant Sprinkler 90c ea. Postpaid.
Buckbee's Famous "Full of Life" Lawn Grass Seed

HARDY, LUXURIAN, ALWAYS GROWS, ALWAYS THRIVES

Our Lawn Grass Seed

Produces a perfect and enduring lawn of luxuriant richness, with closely interwoven, firm, deep and elastic turf, and is generally ready for mowing in six weeks from time of sowing and is composed of a thoroughly balanced combination of native and foreign fine-leaved, deep-rooting grasses of interweaving habit, that flourish under varied conditions, soils and climates, growing during different seasons of the year, so that a deep green, smooth and velvety sward free from clumps is maintained from snow to snow without burning brown in the hot months of summer.

A Lawn may be established either by "sodding" or "seeding." The latter is not only much less expensive but much more satisfactory, as better grasses can thus be obtained, and the quality and variety of the grasses have a great deal to do with the appearance and the permanency of the Lawn.

Buckbee's World's Fair Lawn Grass.

The Very Best Lawn Seed Ever Offered.

This famous Prize-Winning Lawn Grass is made up of a most evenly balanced combination of native and foreign fine-leaved, deep-rooting grasses that interweave and flourish in different soils and climates, each showing its best strength at seasons different from the others, and thus keeping the Lawn vigorous and green from winter's end to winter's next advent.

Was awarded the great Columbian Prize at the World's Fair. This mixture was used by the World's Fair authorities to produce the beautiful Lawns, which were without question one of the greatest features of the Fair. It is the Ideal Mixture, and is unrivaled for purity and luxuriance in growth and will give complete satisfaction wherever sown. With ordinary care anyone can, by using this mixture, secure a beautiful Lawn. Complete and explicit directions on "How to Make a Lawn" accompany every package of this seed. The quantity table on this page shows the amount of seed to plant in a given area. Price, postpaid, ½ lb. 30c; 1 lb. 50c; 3 lbs. $1.45. Larger quantities, by express or freight, not prepaid, 5 lbs. $2.25; 10 lbs. $4.40; 15 lbs. $6.45; 25 lbs. $10.50.

How to Make a Lawn

Is fully described in our new pamphlet, which will be given free with every package of Lawn Seed.

Special Quotations

We shall be pleased to quote special prices to Golf Clubs, Institutions, Parks and others who require Lawn Grass and Clover Seeds in large quantities.

ROCKFORD SEED FARMS - H. W. BUCKBEE, ROCKFORD, ILLINOIS - FOREST CITY GREENHOUSES

Shady Place Lawn Grass

The Very Best Obtainable—Carefully Blended.

On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into grass, but with this mixture there need be no further difficulty. It is a combination of fine dwarf-growing, evergreen varieties which in their wild or natural state are to be found growing in the woods or other sheltered and shaded spots. Ground that has been densely shaded by trees is frequently "sour" and if the drainage is defective it is apt to be covered with moss and coarse bog grasses. In such cases an application of slaked lime, at the rate of one bushel to each thousand square feet, or forty bushes to the acre, is an excellent corrective and sweetener, but the moss should be first removed.

Sow 100 pounds per acre for a new lawn or bowing green; 15 to 20 pounds per acre will be sufficient to improve existing turf. Price, postpaid, ½ lb. 35c; 1 lb. 60c; 3 lbs. $1.75. By express or freight, not prepaid, 5 lbs. $2.75; 10 lbs. $5.40; 15 lbs. $7.95; 25 lbs. $13.00.

Velvet Green Lawn Grass

A Splendid Standard Mixture.

This special mixture does not include so great a number of expensive grasses as "World's Fair Mixture," but full provision is made for a succession of growth and a careful blending in proper proportion and thoroughly mixed for quickly producing a permanent, thick and velvety sward of uniform growth and rich, green grass free from coarseness. Price, postpaid, ½ lb. 25c; 1 lb. 45c; 3 lbs. $1.30. By express or freight, not prepaid, 5 lbs. $2.00; 10 lbs. $3.95; 15 lbs. $5.85; 25 lbs. $9.65.

Quantity of Lawn Grass Seed to Use.

1 lb. for 350 square ft.
5 lbs. for 1750 square ft.
10 lbs. for 3500 square ft.
15 lbs. for 5250 square ft.

25 lbs. for one-fourth acre.
50 lbs. for one-half acre.
100 lbs. for one acre.

Buckbee's Extra Special Lawn Fertilizer

Makes the Lawn Strong and Keeps It Healthy.

The lack of a good fertilizer is the reason there are so many poor, rusty-looking, unsightly lawns. Use this Lawn Fertilizer if you would have a beautiful and sturdy growth of grass. This fertilizer, used in connection with any of our special Lawn Grass Seed Mixtures, will enable you to produce a perfect lawn. Price, postpaid, 1 lb. 20c. By express, not prepaid, 5 lbs. 40c; 10 lbs. 75c; 25 lbs. $1.50; 50 lbs. $2.25; 100 lbs. $3.50.
